## GOVERNMENT OF MADRAS.

## PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers :—

From Lieutenant-Colonel J. PENNYCUICK, R.E., Superintending Engineer, VI Circle, to the District Magistrate, Tinnevelly, dated Kodaikánal, 24th June 1886, No. 139 T.N.

In forwarding herewith the plan and estimate for adding the subsidiary ~~jail~~ with out-houses to the existing taluk cutcherry at Kulasekharapátnam for your approval and submission to Government for sanction, *vide* paragraph 1168 of Public Works Code, I have the honor to invite your attention to paragraph 4 of my report attached to the estimate and request that any explanation you may think necessary may be given in your covering letter to Government.

No. 727.

Forwarded * to Government with remark that as there is no toti on the establishment, there is no necessity for the latrine asked for by my predecessor.

* With one estimate and two plans.

Tinnevelly,
6th July 1886.

(Signed) S. H. WYNNE,
District Magistrate.

No. 1171 C, Judicial.

Approved and transferred to the Public Works Department with the remark that the latrine is considered unnecessary.

(By Order.)

(Signed) A. G. CARDEW,
Acting Assistant Secretary.

19th July 1886.

*Note by the Chief Engineer, Public Works Department.*

The estimate is recommended for sanction. The Superintending Engineer will consider whether the covered passage, which is only 6 feet high, should have a tiled roof instead of a terraced one as entered in the estimate.

(Signed) J. SHAW-STEWART, Colonel, R.E.,
Chief Engineer, P.W.D.

Order—dated 5th August 1886, No. 1941 W., Public Works.

The estimate, amounting to Rs. 3,770, for adding a subsidiary jail with out-houses to the tahsildar's office at Kulasekharapatnam in the Tinnevelly district, is reduced by

Rs. 490, the estimated cost of a latrine which is considered unnecessary. Sanction is accorded to the reduced amount Rs. 3,280.

2. Attention is drawn to the note by the Chief Engineer above recorded.

3. This sanction has been registered as Provincial, No. 74 W. of 1886-87, and classified as Civil Buildings, Original Works.

(True Extract.)

GOVERNMENT OF MADRAS.

## JUDICIAL DEPARTMENT.

Read—the following paper :—

G.O., dated 20th September 1882, No. 2440 W., Public Works.

*Read*—the following papers :—

From J. W. RUNDALL, Esq., Superintending Engineer, Second Circle, to the Chief Engineer, Public Works Department, dated Camp Bezváda, 5th August 1882, No. 440-N.L.

1 Estimate.
1 Abstract Estimate.
1 Comparative Statement.
1 Explanatory Memorandum.
2 Reports.

I have the honor to forward herewith a revised estimate for the Kandukúr Sub-jail, amounting to Rs. 12,325, together with a comparative statement and explanatory memorandum by the Executive Engineer and two reports.

2. If the Executive Engineer's proposition be accepted, and the unfinished latrine be converted into a ryots' shed, only Rs. 300 more than the present sanction will be required to complete the building.

3. As far as my experience goes numerous latrines have been constructed throughout the Presidency in connection with these Cutcherries which are never used, nor can they be used unless an establishment is maintained to keep them clean. There are still many Cutcherries on the standard plan to be built in various districts, and I would suggest District Officers being called on to report whether it is necessary to continue building latrines which are never used.

No. 608-E.

Referred to the Judicial Department for approval, and for consideration whether the ryots' shed may be omitted as suggested, the latrine being finished off to serve as such.

(By Order.)

(Signed) ROSS THOMPSON, Lieut.-Col., R.E.,
*Ag. Under Secy. to Govt., P.W.D.*

21*st August* 1882.

G.O., dated 8th September 1882, No. 892, Judicial.

Read—the following Proceedings of the Board of Revenue, dated 2nd September 1882, Mis. No. 6818 :—

Read—Office Memorandum from the Acting Under Secretary to Government, Judicial Department, dated 25th August 1882, No. 810.

Resolution—dated 2nd September 1882, Mis. No. 6818.

The Board agree with the Superintending Engineer. The construction of latrines is generally unnecessary considering the small number of prisoners usually confined in sub-jails, and it is believed that such buildings are but rarely used for the purpose for which they are intended.

(True Extract.)

(Signed) E. GIBSON,
*Acting Secretary.*

---

Order—dated 8th September 1882, No. 892, Judicial.

Approved and transferred to the Public Works Department, with reference to endorsement in that department, dated 21st August 1882, No. 608 (returned).

[illegible] Order.)

(Signed) G. S. FORBES,
*Acting Under Secretary.*

---

*Order*—dated 20th September 1882, No. 2440 W., Public Works.

The proposal to finish off the partly-built latrine at the Kandukúr Sub-jail, Nellore District, to serve as a ryots' shed, having been approved in the Judicial Department, the building provided for in the estimate for the latter purpose need not be constructed. The excess over the original estimate, sanctioned in G.O., Judicial Department, No. 1488, dated 11th August 1874, will thus be only Rs. 350, and this can be dealt with by the Superintending Engineer under paragraph 293, clause (*e*) of the Public Works Code.

2. The Proceedings of the Board of Revenue, communicated with the foregoing endorsement from the Judicial Department, will be communicated to all Superintending Engineers for information and guidance.

Current No. 5643 9

Letter No. 1171 C

Dated the 19th July 1886.

From the Judicial Departments

NOTE OF REMARKS

1. The accompanying estimate amounting to Rs 3770 is for constructing a Subsidiary Jail & out houses to the existing Taluq Office at Kulasekharapatnam in the Tinnevelly District.

2. The plan and estimate of Subsidiary Jail are in accordance to Standard plan & Estimate for 3rd Class Taluq Office sanctioned in G.O. No 786 dated 7th March 1877 and those for Cook room & Jail latrine as per Standard plan & estimate Sanctioned in G.O. No 1014 d/ 20th April/74.

3. A covered passage 24 ft long is to connect the existing Taluq Office proposed Jail wards and the existing north wall of compound to the

removed and a wall to be constructed in the northern boundary line of the land to be added marked A-B & C-D on plan for which compensation of Rs 55 is included in a separate statement attached.

4. The work to be carried out agreeable to Specifications accompanying each estimate sent with above quoted G.Os.

5. The Superintending Engr. in his report accompanying estimate para 4 states "The District Magistrate in his letter No. 55 dated 18th March 1886 wanted a cook room & latrine to be built to the Sub-Jail, accordingly provision is made in the estimate, but in G.O. No. 892 of 8th Septr/82 Judicial Department with G.O. No. 2440 W

Jail latrine provided for in the Standard estimate need not be constructed."

6. In his letter No. 139 J.N. dated 24th June 1886 to the District Magistrate he calls his attention to the para above quoted & request that any explanation he may think proper may be given in his covering letter to Government

7. The District Magistrate remarks in his covering letter to Government that there is no necessity for the latrine asked for by his predecessor for reasons given.

8. The ~~Ag. Asstt. Secretary~~ Judicial Dept agrees with the Distt. Magistrate & states that the latrine is unnecessary. Hence a reduction of Rs 490 should be made in the total amount

estimate & subject to approval sanctioned for Rs 3280 as follows.

| | Rs |
|---|---|
| Subjail with covered passage connecting the office ---- | 2610 |
| Cook room ---- | 340 |
| Compound wall -- | 330 |
| Total Rs | 3280. |

9. Owing to difficulty of procuring bricks it is proposed to build the main walls with ~~compound~~ compact course grained sand=stone in mortar. The stone is thought by the Ex: Engr to be a good substitute for bricks.

10. The rates are fair & the plans & Estimates agree with Standard design.

11. The plans & Estimates have been signed by the Distt Collector & approved by the Jail Deptt.

Bany. 24.7.86 [illegible]

30.7.86

12. To suit the nature of soil the depth of concrete bed is ½ foot and the foundation or footings above 1½ foot in excess of that laid down in Standard estimate.

13. Brick pillars 1¼ × 1¼ are allowed in District esti=mate instead of wooden posts 5" × 5" as provided in Standard Estimate

14. I suggest subject to approval that the roof of covered passage be tiled instead of terraced joining roofs of main building and jail wards, zinc or lead gutters may be put to valleys. I consider the pillars two low for a terrace roof.

C. S.

24.7.86

Jr. S.W.

D. W. 1941 15412
12

The plans & estimate are in accordance with standard plans & have been countersigned by the Collector & approved by the Judicial Department.

The thickness of terracing for the covered passage i.e. 9" seems unnecessarily great.

With this exception I see nothing calling for special remark & it is recommended that the estimate be sanctioned

26.7.86

---

The covered passage which is only 6' high should certainly have a tiled roof instead of a terraced one. With this alteration the estimate is recommended for sanction
