READ—the following letter from Colonel W. H. BURTON, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chepák, 15th July 1886, No. 1735:—

I have the honor to submit, for sanction, a revised estimate of Rs. 2,310 for improvements and alterations to the Government Press office in Fort St. George, in lieu of the estimate of Rs. 678 sanctioned in G.O., No. 1166 W., dated 8th May 1884. Since this estimate was sanctioned, i.e., two years ago, it has become necessary to rearrange the different departments in the Press office, and for this the work as provided for in the enclosed estimate is required to be carried out.

ORDER—dated 24th July 1886, No. 1871 W., Public Works.

The revised estimate, amounting to Rs. 2,310, for alterations and improvements to the Government Press office, Fort St. George, is sanctioned in supersession of the estimate of Rs. 678 sanctioned in G.O., No. 1166 W., dated 8th May 1884.

2. This sanction has been registered as Provincial, No. 71 W. of 1886-87, and classified as Civil Buildings, Original Works.

READ—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, Fifth Circle, to the Chief Engineer, Public Works Department, dated Chepauk, 8th May 1883, No. 522 :—

I have the honor to submit, for sanction, an estimate of Rs. 3,190 for improvements to the Government Press Office in Port St. George.

- 1 Plan.
- 1 Estimate.
- 2 Abstracts.

2. The estimate provides for making two new wooden barred gates to rail off the adjacent verandahs, for protecting the outside windows with iron wire lattice, and for ventilating the Superintendent's room ; also for building three sets of masonry cisterns for cleaning types, &c., the water to be supplied by branch pipes, and the refuse water carried off by covered masonry drains. There are no funds at my disposal for the work.

ORDER—dated 12th May 1883, No. 1393 W., Public Works.

The plan and estimate, amounting to Rs. 3,190, for effecting certain improvements to the Government Press Office in Port St. George, are sanctioned for execution on funds becoming available.

2. This sanction has been registered as Provincial No. 29 W. of 1883-84 and classified as Civil Buildings, Original Works.

RECEIVED—the following letter from Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, dated Chennai, 4th August 1884, No. 1700:—

I have the honor to submit, for sanction, an estimate of Rs. 745 for providing ventilation in the Secret Department of the Government Press at Fort St. George.

1 Estimate.
1 Plan.
1 Specification and report.

The Superintendent of the Press complains that, at times, the room is oppressively hot. The room has only one side open, viz., to the north, and there is no verandah, while the doors leading out have to be kept closed to prevent any thing being passed out. It is proposed to add a light wooden verandah to be enclosed with network, so as to allow of the free circulation of air, and to fix iron network also in the four doors.

ORDER—dated 11th September 1884, No. 2238 W., Public Works.

The plan and estimate, amounting to Rs. 745, for providing ventilation in the Secret Department of the Government Press at Fort St. George, are sanctioned for execution when funds are available.

2. This sanction has been registered as Provincial No. 141 W. of 1884-85, and classified as Civil Buildings, Original Works.

Sir,

Enclosures. 6

I have the honor to
submit for sanction your
estimate of Rs 2310 — for
improvement and alterations
to the Government Press Office
in Fort St. George in line of
the estimate of Rs 698 sanctioned
in G.O. No. 2062 W dated
8th May 1884. Since the estimate
was sanctioned, i.e.,
two years ago it has become
necessary to revise the
different Departments in the
Press Office, and for this, the

work as provided for in the
enclosed estimate is required
to be carried out.

Office Note

As some emergent repairs, in-
 glazing, painting, white and color
 washing, are needed for the Government
 Press premises together with additional
 accommodation for the confidential,
 binding & account branches of the Press,
 the Superintendent begs that the
 necessary funds may be allotted
 for the purpose and that the
 Executive Engineer, Presidency
 Division, may be requested to
 inspect the building and under-
 take the necessary work at an
 early date. During the past
 few years the Executive Engineer
 has been written to with reference
 to the greater accommodation
 required for the Printing Depart-
 ment as well as for certain
 changes in the confidential room,
 to obtain more space, and

greater security and isolation, but
 that Officer has not been able to
 undertake the work up to the
 present time in consequence,
 apparently, of the want of the
 necessary funds. The increased
 accommodation now asked for
 is imperatively needed in con-
 sequence of the large increase of
 work during the past few years.
