PUBLIC WORKS DEPARTMENT.

Establishment.

Read—the following paper:—

From the Examiner, Public Works Accounts, dated 25th March 1886, No. 143.

Order—dated 31st March 1886, No. 869 W., Public Works.

With his letter above recorded, the Examiner, Public Works Accounts, submits a statement showing the names of persons employed in the Public Works Department who have attained the age of fifty-five years or who will attain that age during the current year. Orders of Government on each case have been entered in the last column of the statement.

2. It is observed that, in several cases, individuals have been certified to be fit for further service for two and in some cases for three years; but the Government are not prepared to sanction their retention for a longer period than one year, and have accordingly directed that their names be resubmitted for further orders in the statement for 1887.

3. In cases in which the Government have sanctioned the recommendation that certain individuals be retained in the service for one year more, the necessary steps will be taken by the proper authorities for retiring them at the expiration of the year should they be declared unfit for further service.

4. In the statement printed in G.O., No. 1324 W., dated 8th June 1885, the retention in the service, until the 1st September 1886, of P. Arunachallam Mudaliar, head clerk in the office of the Superintending Engineer, IV Circle, was recommended. The Government sanctioned his retention accordingly. In the statement now submitted the same man is recommended for retention for two years. The Superintending Engineer will submit a special report on this case. When the Government are asked to sanction the retention of an individual until a fixed date, it is understood that the man is to be retired immediately after that date.
