24TH SEPTEMBER 1884, No. 2362 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following letter from Brigadier-General R. C. STEWART, Quartermaster-General, to the Secretary to Government, Military Department, dated Ootacamund, 8th September 1884, No. 903-C. :—

I have the honor, by order, to forward, for sanction and transfer to the Public Works Department for disposal, the estimate below mentioned, which has been approved by the Commander-in-Chief. The estimate has been countersigned :—

1 Estimate, amounting to Rs. 1,200, for laying on Red Hills water to the Government bakery at Madras.

2. With reference to proceedings of Government, No. 3585, dated 28th July 1884, it is observed that, though the work is certainly very desirable, there is no reason adduced by the Commissary-General, why the work should not be provided for in the budget, 1885-86, and carried out during that year.

3. Letter, No. 3130, dated 4th September 1884, from the Commissary-General, with enclosure, is also forwarded.

ENCLOSURES.

From Colonel B. H. W. MAGRATH, Commissary-General, to the Quartermaster-General, dated Madras, 4th September 1884, No. 3130.

I have the honor to forward estimate, amounting to Rs. 1,200, for laying on Red Hills water to the Government bakery at Madras, together with covering letter, No. 2117, of the 2nd instant, from the Superintending Engineer, V Circle, in which he points out that there are no funds at his disposal from which the work can be carried out.

2. There is much sickness now in Madras. It appears to me to be very desirable that the utmost care should be taken with regard to the materials for the soldiers' bread, and that pure water should be laid on to the bakery with the least possible delay.

From Colonel H. L. PRENDERGAST, R.E., Superintending Engineer, V Circle, to the Commissary-General, dated Chepâk, 2nd September 1884, No. 2117.

With reference to G.O., No. 1720 W., dated 12th July 1884, I have the honor to forward, for disposal under G.O., No. 483 W., dated 21st February 1884, an estimate of Rs. 1,200 for laying down pipes to convey Red Hills water to the Government bakery at Madras. There are no funds at my disposal from which the work can be carried out.

No. 4427, Military.

Approved and transferred to the Public Works Department for disposal.

(Signed) A. R. KENNEY-HERBERT, Lieut.-Col.,
Offg. Secretary to Government.

Order—dated 24th September 1884, No. 2362 W., Public Works.

The estimate, amounting to Rs. 1,200, for laying pipes to convey Red Hills water to the Government bakery at Teynampett, is sanctioned for execution when funds are available.

2. This sanction has been registered as Imperial Ordinary No. 35 W. of 1884-85, and classified as Military Original Works.

Sir,

In Order of Government P.W. Dept. No. 2362. W. dated 24th September 1884 an Estimate amounting to Rupees 1,200 is sanctioned for laying pipes to convey Red hills water to the Government Bakery at Teynampett; but the work has never been carried out, funds not having been allotted.

2. The Executive Comt: Officer, Madras, has lately twice brought to notice that the water in the well now used in the bakery is muddy, emits an offensive smell, is full of slimes and is discolored.

3. I accordingly called on the Superinten-ing Engineer V circle to have red hills wate laid on without delay in accordance with the sanction above quoted, but he states that

that he has no funds for the purpose and has accordingly instructed the Executive Engineer to give the Bakery well a "thorough clearance".

4. I have had the well water analysed by the Chemical Examiner and his analysis (herewith enclosed) shows that it is full of impurities and "bad".

not sent
omit these words.

5. As the desirability of using only the purest water in the preparation of so important an article of the soldiers' ration as bread can hardly be exaggerated, I have the honor to request that the necessary funds may be placed at once at the Executive Engineers' disposal to enable him to lay down pipes to convey red hills water to the Bakery.

6. As the red hills water has since been brought within 250 yards of the Bakery, the expense originally estimated for, will be very materially reduced.

SIR,

With reference to G.O. No. 1354 W. dated 29th May 1886, I have the honor to report that it is not necessary to revise the estimate sanctioned in G.O. No. 2362 W. dated 24th September 1884. for laying Red Hills water to the Government Bakery at Madras. The Commissary General states that the Red Hills water has been brought within 250 yards of the Bakery, but the length of main pipe provided for

for in the Sanctioned Estimate is only 200 Yards.

2. The work has been put in hand as directed in para 2 of the G. A. No 1354 W. of 29th May 1886. And the Commissary General has been requested to obtain from the General Officer Commanding the District, an allotment of Rs 1200 for the work from the Grant for Minor New Works placed at the General Officer's disposal for the Current Year.
