

6TH JULY 1886, No. 564, REVENUE.

GOVERNMENT OF MADRAS.
REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 25th June 1886,
Forest No. 356 :—

Read—the following letter from Lieutenant-Colonel I. CAMPBELL WALKER,
Conservator of Forests, in charge of Southern Division, to the Secretary to
the Board of Revenue, dated Ootacamund, 8th June 1886, No. 596 :—

In accordance with the remark in my budget estimate for the current year (page
43 of Board's Proceedings, No. ³³⁷⁹_{Forest 679}, of 14th December 1885), I have the honor to
submit the plan and estimates for the Forest Officer's house at Nilambúr, for which,
under paragraph 110 of the Forest Code, the sanction of Government is necessary,
the amount being over Rs. 10,000.

2. The plan of the house was decided on by the Collector (Mr. Logan), the
District Forest Officer (Mr. Hadfield), and myself at Nilambúr last October, when the
only really good site for the buildings was also selected, which has since been notified
for acquisition under Act X of 1870 (*Fort St. George Gazette*, dated 7th April 1886,
page 339, No. 117).

3. The original estimates, which were kindly framed for us by the Executive
Engineer, West Coast Division, amounted to Rs. 14,700; but by substituting our own
timber at cost price and entrusting the supervision to Mr. Hadfield, who is on the
spot and well qualified to carry out the work by departmental agency, I have been able,
in communication with him, to reduce the amount to Rs. 11,500, excluding the cost of
acquiring the site, which may be estimated at Rs. 500 more. We have Rs. 6,000
provided in the budget allotment for the current year, and I propose, with the approval
of the Board and Government, to provide a similar amount in the estimate for next
official year, within which the work will, it is hoped, be completed.

4. The necessity for a suitable house for the Forest Officer at Nilambúr has long
been admitted, the present building being quite unsuitable both as regards accommo-
dation and situation, which is in a hollow on the margin of paddy flats, and decidedly
unhealthy and depressing for a European officer. On completion of the new house, it
(i.e., the old one) will be used by the ranger, the present ranger's house being utilised
for one of the foresters, the Forest office remaining as now in a separate building.

5. The estimates provide for a substantial building with upper story, which is
almost indispensable in the Malabar district with its heavy rainfall and moist climate,
and suitable out-houses. Considering the great capital value of the Nilambúr
plantations and forests, the revenue from which last year exceeded Rs. 80,000, the net
profit being nearly Rs. 40,000, the expenditure of Rs. 12,000 (including estimated
amount for the acquisition of the site) for a suitable dwelling-house for the officer in
charge is very moderate.

6. I trust, therefore, the Board will be pleased to support the proposal and recom-
mend the estimate to Government for sanction. As the budget provision conveys a
provisional sanction and it is advisable that no portion of it should lapse, I have, with
the Collector's concurrence, authorised Mr. Hadfield to collect materials and proceed
with the work immediately the site is acquired, which will, I trust, be done without
delay.

ENCLOSURES Nos. 1 to 3.—Estimates.

ENCLOSURES Nos. 4 to 6.—Plans.

ENCLOSURE No. 7.—Report to accompany plans and estimates.

ENCLOSURE No. 8.—Revised estimate prepared by the Conservator.

Resolution—dated 25th June 1886, Forest No. 356.

Submitted to Government for sanction.

2. The Conservator of Forests, Southern Division, forwards an estimate, amounting to Rs. 11,500 + Rs. 500 for the acquisition of a site, for the construction of a new dwelling-house for the District Forest Officer of Nilambūr.

3. The work is to be carried out departmentally, and, of the amount required, Rs. 6,000 has been entered in the current year's budget and Rs. 6,000 will be entered in next year's.

4. The Collector, in his letter embodied in Board's Proceedings, dated 10th April 1886, Forest No. 187, lays stress on the urgent need of the house; and in the same Proceedings is included G.O., dated 26th March 1886, No. 240, sanctioning the publication of a notification for the site: that site is known locally as the Nilambur hill and adjoins the Calicut road.

5. The house is an upstairs, tiled one, and the Board support the Conservator's recommendation that sanction for its construction should be accorded at an early date.
