READ—the following letter from Lieutenant-Colonel H. R. MEAD, R.E., Superintending Engineer, VI Circle, to the Examiner, Public Works Accounts, dated Trichinopoly, 5th March 1885, No. 608 T.C.:—

With reference to your letter No. 235 S.E.-VI, under date the 11th ultimo, I have the honor to inform you that the Executive Engineer, Trichinopoly division, in his No. 325 S.E.-VI, dated 28th February, reported that an allotment of Rs. 2,000 will be sufficient for expenditure during the current year on the post office at Musiri, leaving the balance of estimate, Rs. 495, to be spent early in April next. I request that you will be good enough to transfer Rs. 2,000 as an addition to the current year's grant of the Executive Engineer, Trichinopoly division.

2. I further request that you will, in future, communicate to me similar transfers with a view to cause the same to be noted in the registers maintained in my office.

Endorsement on the above.

No. 825.

Forwarded to the Secretary to Government, Public Works Department, in continuation of office note, No. 830, dated the 17th February 1885.

2. It appears necessary that some such procedure as that sanctioned in G.O. No. 3327 W., dated the 22nd November 1883, in respect to appropriations made from the grants placed at the disposal of General Officers should be communicated for guidance in the case of sanctions accorded against the grants at the disposal of Directors-General, Post and Telegraph Offices, which may be as follows:—

When a sanction is accorded against a Director-General's grant the sanction should distinctly say so.

The sanction should be communicated to this office, and also, through the Superintending Engineer, to the Executive Engineer in whose division the work is situated. This office on receipt of sanction will reduce the Director-General's grant and increase the grant of the division concerned.

The Executive Engineer, in whose books the Director-General's grant is not, of course, recorded, will simply increase his postal or telegraph grant, as the case may be, by the amount of the estimate sanctioned.

Surrenders when made by the Executive Engineers should be communicated to the Director-General and this office through the Superintending Engineer.

(Signed) D. C. GORDON,
Examiner, Public Works Accounts.

ORDER—dated 17th March 1885, No. 650 W., Public Works.

The letter from the Superintending Engineer, VI Circle, above recorded will be communicated to the Director-General of Post Offices, in continuation of G.O., No. 247 W., dated 2nd February 1885.

ORDER—dated 6th July 1885, No. 1563 W., Public Works.

In the papers read above, the Superintending Engineers apply for funds, under Imperial Military and Civil Buildings, Roads and Services, on account of—

- incomplete works of 1884-85;
- new works recommended to be taken up in the current official year, and
- repairs.

2. Under Imperial Military, the budget grant for minor works amounts to Rs. 20,000; and the Superintending Engineer, V Circle, having surrendered a sum of Rs. 2,203 from the grant for new barracks for Royal Artillery at St. Thomas' Mount, the same will be resumed and added to the grant for minor works, in anticipation of sanction by the Government of India. Against the total of Rs. 22,203 so arrived at, the demands of Superintending Engineers amount to Rs. 47,824, as shown below:—

5. The allotment under Repairs will be found in statement A. The demands under that head amount to Rs. 1,61,796, but have been reduced to Rs. 1,48,359 in order to bring the allotments within the available grant.

6. Under Imperial Civil Buildings, Roads and Services, the demands against original works amount to—

	RS.
Postal incomplete works ...	4,217
" new works ...	3,220
Telegraph incomplete works ...	4,375

of which Rs. 3,909 under Postal have been allotted for incomplete works. The balance of the minor works grant, after the above allotment, is Rs. 1,991; and it is placed at the disposal of the Director-General of Post Offices as shown in statement A.

7. A sum of Rs. 2,500, being the available minor works grant under Telegraph, has been allotted to complete the improvements to the telegraph office at Cocanada.

8. The allotments under Repairs will be found in statement A. The demands under Telegraphs have been reduced to Rs. 3,000, in order to bring the allotments within the provision in the budget.

3. I am to request that the budget head "Civil Buildings, Roads and Services" may be adopted in future instead of "Other Services," which is now obsolete.
