5TH AUGUST 1886, No. 1940 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from H. R. GRIMES, Esq., Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 3rd July 1886, No. 197 :—

I have the honor to forward plans and estimates, amounting to Rs. 16,890, for constructing quarters for five European warders attached to Her Majesty's Penitentiary at Madras, for the sanction of Government.

2. The necessity for these quarters has been one of long standing and is one of the works named by me in my letter to Government, dated 25th March 1885, No. 77, as especially desirable to be carried out. The warders have been drawing house-rent at Rs. 12 per mensem each ever since October 1874.

Vide G.O., Public Works, dated 11th May 1885, No. 1106 W.

Vide G.O., dated 9th October 1874, No. 1880.

3. I regret the delay that has occurred in forwarding these plans and estimates; it has been caused by their having been mislaid in my office. Should the work be sanctioned, I request that funds may be allotted.

No. 1143 C, Judicial.

Approved and transferred to the Public Works Department.

(By Order.)

(Signed) A. G. CARDEW,
Ag. Assistant Secretary.

15th July 1886.

ORDER—dated 5th August 1886, No. 1940 W., Public Works.

The estimate of Rs. 16,890, for constructing quarters for five European warders at the Madras Penitentiary, has been increased to Rs. 20,360 with reference to G.O., No. 508 W., dated 6th March 1885, under which estimates should provide for the full market value of the work to be done, a note of the reduction to be effected by use of convict labor being made at the foot of the abstract estimate. Sanction is accorded to the increased amount.

2. The question of provision of funds will be considered on receipt of a report from the Superintending Engineer as to the sum that can be spent on the work during the current official year.

3. The sanction accorded in paragraph 1 of these Proceedings has been registered as Provincial No. 75 W., of 1886-87, and classified as Civil Buildings, Original Works.

(True Extract.)

AUGUST.

D.W. ~~8~~ 2

The estimates has been prepared at the request of the Inspector General of Jails & has been approved by him & by the Judicial Depart.

The scantling of the rafters. 2"×6". seems unusual but it is that laid down in the Price list of the Mangalore Mission as being suitable for their tiles.

A door is shown opening from the bath room into the dining room. It would be better I think to have this door opening into the yard but if so it would be difficult to get in a window for the bathroom of the centre quarters in Block 1.

The estimate provides for everything necessary & a specification is attached.

According to G. O. No 508 W of 6th March/85 sanction is necessary for the full amount of the estimate without making deduction for convict labour

It is stated that the surface drains to be made round the main building & outhouses will eventually discharge into an existing pit.. This does not seem a very good arrangement

CB
21.7.86.

Recommended that the estimate be sanctioned for Rs 20360

Dated the 15th July 1886
From the Jail Department

NOTE OF REMARKS.

1. The accompanying estimate amounting to Rs 16,890 is for constructing quarters for 5 European warders attached to H. M's Penitentiary Madras.
2. The necessity of the work is fully explained in para 2 of letter No 197 d/ 3rd July 1886 from the Inspector General of Jails to the Chief Secretary to Govt.
3. It is stated to be one of the works named in letter No 77 d/ 25th March 1885 of the Inspector Genl of Jails embodied in G. O. No 1106 W d/ 11th May 1885.
4. The quarters are proposed to be constructed on the ground North of the Jail that

1940 W

Hosur 26-7-86
D 5-8-86
O 27-7-86

that was lately in possession of the South Indian Railway but handed over to Penitentiary.

5. There are to be the following Out houses attached to each quarter
1 Cook room
2 Servants rooms &
1 Latrine as shown on the plan

6. The buildings are to be of the dimensions and numbers as shown in the drawing

7. Open surface drains of the section as shown on the drawing to be constructed round the block to carry off the water from the main building & Out houses attached.

These will discharge into an open drain which will lead to an existing pit.

8. The Specification accompanying estimates lays down fully how each item in estimate is to be worked.

9. Full details as regards depth & breadth &c of foundation, basement & Superstructure are given in plan, & detail est.

10. The roof to be covered over with Mangalore tiles, hence the scantlings are made to suit that description of roof.

11. The inside portion of roof to have a ceiling of planks 8" broad & 5/8" thick to be rebated & screwed to the lower sides of the rafters.

12. Doors to be pannelled and venetianed.

13. Venetianed windows are provided.

14. Flooring of main building and out houses, (with the exception of bath room & latrine which are to be asphalted) are to be of 8" square bricks laid over on 4" of concrete & point with Madras cement.

15. A damp course of asphalte 1/2" thick to cover all basement of walls at the floor level.

16. Roadway to be formed around buildings & gates with 4" of laterite & gravel

17. Existing fence to be altered.
18. The rates are fair.
19. Estimate for Jail works agreeable to G.O. No 508 W dated 6th March 1885 rule I should be framed as provided in para 1092 of the P.W. Code i.e. they should provide for the full market value of the work to be done & only a note of the reduction to be effected by the use of prison labor be made at foot of the abstract estimate; but the S.E. in this estimate has deducted the amount of convict labor, & requests sanction for the amount viz Rs 16,890 after deduction. I think subject to approval the estimate should properly be Rs 20,360.
20. Plan & estimate have been countersigned by the Inspector General of Jails and approved by Judicial Dept.
