BOARD OF REVENUE, 29TH JUNE 1886, No. 1467.

PROCEEDINGS OF THE BOARD OF REVENUE.

READ—the following letter from M. R. WELD, Esq., Acting Collector of the Kistna District, to the Secretary to the Board of Revenue, dated Masulipatam, 14th June 1886, No. 2047 :—

I have the honor to enclose copy of letter, No. 678, of the 8th instant, from the Executive Engineer, Bezváda, regarding the Head Assistant Collector's house.

2. I would request that orders be sent to defer expenditure on the house, and to have the question of repairing it reconsidered.

3. I understand from Mr. Grant that the house is in a very bad state of repair, and that it is extremely unlikely that a good job can be made of it.

4. It is on the top of a hill 5 or 600 feet above the town, the path up can only be covered on foot or in a palanquin; it cannot even be ridden up, and to make a road for wheels is out of the question; the tenant therefore is isolated, and to get up and down to and from his office is very troublesome, water has to be carried from the foot of the hill at a great cost, and servants demand double wages. I have heard the late Mr. Robinson say he would, if compelled, pay the rent, but continue to live in the house he occupied at the foot of the hill; and I would do the same were I in his place, nothing would induce me to live in that house on the hill.

5. I therefore recommend that the project of repairing the house be given up.

6. I think that the house might be sold to the Church Mission Society, as it overlooks a house of theirs on the same hill at a lower level, and, if authorised, I will see what they say about buying it.

ENCLOSURE No. 1.

From J. D. GRANT, Esq., Executive Engineer, in charge of Eastern Division, Kistna, to the Collector of the Kistna District, dated 8th June 1886, No. 678.

I have the honor to inform you that an estimate of Rs. 3,305 has been sanctioned for the repair of the house on the hill here, bought by Government for the occupation of the Head Assistant Collector, and, as soon as the weather clears, I must begin work.

2. The late Mr. Robinson frequently informed me that, even if repaired, he would not live in the house, but would prefer to pay the rent and at the same time rent another house, and no doubt you have also heard him say so.

3. Other Head Assistant Collectors may take the same view, and before committing Government to a further expenditure, you may wish to have the question reconsidered; if so, kindly obtain orders for me to defer work.

4. The matter should be settled finally as soon as possible, as the building is daily deteriorating.

RESOLUTION—dated 29th June 1886, No. 1467.

Submitted to Government with reference to G.O., dated 17th February 1885, No. 825. The Board recommend that, for the reasons set forth in the Collector's letter, the repair of the building be at once stopped and Mr. Weld be authorised to open negotiations with the Church Mission Society for its sale at a fair valuation. The building is said to be absolutely unsuitable as a residence, and it seems useless to spend any money on its repairs.
