Local Fund Budget.

Reviewing the — of the Tinnevelly district for 1886-87.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From J. LEE-WARNER, Esq., President, District Board, Tinnevelly, to the Chief Secretary to Government, dated Tinnevelly, 21st December 1885, No. 76.

I have the honor to submit the budget estimate of receipts and charges of Local funds of the Tinnevelly district for the year 1886-87. The budget and the statements appended to it are prepared in the forms printed with G.O., dated 14th September 1885,* and according to the rules for the preparation of the same attached thereto.

* No. 728-L.F.

REVISED ESTIMATE FOR 1885-86.

2. *Receipts.*—The figures of the opening balance are those communicated by the Accountant-General in the supplemental account for March 1885.

Its largeness is due to the non-execution of certain works on account of heavy rains during the latter part of the last year impeding work and to the other causes explained in the annual report of the last year.

There is a slight increase under Land-cess, which is anticipated on account of the more favorable season.

The figures under Tolls are entered in the results of the lease sanctioned in G.O., dated 13th March 1885, Mis. No. 548.

There is an increase of Rs. 180 against school fees, which is due to the introduction of a higher standard in the combined system school at Tirukurungudi (*vide* G.O., dated 21st September 1885, Mis. No. 764 L.F.

The receipts under Interest on revenue is reduced by Rs. 600, as under the recent rulings of the Board of Revenue the arrears within the year will be levied free of interest.

Choultry rents and market rents show an increase over the budgeted figures, the former is due to favorable crop during the last kar season and the latter is the gain on the leases of a large number of the paying markets.

Ferry rents show a conspicuous fall, which is due to the Board abandoning the ferries, as explained in this office letter, No. 52, dated 15th August 1885, and Resolution No. 1, dated 21st October 1885.

In the grant from Provincial funds for education, a slight decrease is made consequent on the opening of the Normal school so late in the year.

The figures of the Pound fund are obtained from the Special fund budget, where the cause of the large variation will be found explained. The increase would seem to be due to the adjustment of the surplus funds, as directed in Revenue Board's Proceedings, No. 2876, dated 14th October 1885.

On the whole, there is no remarkable difference between the figures of the revised and the original budgets, the former amounting to Rs. 5,23,199 and the latter to Rs. 5,22,875.

3. *Charges, Grant I.*—The variations under the several heads of Grant I, Public works, are due to subsequent allotments being made for works and sanctioned by Government on the applications submitted from this office from time to time. A few items for which application for allotments are due have been duly sanctioned by the District board, and they are also taken to account under rule 11, clause 4. Deductions have been made in regard to two works, viz, the construction of the chattram at Maniyáchi, which has been stopped altogether as resolved by the Board in their resolution, dated 11th November 1885, No. 11, and work No. 1 of the budget for 1885-86—remetalling road, No. XI, Tenkási to Madura *via* Srívilliputur, the portion in Sankaranainárkoil taluk, from which Rs. 8,000 have been carried to the closing balance, as it does not seem likely that the whole amount will be utilized during the current year. The other items of this grant do not call for any special remarks.

4. *Grant II.*—There is an increase of Rs. 150 under head "Inspection," which is due to the entertainment of an additional Inspecting schoolmaster sanctioned in G.O., dated 21st September 1885, Mis. No. 759 L.F.

The short expenditure in the grant for Normal school is due to the institution having been opened only quite lately.

The school at Tirukurungudi has been placed among middle schools under the G.O. quoted *supra*. paragraph 2; hence the increase in the salary of masters under secondary schools. The other items require no remarks.

5. *Grant III.*—The charges under this grant are fixed and have not undergone any material changes except under choultry establishment where there is an increase of Rs. 20 over the budget allotment which is due to a "tandalgar" or kavalgar having been appointed to the chattram at Alvár Tirunagari (Govindapien's chattram) under G.O., dated 20th April 1885, No. 36.

6. *Grant IV.*—The provisions made for the various establishments remain as originally fixed, save in the case of the auditor, whose salary has been reduced under the recent organization. The amounts for "Travelling allowance to non-official members," "Postal charges" and "Miscellaneous" seem to have been over-estimated and have been accordingly reduced. Rs. 40,400 in the "Reserve" include Rs. 5,400, the unallotted portion of the fund of the Srívaikuntham bridge and Rs. 35,000 loaned for the work.

7. The revised estimate thus closes with the following balances:—

	Rs.
Receipts	5,23,199
Expenditure	4,36,597
Balance	86,602
Deduct balance under endowment	78,951
Net balance available for general purposes	42,651

These balances will be carried to the budget for 1886-87.

8. Of the Endowment Fund balance, Rs. 35,000 have been loaned to the Srívaikuntham bridge project as sanctioned in G.O., dated 10th November 1885, Mis. No. 1000-L.F.

9. As per instructions conveyed in G.O., dated 23rd October 1885, No. 930-L.F., Financial, the District board budget is prepared so as to allow of the necessary funds being allotted to be utilized by the proposed Taluk boards and punchayats.

The consolidated budget shows clearly the different sources of revenue appertaining to the District and Taluk boards and the affairs which they have to manage.

10. The District board have, under section 55 of the Local Boards Act (V of 1884), resolved to transfer to Taluk boards the revenue realized in each taluk under Land-cess in the following ratios:—

1. Tinnevelly	70·3
2. Nángunéri	60·5
3. Ambásamudram	53·5
4. Tenkási	64·5
5. Sankaranainárkoil	50
6. Srívilliputur	50
7. Sátúr	64·4
8. Otapidáram	50
9. Tenkarai	54·4

The proportions are fixed in reference to the expenditure that has to be incurred by each Taluk board.

11. Under the new scheme the receipts and charges of the District fund are estimated as follows. They are also compared with the actuals of the former year and the revised estimate of the current year:—

	Estimate, 1886-87.	Revised Estimate, 1885-86	Actuals, 1884-85.
	Rs.	Rs.	Rs.
Balance	42,651	1,12,091	1,13,110
Cess on Land	2,50,000	2,50,000	2,44,532
Tolls	15,330	15,445	25,663
Fishery rent	15,000	15,000	14,708
Miscellaneous	4,816	7,924	8,883
Contribution from Provincial Funds ..	1,350	1,000	..
Total ..	3,29,147	4,01,460	4,06,896

12. The only figures which require explanation are those of the first and the last items, the increase in the former being due to the bringing forward of large unspent balance from last year, while the latter is a new item, being the amount of contribution towards the Normal School started in October last. The other figures follow closely more or less those of the actuals of the former year and the revised estimate of the current year. Rs. 4,816 under "Miscellaneous" consists of the following items:—

	Rs.
1. Contribution from municipalities	96
2. Interest on arrears of revenue	500
3. Fees and fines	120
4. Avenues	2,500
5. Sale of stores	10
6. Sundry receipts	500
7. Sale of tools and plant	200
8 Contributions from private individuals	500
9. Pound fund	390
Total ..	4,816

Rupees 96 are expected from the Tinnevelly and Palamcottah Town Councils towards half of the cost of educating four students in the elementary Normal School, each municipality contributing for two students.

"Interest on arrears of revenue" is under-estimated, as explained in the remarks about this item in paragraph 2 above.

Receipts from avenues are divided between the District and Taluk funds in reference to the new distribution of the roads between the two funds.

Contributions from private individuals include only sums which are subscribed

for the execution of public works as distinguished from contributions for sanitary works which appear under Taluk funds. Receipts from Pound fund are entered as shown in the special fund budget.

13. *Charges.*—The District Board provide only for items contemplated in rule 14 of the Budget rules.

14. The expenditure under the four grants are distributed as follows :—

Grant I.

	Estimate, 1886-87.	Revised Estimate, 1885-86.	Actuals, 1884-85.
	Rs.	Rs.	Rs.
New Works—			
Communications	22,900	82,005	67,409
Civil buildings	..	6,495	2,475
Miscellaneous public improvements	..	2,755	1,472
Repairs—			
Communications	90,210	1,27,465	1,13,499
Civil buildings	..	3,916	2,951
Miscellaneous Public Improvements	3,000	14,298	8,302
Engineering establishment (Other)	500	500	2,247
Engineering establishment (Local)	21,990	28,000	29,989
Tolls and ferries	400	524	6,139
Tools and plant	1,160	1,720	1,989
Contributions to municipalities, &c.	500	5,450	*12,650
Total	1,40,660	2,73,128	2,49,122

Under New Works, Communications, Rs. 10,000 are provided for remetalling road No. XI, Tenkási to Madura *viâ* Srívilliputur (item 1 of of the statement II in the budget for 1885-86), Rs. 10,000 towards the Srívaikuntham bridge, the estimate of which was sanctioned in G.O., dated 30th April 1885, Mis. No. 91-L.F., and Rs. 2,900 for reconstructing a portion of road No. IX from Tinnevelly to Potulpudur. Rs. 90,210 under Repairs, Communications, are made up of the following items :—

Special Repairs.

	Rs.
Sankaranainárkoil taluk—	
Remetalling road No. VIII, Tinnevelly to Rajapalaiyam *viâ* Sankaranainárkoil	5,000
Srívilliputur taluk—	
Remetalling road No. XXVI Sátúr to Srívilliputur	11,000
Ambásamudram taluk—	
Remetalling road No. VI Palamcottah to Kaladakurichi *viâ* Tamvai	3,700
Total	19,700
Ordinary maintenance of the *main lines* of communications	70,510
Total	90,210

15. The provision made under Miscellaneous public improvements is for the maintenance of avenues in the main lines of roads.

16. The cost of Engineering establishment and the Department of Public Works contingencies are divided between the District and Taluk boards in proportion to the allotments for public works in the respective budgets.

17. Tolls having been leased out, their collections cost nothing to the Board by way of establishment. The small sum provided is for minor repairs to toll-gates and for printing license forms, &c.

18. Tools and plant is calculated at 1 per cent. according to the rules.

* Includes contributions on account of tolls.

19. The usual contributions under Grant I are entirely borne by the District Board.

20. *Grant II.*—The whole cost of the normal school is charged to the District Fund and is provided according to the scale of establishment, &c., sanctioned in G.O., dated 4th May 1885, Mis. No. 114-L.F. Rs. 180 are provided in addition for a gymnastic instructor.

The usual contribution of half the cost of a Deputy Inspector of Schools is also met from the same fund.

21. *Grants III and IV.*—The charges are usual ones and are distributed in strict accordance with the new rules.

The charges for medicines and surgical instruments are shown under Contributious for provincial services as advised by the Accountant-General in his letter, No. 266-L.F.I.A., dated 9th December 1885.

22. The interest under Grant IV is on the loan of Rs. 35,000 obtained from the Endowment fund for the Srívaikuntham bridge.

23. Allotments to Taluk boards from the land-cess require to be shown on the expenditure side of the District board budget, for which a new heading is added in Grant IV, and the amount is shown thereunder.

The district budget closes with a balance of Rs. 8,317 in favor of the year.

24. *Taluk Funds—Receipts.*—The opening balance against the taluk funds consists of the unspent balances of the Endowment fund and the sum of Rs. 27,300 laid out in Government securities in favor of certain hospitals and dispensaries.

25. *School fees* includes also the amount expected from the Anglo-Vernacular School, Tenkási, lately assumed by the Board and sanctioned in G.O., dated 27th April 1885, Mis. No. 73 L.F.

26. *Medical Contribution.*—A usual item subscribed by the Zemindar of Utumalai towards the maintenance of the hospital at Viakeralampudúr.

27. *Interest* on loans refers to the loan made to the Srívaikuntham bridge from the endowment surplus, and that on securities is on the investment of the Hospital funds.

28. The loan of Rs. 35,000 is made up from the surplus of the following institutions :—

Taluks.		Capital.	Interest at Five per cent.
		Rs.	Rs.
Tinnevelly	Pandarakulam chattram	9,000	540
Nángunéri	Tirukurungudi do.	10,000	600
	Tisaiyantilai market	600	36
Ambásamudram	Mailapapuram do.	500	30
Tenkási	Kutalam chattram	5,000	300
Sankaranainárkoil	Sankaranainárkoil market	1,000	60
	Tiruvengadam do.	400	24
	Vásudevanallúr do.	400	24
Otapidáram	Vaipar chattram	1,000	60
	Kayatar market	500	30
Tenkarai	Srívaikuntham chattram	3,000	180
	Alvár Tirunagari do.	2,000	120
	Arumuganeri market	500	30
	Udangudi do.	800	48
	Sátánkulam do.	300	18
		35,000	2,100
	Chattram funds	30,000	1,800
	Market do.	5,000	300

29. *Miscellaneous contributions from private individuals.*—Rupees 2,000 are expected from this source on account of sanitary works such as wells, ponds and pools and village-site improvement.

30. *Choultry rents* are the rents and revenues of all the endowed chattrams.

31. *Market rents.*—The privilege of levying fees in the markets was leased out last year with successful results. They will be leased out in the ensuing year also.

32. *Bungalow fees.*—Under this head there is a marked decrease. The actuals of the last year were abnormally swollen on account of the payment of the arrears of rent by the Local Fund Engineering department for the portion of the building occupied by them in the bungalow at Koilpati as the Assistant Engineer's office. Again there will be a further reduction in the revenue in the current year, inasmuch as the Board's recent resolve to keep the portion of the bungalow at Srívilliputur and the entire building at Koilpati, hitherto rented for occupation, exclusively for the use of travellers, is just coming into effect.

33. *Provincial Contribution for Education* is for the secondary and elementary combined system schools managed by the Board. Choultries is an annual fixed item of receipt.

34. *Allotment from district funds.*—This item is fully explained in paragraph 23 above. The total receipts, including the opening balance, amount to Rs. 2,62,252. The District board have resolved to transfer to the taluk boards, when introduced, the management of all the choultries, both endowed and unendowed, and all dispensaries, as well as the schools and markets. The revenues from these institutions are accordingly shown in the taluk budget. The other items call for no remarks.

35. *Charges—Grant I.*—All the trunk roads and the main lines have been kept by the District board, while the roads of less importance and the branch and cross-country roads are proposed to be transferred to the taluks. The details of the roads will be seen in the lists for grants for maintenance in statements III-A and III-B, except a few cross-country roads, for which during the past years maintenance grants of Rs. 5 to 10 per mile used to be allowed; all others are retained on the list and are given maintenance allowances according to the nature of the works and at the usual rates. The omitted roads will be taken up in the order of importance, it being considered worse than useless to flitter away money on a multitude of small grants which can give no good return. Rupees 1,330 are provided under New Works, Communications, for restoring masonry works, &c., on the road from Kadayam to the hills. The estimate has been sanctioned in Revenue Board's Proceedings, Mis. No. 8481, dated 6th September 1884. The villagers have already paid Rs. 421 as contribution towards the work. No provision is made for buildings either under New Works or Repairs, as allotments have already been made during the current year for necessary improvements to the various institutions and no estimates or recommendations have since been received in this connection. Rupees 500 shown opposite to Miscellaneous public improvements, "New works," is for payment towards the construction of the square tank at Sundrapandiyapuram, Tenkási taluk, and the amount shown under Repairs of the same head is for the maintenance of avenues and lighting the road from Palamcottah to Tinnevelly, including Sulochanam's Bridge.

36. The cost of Engineering establishment and contingencies is charged as explained in the portion of the district budget under the same head. Tools and plant is calculated at 1 per cent. on the outlay.

37. *Grant II.*—Under Inspection is shown the expenditure on account of Inspecting schoolmaster's salary and travelling allowances except Tenkarai taluk, where there is a separate Inspecting schoolmaster, the others divide the cost in proportion to the number of schools existing in each taluk.

38. The cost of secondary and elementary combined system schools is charged to the taluks in which they are situate. There is an increase under the expenditure, which is due to the introduction of a higher standard in Tiukurungudi school and the

assumption of the Tenkási school. Results grants are distributed among all taluks in consideration of the number of schools and the results of examination in former years.

39. *Grant III.*—There is no increase in the expenditure of chattrams and medical institutions over the figures of the last year. The Tirukurungudi chattram pays, as usual, half the cost of Nángunéri Hospital. A midwife is provided for the Ambásamudram taluk on Rs. 15 a month, as sanctioned in G.O., dated 13th May 1885, Mis. No. 149. The sanitary items remain as they were. All the charges of chattrams represent only old figures. Under Bungalows Rs. 124 are included for the cost of a servant and furniture to Koilpati bungalow.

40. The grant-in-aid to private dispensaries and to those at head-quarters are charged to Taluk and District funds, respectively; the large dispensary at the seaport town of Tuticorin is treated as one at head-quarters. The dispensary at Srívilliputur will have to be handed over to the municipality of that town, which will be constituted from April next. But provision for its maintenance as well as the cost of the sanitary establishment of that town is still entered in the Local fund budget subject to its being recovered hereafter when the council is in funds.

The dispensary at Shermadevi is omitted, as its entry hitherto has been only nominal, the hospital assistant of the Head Assistant Collector's establishment, who was expected to attend to the work, being required constantly to be on the move with the Head Assistant.

41. *Vaccination.*—Section 102 of the Act requires that the District board should provide for gratuitous vaccination, and draft rule 61 stipulates that the local boards will be charged with the cost of the district establishment. This seems to conflict with the recent ruling of the Government, No. 1116-L.F., dated 27th November 1885; but as it seems reasonable that the Taluk boards should support their own vaccine agency, I have provided for the same in the taluk budgets.

42. The other charges under this grant are met from the District fund under the rules.

43. *Grant IV.*—No establishment having been decided upon for the Taluk boards, special provision is not made therefor: any expenditure in that direction may be met from the reserves allowed for each taluk.

44. The taluk fund closes with a balance of Rs. 10,102.*

* Exclusive of the Endowment fund balance of Rs. 90,384.

45. The consolidated budget estimate and the statements as per list, and a district map prepared under the new rules, and the resolution of the board sanctioning the budget, are herewith submitted. An abstract showing how the figures for Taluk funds were obtained is also enclosed for reference.

Enclosures.

Proceedings of the District Board, Tinnevelly, dated 21st October 1885.

* * * * *

Read G.O., dated 21st September 1885, Mis. No. 753 L.F., directing that the receipts from ferries to which Act I of 1870 has been extended, hitherto credited to Local funds, should be refunded in favor of the special funds, and stating that the ferries to which the Act has not been applied may be worked wholly by the District board, but if it is intended to extend the Act to them, the Collector should submit the usual application.

Resolution.—The erroneous credit must be adjusted by the refund of the net excess. As regards other ferries, the Board resolve not to undertake any ferry.

Proceedings of the District Board, Tinnevelly, dated 1st December 1885.

* * * * *

Read budget estimate of receipts and charges of the Local funds of the Tinnevelly district for the year 1886-87, together with the statements connected with it.

Resolution.—Passed. The budget is prepared according to the instructions lately received from Government, and so as to allow of funds being allotted to the proposed taluk board.

2. The union budget of receipts and charges cannot be conveniently framed now, as it is yet uncertain whether house-tax is to be levied in all or any of the unions, and as the unions themselves have not been finally sketched out. When these preliminaries are settled, steps will be taken for transfer of funds to unions.

3. The Board resolve to transfer to each taluk board, in the following ratios, the proceeds of land-cess levied by the district board in such taluk, under section 55 of the Local Boards Act :—

1. Tinnevelly	70·3
2. Nángunéri	60·5
3. Ambásamudram	53·5
4. Tenkási	64·5
5. Sankaranainárkoil	50
6. Srívilliputur	50
7. Sátúr	64·4
8. Otapidáram	50
9. Tenkarai	54·4

5. It is also resolved to withdraw from the taluk boards all balances remaining from the sum allotted for general expenditure by the District board (*vide* rule 16).

From M. C. FURNELL, Esq., M.B., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 15th February 1886, No. 77.

With reference to Grant III of the budget estimate of the District Board of the Tinnevelly district for the year 1886-87, I have the honor to state that the provision made for the maintenance of the dispensaries is adequate and calls for no remarks.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 23rd February 1886, No. 1286.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Tinnevelly District Board for the official year 1886-87.

2. *Receipts.*—The educational assets are estimated at Rs. 44,221, as shewn below :—

	Rs.
One-sixth land-cess	41,670
School fees	550
Provincial grant	1,905
Municipal contribution	96
Total	44,221

The estimates under all heads may be accepted. No provision is made in the budget for the purchase of school books. Mr. Munro recommends strongly that some provision should be made for this item, to enable village schoolmasters to obtain with facility such books as they may require from time to time through the agency of the inspecting schoolmasters. The expenditure will be recouped from sales. The only additional charge to District funds is the commission at 15 per cent. allowed to inspecting schoolmasters on sales, and this cannot be considered a heavy charge considering the facilities the arrangement will afford for the development of elementary education. A sum of Rs. 1,000 may be added to the receipts as sale-proceeds of books.

3. *Charges.*—The expenditure is estimated at Rs. 37,426 :—

	1885-86. Rs.	1886-87. Rs.
Inspection	1,700	2,160
Training schools	2,500	3,180
Local Fund schools	640	1,336
Results grants	30,750	30,000
Miscellaneous	..	750
Total	35,590	37,426

4. *Inspection.*—There are four inspecting schoolmasters for the nine taluks comprising the district. As there are about 1,200 schools in the district, the staff is quite unable to discharge satisfactorily the work devolving on it. No school can, as a rule, be visited more than once a year. The requirements of the Grant-in-Aid Code in the matter of attendance registers are not carefully observed. With a view to improve this state of things, Mr. Monro considers it to be absolutely necessary to employ four more inspecting schoolmasters in the ensuing year on salaries rising from Rs. 20 to Rs. 25, with the usual allowances. I would recommend that Mr. Monro's proposals may be sanctioned after a reference to the Board, if necessary, and that in the meanwhile a sum of Rs. 1,300 be added to the provision under "Inspection" to meet the salary and allowances of the four new men.

5. *Training and Local Fund Schools.*—The amounts allotted for the upkeep of the Palamcottah Local Fund Normal school and the combined schools at Tirukurungudi, Panagudi and Tenkási, are sufficient.

6. *Results Grants.*—The assignment for results grants is Rs. 30,000. Mr. Monro considers that Rs. 28,000 will suffice, but with reference to the actuals of the previous year, I would recommend that the allotment proposed by the Board be left undisturbed.

7. *Miscellaneous.*—The provision of Rs. 750 for contribution to Provincial funds for inspection should be struck out with reference to G.O., dated 27th March 1885, Mis. No. 687, Financial. In place of this sum, a sum of Rs. 1,000 for purchase of books, and Rs. 150 for commission on sale of books, should be entered for reasons explained in paragraph 2 *supra*.

8. The total charges, if my recommendations be approved, will be Rs. 39,126 against the receipts amounting to Rs. 45,221.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 7th April 1886, No. 509.

I have the honor to report, for the information of Government, that the Tinnevelly District Board have, excluding contribution for sanitary inspection, Rs. 1,620, made a provision of Rs. 18,822, or 22·5 per cent. of the estimated income, for sanitation for the year 1886-87, against Rs. 19,100, or 23·5 per cent. of income for 1885-86. The decrease is chiefly under the head Conservancy, which is to be regretted; it may, however, be accepted. The allotment will be distributed as follows :—

	Rs.
Improvement of water-supply	6,000
Do. of village-sites	3,000
Conservancy	7,662
Fairs and festivals	1,240
Other sanitary objects	920
Total	18,822

2. The vaccination grant amounts to Rs. 8,270 against Rs. 8,460 for the past year. It may be accepted, the establishment employed will be the same; the decrease is under the head of Contingencies.

Order—dated 3rd July 1886, No. 758 L.F., Financial.

The following abstract shows the estimated Local Fund receipts and charges of the Tinnevelly district for the year 1886-87, as passed by Government:—

Receipts.

	District fund.	Taluk funds.	Total.
	Rs.	Rs.	Rs.
Balance	82,860	16,650	99,510

2. *Revised Estimate for* 1885-86.—Excluding debt heads and investments on behalf of endowed dispensaries, the opening balance exceeded the budget estimate by Rs. 70,224 owing to short outlay on public works in 1884-85. The receipts of the year were estimated at Rs. 3,28,094 against Rs. 3,24,350 in the budget, the increase being explained by the larger collections expected under land-cess owing to the favorable character of the season. The expenditure was estimated at Rs. 3,96,197 against Rs. 3,14,460 in the budget, the increase, which occurs under Grant I, being ascribed to subsequent allotments sanctioned for works, &c. The contributions for the Medical College and Sanitary Inspection, calculated at ·5 per cent. of the actual receipts for 1884-85, should be Rs. 1,652 each, and that for the Medical Reserve Staff at ·04 per cent. Rs. 138. A sum of Rs. 40,400 is shown under "Reserve," of which Rs. 5,400 represent the unspent balance of the amount contributed by the ryots of the Tenkarai taluk for the Srívaikuntham bridge, and Rs. 35,000 the loan sanctioned* from Endowment funds for the construction of the same work. This amount will now be added to the closing balance, which will thus amount to Rs. 99,509, of which Rs. 16,651 appertain to endowed institutions and will be transferred to Taluk funds, the remainder being credited to the District fund.

* G.O., dated 10th Nov. 1885, No. 1000 L.F.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts, which follow the revised estimate, are put down at Rs. 3,28,020 against Rs. 3,24,350 in the budget for 1885-86. The land-cess is expected to yield Rs. 2,50,000, of which it is proposed to transfer Rs. 1,41,743, shown under "Allotments from the District fund," to Taluk funds. As, however, the changes ordered in the following paragraphs will involve a considerable addition to Taluk fund receipts at the expense of the District

fund, it will suffice to transfer a moiety (Rs. 1,25,000) of the land-cess collections, and this amount should be shown under "Rates and Taxes," as required in G.O., dated 11th January 1886, No. 39. As suggested by the Director of Public Instruction, credit will be taken for a sum of Rs. 1,000 under "Sale-proceeds of books." It is observed that the miscellaneous receipts noted in the margin, and a contribution of Rs. 500 under Public Works, are credited to the District fund. In the absence of special reason to the contrary, these items should be transferred to Taluk funds.

	Rs.
Fees and fines	120
Fishery rents	15,000
Avenues	2,500
Sale of stores	10
Sundry receipts	500

4. Under Grant I, Rs. 25,730 and Rs. 1,23,310, respectively, are provided for new communications and road repairs, against Rs. 17,430 and Rs. 1,14,670 in last year's budget. The whole of the provision for the maintenance of avenues will be debited to Taluk funds, to which the receipts from avenues have now been transferred. The proportionate cost of Public Works establishment, tools and plant and contingencies chargeable to District and Taluk funds will then be as follows:—

	District Fund.	Taluk Funds.
	Rs.	Rs.
Public Works establishment	20,730	7,330
Tools and plant	1,130	420
Contingencies	1,340	500

For education, the proposed grant is Rs. 37,430 against Rs. 35,590 in the budget for 1885-86, the increase occurring under all heads except results grants. Under Inspection, provision is made for the fourth inspecting schoolmaster sanctioned in G.O., dated 21st September 1885, No. 759 L.F. The Director's proposal to employ four additional inspecting schoolmasters will be referred to the District Board for consideration. Meanwhile the provision under this head will be raised, as proposed, by Rs. 1,300, and transferred to the District fund with reference to the budget rules. The entertainment of a gymnastic instructor on Rs. 15 per mensem for the normal school at Palamcotta, is sanctioned. As observed by the Director, the provision of Rs. 750 as a contribution to Provincial funds on account of inspection should be struck out, the Government having waived their claim thereto in G.O., dated 27th March 1885, Mis. No. 687, Financial. A sum of Rs. 1,000 will be provided for the purchase of books and Rs. 150 for the commission on their sale. According to Statement IV, the income of the Tirukurangudi school in the shape of fees and Provincial grants amounts to Rs. 525; but of this sum, only Rs. 120 are credited to the Chattram fund in the endowment statement, No. VII. The discrepancy should be explained. The Tenkási school, being an endowed institution, should be shown in the above statement. Under Grant III, the allotments for hospitals and dispensaries and for vaccination and sanitation are approved by the Surgeon-General and the Sanitary Commissioner, but the entire cost of vaccination should be transferred to the District fund as already decided in G.O., dated 8th January 1886, Mis. No. 19 L.F. The contributions for the Medical College, Sanitary Inspection and the Medical Reserve Staff, calculated on the receipts according to the revised estimate for 1885-86, should be Rs. 1,640, Rs. 1,640 and Rs. 140 respectively. The sum of Rs. 2,680 provided for contributions to municipalities will be transferred from the District to Taluk funds.

5. Under Grant IV, the contribution for controlling establishments at the presidency will be altered to Rs. 3,130, the amount actually paid in 1884-85, and the cost of the District Board's establishment will be raised by Rs. 120, so as to include the pensionary contribution of the head clerk payable by the District Board under G.O., dated 28th April 1886, Mis. No. 462 L.F.

6. The reserve provided is only Rs. 27,303, or 8 per cent. of the estimated receipts, but as funds are now available, it will be raised to Rs. 32,900, as required by the budget rules, and distributed between the District and Taluk funds in proportion to their receipts.

7. The budget, as revised by Government, closes with a balance of Rs. 80,070, of which Rs. 41,800 appertain to the District fund and the remainder to Taluk funds. Of the former sum, Rs. 30,400 appertain to the Srívaikuntham bridge, and should be reserved for this work. The remainder of the balance, Rs. 11,400, is 8 per cent. of the receipts. Of the Taluk fund balance, Rs. 28,550 appertain to endowments, and the remainder Rs. 9,720 is 5 per cent. of the Taluk fund receipts.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers :—

From J. LEE-WARNER, Esq., President, District Board, Tinnevelly, to the Chief Secretary to Government, dated Tinnevelly, 21st December 1885, No. 76.

I have the honor to submit the budget estimate of receipts and charges of Local funds of the Tinnevelly district for the year 1886-87. The budget and the statements appended to it are prepared in the forms printed with G.O., dated 14th September 1885,* and according to the rules for the preparation of the same attached thereto.

* No. 728-L.F.

Revised Estimate for 1885-86.

2. *Receipts.*—The figures of the opening balance are those communicated by the Accountant-General in the supplemental account for March 1885.

Its largeness is due to the non-execution of certain works on account of heavy rains during the latter part of the last year impeding work and to the other causes explained in the annual report of the last year.

There is a slight increase under Land-cess, which is anticipated on account of the more favorable season.

The figures under Tolls are entered in the results of the lease sanctioned in G.O., dated 13th March 1885, Mis. No. 548.

There is an increase of Rs. 180 against school fees, which is due to the introduction of a higher standard in the combined system school at Tirukurungudi (*vide* G.O., dated 21st September 1885, Mis. No. 764 L.F.

The receipts under Interest on revenue is reduced by Rs. 600, as under the recent rulings of the Board of Revenue the arrears within the year will be levied free of interest.

Choultry rents and market rents show an increase over the budgeted figures, the former is due to favorable crop during the last kar season and the latter is the gain on the leases of a large number of the paying markets.

Ferry rents show a conspicuous fall, which is due to the Board abandoning the ferries, as explained in this office letter, No. 52, dated 15th August 1885, and Resolution No. 1, dated 21st October 1885.

In the grant from Provincial funds for education, a slight decrease is made consequent on the opening of the Normal school so late in the year.

The figures of the Pound fund are obtained from the Special fund budget, where the cause of the large variation will be found explained. The increase would seem to be due to the adjustment of the surplus funds, as directed in Revenue Board's Proceedings, No. 2876, dated 14th October 1885.

On the whole, there is no remarkable difference between the figures of the revised and the original budgets, the former amounting to Rs. 5,23,199 and the latter to Rs. 5,22,875.

3. *Charges, Grant I.*—The variations under the several heads of Grant I, Public works, are due to subsequent allotments being made for works and sanctioned by Government on the applications submitted from this office from time to time. A few items for which application for allotments are due have been duly sanctioned by the District board, and they are also taken to account under rule 11, clause 4. Deductions have been made in regard to two works, viz., the construction of the chattram at Maniyáchi, which has been stopped altogether as resolved by the Board in their resolution, dated 11th November 1885, No. 11, and work No. 1 of the budget for 1885-86—remetalling road, No. XI, Tenkási to Madura *via* Srívilliputur, the portion in Sankaranainárkoil taluk, from which Rs. 8,000 have been carried to the closing balance, as it does not seem likely that the whole amount will be utilized during the current year. The other items of this grant do not call for any special remarks.

4. *Grant II.*—There is an increase of Rs. 150 under head "Inspection," which is due to the entertainment of an additional Inspecting schoolmaster sanctioned in G.O., dated 21st September 1885, Mis. No. 759 L.F.

The short expenditure in the grant for Normal school is due to the institution having been opened only quite lately.

The school at Tirukurungudi has been placed among middle schools under the G.O. quoted *supra.* paragraph 2; hence the increase in the salary of masters under secondary schools. The other items require no remarks.

5. *Grant III.*—The charges under this grant are fixed and have not undergone any material changes except under choultry establishment where there is an increase of Rs. 20 over the budget allotment which is due to a "tandalgar" or kavalgar having been appointed to the chattram at Alvár Tirunagari (Govindapien's chattram) under G.O., dated 20th April 1885, No. 36.

6. *Grant IV.*—The provisions made for the various establishments remain as originally fixed, save in the case of the auditor, whose salary has been reduced under the recent organization. The amounts for "Travelling allowance to non-official members," "Postal charges" and "Miscellaneous" seem to have been over-estimated and have been accordingly reduced. Rs. 40,400 in the "Reserve" include Rs. 5,400, the unallotted portion of the fund of the Srívaikuntham bridge and Rs. 35,000 loaned for the work.

7. The revised estimate thus closes with the following balances:—

	RS.
Receipts	5,23,199
Expenditure	4,36,597
Balance	86,602
Deduct balance under endowment	78,951
Net balance available for general purposes	42,651

These balances will be carried to the budget for 1886-87.

8. Of the Endowment Fund balance, Rs. 35,000 have been loaned to the Srívaikuntham bridge project as sanctioned in G.O., dated 10th November 1885, Mis. No. 1000-L.F.

9. As per instructions conveyed in G.O., dated 23rd October 1885, No. 930-L.F., Financial, the District board budget is prepared so as to allow of the necessary funds being allotted to be utilized by the proposed Taluk boards and punchayats.

The consolidated budget shows clearly the different sources of revenue appertaining to the District and Taluk boards and the affairs which they have to manage.

10. The District board have, under section 55 of the Local Boards Act (V of 1884), resolved to transfer to Taluk boards the revenue realized in each taluk under Land-cess in the following ratios:—

1. Tinnevelly	70·3
2. Nángunéri	60·5
3. Ambásamudram	53·5
4. Tenkási	64·5
5. Sankaranainárkoil	50
6. Srívilliputur	50
7. Sátúr	64·4
8. Otapidáram	50
9. Tenkarai	54·4

The proportions are fixed in reference to the expenditure that has to be incurred by each Taluk board.

11. Under the new scheme the receipts and charges of the District fund are estimated as follows. They are also compared with the actuals of the former year and the revised estimate of the current year:—

	Estimate, 1886-87.	Revised Estimate, 1885-86	Actuals, 1884-85.
	RS.	RS.	RS.
Balance	42,651	1,12,091	1,13,110
Cess on Land	2,50,000	2,50,000	2,44,532
Tolls	15,330	15,445	25,663
Fishery rent	15,000	15,000	14,708
Miscellaneous	4,816	7,924	8,883
Contribution from Provincial Funds ..	1,350	1,000	..
Total ..	3,29,147	4,01,460	4,06,896

12. The only figures which require explanation are those of the first and the last items, the increase in the former being due to the bringing forward of large unspent balance from last year, while the latter is a new item, being the amount of contribution towards the Normal School started in October last. The other figures follow closely more or less those of the actuals of the former year and the revised estimate of the current year. Rs. 4,816 under "Miscellaneous" consists of the following items:—

	RS.
1. Contribution from municipalities	96
2. Interest on arrears of revenue	500
3. Fees and fines	120
4. Avenues	2,500
5. Sale of stores	10
6. Sundry receipts	500
7. Sale of tools and plant	200
8. Contributions from private individuals	500
9. Pound fund	390
Total ..	4,816

Rupees 96 are expected from the Tinnevelly and Palamcottah Town Councils towards half of the cost of educating four students in the elementary Normal School, each municipality contributing for two students.

"Interest on arrears of revenue" is under-estimated, as explained in the remarks about this item in paragraph 2 above.

Receipts from avenues are divided between the District and Taluk funds in reference to the new distribution of the roads between the two funds.

Contributions from private individuals include only sums which are subscribed

for the execution of public works as distinguished from contributions for sanitary works which appear under Taluk funds. Receipts from Pound fund are entered as shown in the special fund budget.

13. *Charges.*—The District Board provide only for items contemplated in rule 14 of the Budget rules.

14. The expenditure under the four grants are distributed as follows :—

Total ..	19,700
Ordinary maintenance of the *main lines* of communications	70,510
Total ..	90,210

15. The provision made under Miscellaneous public improvements is for the maintenance of avenues in the main lines of roads.

16. The cost of Engineering establishment and the Department of Public Works contingencies are divided between the District and Taluk boards in proportion to the allotments for public works in the respective budgets.

17. Tolls having been leased out, their collections cost nothing to the Board by way of establishment. The small sum provided is for minor repairs to toll-gates and for printing license forms, &c.

18. Tools and plant is calculated at 1 per cent. according to the rules.

* Includes contributions on account of tolls.

19. The usual contributions under Grant I are entirely borne by the District Board.

20. *Grant II.*—The whole cost of the normal school is charged to the District Fund and is provided according to the scale of establishment, &c., sanctioned in G.O., dated 4th May 1885, Mis. No. 114-L.F. Rs. 180 are provided in addition for a gymnastic instructor.

The usual contribution of half the cost of a Deputy Inspector of Schools is also met from the same fund.

21. *Grants III and IV.*—The charges are usual ones and are distributed in strict accordance with the new rules.

The charges for medicines and surgical instruments are shown under Contributious for provincial services as advised by the Accountant-General in his letter, No. 266-L.F.I.A., dated 9th December 1885.

22. The interest under Grant IV is on the loan of Rs. 35,000 obtained from the Endowment fund for the Srívaikuntham bridge.

23. Allotments to Taluk boards from the land-cess require to be shown on the expenditure side of the District board budget, for which a new heading is added in Grant IV, and the amount is shown thereunder.

The district budget closes with a balance of Rs. 8,317 in favor of the year.

24. *Taluk Funds—Receipts.*—The opening balance against the taluk funds consists of the unspent balances of the Endowment fund and the sum of Rs. 27,300 laid out in Government securities in favor of certain hospitals and dispensaries.

25. *School fees* includes also the amount expected from the Anglo-Vernacular School, Tenkási, lately assumed by the Board and sanctioned in G.O., dated 27th April 1885, Mis. No. 73 L.F.

26. *Medical Contribution.*—A usual item subscribed by the Zemindar of Utumalai towards the maintenance of the hospital at Viakeralampudúr.

27. *Interest* on loans refers to the loan made to the Srívaikuntham bridge from the endowment surplus, and that on securities is on the investment of the Hospital funds.

28. The loan of Rs. 35,000 is made up from the surplus of the following institutions :—

29. *Miscellaneous contributions from private individuals.*—Rupees 2,000 are expected from this source on account of sanitary works such as wells, ponds and pools and village-site improvement.

30. *Choultry rents* are the rents and revenues of all the endowed chattrams.

31. *Market rents.*—The privilege of levying fees in the markets was leased out last year with successful results. They will be leased out in the ensuing year also.

32. *Bungalow fees.*—Under this head there is a marked decrease. The actuals of the last year were abnormally swollen on account of the payment of the arrears of rent by the Local Fund Engineering department for the portion of the building occupied by them in the bungalow at Koilpati as the Assistant Engineer's office. Again there will be a further reduction in the revenue in the current year, inasmuch as the Board's recent resolve to keep the portion of the bungalow at Srívilliputur and the entire building at Koilpati, hitherto rented for occupation, exclusively for the use of travellers, is just coming into effect.

33. *Provincial Contribution for Education* is for the secondary and elementary combined system schools managed by the Board. Choultries is an annual fixed item of receipt.

34. *Allotment from district funds.*—This item is fully explained in paragraph 23 above. The total receipts, including the opening balance, amount to Rs. 2,62,252. The District board have resolved to transfer to the taluk boards, when introduced, the management of all the choultries, both endowed and unendowed, and all dispensaries, as well as the schools and markets. The revenues from these institutions are accordingly shown in the taluk budget. The other items call for no remarks.

35. *Charges—Grant I.*—All the trunk roads and the main lines have been kept by the District board, while the roads of less importance and the branch and cross-country roads are proposed to be transferred to the taluks. The details of the roads will be seen in the lists for grants for maintenance in statements III-A and III-B, except a few cross-country roads, for which during the past years maintenance grants of Rs. 5 to 10 per mile used to be allowed; all others are retained on the list and are given maintenance allowances according to the nature of the works and at the usual rates. The omitted roads will be taken up in the order of importance, it being considered worse than useless to flitter away money on a multitude of small grants which can give no good return. Rupees 1,330 are provided under New Works, Communications, for restoring masonry works, &c., on the road from Kadayam to the hills. The estimate has been sanctioned in Revenue Board's Proceedings, Mis. No. 8481, dated 6th September 1884. The villagers have already paid Rs. 421 as contribution towards the work. No provision is made for buildings either under New Works or Repairs, as allotments have already been made during the current year for necessary improvements to the various institutions and no estimates or recommendations have since been received in this connection. Rupees 500 shown opposite to Miscellaneous public improvements, "New works," is for payment towards the construction of the square tank at Sundrapandiyapuram, Tenkási taluk, and the amount shown under Repairs of the same head is for the maintenance of avenues and lighting the road from Palamcottah to Tinnevelly, including Sulochanam's Bridge.

36. The cost of Engineering establishment and contingencies is charged as explained in the portion of the district budget under the same head. Tools and plant is calculated at 1 per cent. on the outlay.

37. *Grant II.*—Under Inspection is shown the expenditure on account of Inspecting schoolmaster's salary and travelling allowances except Tenkarai taluk, where there is a separate Inspecting schoolmaster, the others divide the cost in proportion to the number of schools existing in each taluk.

38. The cost of secondary and elementary combined system schools is charged to the taluks in which they are situate. There is an increase under the expenditure, which is due to the introduction of a higher standard in Tiukurungudi school and the assumption of the Tenkási school. Results grants are distributed among all taluks in consideration of the number of schools and the results of examination in former years.

39. *Grant III.*—There is no increase in the expenditure of chattrams and medical institutions over the figures of the last year. The Tirukurungudi chattram pays, as usual, half the cost of Nángunéri Hospital. A midwife is provided for the Ambásamudram taluk on Rs. 15 a month, as sanctioned in G.O., dated 13th May 1885, Mis. No. 149. The sanitary items remain as they were. All the charges of chattrams represent only old figures. Under Bungalows Rs. 124 are included for the cost of a servant and furniture to Koilpati bungalow.

40. The grant-in-aid to private dispensaries and to those at head-quarters are charged to Taluk and District funds, respectively; the large dispensary at the seaport town of Tuticorin is treated as one at head-quarters. The dispensary at Srívilliputur will have to be handed over to the municipality of that town, which will be constituted from April next. But provision for its maintenance as well as the cost of the sanitary establishment of that town is still entered in the Local fund budget subject to its being recovered hereafter when the council is in funds.

The dispensary at Shermadevi is omitted, as its entry hitherto has been only nominal, the hospital assistant of the Head Assistant Collector's establishment, who was expected to attend to the work, being required constantly to be on the move with the Head Assistant.

41. *Vaccination.*—Section 102 of the Act requires that the District board should provide for gratuitous vaccination, and draft rule 61 stipulates that the local boards will be charged with the cost of the district establishment. This seems to conflict with the recent ruling of the Government, No. 1116-L.F., dated 27th November 1885; but as it seems reasonable that the Taluk boards should support their own vaccine agency, I have provided for the same in the taluk budgets.

42. The other charges under this grant are met from the District fund under the rules.

43. *Grant IV.*—No establishment having been decided upon for the Taluk boards, special provision is not made therefor: any expenditure in that direction may be met from the reserves allowed for each taluk.

44. The taluk fund closes with a balance of Rs. 10,102.*

* Exclusive of the Endowment fund balance of Rs. 90,384.

45. The consolidated budget estimate and the statements as per list, and a district map prepared under the new rules, and the resolution of the board sanctioning the budget, are herewith submitted. An abstract showing how the figures for Taluk funds were obtained is also enclosed for reference.

Proceedings of the District Board, Tinnevelly, dated 21st October 1885.

* * * * *

Read G.O., dated 21st September 1885, Mis. No. 753 L.F., directing that the receipts from ferries to which Act I of 1870 has been extended, hitherto credited to Local funds, should be refunded in favor of the special funds, and stating that the ferries to which the Act has not been applied may be worked wholly by the District board, but if it is intended to extend the Act to them, the Collector should submit the usual application.

Resolution.—The erroneous credit must be adjusted by the refund of the net excess. As regards other ferries, the Board resolve not to undertake any ferry.

Proceedings of the District Board, Tinnevelly, dated 1st December 1885.

* * * * *

Read budget estimate of receipts and charges of the Local funds of the Tinnevelly district for the year 1886-87, together with the statements connected with it.

Resolution.—Passed. The budget is prepared according to the instructions lately received from Government, and so as to allow of funds being allotted to the proposed taluk board.

2. The union budget of receipts and charges cannot be conveniently framed now, as it is yet uncertain whether house-tax is to be levied in all or any of the unions, and as the unions themselves have not been finally sketched out. When these preliminaries are settled, steps will be taken for transfer of funds to unions.

3. The Board resolve to transfer to each taluk board, in the following ratios, the proceeds of land-cess levied by the district board in such taluk, under section 55 of the Local Boards Act :—

1. Tinnevelly	70·3
2. Nángunéri	60·5
3. Ambásamudram	53·5
4. Tenkási	64·5
5. Sankaranainárkoil	50
6. Srívilliputur	50
7. Sátúr	64·4
8. Otapidáram	50
9. Tenkarai	54·4

5. It is also resolved to withdraw from the taluk boards all balances remaining from the sum allotted for general expenditure by the District board (*vide* rule 16).

From M. C. FURNELL, Esq., M.B., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 15th February 1886, No. 77.

With reference to Grant III of the budget estimate of the District Board of the Tinnevelly district for the year 1886-87, I have the honor to state that the provision made for the maintenance of the dispensaries is adequate and calls for no remarks.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 23rd February 1886, No. 1286.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Tinnevelly District Board for the official year 1886-87.

2. *Receipts.*—The educational assets are estimated at Rs. 44,221, as shewn below :—

	Rs.
One-sixth land-cess	41,670
School fees	550
Provincial grant	1,905
Municipal contribution	96
Total	44,221

The estimates under all heads may be accepted. No provision is made in the budget for the purchase of school books. Mr. Munro recommends strongly that some provision should be made for this item, to enable village schoolmasters to obtain with facility such books as they may require from time to time through the agency of the inspecting schoolmasters. The expenditure will be recouped from sales. The only additional charge to District funds is the commission at 15 per cent. allowed to inspecting schoolmasters on sales, and this cannot be considered a heavy charge considering the facilities the arrangement will afford for the development of elementary education. A sum of Rs. 1,000 may be added to the receipts as sale-proceeds of books.

3. *Charges.*—The expenditure is estimated at Rs. 37,426 :—

	1885-86. Rs.	1886-87. Rs.
Inspection	1,700	2,160
Training schools	2,500	3,180
Local Fund schools	640	1,336
Results grants	30,750	30,000
Miscellaneous	..	750
Total	35,590	37,426

4. *Inspection.*—There are four inspecting schoolmasters for the nine taluks comprising the district. As there are about 1,200 schools in the district, the staff is quite unable to discharge satisfactorily the work devolving on it. No school can, as a rule, be visited more than once a year. The requirements of the Grant-in-Aid Code in the matter of attendance registers are not carefully observed. With a view to improve this state of things, Mr. Monro considers it to be absolutely necessary to employ four more inspecting schoolmasters in the ensuing year on salaries rising from Rs. 20 to Rs. 25, with the usual allowances. I would recommend that Mr. Monro's proposals may be sanctioned after a reference to the Board, if necessary, and that in the meanwhile a sum of Rs. 1,300 be added to the provision under "Inspection" to meet the salary and allowances of the four new men.

5. *Training and Local Fund Schools.*—The amounts allotted for the upkeep of the Palamcottah Local Fund Normal school and the combined schools at Tirukurungudi, Panagudi and Tenkási, are sufficient.

6. *Results Grants.*—The assignment for results grants is Rs. 30,000. Mr. Monro considers that Rs. 28,000 will suffice, but with reference to the actuals of the previous year, I would recommend that the allotment proposed by the Board be left undisturbed.

7. *Miscellaneous.*—The provision of Rs. 750 for contribution to Provincial funds for inspection should be struck out with reference to G.O., dated 27th March 1885, Mis. No. 687, Financial. In place of this sum, a sum of Rs. 1,000 for purchase of books, and Rs. 150 for commission on sale of books, should be entered for reasons explained in paragraph 2 *supra*.

8. The total charges, if my recommendations be approved, will be Rs. 39,126 against the receipts amounting to Rs. 45,221.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 7th April 1886, No. 509.

I have the honor to report, for the information of Government, that the Tinnevelly District Board have, excluding contribution for sanitary inspection, Rs. 1,620, made a provision of Rs. 18,822, or 22·5 per cent. of the estimated income, for sanitation for the year 1886-87, against Rs. 19,100, or 23·5 per cent. of income for 1885-86. The decrease is chiefly under the head Conservancy, which is to be regretted; it may, however, be accepted. The allotment will be distributed as follows :—

	Rs.
Improvement of water-supply	6,000
Do. of village-sites	3,000
Conservancy	7,662
Fairs and festivals	1,240
Other sanitary objects	920
Total	18,822

2. The vaccination grant amounts to Rs. 8,270 against Rs. 8,460 for the past year. It may be accepted, the establishment employed will be the same; the decrease is under the head of Contingencies.

Order—dated 3rd July 1886, No. 758 L.F., Financial.

2. *Revised Estimate for* 1885-86.—Excluding debt heads and investments on behalf of endowed dispensaries, the opening balance exceeded the budget estimate by Rs. 70,224 owing to short outlay on public works in 1884-85. The receipts of the year were estimated at Rs. 3,28,094 against Rs. 3,24,350 in the budget, the increase being explained by the larger collections expected under land-cess owing to the favorable character of the season. The expenditure was estimated at Rs. 3,96,197 against Rs. 3,14,460 in the budget, the increase, which occurs under Grant I, being ascribed to subsequent allotments sanctioned for works, &c. The contributions for the Medical College and Sanitary Inspection, calculated at ·5 per cent. of the actual receipts for 1884-85, should be Rs. 1,652 each, and that for the Medical Reserve Staff at ·04 per cent. Rs. 138. A sum of Rs. 40,400 is shown under "Reserve," of which Rs. 5,400 represent the unspent balance of the amount contributed by the ryots of the Tenkarai taluk for the Srívaikuntham bridge, and Rs. 35,000 the loan sanctioned* from Endowment funds for the construction of the same work. This amount will now be added to the closing balance, which will thus amount to Rs. 99,509, of which Rs. 16,651 appertain to endowed institutions and will be transferred to Taluk funds, the remainder being credited to the District fund.

* G.O., dated 10th Nov. 1885, No. 1000 L.F.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts, which follow the revised estimate, are put down at Rs. 3,28,020 against Rs. 3,24,350 in the budget for 1885-86. The land-cess is expected to yield Rs. 2,50,000, of which it is proposed to transfer Rs. 1,41,743, shown under "Allotments from the District fund," to Taluk funds. As, however, the changes ordered in the following paragraphs will involve a considerable addition to Taluk fund receipts at the expense of the District

fund, it will suffice to transfer a moiety (Rs. 1,25,000) of the land-cess collections, and this amount should be shown under "Rates and Taxes," as required in G.O., dated 11th January 1886, No. 39. As suggested by the Director of Public Instruction, credit will be taken for a sum of Rs. 1,000 under "Sale-proceeds of books." It is observed that the miscellaneous receipts noted in the margin, and a contribution of Rs. 500 under Public Works, are credited to the District fund. In the absence of special reason to the contrary, these items should be transferred to Taluk funds.

	Rs.
Fees and fines	120
Fishery rents	15,000
Avenues	2,500
Sale of stores	10
Sundry receipts	500

4. Under Grant I, Rs. 25,730 and Rs. 1,23,310, respectively, are provided for new communications and road repairs, against Rs. 17,430 and Rs. 1,14,670 in last year's budget. The whole of the provision for the maintenance of avenues will be debited to Taluk funds, to which the receipts from avenues have now been transferred. The proportionate cost of Public Works establishment, tools and plant and contingencies chargeable to District and Taluk funds will then be as follows:—

	District Fund.	Taluk Funds.
	Rs.	Rs.
Public Works establishment	20,730	7,330
Tools and plant	1,130	420
Contingencies	1,340	500

For education, the proposed grant is Rs. 37,430 against Rs. 35,590 in the budget for 1885-86, the increase occurring under all heads except results grants. Under Inspection, provision is made for the fourth inspecting schoolmaster sanctioned in G.O., dated 21st September 1885, No. 759 L.F. The Director's proposal to employ four additional inspecting schoolmasters will be referred to the District Board for consideration. Meanwhile the provision under this head will be raised, as proposed, by Rs. 1,300, and transferred to the District fund with reference to the budget rules. The entertainment of a gymnastic instructor on Rs. 15 per mensem for the normal school at Palamcotta, is sanctioned. As observed by the Director, the provision of Rs. 750 as a contribution to Provincial funds on account of inspection should be struck out, the Government having waived their claim thereto in G.O., dated 27th March 1885, Mis. No. 687, Financial. A sum of Rs. 1,000 will be provided for the purchase of books and Rs. 150 for the commission on their sale. According to Statement IV, the income of the Tirukurangudi school in the shape of fees and Provincial grants amounts to Rs. 525; but of this sum, only Rs. 120 are credited to the Chattram fund in the endowment statement, No. VII. The discrepancy should be explained. The Tenkási school, being an endowed institution, should be shown in the above statement. Under Grant III, the allotments for hospitals and dispensaries and for vaccination and sanitation are approved by the Surgeon-General and the Sanitary Commissioner, but the entire cost of vaccination should be transferred to the District fund as already decided in G.O., dated 8th January 1886, Mis. No. 19 L.F. The contributions for the Medical College, Sanitary Inspection and the Medical Reserve Staff, calculated on the receipts according to the revised estimate for 1885-86, should be Rs. 1,640, Rs. 1,640 and Rs. 140 respectively. The sum of Rs. 2,680 provided for contributions to municipalities will be transferred from the District to Taluk funds.

5. Under Grant IV, the contribution for controlling establishments at the presidency will be altered to Rs. 3,130, the amount actually paid in 1884-85, and the cost of the District Board's establishment will be raised by Rs. 120, so as to include the pensionary contribution of the head clerk payable by the District Board under G.O., dated 28th April 1886, Mis. No. 462 L.F.

6. The reserve provided is only Rs. 27,303, or 8 per cent. of the estimated receipts, but as funds are now available, it will be raised to Rs. 32,900, as required by the budget rules, and distributed between the District and Taluk funds in proportion to their receipts.

7. The budget, as revised by Government, closes with a balance of Rs. 80,070, of which Rs. 41,800 appertain to the District fund and the remainder to Taluk funds. Of the former sum, Rs. 30,400 appertain to the Srívaikuntham bridge, and should be reserved for this work. The remainder of the balance, Rs. 11,400, is 8 per cent. of the receipts. Of the Taluk fund balance, Rs. 28,550 appertain to endowments, and the remainder Rs. 9,720 is 5 per cent. of the Taluk fund receipts.

Local Fund Budget.

Reviewing the — of the Tinnevelly district for 1886-87.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From J. LEE-WARNER, Esq., President, District Board, Tinnevelly, to the Chief Secretary to Government, dated Tinnevelly, 21st December 1885, No. 76.

I have the honor to submit the budget estimate of receipts and charges of Local funds of the Tinnevelly district for the year 1886-87. The budget and the statements appended to it are prepared in the forms printed with G.O., dated 14th September 1885,* and according to the rules for the preparation of the same attached thereto.

* No. 728-L.F.

REVISED ESTIMATE FOR 1885-86.

2. *Receipts.*—The figures of the opening balance are those communicated by the Accountant-General in the supplemental account for March 1885.

Its largeness is due to the non-execution of certain works on account of heavy rains during the latter part of the last year impeding work and to the other causes explained in the annual report of the last year.

There is a slight increase under Land-cess, which is anticipated on account of the more favorable season.

The figures under Tolls are entered in the results of the lease sanctioned in G.O., dated 13th March 1885, Mis. No. 548.

There is an increase of Rs. 180 against school fees, which is due to the introduction of a higher standard in the combined system school at Tirukurungudi (*vide* G.O., dated 21st September 1885, Mis. No. 764 L.F.

The receipts under Interest on revenue is reduced by Rs. 600, as under the recent rulings of the Board of Revenue the arrears within the year will be levied free of interest.

Choultry rents and market rents show an increase over the budgeted figures, the former is due to favorable crop during the last kar season and the latter is the gain on the leases of a large number of the paying markets.

Ferry rents show a conspicuous fall, which is due to the Board abandoning the ferries, as explained in this office letter, No. 52, dated 15th August 1885, and Resolution No. 1, dated 21st October 1885.

In the grant from Provincial funds for education, a slight decrease is made consequent on the opening of the Normal school so late in the year.

The figures of the Pound fund are obtained from the Special fund budget, where the cause of the large variation will be found explained. The increase would seem to be due to the adjustment of the surplus funds, as directed in Revenue Board's Proceedings, No. 2876, dated 14th October 1885.

On the whole, there is no remarkable difference between the figures of the revised and the original budgets, the former amounting to Rs. 5,23,199 and the latter to Rs. 5,22,875.

3. *Charges, Grant I.*—The variations under the several heads of Grant I, Public works, are due to subsequent allotments being made for works and sanctioned by Government on the applications submitted from this office from time to time. A few items for which application for allotments are due have been duly sanctioned by the District board, and they are also taken to account under rule 11, clause 4. Deductions have been made in regard to two works, viz, the construction of the chattram at Maniyáchi, which has been stopped altogether as resolved by the Board in their resolution, dated 11th November 1885, No. 11, and work No. 1 of the budget for 1885-86—remetalling road, No. XI, Tenkási to Madura *via* Srívilliputur, the portion in Sankaranainárkoil taluk, from which Rs. 8,000 have been carried to the closing balance, as it does not seem likely that the whole amount will be utilized during the current year. The other items of this grant do not call for any special remarks.

4. *Grant II.*—There is an increase of Rs. 150 under head "Inspection," which is due to the entertainment of an additional Inspecting schoolmaster sanctioned in G.O., dated 21st September 1885, Mis. No. 759 L.F.

The short expenditure in the grant for Normal school is due to the institution having been opened only quite lately.

The school at Tirukurungudi has been placed among middle schools under the G.O. quoted *supra*. paragraph 2; hence the increase in the salary of masters under secondary schools. The other items require no remarks.

5. *Grant III.*—The charges under this grant are fixed and have not undergone any material changes except under choultry establishment where there is an increase of Rs. 20 over the budget allotment which is due to a "tandalgar" or kavalgar having been appointed to the chattram at Alvár Tirunagari (Govindapien's chattram) under G.O., dated 20th April 1885, No. 36.

6. *Grant IV.*—The provisions made for the various establishments remain as originally fixed, save in the case of the auditor, whose salary has been reduced under the recent organization. The amounts for "Travelling allowance to non-official members," "Postal charges" and "Miscellaneous" seem to have been over-estimated and have been accordingly reduced. Rs. 40,400 in the "Reserve" include Rs. 5,400, the unallotted portion of the fund of the Srívaikuntham bridge and Rs. 35,000 loaned for the work.

7. The revised estimate thus closes with the following balances:—

	Rs.
Receipts	5,23,199
Expenditure	4,36,597
Balance	86,602
Deduct balance under endowment	78,951
Net balance available for general purposes	42,651

These balances will be carried to the budget for 1886-87.

8. Of the Endowment Fund balance, Rs. 35,000 have been loaned to the Srívaikuntham bridge project as sanctioned in G.O., dated 10th November 1885, Mis. No. 1000-L.F.

9. As per instructions conveyed in G.O., dated 23rd October 1885, No. 930-L.F., Financial, the District board budget is prepared so as to allow of the necessary funds being allotted to be utilized by the proposed Taluk boards and punchayats.

The consolidated budget shows clearly the different sources of revenue appertaining to the District and Taluk boards and the affairs which they have to manage.

10. The District board have, under section 55 of the Local Boards Act (V of 1884), resolved to transfer to Taluk boards the revenue realized in each taluk under Land-cess in the following ratios:—

1. Tinnevelly	70·3
2. Nángunéri	60·5
3. Ambásamudram	53·5
4. Tenkási	64·5
5. Sankaranainárkoil	50
6. Srívilliputur	50
7. Sátúr	64·4
8. Otapidáram	50
9. Tenkarai	54·4

The proportions are fixed in reference to the expenditure that has to be incurred by each Taluk board.

11. Under the new scheme the receipts and charges of the District fund are estimated as follows. They are also compared with the actuals of the former year and the revised estimate of the current year:—

	Estimate, 1886-87.	Revised Estimate, 1885-86	Actuals, 1884-85.
	Rs.	Rs.	Rs.
Balance	42,651	1,12,091	1,13,110
Cess on Land	2,50,000	2,50,000	2,44,532
Tolls	15,330	15,445	25,663
Fishery rent	15,000	15,000	14,708
Miscellaneous	4,816	7,924	8,883
Contribution from Provincial Funds ..	1,350	1,000	..
Total ..	3,29,147	4,01,460	4,06,896

12. The only figures which require explanation are those of the first and the last items, the increase in the former being due to the bringing forward of large unspent balance from last year, while the latter is a new item, being the amount of contribution towards the Normal School started in October last. The other figures follow closely more or less those of the actuals of the former year and the revised estimate of the current year. Rs. 4,816 under "Miscellaneous" consists of the following items:—

	Rs.
1. Contribution from municipalities	96
2. Interest on arrears of revenue	500
3. Fees and fines	120
4. Avenues	2,500
5. Sale of stores	10
6. Sundry receipts	500
7. Sale of tools and plant	200
8 Contributions from private individuals	500
9. Pound fund	390
Total ..	4,816

Rupees 96 are expected from the Tinnevelly and Palamcottah Town Councils towards half of the cost of educating four students in the elementary Normal School, each municipality contributing for two students.

"Interest on arrears of revenue" is under-estimated, as explained in the remarks about this item in paragraph 2 above.

Receipts from avenues are divided between the District and Taluk funds in reference to the new distribution of the roads between the two funds.

Contributions from private individuals include only sums which are subscribed

for the execution of public works as distinguished from contributions for sanitary works which appear under Taluk funds. Receipts from Pound fund are entered as shown in the special fund budget.

13. *Charges.*—The District Board provide only for items contemplated in rule 14 of the Budget rules.

14. The expenditure under the four grants are distributed as follows :—

Grant I.

	Estimate, 1886-87.	Revised Estimate, 1885-86.	Actuals, 1884-85.
	Rs.	Rs.	Rs.

Tolls and ferries	400	524	6,139
Tools and plant	1,160	1,720	1,989
Contributions to municipalities, &c.	500	5,450	*12,650
Total	1,40,660	2,73,128	2,49,122

Under New Works, Communications, Rs. 10,000 are provided for remetalling road No. XI, Tenkási to Madura *viâ* Srívilliputur (item 1 of of the statement II in the budget for 1885-86), Rs. 10,000 towards the Srívaikuntham bridge, the estimate of which was sanctioned in G.O., dated 30th April 1885, Mis. No. 91-L.F., and Rs. 2,900 for reconstructing a portion of road No. IX from Tinnevelly to Potulpudur. Rs. 90,210 under Repairs, Communications, are made up of the following items :—

Special Repairs.

	Rs.
Sankaranainárkoil taluk—	
Remetalling road No. VIII, Tinnevelly to Rajapalaiyam *viâ* Sankaranainárkoil	5,000
Srívilliputur taluk—	
Remetalling road No. XXVI Sátúr to Srívilliputur	11,000
Ambásamudram taluk—	
Remetalling road No. VI Palamcottah to Kaladakurichi *viâ* Tamvai	3,700
Total	19,700
Ordinary maintenance of the *main lines* of communications	70,510
Total	90,210

15. The provision made under Miscellaneous public improvements is for the maintenance of avenues in the main lines of roads.

16. The cost of Engineering establishment and the Department of Public Works contingencies are divided between the District and Taluk boards in proportion to the allotments for public works in the respective budgets.

17. Tolls having been leased out, their collections cost nothing to the Board by way of establishment. The small sum provided is for minor repairs to toll-gates and for printing license forms, &c.

18. Tools and plant is calculated at 1 per cent. according to the rules.

* Includes contributions on account of tolls.

19. The usual contributions under Grant I are entirely borne by the District Board.

20. *Grant II.*—The whole cost of the normal school is charged to the District Fund and is provided according to the scale of establishment, &c., sanctioned in G.O., dated 4th May 1885, Mis. No. 114-L.F. Rs. 180 are provided in addition for a gymnastic instructor.

The usual contribution of half the cost of a Deputy Inspector of Schools is also met from the same fund.

21. *Grants III and IV.*—The charges are usual ones and are distributed in strict accordance with the new rules.

The charges for medicines and surgical instruments are shown under Contributious for provincial services as advised by the Accountant-General in his letter, No. 266-L.F.I.A., dated 9th December 1885.

22. The interest under Grant IV is on the loan of Rs. 35,000 obtained from the Endowment fund for the Srívaikuntham bridge.

23. Allotments to Taluk boards from the land-cess require to be shown on the expenditure side of the District board budget, for which a new heading is added in Grant IV, and the amount is shown thereunder.

The district budget closes with a balance of Rs. 8,317 in favor of the year.

24. *Taluk Funds—Receipts.*—The opening balance against the taluk funds consists of the unspent balances of the Endowment fund and the sum of Rs. 27,300 laid out in Government securities in favor of certain hospitals and dispensaries.

25. *School fees* includes also the amount expected from the Anglo-Vernacular School, Tenkási, lately assumed by the Board and sanctioned in G.O., dated 27th April 1885, Mis. No. 73 L.F.

26. *Medical Contribution.*—A usual item subscribed by the Zemindar of Utumalai towards the maintenance of the hospital at Viakeralampudúr.

27. *Interest* on loans refers to the loan made to the Srívaikuntham bridge from the endowment surplus, and that on securities is on the investment of the Hospital funds.

28. The loan of Rs. 35,000 is made up from the surplus of the following institutions :—

Taluks.		Capital.	Interest at Five per cent.
		Rs.	Rs.
Tinnevelly	Pandarakulam chattram	9,000	540

29. *Miscellaneous contributions from private individuals.*—Rupees 2,000 are expected from this source on account of sanitary works such as wells, ponds and pools and village-site improvement.

30. *Choultry rents* are the rents and revenues of all the endowed chattrams.

31. *Market rents.*—The privilege of levying fees in the markets was leased out last year with successful results. They will be leased out in the ensuing year also.

32. *Bungalow fees.*—Under this head there is a marked decrease. The actuals of the last year were abnormally swollen on account of the payment of the arrears of rent by the Local Fund Engineering department for the portion of the building occupied by them in the bungalow at Koilpati as the Assistant Engineer's office. Again there will be a further reduction in the revenue in the current year, inasmuch as the Board's recent resolve to keep the portion of the bungalow at Srívilliputur and the entire building at Koilpati, hitherto rented for occupation, exclusively for the use of travellers, is just coming into effect.

33. *Provincial Contribution for Education* is for the secondary and elementary combined system schools managed by the Board. Choultries is an annual fixed item of receipt.

34. *Allotment from district funds.*—This item is fully explained in paragraph 23 above. The total receipts, including the opening balance, amount to Rs. 2,62,252. The District board have resolved to transfer to the taluk boards, when introduced, the management of all the choultries, both endowed and unendowed, and all dispensaries, as well as the schools and markets. The revenues from these institutions are accordingly shown in the taluk budget. The other items call for no remarks.

35. *Charges—Grant I.*—All the trunk roads and the main lines have been kept by the District board, while the roads of less importance and the branch and cross-country roads are proposed to be transferred to the taluks. The details of the roads will be seen in the lists for grants for maintenance in statements III-A and III-B, except a few cross-country roads, for which during the past years maintenance grants of Rs. 5 to 10 per mile used to be allowed; all others are retained on the list and are given maintenance allowances according to the nature of the works and at the usual rates. The omitted roads will be taken up in the order of importance, it being considered worse than useless to flitter away money on a multitude of small grants which can give no good return. Rupees 1,330 are provided under New Works, Communications, for restoring masonry works, &c., on the road from Kadayam to the hills. The estimate has been sanctioned in Revenue Board's Proceedings, Mis. No. 8481, dated 6th September 1884. The villagers have already paid Rs. 421 as contribution towards the work. No provision is made for buildings either under New Works or Repairs, as allotments have already been made during the current year for necessary improvements to the various institutions and no estimates or recommendations have since been received in this connection. Rupees 500 shown opposite to Miscellaneous public improvements, "New works," is for payment towards the construction of the square tank at Sundrapandiyapuram, Tenkási taluk, and the amount shown under Repairs of the same head is for the maintenance of avenues and lighting the road from Palamcottah to Tinnevelly, including Sulochanam's Bridge.

36. The cost of Engineering establishment and contingencies is charged as explained in the portion of the district budget under the same head. Tools and plant is calculated at 1 per cent. on the outlay.

37. *Grant II.*—Under Inspection is shown the expenditure on account of Inspecting schoolmaster's salary and travelling allowances except Tenkarai taluk, where there is a separate Inspecting schoolmaster, the others divide the cost in proportion to the number of schools existing in each taluk.

38. The cost of secondary and elementary combined system schools is charged to the taluks in which they are situate. There is an increase under the expenditure, which is due to the introduction of a higher standard in Tiukurungudi school and the

assumption of the Tenkási school. Results grants are distributed among all taluks in consideration of the number of schools and the results of examination in former years.

39. *Grant III.*—There is no increase in the expenditure of chattrams and medical institutions over the figures of the last year. The Tirukurungudi chattram pays, as usual, half the cost of Nángunéri Hospital. A midwife is provided for the Ambásamudram taluk on Rs. 15 a month, as sanctioned in G.O., dated 13th May 1885, Mis. No. 149. The sanitary items remain as they were. All the charges of chattrams represent only old figures. Under Bungalows Rs. 124 are included for the cost of a servant and furniture to Koilpati bungalow.

40. The grant-in-aid to private dispensaries and to those at head-quarters are charged to Taluk and District funds, respectively; the large dispensary at the seaport town of Tuticorin is treated as one at head-quarters. The dispensary at Srívilliputur will have to be handed over to the municipality of that town, which will be constituted from April next. But provision for its maintenance as well as the cost of the sanitary establishment of that town is still entered in the Local fund budget subject to its being recovered hereafter when the council is in funds.

The dispensary at Shermadevi is omitted, as its entry hitherto has been only nominal, the hospital assistant of the Head Assistant Collector's establishment, who was expected to attend to the work, being required constantly to be on the move with the Head Assistant.

41. *Vaccination.*—Section 102 of the Act requires that the District board should provide for gratuitous vaccination, and draft rule 61 stipulates that the local boards will be charged with the cost of the district establishment. This seems to conflict with the recent ruling of the Government, No. 1116-L.F., dated 27th November 1885; but as it seems reasonable that the Taluk boards should support their own vaccine agency, I have provided for the same in the taluk budgets.

42. The other charges under this grant are met from the District fund under the rules.

43. *Grant IV.*—No establishment having been decided upon for the Taluk boards, special provision is not made therefor: any expenditure in that direction may be met from the reserves allowed for each taluk.

44. The taluk fund closes with a balance of Rs. 10,102.*

* Exclusive of the Endowment fund balance of Rs. 90,384.

45. The consolidated budget estimate and the statements as per list, and a district map prepared under the new rules, and the resolution of the board sanctioning the budget, are herewith submitted. An abstract showing how the figures for Taluk funds were obtained is also enclosed for reference.

Proceedings of the District Board, Tinnevelly, dated 21st October 1885.

* * * * *

Read G.O., dated 21st September 1885, Mis. No. 753 L.F., directing that the receipts from ferries to which Act I of 1870 has been extended, hitherto credited to Local funds, should be refunded in favor of the special funds, and stating that the ferries to which the Act has not been applied may be worked wholly by the District board, but if it is intended to extend the Act to them, the Collector should submit the usual application.

Resolution.—The erroneous credit must be adjusted by the refund of the net excess. As regards other ferries, the Board resolve not to undertake any ferry.

Proceedings of the District Board, Tinnevelly, dated 1st December 1885.

* * * * *

Read budget estimate of receipts and charges of the Local funds of the Tinnevelly district for the year 1886-87, together with the statements connected with it.

Resolution.—Passed. The budget is prepared according to the instructions lately received from Government, and so as to allow of funds being allotted to the proposed taluk board.

2. The union budget of receipts and charges cannot be conveniently framed now, as it is yet uncertain whether house-tax is to be levied in all or any of the unions, and as the unions themselves have not been finally sketched out. When these preliminaries are settled, steps will be taken for transfer of funds to unions.

3. The Board resolve to transfer to each taluk board, in the following ratios, the proceeds of land-cess levied by the district board in such taluk, under section 55 of the Local Boards Act :—

1. Tinnevelly	70·3
2. Nángunéri	60·5
3. Ambásamudram	53·5
4. Tenkási	64·5
5. Sankaranainárkoil	50
6. Srívilliputur	50
7. Sátúr	64·4
8. Otapidáram	50
9. Tenkarai	54·4

5. It is also resolved to withdraw from the taluk boards all balances remaining from the sum allotted for general expenditure by the District board (*vide* rule 16).

From M. C. FURNELL, Esq., M.B., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 15th February 1886, No. 77.

With reference to Grant III of the budget estimate of the District Board of the Tinnevelly district for the year 1886-87, I have the honor to state that the provision made for the maintenance of the dispensaries is adequate and calls for no remarks.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 23rd February 1886, No. 1286.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Tinnevelly District Board for the official year 1886-87.

2. *Receipts.*—The educational assets are estimated at Rs. 44,221, as shewn below :—

	Rs.
One-sixth land-cess	41,670
School fees	550
Provincial grant	1,905
Municipal contribution	96
Total	44,221

The estimates under all heads may be accepted. No provision is made in the budget for the purchase of school books. Mr. Munro recommends strongly that some provision should be made for this item, to enable village schoolmasters to obtain with facility such books as they may require from time to time through the agency of the inspecting schoolmasters. The expenditure will be recouped from sales. The only additional charge to District funds is the commission at 15 per cent. allowed to inspecting schoolmasters on sales, and this cannot be considered a heavy charge considering the facilities the arrangement will afford for the development of elementary education. A sum of Rs. 1,000 may be added to the receipts as sale-proceeds of books.

3. *Charges.*—The expenditure is estimated at Rs. 37,426 :—

	1885-86. Rs.	1886-87. Rs.
Inspection	1,700	2,160
Training schools	2,500	3,180
Local Fund schools	640	1,336
Results grants	30,750	30,000
Miscellaneous	..	750
Total	35,590	37,426

4. *Inspection.*—There are four inspecting schoolmasters for the nine taluks comprising the district. As there are about 1,200 schools in the district, the staff is quite unable to discharge satisfactorily the work devolving on it. No school can, as a rule, be visited more than once a year. The requirements of the Grant-in-Aid Code in the matter of attendance registers are not carefully observed. With a view to improve this state of things, Mr. Monro considers it to be absolutely necessary to employ four more inspecting schoolmasters in the ensuing year on salaries rising from Rs. 20 to Rs. 25, with the usual allowances. I would recommend that Mr. Monro's proposals may be sanctioned after a reference to the Board, if necessary, and that in the meanwhile a sum of Rs. 1,300 be added to the provision under "Inspection" to meet the salary and allowances of the four new men.

5. *Training and Local Fund Schools.*—The amounts allotted for the upkeep of the Palamcottah Local Fund Normal school and the combined schools at Tirukurungudi, Panagudi and Tenkási, are sufficient.

6. *Results Grants.*—The assignment for results grants is Rs. 30,000. Mr. Monro considers that Rs. 28,000 will suffice, but with reference to the actuals of the previous year, I would recommend that the allotment proposed by the Board be left undisturbed.

7. *Miscellaneous.*—The provision of Rs. 750 for contribution to Provincial funds for inspection should be struck out with reference to G.O., dated 27th March 1885, Mis. No. 687, Financial. In place of this sum, a sum of Rs. 1,000 for purchase of books, and Rs. 150 for commission on sale of books, should be entered for reasons explained in paragraph 2 *supra*.

8. The total charges, if my recommendations be approved, will be Rs. 39,126 against the receipts amounting to Rs. 45,221.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 7th April 1886, No. 509.

I have the honor to report, for the information of Government, that the Tinnevelly District Board have, excluding contribution for sanitary inspection, Rs. 1,620, made a provision of Rs. 18,822, or 22·5 per cent. of the estimated income, for sanitation for the year 1886-87, against Rs. 19,100, or 23·5 per cent. of income for 1885-86. The decrease is chiefly under the head Conservancy, which is to be regretted; it may, however, be accepted. The allotment will be distributed as follows :—

	Rs.
Improvement of water-supply	6,000
Do. of village-sites	3,000
Conservancy	7,662
Fairs and festivals	1,240
Other sanitary objects	920
Total	18,822

2. The vaccination grant amounts to Rs. 8,270 against Rs. 8,460 for the past year. It may be accepted, the establishment employed will be the same; the decrease is under the head of Contingencies.

Order—dated 3rd July 1886, No. 758 L.F., Financial.

2. *Revised Estimate for* 1885-86.—Excluding debt heads and investments on behalf of endowed dispensaries, the opening balance exceeded the budget estimate by Rs. 70,224 owing to short outlay on public works in 1884-85. The receipts of the year were estimated at Rs. 3,28,094 against Rs. 3,24,350 in the budget, the increase being explained by the larger collections expected under land-cess owing to the favorable character of the season. The expenditure was estimated at Rs. 3,96,197 against Rs. 3,14,460 in the budget, the increase, which occurs under Grant I, being ascribed to subsequent allotments sanctioned for works, &c. The contributions for the Medical College and Sanitary Inspection, calculated at ·5 per cent. of the actual receipts for 1884-85, should be Rs. 1,652 each, and that for the Medical Reserve Staff at ·04 per cent. Rs. 138. A sum of Rs. 40,400 is shown under "Reserve," of which Rs. 5,400 represent the unspent balance of the amount contributed by the ryots of the Tenkarai taluk for the Srivaikuntham bridge, and Rs. 35,000 the loan sanctioned* from Endowment funds for the construction of the same work. This amount will now be added to the closing balance, which will thus amount to Rs. 99,509, of which Rs. 16,651 appertain to endowed institutions and will be transferred to Taluk funds, the remainder being credited to the District fund.

* G.O., dated 10th Nov. 1885, No. 1000 L.F.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts, which follow the revised estimate, are put down at Rs. 3,28,020 against Rs. 3,24,350 in the budget for 1885-86. The land-cess is expected to yield Rs. 2,50,000, of which it is proposed to transfer Rs. 1,41,743, shown under "Allotments from the District fund," to Taluk funds. As, however, the changes ordered in the following paragraphs will involve a considerable addition to Taluk fund receipts at the expense of the District

fund, it will suffice to transfer a moiety (Rs. 1,25,000) of the land-cess collections, and this amount should be shown under "Rates and Taxes," as required in G.O., dated 11th January 1886, No. 39. As suggested by the Director of Public Instruction, credit will be taken for a sum of Rs. 1,000 under "Sale-proceeds of books." It is observed that the miscellaneous receipts noted in the margin, and a contribution of Rs. 500 under Public Works, are credited to the District fund. In the absence of special reason to the contrary, these items should be transferred to Taluk funds.

	Rs.
Fees and fines	120
Fishery rents	15,000
Avenues	2,500
Sale of stores	10
Sundry receipts	500

4. Under Grant I, Rs. 25,730 and Rs. 1,23,310, respectively, are provided for new communications and road repairs, against Rs. 17,430 and Rs. 1,14,670 in last year's budget. The whole of the provision for the maintenance of avenues will be debited to Taluk funds, to which the receipts from avenues have now been transferred. The proportionate cost of Public Works establishment, tools and plant and contingencies chargeable to District and Taluk funds will then be as follows:—

	District Fund.	Taluk Funds.
	Rs.	Rs.
Public Works establishment	20,730	7,330
Tools and plant	1,130	420
Contingencies	1,340	500

For education, the proposed grant is Rs. 37,430 against Rs. 35,590 in the budget for 1885-86, the increase occurring under all heads except results grants. Under Inspection, provision is made for the fourth inspecting schoolmaster sanctioned in G.O., dated 21st September 1885, No. 759 L.F. The Director's proposal to employ four additional inspecting schoolmasters will be referred to the District Board for consideration. Meanwhile the provision under this head will be raised, as proposed, by Rs. 1,300, and transferred to the District fund with reference to the budget rules. The entertainment of a gymnastic instructor on Rs. 15 per mensem for the normal school at Palamcotta, is sanctioned. As observed by the Director, the provision of Rs. 750 as a contribution to Provincial funds on account of inspection should be struck out, the Government having waived their claim thereto in G.O., dated 27th March 1885, Mis. No. 687, Financial. A sum of Rs. 1,000 will be provided for the purchase of books and Rs. 150 for the commission on their sale. According to Statement IV, the income of the Tirukurangudi school in the shape of fees and Provincial grants amounts to Rs. 525; but of this sum, only Rs. 120 are credited to the Chattram fund in the endowment statement, No. VII. The discrepancy should be explained. The Tenkási school, being an endowed institution, should be shown in the above statement. Under Grant III, the allotments for hospitals and dispensaries and for vaccination and sanitation are approved by the Surgeon-General and the Sanitary Commissioner, but the entire cost of vaccination should be transferred to the District fund as already decided in G.O., dated 8th January 1886, Mis. No. 19 L.F. The contributions for the Medical College, Sanitary Inspection and the Medical Reserve Staff, calculated on the receipts according to the revised estimate for 1885-86, should be Rs. 1,640, Rs. 1,640 and Rs. 140 respectively. The sum of Rs. 2,680 provided for contributions to municipalities will be transferred from the District to Taluk funds.

5. Under Grant IV, the contribution for controlling establishments at the presidency will be altered to Rs. 3,130, the amount actually paid in 1884-85, and the cost of the District Board's establishment will be raised by Rs. 120, so as to include the pensionary contribution of the head clerk payable by the District Board under G.O., dated 28th April 1886, Mis. No. 462 L.F.

6. The reserve provided is only Rs. 27,303, or 8 per cent. of the estimated receipts, but as funds are now available, it will be raised to Rs. 32,900, as required by the budget rules, and distributed between the District and Taluk funds in proportion to their receipts.

7. The budget, as revised by Government, closes with a balance of Rs. 80,070, of which Rs. 41,800 appertain to the District fund and the remainder to Taluk funds. Of the former sum, Rs. 30,400 appertain to the Srívaikuntham bridge, and should be reserved for this work. The remainder of the balance, Rs. 11,400, is 8 per cent. of the receipts. Of the Taluk fund balance, Rs. 28,550 appertain to endowments, and the remainder Rs. 9,720 is 5 per cent. of the Taluk fund receipts.
