1st August 1882, No. 1936 W., Public Works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

No. 3.

Read—the following letter from Major A. T. FRASER, R.E., Officiating Superintending Engineer, Fourth Circle, to the Chief Engineer, Public Works Department, dated Camp, Ootacamund, 10th March 1882, No. 91 :—

One Plan.
Two Detailed Estimates.
Two Abstract do.

With reference to the concluding paragraph of your memorandum, No. 455 C., dated 18th February 1882, I have the honor to mention that in order to test the practicability of reducing the rates in the case of the estimates for three clerks' cottages and out-offices at Ootacamund, I sent the papers to Messrs Groves, Wait and Co., Coonoor, who have been anxious to take contracts in the Nílgiri District.

2. They write as follows, dated the 1st :—" In returning enclosed the plan and estimates for the proposed clerks' quarters at Ootacamund, we have the honor to express our willingness to undertake the work at the estimated rates, with some slight reductions, as in margin, the aid of machinery enabling us to do so. But as the superstructure will require all bench-made bricks, a very expensive article on these Hills, owing to the dearness of labor and firewood, we do not see how these items could well be reduced, especially as the brick-work will have to be carefully laid, when only pointing is required, so that it may present perfectly even hinder and stickher line.

" We may mention that should these buildings be wanted by the end of the year, some early decision will be necessary, so that arrangements may be made for the preparation of bricks before the approaching rainy reason."

3. I have accordingly revised those rates they are able to reduce, and being of opinion, looking to the prevalent cost of labor and materials, the remaining rates cannot be immediately lowered, forward the plan and estimates for sanction.

4. Bricks and tiles are of very inferior quality on the Nílgiris, as well as being high priced.

5. For the clerks' quarters School of Arts tiles have to be brought up from Madras as there is no machinery here to make them.

6. An experienced English brick-maker has just applied for permission to set up a brick and tile factory at Kandal, and if satisfactory terms can be made it is likely that equally good tiles to those made by the Basel Mission at Calicut will be turned out, and well-shaped bricks at a price not exceeding that given for ordinary table-moulded bricks.

7. Better bricks and tiles would admit of more economical building, as the thickness of walls and scantlings of roof could be reduced.

No. 4.

Order—dated 1st August 1882, No. 1936 W., Public Works.

In G.O., 454 W., dated 18th February 1882, the Government approved of a design submitted by the Consulting Architect for quarters for three married clerks of the Secretariat at Ootacamund, and with his letter, above recorded, the Superintending Engineer, Fourth Circle, submitted an estimate amounting to Rs. 21,914 for constructing the buildings. The rates were considered high, and further explanation was called for by the Chief Engineer in his No. 685 C., dated 22nd March 1882. The estimate is now sanctioned for execution, and an appropriation of Rs. 15,000 is made from the Provincial Reserve.

2. The report already called for on the subject of rates generally should be expedited by the Superintending Engineer.

3. This sanction has been registered as Provincial No. 67 W. of 1882-83, and classified as Civil Buildings, Original Works.

Read—the following letter from Lieut.-Colonel J. L. L. MORANT, R.E., Officiating Consulting Architect to Government, to the Secretary to Government, Public Works Department, dated Chepák, 20th February 1885, No. 1729:—

In compliance with your memorandum No. 385 D., dated 14th instant, I have the honor to submit, herewith, an estimate, amounting to Rs. 1,870, for furnishing the clerks' quarters at Ootacamund.

2. The furniture will be made of teakwood by Messrs. Oakes and Company, of a plain and substantial character, and despatched to Ootacamund by the end of March.

Order—dated 7th March 1885, No. 527 W., Public Works.

The estimate, amounting to Rs. 1,870, for furnishing the clerks' quarters at Ootacamund, is sanctioned, as supplemental to the estimate referred to in G.O., No. 1936 W., dated 1st August 1882.

2. This sanction has been registered as Provincial No. 265 W. of 1884-85, and classified as Civil Buildings, Original Works.

MARCH.

Clerks' Quarters at Ootacamund

Estimate for furnishing the —, sanctioned.

To W

I this morning inspected the Quarters referred to in the accompanying petitions, & propose, with your approval, to send the latter to the Ex. Engr with the following endorsement:—

No. 133 Ed/ May 20th 1885.

"Forwarded to the Executive Engr Nilgiri Division, who will take steps to remedy, so far as possible, the defects complained of.

"In No 5 Quarters Ottley Hall, water appears to ooze from the bottom of the walls on to the cement floor, & the cause of this should be investigated.

"Fibre matting should be supplied to

all the quarters in question, & those on Stonehouse Hill should be furnished with inexpensive curtains" –

The floor of No 5 quarters Ottley Hall is certainly very damp from percolation of water through the wall on one side – This may possibly come from a drain on the outer side of the wall, running from the Kitchen –

The clerks in the Stonehouse Hill quarters beg that their walls may be papered – This point is submitted for orders – Woodoiling the roof timbers has been applied too freely, for the oil has run down the walls in streams, giving the rooms a dirty appearance –

To
The E. E. Nilgiris
with 2 enclosures.
Despd 20/5.

This may stand over for the present – I will inspect the buildings during the current season, & order what seems necessary –

All the rooms in Crewe Hall & Ottley Hall have been papered –

20/5/85

Draft approved.

No. 167
E.W.

Civil Dispensary Ootacamund — Cook room to —.

States that the plan, and estimate, &ca., for adding a — were forwarded to the Secy: to the Surgeon General with the Government of Madras on 8th June 85.

... thus a ... like to know what para 3 of G.O. of 4.8. W. 1818 W. was based.

The papers can be shown to me with this information on my return to ~~Ooty~~.

23.7.86

To W

In his letter No. 980 dated 8.7.83, the E.E. Nilgiri Divn., in asking for certain allotments, included as one of the items — "Adding a cook room to the Civil Dispensary Ooty" —

As no estimate had been sanctioned for this work, para 3 of G.O. No. 1818 W of 4.8.83, called for one.

The E.E. misnamed the work, for he should have said "Adding a cook room to the Hospital Assts quarters, Civil dispensary Ooty".

This caused the misunderstanding referred to in these papers. Ch.
