13. The auditor of the press accounts for the year 1883-84 (G.O., 10th March 1885, No. 610, Public), having stated it as his opinion, in paragraph 20 of his letter, that the charge of interest at 6 per cent. per annum on the value of plant, which he considers an excess debit, should not appear in the profit and loss statement, it has accordingly been omitted from this year's accounts. It is believed that this is in accordance with the wishes of Government, who, in the order above quoted, have expressed their concurrence in the proposals made by the auditor.

The report on the working of the Government Press for the year 1884-85, submitted by the Superintendent, shows that the value of work done in all its branches was Rs. 3,39,750 and the expenditure Rs. 2,49,681 against Rupees 3,18,448 and Rs. 2,37,119 respectively

in the previous year. The increase in both cases is nominal and is due to the inclusion in the accounts of the year of the value of paper issued from the Press stores as directed in G.O., No. 1739, dated 6th August 1884. This should have been also included in the accounts of the previous year, since the figures of that year are shown in contrast with those of the year under review. Excluding this item, however, there was a decrease of Rs. 3,074 in the value of work turned out and of Rs. 11,813 in the expenditure. The profit to Government was larger than in 1883-84.

There was a decrease of 7,647 pages in the original matter printed, but an increase of 1,038 pages in the remade-up matter; and each page cost Rs. 1-0-10 or 3 pies less than in the previous year.

4. In the Binding department the value of the work turned out exceeded that of the preceding year by Rs. 3,410. The expenditure on this account was also in excess, but the profits were better by Rs. 2,267.

Order—dated 22nd July 1886, No. 1512, Public.

The Superintendent submits the report on the working of the Government Press for the year 1885-86. A considerable decrease of expenditure was noted in the review for 1884-85, and the present report shows a further decrease both in the value of work done and in the expenditure incurred, the result, no doubt, of the stringent orders of Government issued on the subject from time to time. Owing partly to the transfer of the direct control of local boards to the Government office, a very large reduction was effected in the cost of printing the proceedings of the Board of Revenue. Large reductions were also effected in the cost of printing the proceedings of Government in the Public Works Department and the departments under the Chief Secretary, and a slight reduction in the printing of the Military Department. On the other hand, there was an increase of Rs. 657 in the printing of the Revenue Secretariat. The statement of work done for the officers mentioned in paragraph 4 of the Superintendent's letter shows that there was a considerable increase in the printing of the Accountant-General, the Commissioner of Salt and Abkári Revenue, and the Conservators of Forests. These officers will be reminded of the necessity of restricting expenditure as much as possible consistently with the requirements of the public service.

The cost per page of pica foolscap was Rs. 1-2-5, or 1 anna 7 pies more than in 1884-85.

4. In the Binding Department the value of work turned out exceeded that for the previous year by Rs. 11,334, and the expenditure was also considerably larger in consequence. The increase occurs mainly in the amount and cost of work done for the Commissioner of Salt and Abkári Revenue and the Conservators of Forests, who will be requested to explain the large outlay incurred by them for binding during the year.

ORDER—dated 22nd July 1886, No. 1512, Public.

The Superintendent submits the report on the working of the Government Press for the year 1885-86. A considerable decrease of expenditure was noted in the review for 1884-85, and the present report shows a further decrease both in the value of work done and in the expenditure incurred, the result, no doubt, of the stringent orders of Government issued on the subject from time to time. Owing partly to the transfer of the direct control of local boards to the Government office, a very large reduction was effected in the cost of printing the proceedings of the Board of Revenue. Large reductions were also effected in the cost of printing the proceedings of Government in the Public Works Department and the departments under the Chief Secretary, and a slight reduction in the printing of the Military Department. On the other hand, there was an increase of Rs. 657 in the printing of the Revenue Secretariat. The statement of work done for the officers mentioned in paragraph 4 of the Superintendent's letter shows that there was a considerable increase in the printing of the Accountant-General, the Commissioner of Salt and Abkári Revenue, and the Conservators of Forests. These officers will be reminded of the necessity of restricting expenditure as much as possible consistently with the requirements of the public service.

The cost per page of pica foolscap was Rs. 1-2-5, or 1 anna 7 pies more than in 1884-85.

4. In the Binding Department the value of work turned out exceeded that for the previous year by Rs. 11,334, and the expenditure was also considerably larger in consequence. The increase occurs mainly in the amount and cost of work done for the Commissioner of Salt and Abkári Revenue and the Conservators of Forests, who will be requested to explain the large outlay incurred by them for binding during the year.
