No 11482 — 2 — August 1886.

From

The Superintending Engineer
2nd Circle

To

The Chief Engineer
Public Works Department

Sir

With reference to the G.O. No 1893 W dated 27th July 1886, I have the honor to inform you, that an Estimate for Stores required from England was sent to the General Superintendent P. W. Stores on the 20th July 1886, which was importunately delayed by the late submission of the Annual Return from the Nellore Division. The Executive Engineer of that Division reported that as he had never prepared a similar Estimate before, he had found considerable difficulty in compiling the Estimate entries as prescribed. Hitherto he has always been permitted to purchase the articles locally, whenever required.

file may be altered and the estimate may be sanctioned against the provision for minor works in the Nilgiri Divn - and to avoid the excess appropriation it is suggested that the sum applied for by the CA for the dwarf wall be reduced & alone may be reduced or rejected in reference to the urgency or otherwise of the work.
