G.O., dated 10th June 1886, Mis. No. 3433, Revenue.

Read—Petition from the Anjuman-i-Islam (Muhammadan Association), Salem, dated 30th April 1886.

Abstract.—Praying that the newly-sanctioned appointments of income-tax clerks in the offices of the Collectors and their Divisional offices, &c., may be conferred on the members of the Muhammadan community.

Order—dated 10th June 1886, Mis. No. 3433, Revenue.

The Anjuman-i-Islam of Salem will be informed that it has been decided to employ only men from the permanent establishment for income-tax work. In filling up the temporary vacancies thus created, due consideration will, no doubt, be given to the orders already issued regarding the employment of Muhammadans.

2. It will be considered in the Educational Department what further steps should be taken to insure effect being given to the orders which have from time to time been promulgated in order that qualified members of the Muhammadan community may obtain a fair share of employment in the public service.

Order—dated 1st July 1886, No. 415, Educational.

In G.O., 1st August 1881, No. 244, the Government called for returns showing the number of officials of various classes employed in the public service. The returns submitted in reply to this order were not entirely reliable, certain classes of officers being included in some statements, but excluded from others. Five years have also elapsed since these returns were called for, and it appears to His Excellency in Council to be desirable that further information should be obtained on the questions involved, especially as concerns the share of appointments held by Muhammadans. The Governor in Council therefore directs the preparation in all departments of statements showing the entire number of officials employed in the public service under the following classes :—

(1) Brahmans.
(2) Other Hindus.
(3) Muhammadans.
(4) Native Christians.
(5) Eurasians and Europeans.

Public servants whose pay does not exceed 10 rupees will be shown separately, but purely menial and inferior servants such as punkah-pullers and scavengers should not be included. Otherwise the statements will include all officials from the highest grade to the lowest. Members of the police force and of village establishments are not to be included in the returns. The returns should be made as complete as possible and submitted at an early date, any remarks which seem called for by special or abnormal features being appended. Each return should specify the establishment which it refers to, *i.e.*, as including head of office, ministerial officers, peons. &c.
