GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

From B. MACLEOD, Esq., Officiating President, District Board, Anantapur, to the Chief Secretary to Government, dated Anantapur, 8th December 1885, No. 30:—

I have the honor to submit the consolidated budget of the Anantapur District Board for the year 1886-87, together with all the statements prescribed in G.O., dated 14th September 1885, No. 728 L.F., Financial. The budget was approved by the District Board at a special meeting held on the 7th December 1885, and a copy of their resolution is enclosed.

2. *Regular Estimate.*—At the close of 1884-85, there was left a deficit of Rs. 5,783. The assets of the current year as per revised estimate are estimated to amount to Rs. 1,20,439, from which this deficit being deducted, the balance available for appropriation is Rs. 1,14,656 against the budget estimate of Rs. 1,23,860. This decrease is mainly attributable to the adverse season and consequent short collections of the past year under Land-cess and Tolls as detailed below:—

	Estimate, 1884-85.	Actuals, 1884-85.
	RS.	RS.
Land-cess	85,000	55,718
Tolls	7,500	3,370

3. The variations between the figures of the sanctioned budget and those of the revised estimate have been explained in the remark column of the revised estimate.

4. *Expenditure.*—The total probable expenditure during the current year according to the revised estimate is Rs. 1,02,869, leaving a closing balance of Rs. 11,787, of which Rs. 5,468 appertain to the market endowment fund.

5. *Budget Estimate for* 1886-87.—The opening balance is thus estimated at Rs. 11,787.

6. The receipts under Tolls are estimated at Rs. 4,000 against an estimate of Rs. 5,000 in the current year's budget. The estimate is based on the actuals of the previous two years and the actuals of the first six months of the current year, and it is not safe to anticipate more than has now been entered.

7. *School fees.*—A sum of Rs. 1,035 is estimated to be realized against Rs. 920 in the current year's budget. The opening of the five proposed combined system schools in addition to the six already sanctioned contributes to the increase of fees.

8. *Contributions by private individuals towards Dispensaries and Sanitation.*—Nothing has been entered under this head. Out of Rs. 1,520 and Rs. 1,800 shown in the current year's budget against dispensaries and village sanitation, respectively, only Rs. 95 and Rs. 269 were realized up to the end of September 1885, and the people have refused to pay any longer.

9. *Provincial Contribution for Education, Rs.* 1,875.—The increase of Rs. 925 over the estimate of the current year, viz., Rs. 950, forms the contribution payable from Provincial funds towards the salary and results' grants to the eleven combined system schools, of which four have been recently opened and the remaining seven will be opened early next year.

10. *Pound Fund, Rs.* 255.—The amount shown against this head has been taken from the Special Fund budget, and represents the surplus that will be available for transfer to the Local Funds at the close of the year. It is an uncertain item.

11. The other items of receipt are almost identical with the figures of the current year's budget.

Expenditure.

12. *Grant I—New Works—Communications.*—No provision has been made for communications under "New Works" from want of funds.

13. *New Works—Civil Buildings.*—Under this head Rs. 1,000 are provided for the construction of out-houses to the residence of the Local Fund Engineer, of which the estimate has been approved by the District Board.

14. *New Works—Miscellaneous Public Improvements.*—Rs. 3,000 have been provided for effecting improvements to existing markets.

15. *Repairs—Communications.*—Rs. 43,690 are provided for the maintenance of communications against Rs. 45,000 in the current year's budget. The decrease of Rs. 1,310 represents the reduction made in the maintenance grant for the road from Cuddapah frontier *viâ* Gooty to the Trunk Road No. 18 near Jaladarasi. No provision is made under the head "Village Street Improvements," but in its place four roads hitherto neglected have been included as follows :—

	Rs.
(1) Road from Gornitla *viâ* Palasamudram to Chalkur	290
(2) Road from Kodikonda to Somaghutta	80
(3) Road from Cumbadur to Damajipalli *viâ* Pairur to Ramghirry ...	560
(4) Road from Nasanakota to Dharmavaram *viâ* Konapur	360

16. *Repairs—Civil Buildings.*—Rs. 2,000 are provided for the repairs of the civil buildings, such as hospitals, school-houses and travellers' bungalows, and Rs. 1,000 for the maintenance of avenues.

17. *Local Fund Engineering Establishment.*—Rs. 8,640, equal to 18 per cent. on the outlay on works, have been provided for the engineering establishment as sanctioned by Government in their Order, No. 624, dated 21st March 1885.

18. *Tools and Plant.*—Rs. 450 or $\frac{1}{2}$ per cent. of the outlay on works have been provided.

19. *Tolls and Ferries.*—A provision of Rs. 450 is made to meet the cost of establishment maintained for the toll-gates at Penukonda, Gooty and Kalyándrúg in case they cannot be let on contract.

20. *Famine Debt.*—Rs. 2,500 have been reserved towards the liquidation of the famine debt due to the State by the District Board agreeably to G.O., dated 28th February 1884, Mis. No. 442.

21. *Grant II—Education.*—The allotment under all the heads of expenditure comes to Rs. 11,270 against Rs. 10,600 provided in the current year's budget. The increase of Rs. 670 is due to the provision made in the next year's budget for the opening of five combined system schools in addition to the six already sanctioned. There are two middle-class schools in this district, one at Tadpatri and the other at Penukonda. The District Board, in their resolution No. 5, dated 16th November 1885, had resolved to convert the middle school at Tadpatri into a combined system school in accordance with the recommendation of the Director of Public Instruction contained in his Proceedings, dated 16th September 1885, No. 6147, reviewing the report of the Inspector of Schools. At the budget meeting, however, the majority of the Board have resolved to keep the school in question under the salary system for another year, and provision is accordingly made in the budget.

22. The provision for the other items are the same as in the current year's budget.

23. *Grant III—Hospitals and Dispensaries.*—Rs. 8,394 have been provided against Rs. 9,150 in the budget of the current year. The decrease represents the cost of providing accommodation for in-patients in the dispensaries at Kalyándrúg, Hindupur and Tadpatri, and which the District Board propose to discontinue from 1st April next, as they are of opinion that the wants of the district in this respect can fully be met at the three central hospitals of Gooty, Penukonda and Anantapur. The last named is a municipal institution, but the District Board contributes a moiety of the cost of its maintenance. The officer in charge of the Munro Dispensary at Gooty is an Apothecary of the 2nd grade whose salary and allowances alone cost Rs. 2,520 a year. To this being added the cost of the establishment, the supply of medicines and contingencies amounting to Rs. 844, the total charges of this institution come to Rs. 3,364.

The cost of the maintenance of the Munro Chattram, amounting to Rs. 470, being added to the above, the total comes to Rs. 3,834, but this does not include other incidental charges, such as repairs to the chattram and dispensary buildings, and providing and repairing the stock of utensils to be lent to travellers halting in the chattram, for all of which no provision can be made for want of funds. The District Board beg to observe that rule 22 of the budget rules requires that the expenditure of an endowed institution should not exceed its receipts. In the case of the Munro institution the annual income is Rs. 2,050 being contributed from Provincial Funds, but nevertheless the Board have been obliged to provide Rs. 1,784 in excess of that amount. They would therefore take this opportunity to urge on Government that the annual grant should be doubled, or in other words raised to Rs. 4,000. If not the District Board are further of opinion that the services of the Apothecary are too costly and that they would be content with the services of an Hospital Assistant of the 1st class, and request that the Apothecary may be withdrawn and a competent Hospital Assistant appointed to the charge of the dispensary.

24. *Vaccination.*—The current year's allotment, viz., Rs. 4,150, remains unaltered and therefore calls for no remark. The details of expenditure are as follows :—

	Rs.
1 First-class Deputy Inspector	60
1 Second-class Deputy Inspector	40
1 First-class Vaccinator	18
4 First-class Vaccinators at Rs. 15 each	60
8 Second-class Vaccinators at Rs. 10 each	80
3 Probationers at Rs. 5 each	15
2 Peons at Rs. 6 each	12
Total ...	285 × 12 = 3,420
Batta to Deputy Inspectors	430
Contingencies	200
Batta to mothers of vaccinated children	100

25. *Sanitation.*—Rs. 6,715 have been provided against Rs. 7,100 entered in the current year's budget. The decrease is due to the reduction of such of the sanitary establishment at Ráyalcheru, Yadakki, Tadpatri, Gooty and Penukonda as was maintained from private contributions which the inhabitants of these towns have refused to pay.

26. *Choultries and Bungalows.*—An allotment of Rs. 816 has been made for the maintenance of choultries and Rs. 438 for bungalows. The increase of Rs. 100 over the current year's estimate, viz., Rs. 340, provides for the following purposes :—

	1886-87. Rs.	1885-86. Rs.
Establishment	288	288
Contingencies	50	50
Furniture	100	...
Total ...	438	338

27. *Grant IV—Establishment.*—Rs. 5,074 have been provided against Rs. 4,120 in the current year's budget. The increase of Rs. 954 is made up thus : Rs. 130 should be deducted from the current year's allotment on account of the pay of the Local Fund Auditor reduced from Rs. 70 to Rs. 58-5-4 ; Rs. 1,084 have to be added on account of the increase in establishment charges as shown in the margin. Provision is made in the budget for the establishment for the three Taluk Boards sanctioned in G.O., No. 930, dated 23rd October 1885, as also for an increase of Rs. 10 to the pay of the Head Clerk of the District Board from Rs. 40 to Rs. 50, in consideration (1) of the insufficiency of the existing pay and (2) of the increased responsibilities which devolve on him on account of the introduction of the new Act V of 1884.

Enclosure.

Proceedings of the Anantapur District Board at a Meeting held on the 7th December 1885.

* * * * * *

III.—Read budget estimate for 1886-87 prepared by the Sub-Committee held on the 4th instant.

Resolution.—Approved. The Board, however, resolve to keep the Tadpatri Middle School under the salary system for another year, to give the Head Master another opportunity of improving it. This cancels Resolution, No. 5, dated 16th November 1885.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 25th January 1886, No. 134.

I have the honor to report, for the information of Government, that the sanitary and vaccine allotments made by the Anantapur District Board in their budget for 1886-87 amount to Rs. 6,715 and Rs. 4,150 respectively. The former yields a percentage of 23·8 on available income. It will be distributed as follows:—

	Rs.
Conservancy	5,910
Improvement of water-supply	100
Fairs and festivals	190
Other sanitary outlay	515
Total ...	6,715

No provision has been made for improvement of village-sites, and the grant for the improvement of water-supply seems small; not much improvement can be expected from Rs. 100.

2. The vaccine establishment to be entertained is, I observe, the same as that at present employed; it is not in accord with the Vaccine Code and I still hold to the remarks I made in my letter,* No. 1551, dated 27th November 1884, to the Board of Revenue.

* Embodied in Board's Proceedings of 10th February 1885, No. 441 (G.O., No. 624, Financial, of 21st March 1885).

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 28th January 1886, No. 50.

I have the honor to state that the provision made in Grant III of the budget estimate of the District Board of the Anantapur district for the year 1886-87 for the maintenance of the dispensaries is adequate.

2. If Government is pleased to retain the services of the 2nd-grade apothecary who was re-posted to the Gooty dispensary in 1882 with the concurrence of the President, Local Fund Board, I would recommend that the scale of contribution sanctioned in G.O., No. 944, dated 11th May 1883, be made applicable to the Gooty dispensary also, viz., amount to be paid by Government Rs. 78-12-0, and that by the District Board Rs. 131-4-0, as particularized below:—

	Rs.	A.	P.
Pay, &c., of 2nd-grade apothecary of 25 years' service ...	210	0	0
Do. of a civil apothecary of 22 to 28 years' service ...	175	0	0
Difference	35	0	0
25 per cent. of pay of civil apothecary as Government contribution	43	12	0
Sum payable by Government ...	78	12	0
75 per cent. of civil apothecary payable by the District Board...	131	4	0
Total ...	210	0	0

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 3rd March 1886, No. 1416.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Anantapur District Board for 1886-87.

2. The receipts appertaining to education are estimated at Rs. 17,380, made up of—

	Rs.
One-sixth land-cess	14,170
School fees	1,035
Sale of books	300
Provincial grant	1,875
Total ...	17,380

The amount of Provincial grant does not appear to have been correctly calculated. The Board expect, under Article 4, Chapter IV, of the Grant in-aid Code, to get a grant from Provincial funds of Rs. 715 on account of eleven elementary combined schools. It is assumed generally that one-half of the amount of fixed stipends and results grants will be borne by Provincial funds. The Board cannot, however, claim grants from Provincial funds for standards below the fourth. The estimate should accordingly be reduced by Rs. 500.

3. The expenditure proposed aggregates Rs. 11,270 against Rs. 10,600 in the current year's budget:—

	1885-86. Rs.	1886-87. Rs.
Inspection	350	350
Training schools	2,190	2,190
Local Fund schools	2,860	3,530
Results grants	4,850	4,850
Miscellaneous	350	350
Total ...	10,600	11,270

4. *Inspection.*—The current year's allotment is repeated. Mr. Bickle would raise the pay of the inspecting schoolmaster from Rs. 20 to Rs. 25, but the Board do not appear to approve of the recommendation.

5. *Training Schools.*—To the provision for the upkeep of the Anantapur Normal school Rs. 70 should be added to allow for the increased scale of pay to the gymnastic instructor (from Rs. 6 to Rs. 8) and to meet the additional cost of gymnastic apparatus. Credit has been taken for a moiety of the increased charges as grant from Provincial funds.

6. *Local Fund Schools.*—The proposed allotment may be accepted.

7. *Results Grants.*—The allotment (Rs. 4,850) which is the same as in the current year's budget, will not probably suffice with reference to the actuals of 1884-85 (Rs. 6,261). I beg to recommend that the provision be raised to Rs. 6,000.

8. The total outlay on education will be Rs. 12,490, if my recommendations be approved, against Rs. 16,880, the estimated income as revised by me.

Order—dated 23rd July 1886, No. 842 L.F., Financial.

The following abstract shows the estimated Local Fund receipts and charges of the Anantapur district for the year 1886-87, as passed by Government:—

Receipts.

	District Fund.	Taluk Funds.	Total.
	Rs.	Rs.	Rs.
Balance	1,780	5,470	7,250
1. Rates and Taxes—

(2) Balance under Endowments, if any ...	...	5,200	5,200
Net balance available for general purposes ...	2,420	...	2,420

2. *Revised Estimate for* 1885-86.—In his letter recorded in G.O., dated 31st August 1885, Mis. No. 677 L.F., the Accountant-General reported that the accounts of this district for 1884-85 had closed with a deficit of Rs. 9,752, to be met according to rule by an advance from Provincial funds; but the statements subsequently furnished by him for that year show a further deficit of Rs. 5,908. The Accountant-General will be requested to explain how this came about and why the whole amount was not made good from Provincial funds. The current receipts and charges were estimated at Rs. 1,20,439 and Rs. 1,02,869 respectively against Rs. 1,07,730 and Rs. 1,07,430 as calculated in the budget. The increase in receipts occurs under Land-cess and is ascribed to the large arrears outstanding at the beginning of the year. The decrease of charges occurs mainly under Markets, and has not been explained. For the repair of communications the budget allotment of Rs. 45,000 is repeated; but as the accounts for March 1886 show that the actual expenditure under this head was only Rs. 33,424, the provision will be reduced to Rs. 40,000, which will allow a sufficient margin for final adjustments. No provision has been made for the repayment to Provincial funds of the advance of Rs. 9,752 above referred to. This will now be done, the Accountant-General having already made the necessary adjustment in the accounts for March 1886. The contributions for the Medical College and Sanitary Inspection should be Rs. 363 in each case, and that for the Medical Reserve Staff Rs. 29. The balance to be carried forward is Rs. 7,255, of which Rs. 5,468, appertaining to endowed institutions, will be transferred to Taluk funds and the remainder Rs. 1,787 credited to the District fund.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts are estimated at Rs. 1,04,125 against Rs. 1,07,730 in 1885-86. The decrease occurs chiefly under Private Contributions and is explained in the President's covering letter. Credit is taken for a sum of Rs. 85,000 under Land-cess, representing only 80 per cent. of the demand. There is no apparent reason why a proper percentage should not be realized and the estimate will accordingly be raised to Rs. 90,000. Every effort should be made to collect this amount; otherwise the accounts of the year will probably close with a deficit. The only receipts shown as credited to Taluk funds are the market rents, amounting to Rs. 6,110; and the manner in which the Taluk Boards are to be enabled to meet the expenditure properly devolving on them is not explained. As required by section 55 of the Act, the sum of Rs. 45,000, being a moiety of the estimated land-cess collections, must be transferred to Taluk funds. The Local Fund share of toll collections payable by the Anantapur Municipality will be raised from Rs. 900 to Rs. 950 in accordance with the entry in the municipal budget. It is proposed to credit the whole of the income from School fees to the District fund, but under the budget rules the sum of Rs. 50, appertaining to the Normal school, should alone be so credited, the balance, amounting in round numbers to Rs. 990, being due to Taluk funds. In the absence of special reason to the contrary, the miscellaneous revenue and the contribution of Rs. 2,050 from Provincial funds on account of the Munro chattram and dispensary at Gooty should also be credited to Taluk funds. As observed by the Director of Public Instruction, the Provincial grant for schools should be estimated at Rs. 1,380, of which Rs. 840 appertain to the Normal school and are therefore due to the District fund, and the remainder to Taluk funds.

4. Owing to want of funds no provision has been made for new communications. For the same reason the allotments of Rs. 1,000 for the addition of out-houses to the bungalow occupied by the Local Fund Engineer, and of Rs. 2,500 for the repayment of famine debt, will be struck out. The proportionate shares of the cost of Local Fund Engineering establishment, tools and plant, and contingencies chargeable to District and Taluk funds respectively are as follows:—

	District Fund.	Taluk Funds.
	Rs.	Rs.
Local Fund Engineering establishment	3,700	4,940
Tools and Plant	200	250
Contingencies	260	340

The provision of Rs. 450 for tolls establishment will be debited to the District fund, to which the receipts under this head are credited.

5. For education Rs. 11,270 are provided against Rs. 10,600 in last year's budget. The increase is explained by the proposal to open five new combined system schools. This is sanctioned. On the recommendation of the Directer of Public Instruction, the allotment for the Normal school will be raised by Rs. 70, but the

increase he suggests in the provision for result grants cannot be effected in the present state of funds.

6. The grant for medical services, &c., amounts to Rs. 27,827 against Rs. 33,780 in 1885-86. The decrease occurs under Markets and is not explained. The District Board observe that the excess of expenditure in connection with the Munro chattram and dispensary at Gooty over the Provincial grant of Rs. 2,050 necessitates a large supplementary grant from the general funds of the district, and they suggest either that the grant may be raised to Rs. 4,000 *per annum* or that the apothecary in charge may be replaced by a less costly medical subordinate. With reference to these proposals, the Surgeon-General recommends that a special contribution of Rs. 78-12-0 *per mensem* be made from Provincial funds with effect from the 1st April last towards the cost of the apothecary. The proposal is sanctioned. The Sanitary Commissioner considers the allotments for vaccination and sanitation inadequate; but there are at present no means of increasing them. The attention of the Board will be drawn to the fact that their scale of vaccine establishment is not in accordance with the rules. The decrease under Sanitation is attributed to the discontinuance of subscriptions from private individuals in five towns. But three of these, as well as five more for which allotments are provided, have been constituted unions. If, therefore, the house-tax were imposed in three or four of the most considerable, funds would be set free for utilization elsewhere. It might also be possible to extend the limits of the Anantapur Municipality so as to include the parts of the town at present excluded. The contributions for the Medical College, Sanitary Inspection and Medical Reserve Staff should be Rs. 600, Rs. 600 and Rs. 50 respectively.

7. Grant IV amounts to Rs. 5,070 against Rs. 4,120 last year. The increase is explained by the proposals to raise the pay of the District Board's office head clerk from Rs. 40 to Rs. 50 and to entertain the establishments specified in paragraph 27 of the President's letter for the Taluk Boards. These proposals are sanctioned. The contribution for controlling establishments at the presidency will be altered to Rs. 540, the amount actually paid in 1884-85.

8. As the charges devolving on Taluk Boards exceed their receipts by Rs. 310, and as Taluk funds must at least provide the balance of Rs. 5,200, appertaining to endowed institutions, a sum of Rs. 5,510 will be transferred from District to Taluk funds under section 55 of the Act. No reserve is provided in the budget as submitted; but as funds are now available a sum of Rs. 5,150, representing 10 per cent. of the receipts, will be provided under the District fund. There will be no reserve under Taluk funds. The budget, as modified by Government, closes with a balance of Rs. 2,420 under the District fund, and of Rs. 5,200, appertaining wholly to endowed institutions, under Taluk funds.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

From B. MACLEOD, Esq., Officiating President, District Board, Anantapur, to the Chief Secretary to Government, dated Anantapur, 8th December 1885, No. 30:—

I have the honor to submit the consolidated budget of the Anantapur District Board for the year 1886-87, together with all the statements prescribed in G.O., dated 14th September 1885, No. 728 L.F., Financial. The budget was approved by the District Board at a special meeting held on the 7th December 1885, and a copy of their resolution is enclosed.

2. *Regular Estimate.*—At the close of 1884-85, there was left a deficit of Rs. 5,783. The assets of the current year as per revised estimate are estimated to amount to Rs. 1,20,439, from which this deficit being deducted, the balance available for appropriation is Rs. 1,14,656 against the budget estimate of Rs. 1,23,860. This decrease is mainly attributable to the adverse season and consequent short collections of the past year under Land-cess and Tolls as detailed below:—

	Estimate, 1884-85.	Actuals, 1884-85.
	RS.	RS.
Land-cess	85,000	55,718
Tolls	7,500	3,370

3. The variations between the figures of the sanctioned budget and those of the revised estimate have been explained in the remark column of the revised estimate.

4. *Expenditure.*—The total probable expenditure during the current year according to the revised estimate is Rs. 1,02,869, leaving a closing balance of Rs. 11,787, of which Rs. 5,468 appertain to the market endowment fund.

5. *Budget Estimate for* 1886-87.—The opening balance is thus estimated at Rs. 11,787.

6. The receipts under Tolls are estimated at Rs. 4,000 against an estimate of Rs. 5,000 in the current year's budget. The estimate is based on the actuals of the previous two years and the actuals of the first six months of the current year, and it is not safe to anticipate more than has now been entered.

7. *School fees.*—A sum of Rs. 1,035 is estimated to be realized against Rs. 920 in the current year's budget. The opening of the five proposed combined system schools in addition to the six already sanctioned contributes to the increase of fees.

8. *Contributions by private individuals towards Dispensaries and Sanitation.*—Nothing has been entered under this head. Out of Rs. 1,520 and Rs. 1,800 shown in the current year's budget against dispensaries and village sanitation, respectively, only Rs. 95 and Rs. 269 were realized up to the end of September 1885, and the people have refused to pay any longer.

9. *Provincial Contribution for Education, Rs.* 1,875.—The increase of Rs. 925 over the estimate of the current year, viz., Rs. 950, forms the contribution payable from Provincial funds towards the salary and results' grants to the eleven combined system schools, of which four have been recently opened and the remaining seven will be opened early next year.

10. *Pound Fund, Rs.* 255.—The amount shown against this head has been taken from the Special Fund budget, and represents the surplus that will be available for transfer to the Local Funds at the close of the year. It is an uncertain item.

11. The other items of receipt are almost identical with the figures of the current year's budget.

EXPENDITURE.

12. *Grant I—New Works—Communications.*—No provision has been made for communications under "New Works" from want of funds.

13. *New Works—Civil Buildings.*—Under this head Rs. 1,000 are provided for the construction of out-houses to the residence of the Local Fund Engineer, of which the estimate has been approved by the District Board.

14. *New Works—Miscellaneous Public Improvements.*—Rs. 3,000 have been provided for effecting improvements to existing markets.

15. *Repairs—Communications.*—Rs. 43,690 are provided for the maintenance of communications against Rs. 45,000 in the current year's budget. The decrease of Rs. 1,310 represents the reduction made in the maintenance grant for the road from Cuddapah frontier *viâ* Gooty to the Trunk Road No. 18 near Jaladarasi. No provision is made under the head "Village Street Improvements," but in its place four roads hitherto neglected have been included as follows :—

	RS.
(1) Road from Gornitla *viâ* Palasamudram to Chalkur	290
(2) Road from Kodikonda to Somaghutta	80
(3) Road from Cumbadur to Damajipalli *viâ* Pairur to Ramghirry ...	560
(4) Road from Nasanakota to Dharmavaram *viâ* Konapur	360

16. *Repairs—Civil Buildings.*—Rs. 2,000 are provided for the repairs of the civil buildings, such as hospitals, school-houses and travellers' bungalows, and Rs. 1,000 for the maintenance of avenues.

17. *Local Fund Engineering Establishment.*—Rs. 8,640, equal to 18 per cent. on the outlay on works, have been provided for the engineering establishment as sanctioned by Government in their Order, No. 624, dated 21st March 1885.

18. *Tools and Plant.*—Rs. 450 or ½ per cent. of the outlay on works have been provided.

19. *Tolls and Ferries.*—A provision of Rs. 450 is made to meet the cost of establishment maintained for the toll-gates at Penukonda, Gooty and Kalyándrúg in case they cannot be let on contract.

20. *Famine Debt.*—Rs. 2,500 have been reserved towards the liquidation of the famine debt due to the State by the District Board agreeably to G.O., dated 28th February 1884, Mis. No. 442.

21. *Grant II—Education.*—The allotment under all the heads of expenditure comes to Rs. 11,270 against Rs. 10,600 provided in the current year's budget. The increase of Rs. 670 is due to the provision made in the next year's budget for the opening of five combined system schools in addition to the six already sanctioned. There are two middle-class schools in this district, one at Tadpatri and the other at Penukonda. The District Board, in their resolution No. 5, dated 16th November 1885, had resolved to convert the middle school at Tadpatri into a combined system school in accordance with the recommendation of the Director of Public Instruction contained in his Proceedings, dated 16th September 1885, No. 6147, reviewing the report of the Inspector of Schools. At the budget meeting, however, the majority of the Board have resolved to keep the school in question under the salary system for another year, and provision is accordingly made in the budget.

22. The provision for the other items are the same as in the current year's budget.

23. *Grant III—Hospitals and Dispensaries.*—Rs. 8,394 have been provided against Rs. 9,150 in the budget of the current year. The decrease represents the cost of providing accommodation for in-patients in the dispensaries at Kalyándrúg, Hindupur and Tadpatri, and which the District Board propose to discontinue from 1st April next, as they are of opinion that the wants of the district in this respect can fully be met at the three central hospitals of Gooty, Penukonda and Anantapur. The last named is a municipal institution, but the District Board contributes a moiety of the cost of its maintenance. The officer in charge of the Munro Dispensary at Gooty is an Apothecary of the 2nd grade whose salary and allowances alone cost Rs. 2,520 a year. To this being added the cost of the establishment, the supply of medicines and contingencies amounting to Rs. 844, the total charges of this institution come to Rs. 3,364.

The cost of the maintenance of the Munro Chattram, amounting to Rs. 470, being added to the above, the total comes to Rs. 3,834, but this does not include other incidental charges, such as repairs to the chattram and dispensary buildings, and providing and repairing the stock of utensils to be lent to travellers halting in the chattram, for all of which no provision can be made for want of funds. The District Board beg to observe that rule 22 of the budget rules requires that the expenditure of an endowed institution should not exceed its receipts. In the case of the Munro institution the annual income is Rs. 2,050 being contributed from Provincial Funds, but nevertheless the Board have been obliged to provide Rs. 1,784 in excess of that amount. They would therefore take this opportunity to urge on Government that the annual grant should be doubled, or in other words raised to Rs. 4,000. If not the District Board are further of opinion that the services of the Apothecary are too costly and that they would be content with the services of an Hospital Assistant of the 1st class, and request that the Apothecary may be withdrawn and a competent Hospital Assistant appointed to the charge of the dispensary.

24. *Vaccination.*—The current year's allotment, viz., Rs. 4,150, remains unaltered and therefore calls for no remark. The details of expenditure are as follows :—

	RS.
1 First-class Deputy Inspector	60
1 Second-class Deputy Inspector	40
1 First-class Vaccinator	18
4 First-class Vaccinators at Rs. 15 each	60
8 Second-class Vaccinators at Rs. 10 each	80
3 Probationers at Rs. 5 each	15
2 Peons at Rs. 6 each	12
Total ...	285 × 12 = 3,420
Batta to Deputy Inspectors	430
Contingencies	200
Batta to mothers of vaccinated children	100

25. *Sanitation.*—Rs. 6,715 have been provided against Rs. 7,100 entered in the current year's budget. The decrease is due to the reduction of such of the sanitary establishment at Ráyalcheru, Yadakki, Tadpatri, Gooty and Penukonda as was maintained from private contributions which the inhabitants of these towns have refused to pay.

26. *Choultries and Bungalows.*—An allotment of Rs. 816 has been made for the maintenance of choultries and Rs. 438 for bungalows. The increase of Rs. 100 over the current year's estimate, viz., Rs. 340, provides for the following purposes :—

	1886-87. RS.	1885-86. RS.
Establishment	288	288
Contingencies	50	50
Furniture	100	...
Total ...	438	338

27. *Grant IV—Establishment.*—Rs. 5,074 have been provided against Rs. 4,120 in the current year's budget. The increase of Rs. 954 is made up thus : Rs. 130 should be deducted from the current year's allotment on account of the pay of the Local Fund Auditor reduced from Rs. 70 to Rs. 58-5-4; Rs. 1,084 have to be added on account of the increase in establishment charges as shown in the margin. Provision is made in the budget for the establishment for the three Taluk Boards sanctioned in G.O., No. 930, dated 23rd October 1885, as also for an increase of Rs. 10 to the pay of the Head Clerk of the District Board from Rs. 40 to Rs. 50, in consideration (1) of the insufficiency of the existing pay and (2) of the increased responsibilities which devolve on him on account of the introduction of the new Act V of 1884.

ENCLOSURE.

PROCEEDINGS of the Anantapur District Board at a Meeting held on the 7th December 1885.

* * * * * *

III.—Read budget estimate for 1886-87 prepared by the Sub-Committee held on the 4th instant.

Resolution.—Approved. The Board, however, resolve to keep the Tadpatri Middle School under the salary system for another year, to give the Head Master another opportunity of improving it. This cancels Resolution, No. 5, dated 16th November 1885.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 25th January 1886, No. 134.

I have the honor to report, for the information of Government, that the sanitary and vaccine allotments made by the Anantapur District Board in their budget for 1886-87 amount to Rs. 6,715 and Rs. 4,150 respectively. The former yields a percentage of 23·8 on available income. It will be distributed as follows:—

	Rs.
Conservancy	5,910
Improvement of water-supply	100
Fairs and festivals	190
Other sanitary outlay	515
Total ...	6,715

No provision has been made for improvement of village-sites, and the grant for the improvement of water-supply seems small; not much improvement can be expected from Rs. 100.

2. The vaccine establishment to be entertained is, I observe, the same as that at present employed; it is not in accord with the Vaccine Code and I still hold to the remarks I made in my letter,* No. 1551, dated 27th November 1884, to the Board of Revenue.

* Embodied in Board's Proceedings of 10th February 1885, No. 441 (G.O., No. 624, Financial, of 21st March 1885).

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 28th January 1886, No. 50.

I have the honor to state that the provision made in Grant III of the budget estimate of the District Board of the Anantapur district for the year 1886-87 for the maintenance of the dispensaries is adequate.

2. If Government is pleased to retain the services of the 2nd-grade apothecary who was re-posted to the Gooty dispensary in 1882 with the concurrence of the President, Local Fund Board, I would recommend that the scale of contribution sanctioned in G.O., No. 944, dated 11th May 1883, be made applicable to the Gooty dispensary also, viz., amount to be paid by Government Rs. 78-12-0, and that by the District Board Rs. 131-4-0, as particularized below:—

	Rs.	A.	P.
Pay, &c., of 2nd-grade apothecary of 25 years' service ...	210	0	0
Do. of a civil apothecary of 22 to 28 years' service ...	175	0	0
Difference ...	35	0	0
25 per cent. of pay of civil apothecary as Government contribution	43	12	0
Sum payable by Government ...	78	12	0
75 per cent. of civil apothecary payable by the District Board...	131	4	0
Total ...	210	0	0

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 3rd March 1886, No. 1416.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Anantapur District Board for 1886-87.

2. The receipts appertaining to education are estimated at Rs. 17,380, made up of—

	Rs.
One-sixth land-cess	14,170
School fees	1,035
Sale of books	300
Provincial grant	1,875
Total ...	17,380

The amount of Provincial grant does not appear to have been correctly calculated. The Board expect, under Article 4, Chapter IV, of the Grant in-aid Code, to get a grant from Provincial funds of Rs. 715 on account of eleven elementary combined schools. It is assumed generally that one-half of the amount of fixed stipends and results grants will be borne by Provincial funds. The Board cannot, however, claim grants from Provincial funds for standards below the fourth. The estimate should accordingly be reduced by Rs. 500.

3. The expenditure proposed aggregates Rs. 11,270 against Rs. 10,600 in the current year's budget:—

	1885-86. Rs.	1886-87. Rs.
Inspection	350	350
Training schools	2,190	2,190
Local Fund schools	2,860	3,530
Results grants	4,850	4,850
Miscellaneous	350	350
Total ...	10,600	11,270

4. *Inspection.*—The current year's allotment is repeated. Mr. Bickle would raise the pay of the inspecting schoolmaster from Rs. 20 to Rs. 25, but the Board do not appear to approve of the recommendation.

5. *Training Schools.*—To the provision for the upkeep of the Anantapur Normal school Rs. 70 should be added to allow for the increased scale of pay to the gymnastic instructor (from Rs. 6 to Rs. 8) and to meet the additional cost of gymnastic apparatus. Credit has been taken for a moiety of the increased charges as grant from Provincial funds.

6. *Local Fund Schools.*—The proposed allotment may be accepted.

7. *Results Grants.*—The allotment (Rs. 4,850) which is the same as in the current year's budget, will not probably suffice with reference to the actuals of 1884-85 (Rs. 6,261). I beg to recommend that the provision be raised to Rs. 6,000.

8. The total outlay on education will be Rs. 12,490, if my recommendations be approved, against Rs. 16,880, the estimated income as revised by me.

ORDER—dated 23rd July 1886, No. 842 L.F., Financial.

The following abstract shows the estimated Local Fund receipts and charges of the Anantapur district for the year 1886-87, as passed by Government:—

Receipts.

	District Fund.	Taluk Funds.	Total.
	Rs.	Rs.	Rs.
Balance	1,780	5,470	7,250
1. Rates and Taxes—

2. *Revised Estimate for* 1885-86.—In his letter recorded in G.O., dated 31st August 1885, Mis. No. 677 L.F., the Accountant-General reported that the accounts of this district for 1884-85 had closed with a deficit of Rs. 9,752, to be met according to rule by an advance from Provincial funds; but the statements subsequently furnished by him for that year show a further deficit of Rs. 5,908. The Accountant-General will be requested to explain how this came about and why the whole amount was not made good from Provincial funds. The current receipts and charges were estimated at Rs. 1,20,439 and Rs. 1,02,869 respectively against Rs. 1,07,730 and Rs. 1,07,430 as calculated in the budget. The increase in receipts occurs under Land-cess and is ascribed to the large arrears outstanding at the beginning of the year. The decrease of charges occurs mainly under Markets, and has not been explained. For the repair of communications the budget allotment of Rs. 45,000 is repeated; but as the accounts for March 1886 show that the actual expenditure under this head was only Rs. 33,424, the provision will be reduced to Rs. 40,000, which will allow a sufficient margin for final adjustments. No provision has been made for the repayment to Provincial funds of the advance of Rs. 9,752 above referred to. This will now be done, the Accountant-General having already made the necessary adjustment in the accounts for March 1886. The contributions for the Medical College and Sanitary Inspection should be Rs. 363 in each case, and that for the Medical Reserve Staff Rs. 29. The balance to be carried forward is Rs. 7,255, of which Rs. 5,468, appertaining to endowed institutions, will be transferred to Taluk funds and the remainder Rs. 1,787 credited to the District fund.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts are estimated at Rs. 1,04,125 against Rs. 1,07,730 in 1885-86. The decrease occurs chiefly under Private Contributions and is explained in the President's covering letter. Credit is taken for a sum of Rs. 85,000 under Land-cess, representing only 80 per cent. of the demand. There is no apparent reason why a proper percentage should not be realized and the estimate will accordingly be raised to Rs. 90,000. Every effort should be made to collect this amount; otherwise the accounts of the year will probably close with a deficit. The only receipts shown as credited to Taluk funds are the market rents, amounting to Rs. 6,110; and the manner in which the Taluk Boards are to be enabled to meet the expenditure properly devolving on them is not explained. As required by section 55 of the Act, the sum of Rs. 45,000, being a moiety of the estimated land-cess collections, must be transferred to Taluk funds. The Local Fund share of toll collections payable by the Anantapur Municipality will be raised from Rs. 900 to Rs. 950 in accordance with the entry in the municipal budget. It is proposed to credit the whole of the income from School fees to the District fund, but under the budget rules the sum of Rs. 50, appertaining to the Normal school, should alone be so credited, the balance, amounting in round numbers to Rs. 990, being due to Taluk funds. In the absence of special reason to the contrary, the miscellaneous revenue and the contribution of Rs. 2,050 from Provincial funds on account of the Munro chattram and dispensary at Gooty should also be credited to Taluk funds. As observed by the Director of Public Instruction, the Provincial grant for schools should be estimated at Rs. 1,380, of which Rs. 840 appertain to the Normal school and are therefore due to the District fund, and the remainder to Taluk funds.

4. Owing to want of funds no provision has been made for new communications. For the same reason the allotments of Rs. 1,000 for the addition of out-houses to the bungalow occupied by the Local Fund Engineer, and of Rs. 2,500 for the repayment of famine debt, will be struck out. The proportionate shares of the cost of Local Fund Engineering establishment, tools and plant, and contingencies chargeable to District and Taluk funds respectively are as follows:—

	District Fund.	Taluk Funds.
	Rs.	Rs.
Local Fund Engineering establishment	3,700	4,940
Tools and Plant	200	250
Contingencies	260	340

The provision of Rs. 450 for tolls establishment will be debited to the District fund, to which the receipts under this head are credited.

5. For education Rs. 11,270 are provided against Rs. 10,600 in last year's budget. The increase is explained by the proposal to open five new combined system schools. This is sanctioned. On the recommendation of the Director of Public Instruction, the allotment for the Normal school will be raised by Rs. 70, but the

increase he suggests in the provision for result grants cannot be effected in the present state of funds.

6. The grant for medical services, &c., amounts to Rs. 27,827 against Rs. 33,780 in 1885-86. The decrease occurs under Markets and is not explained. The District Board observe that the excess of expenditure in connection with the Munro chattram and dispensary at Gooty over the Provincial grant of Rs. 2,050 necessitates a large supplementary grant from the general funds of the district, and they suggest either that the grant may be raised to Rs. 4,000 *per annum* or that the apothecary in charge may be replaced by a less costly medical subordinate. With reference to these proposals, the Surgeon-General recommends that a special contribution of Rs. 78-12-0 *per mensem* be made from Provincial funds with effect from the 1st April last towards the cost of the apothecary. The proposal is sanctioned. The Sanitary Commissioner considers the allotments for vaccination and sanitation inadequate; but there are at present no means of increasing them. The attention of the Board will be drawn to the fact that their scale of vaccine establishment is not in accordance with the rules. The decrease under Sanitation is attributed to the discontinuance of subscriptions from private individuals in five towns. But three of these, as well as five more for which allotments are provided, have been constituted unions. If, therefore, the house-tax were imposed in three or four of the most considerable, funds would be set free for utilization elsewhere. It might also be possible to extend the limits of the Anantapur Municipality so as to include the parts of the town at present excluded. The contributions for the Medical College, Sanitary Inspection and Medical Reserve Staff should be Rs. 600, Rs. 600 and Rs. 50 respectively.

7. Grant IV amounts to Rs. 5,070 against Rs. 4,120 last year. The increase is explained by the proposals to raise the pay of the District Board's office head clerk from Rs. 40 to Rs. 50 and to entertain the establishments specified in paragraph 27 of the President's letter for the Taluk Boards. These proposals are sanctioned. The contribution for controlling establishments at the presidency will be altered to Rs. 540, the amount actually paid in 1884-85.

8. As the charges devolving on Taluk Boards exceed their receipts by Rs. 310, and as Taluk funds must at least provide the balance of Rs. 5,200, appertaining to endowed institutions, a sum of Rs. 5,510 will be transferred from District to Taluk funds under section 55 of the Act. No reserve is provided in the budget as submitted; but as funds are now available a sum of Rs. 5,150, representing 10 per cent. of the receipts, will be provided under the District fund. There will be no reserve under Taluk funds. The budget, as modified by Government, closes with a balance of Rs. 2,420 under the District fund, and of Rs. 5,200, appertaining wholly to endowed institutions, under Taluk funds.

(True Extract.)

Local Fund Budget.

Reviewing the — of the Anantapur district for 1886-87.

With order

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

From B. MACLEOD, Esq., Officiating President, District Board, Anantapur, to the Chief Secretary to Government, dated Anantapur, 8th December 1885, No. 30:—

I have the honor to submit the consolidated budget of the Anantapur District Board for the year 1886-87, together with all the statements prescribed in G.O., dated 14th September 1885, No. 728 L.F., Financial. The budget was approved by the District Board at a special meeting held on the 7th December 1885, and a copy of their resolution is enclosed.

2. *Regular Estimate.*—At the close of 1884-85, there was left a deficit of Rs. 5,783. The assets of the current year as per revised estimate are estimated to amount to Rs. 1,20,439, from which this deficit being deducted, the balance available for appropriation is Rs. 1,14,656 against the budget estimate of Rs. 1,23,860. This decrease is mainly attributable to the adverse season and consequent short collections of the past year under Land-cess and Tolls as detailed below:—

	Estimate, 1884-85.	Actuals, 1884-85.
	RS.	RS.
Land-cess	85,000	55,718
Tolls	7,500	3,370

3. The variations between the figures of the sanctioned budget and those of the revised estimate have been explained in the remark column of the revised estimate.

4. *Expenditure.*—The total probable expenditure during the current year according to the revised estimate is Rs. 1,02,869, leaving a closing balance of Rs. 11,787, of which Rs. 5,468 appertain to the market endowment fund.

5. *Budget Estimate for* 1886-87.—The opening balance is thus estimated at Rs. 11,787.

6. The receipts under Tolls are estimated at Rs. 4,000 against an estimate of Rs. 5,000 in the current year's budget. The estimate is based on the actuals of the previous two years and the actuals of the first six months of the current year, and it is not safe to anticipate more than has now been entered.

7. *School fees.*—A sum of Rs. 1,035 is estimated to be realized against Rs. 920 in the current year's budget. The opening of the five proposed combined system schools in addition to the six already sanctioned contributes to the increase of fees.

8. *Contributions by private individuals towards Dispensaries and Sanitation.*—Nothing has been entered under this head. Out of Rs. 1,520 and Rs. 1,800 shown in the current year's budget against dispensaries and village sanitation, respectively, only Rs. 95 and Rs. 269 were realized up to the end of September 1885, and the people have refused to pay any longer.

9. *Provincial Contribution for Education, Rs.* 1,875.—The increase of Rs. 925 over the estimate of the current year, viz., Rs. 950, forms the contribution payable from Provincial funds towards the salary and results' grants to the eleven combined system schools, of which four have been recently opened and the remaining seven will be opened early next year.

10. *Pound Fund, Rs.* 255.—The amount shown against this head has been taken from the Special Fund budget, and represents the surplus that will be available for transfer to the Local Funds at the close of the year. It is an uncertain item.

11. The other items of receipt are almost identical with the figures of the current year's budget.

EXPENDITURE.

12. *Grant I—New Works—Communications.*—No provision has been made for communications under "New Works" from want of funds.

13. *New Works—Civil Buildings.*—Under this head Rs. 1,000 are provided for the construction of out-houses to the residence of the Local Fund Engineer, of which the estimate has been approved by the District Board.

14. *New Works—Miscellaneous Public Improvements.*—Rs. 3,000 have been provided for effecting improvements to existing markets.

15. *Repairs—Communications.*—Rs. 43,690 are provided for the maintenance of communications against Rs. 45,000 in the current year's budget. The decrease of Rs. 1,310 represents the reduction made in the maintenance grant for the road from Cuddapah frontier *viâ* Gooty to the Trunk Road No. 18 near Jaladarasi. No provision is made under the head "Village Street Improvements," but in its place four roads hitherto neglected have been included as follows :—

	RS.
(1) Road from Gornitla *viâ* Palasamudram to Chalkur	290
(2) Road from Kodikonda to Somaghutta	80
(3) Road from Cumbadur to Damajipalli *viâ* Pairur to Ramghirry ...	560
(4) Road from Nasanakota to Dharmavaram *viâ* Konapur	360

16. *Repairs—Civil Buildings.*—Rs. 2,000 are provided for the repairs of the civil buildings, such as hospitals, school-houses and travellers' bungalows, and Rs. 1,000 for the maintenance of avenues.

17. *Local Fund Engineering Establishment.*—Rs. 8,640, equal to 18 per cent. on the outlay on works, have been provided for the engineering establishment as sanctioned by Government in their Order, No. 624, dated 21st March 1885.

18. *Tools and Plant.*—Rs. 450 or $\frac{1}{2}$ per cent. of the outlay on works have been provided.

19. *Tolls and Ferries.*—A provision of Rs. 450 is made to meet the cost of establishment maintained for the toll-gates at Penukonda, Gooty and Kalyándrúg in case they cannot be let on contract.

20. *Famine Debt.*—Rs. 2,500 have been reserved towards the liquidation of the famine debt due to the State by the District Board agreeably to G.O., dated 28th February 1884, Mis. No. 442.

21. *Grant II—Education.*—The allotment under all the heads of expenditure comes to Rs. 11,270 against Rs. 10,600 provided in the current year's budget. The increase of Rs. 670 is due to the provision made in the next year's budget for the opening of five combined system schools in addition to the six already sanctioned. There are two middle-class schools in this district, one at Tadpatri and the other at Penukonda. The District Board, in their resolution No. 5, dated 16th November 1885, had resolved to convert the middle school at Tadpatri into a combined system school in accordance with the recommendation of the Director of Public Instruction contained in his Proceedings, dated 16th September 1885, No. 6147, reviewing the report of the Inspector of Schools. At the budget meeting, however, the majority of the Board have resolved to keep the school in question under the salary system for another year, and provision is accordingly made in the budget.

22. The provision for the other items are the same as in the current year's budget.

23. *Grant III—Hospitals and Dispensaries.*—Rs. 8,394 have been provided against Rs. 9,150 in the budget of the current year. The decrease represents the cost of providing accommodation for in-patients in the dispensaries at Kalyándrúg, Hindupur and Tadpatri, and which the District Board propose to discontinue from 1st April next, as they are of opinion that the wants of the district in this respect can fully be met at the three central hospitals of Gooty, Penukonda and Anantapur. The last named is a municipal institution, but the District Board contributes a moiety of the cost of its maintenance. The officer in charge of the Munro Dispensary at Gooty is an Apothecary of the 2nd grade whose salary and allowances alone cost Rs. 2,520 a year. To this being added the cost of the establishment, the supply of medicines and contingencies amounting to Rs. 844, the total charges of this institution come to Rs. 3,364,

The cost of the maintenance of the Munro Chattram, amounting to Rs. 470, being added to the above, the total comes to Rs. 3,834, but this does not include other incidental charges, such as repairs to the chattram and dispensary buildings, and providing and repairing the stock of utensils to be lent to travellers halting in the chattram, for all of which no provision can be made for want of funds. The District Board beg to observe that rule 22 of the budget rules requires that the expenditure of an endowed institution should not exceed its receipts. In the case of the Munro institution the annual income is Rs. 2,050 being contributed from Provincial Funds, but nevertheless the Board have been obliged to provide Rs. 1,784 in excess of that amount. They would therefore take this opportunity to urge on Government that the annual grant should be doubled, or in other words raised to Rs. 4,000. If not the District Board are further of opinion that the services of the Apothecary are too costly and that they would be content with the services of an Hospital Assistant of the 1st class, and request that the Apothecary may be withdrawn and a competent Hospital Assistant appointed to the charge of the dispensary.

24. *Vaccination.*—The current year's allotment, viz., Rs. 4,150, remains unaltered and therefore calls for no remark. The details of expenditure are as follows :—

	RS.
1 First-class Deputy Inspector	60
1 Second-class Deputy Inspector	40
1 First-class Vaccinator	18
4 First-class Vaccinators at Rs. 15 each	60
8 Second-class Vaccinators at Rs. 10 each	80
3 Probationers at Rs. 5 each	15
2 Peons at Rs. 6 each	12
Total ...	285 × 12 = 3,420
Batta to Deputy Inspectors	430
Contingencies	200
Batta to mothers of vaccinated children	100

25. *Sanitation.*—Rs. 6,715 have been provided against Rs. 7,100 entered in the current year's budget. The decrease is due to the reduction of such of the sanitary establishment at Rayalcheru, Yadakki, Tadpatri, Gooty and Penukonda as was maintained from private contributions which the inhabitants of these towns have refused to pay.

26. *Choultries and Bungalows.*—An allotment of Rs. 816 has been made for the maintenance of choultries and Rs. 438 for bungalows. The increase of Rs. 100 over the current year's estimate, viz., Rs. 340, provides for the following purposes :—

	1886-87. RS.	1885-86. RS.
Establishment	288	288
Contingencies	50	50
Furniture	100	...
Total ...	438	338

27. *Grant IV—Establishment.*—Rs. 5,074 have been provided against Rs. 4,120 in the current year's budget. The increase of Rs. 954 is made up thus : Rs. 130 should be deducted from the current year's allotment on account of the pay of the Local Fund Auditor reduced from Rs. 70 to Rs. 58-5-4; Rs. 1,084 have to be added on account of the increase in establishment charges as shown in the margin. Provision is made in the budget for the establishment for the three Taluk Boards sanctioned in G.O., No. 930, dated 23rd October 1885, as also for an increase of Rs. 10 to the pay of the Head Clerk of the District Board from Rs. 40 to Rs. 50, in consideration (1) of the insufficiency of the existing pay and (2) of the increased responsibilities which devolve on him on account of the introduction of the new Act V of 1884.

Enclosure.

Proceedings of the Anantapur District Board at a Meeting held on the 7th December 1885.

* * * * * *

III.—Read budget estimate for 1886-87 prepared by the Sub-Committee held on the 4th instant.

Resolution.—Approved. The Board, however, resolve to keep the Tadpatri Middle School under the salary system for another year, to give the Head Master another opportunity of improving it. This cancels Resolution, No. 5, dated 16th November 1885.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 25th January 1886, No. 134.

I have the honor to report, for the information of Government, that the sanitary and vaccine allotments made by the Anantapur District Board in their budget for 1886-87 amount to Rs. 6,715 and Rs. 4,150 respectively. The former yields a percentage of 23·8 on available income. It will be distributed as follows :—

	Rs.
Conservancy	5,910
Improvement of water-supply	100
Fairs and festivals	190
Other sanitary outlay	515
Total ...	6,715

No provision has been made for improvement of village-sites, and the grant for the improvement of water-supply seems small; not much improvement can be expected from Rs. 100.

2. The vaccine establishment to be entertained is, I observe, the same as that at present employed; it is not in accord with the Vaccine Code and I still hold to the remarks I made in my letter, * No. 1551, dated 27th November 1884, to the Board of Revenue.

* Embodied in Board's Proceedings of 10th February 1885, No. 441 (G.O., No. 624, Financial, of 21st March 1885).

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 28th January 1886, No. 50.

I have the honor to state that the provision made in Grant III of the budget estimate of the District Board of the Anantapur district for the year 1886-87 for the maintenance of the dispensaries is adequate.

2. If Government is pleased to retain the services of the 2nd-grade apothecary who was re-posted to the Gooty dispensary in 1882 with the concurrence of the President, Local Fund Board, I would recommend that the scale of contribution sanctioned in G.O., No. 944, dated 11th May 1883, be made applicable to the Gooty dispensary also, viz., amount to be paid by Government Rs. 78-12-0, and that by the District Board Rs. 131-4-0, as particularized below :—

	Rs.	A.	P.
Pay, &c., of 2nd-grade apothecary of 25 years' service ...	210	0	0
Do. of a civil apothecary of 22 to 28 years' service ...	175	0	0
Difference ...	35	0	0
25 per cent. of pay of civil apothecary as Government contribution	43	12	0
Sum payable by Government ...	78	12	0
75 per cent. of civil apothecary payable by the District Board...	131	4	0
Total ...	210	0	0

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 3rd March 1886, No. 1416.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Anantapur District Board for 1886-87.

2. The receipts appertaining to education are estimated at Rs. 17,380, made up of—

	Rs.
One-sixth land-cess	14,170
School fees	1,035
Sale of books	300
Provincial grant	1,875
Total ...	17,380

The amount of Provincial grant does not appear to have been correctly calculated. The Board expect, under Article 4, Chapter IV, of the Grant in-aid Code, to get a grant from Provincial funds of Rs. 715 on account of eleven elementary combined schools. It is assumed generally that one-half of the amount of fixed stipends and results grants will be borne by Provincial funds. The Board cannot, however, claim grants from Provincial funds for standards below the fourth. The estimate should accordingly be reduced by Rs. 500.

3. The expenditure proposed aggregates Rs. 11,270 against Rs. 10,600 in the current year's budget :—

	1885-86. Rs.	1886-87. Rs.
Inspection	350	350
Training schools	2,190	2,190
Local Fund schools	2,860	3,530
Results grants	4,850	4,850
Miscellaneous	350	350
Total ...	10,600	11,270

4. *Inspection.*—The current year's allotment is repeated. Mr. Bickle would raise the pay of the inspecting schoolmaster from Rs. 20 to Rs. 25, but the Board do not appear to approve of the recommendation.

5. *Training Schools.*—To the provision for the upkeep of the Anantapur Normal school Rs. 70 should be added to allow for the increased scale of pay to the gymnastic instructor (from Rs. 6 to Rs. 8) and to meet the additional cost of gymnastic apparatus. Credit has been taken for a moiety of the increased charges as grant from Provincial funds.

6. *Local Fund Schools.*—The proposed allotment may be accepted.

7. *Results Grants.*—The allotment (Rs. 4,850) which is the same as in the current year's budget, will not probably suffice with reference to the actuals of 1884-85 (Rs. 6,261). I beg to recommend that the provision be raised to Rs. 6,000.

8. The total outlay on education will be Rs. 12,490, if my recommendations be approved, against Rs. 16,880, the estimated income as revised by me.

Order—dated 23rd July 1886, No. 842 L.F., Financial.

The following abstract shows the estimated Local Fund receipts and charges of the Anantapur district for the year 1886-87, as passed by Government :—

Receipts.	District Fund.	Taluk Funds.	Total.
	Rs.	Rs.	Rs.
Balance	1,780	5,470	7,250
1. Rates and Taxes—			
Cess on Land	45,000	45,000	90,000
Tolls	4,950	...	4,950

(2) Balance under Endowments, if any ...	...	5,200	5,200
Net balance available for general purposes ...	2,420	...	2,420

2. *Revised Estimate for* 1885-86.—In his letter recorded in G.O., dated 31st August 1885, Mis. No. 677 L.F., the Accountant-General reported that the accounts of this district for 1884-85 had closed with a deficit of Rs. 9,752, to be met according to rule by an advance from Provincial funds; but the statements subsequently furnished

by him for that year show a further deficit of Rs. 5,908. The Accountant-General will be requested to explain how this came about and why the whole amount was not made good from Provincial funds. The current receipts and charges were estimated at Rs. 1,20,439 and Rs. 1,02,869 respectively against Rs. 1,07,730 and Rs. 1,07,430 as calculated in the budget. The increase in receipts occurs under Land-cess and is ascribed to the large arrears outstanding at the beginning of the year. The decrease of charges occurs mainly under Markets, and has not been explained. For the repair of communications the budget allotment of Rs. 45,000 is repeated; but as the accounts for March 1886 show that the actual expenditure under this head was only Rs. 33,424, the provision will be reduced to Rs. 40,000, which will allow a sufficient margin for final adjustments. No provision has been made for the repayment to Provincial funds of the advance of Rs. 9,752 above referred to. This will now be done, the Accountant-General having already made the necessary adjustment in the accounts for March 1886. The contributions for the Medical College and Sanitary Inspection should be Rs. 363 in each case, and that for the Medical Reserve Staff Rs. 29. The balance to be carried forward is Rs. 7,255, of which Rs. 5,468, appertaining to endowed institutions, will be transferred to Taluk funds and the remainder Rs. 1,787 credited to the District fund.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts are estimated at Rs. 1,04,125 against Rs. 1,07,730 in 1885-86. The decrease occurs chiefly under Private Contributions and is explained in the President's covering letter. Credit is taken for a sum of Rs. 85,000 under Land-cess, representing only 80 per cent. of the demand. There is no apparent reason why a proper percentage should not be realized and the estimate will accordingly be raised to Rs. 90,000. Every effort should be made to collect this amount; otherwise the accounts of the year will probably close with a deficit. The only receipts shown as credited to Taluk funds are the market rents, amounting to Rs. 6,110; and the manner in which the Taluk Boards are to be enabled to meet the expenditure properly devolving on them is not explained. As required by section 55 of the Act, the sum of Rs. 45,000, being a moiety of the estimated land-cess collections, must be transferred to Taluk funds. The Local Fund share of toll collections payable by the Anantapur Municipality will be raised from Rs. 900 to Rs. 950 in accordance with the entry in the municipal budget. It is proposed to credit the whole of the income from School fees to the District fund, but under the budget rules the sum of Rs. 50, appertaining to the Normal school, should alone be so credited, the balance, amounting in round numbers to Rs. 990, being due to Taluk funds. In the absence of special reason to the contrary, the miscellaneous revenue and the contribution of Rs. 2,050 from Provincial funds on account of the Munro chattram and dispensary at Gooty should also be credited to Taluk funds. As observed by the Director of Public Instruction, the Provincial grant for schools should be estimated at Rs. 1,380, of which Rs. 840 appertain to the Normal school and are therefore due to the District fund, and the remainder to Taluk funds.

4. Owing to want of funds no provision has been made for new communications. For the same reason the allotments of Rs. 1,000 for the addition of out-houses to the bungalow occupied by the Local Fund Engineer, and of Rs. 2,500 for the repayment of famine debt, will be struck out. The proportionate shares of the cost of Local Fund Engineering establishment, tools and plant, and contingencies chargeable to District and Taluk funds respectively are as follows:—

	District Fund.	Taluk Funds.
	Rs.	Rs.
Local Fund Engineering establishment	3,700	4,940
Tools and Plant	200	250
Contingencies	260	340

The provision of Rs. 450 for tolls establishment will be debited to the District fund, to which the receipts under this head are credited.

5. For education Rs. 11,270 are provided against Rs. 10,600 in last year's budget. The increase is explained by the proposal to open five new combined system schools. This is sanctioned. On the recommendation of the Directer of Public Instruction, the allotment for the Normal school will be raised by Rs. 70, but the

increase he suggests in the provision for result grants cannot be effected in the present state of funds.

6. The grant for medical services, &c., amounts to Rs. 27,827 against Rs. 33,780 in 1885-86. The decrease occurs under Markets and is not explained. The District Board observe that the excess of expenditure in connection with the Munro chattram and dispensary at Gooty over the Provincial grant of Rs. 2,050 necessitates a large supplementary grant from the general funds of the district, and they suggest either that the grant may be raised to Rs. 4,000 *per annum* or that the apothecary in charge may be replaced by a less costly medical subordinate. With reference to these proposals, the Surgeon-General recommends that a special contribution of Rs. 78-12-0 *per mensem* be made from Provincial funds with effect from the 1st April last towards the cost of the apothecary. The proposal is sanctioned. The Sanitary Commissioner considers the allotments for vaccination and sanitation inadequate; but there are at present no means of increasing them. The attention of the Board will be drawn to the fact that their scale of vaccine establishment is not in accordance with the rules. The decrease under Sanitation is attributed to the discontinuance of subscriptions from private individuals in five towns. But three of these, as well as five more for which allotments are provided, have been constituted unions. If, therefore, the house-tax were imposed in three or four of the most considerable, funds would be set free for utilization elsewhere. It might also be possible to extend the limits of the Anantapur Municipality so as to include the parts of the town at present excluded. The contributions for the Medical College, Sanitary Inspection and Medical Reserve Staff should be Rs. 600, Rs. 600 and Rs. 50 respectively.

7. Grant IV amounts to Rs. 5,070 against Rs. 4,120 last year. The increase is explained by the proposals to raise the pay of the District Board's office head clerk from Rs. 40 to Rs. 50 and to entertain the establishments specified in paragraph 27 of the President's letter for the Taluk Boards. These proposals are sanctioned. The contribution for controlling establishments at the presidency will be altered to Rs. 540, the amount actually paid in 1884-85.

8. As the charges devolving on Taluk Boards exceed their receipts by Rs. 310, and as Taluk funds must at least provide the balance of Rs. 5,200, appertaining to endowed institutions, a sum of Rs. 5,510 will be transferred from District to Taluk funds under section 55 of the Act. No reserve is provided in the budget as submitted; but as funds are now available a sum of Rs. 5,150, representing 10 per cent. of the receipts, will be provided under the District fund. There will be no reserve under Taluk funds. The budget, as modified by Government, closes with a balance of Rs. 2,420 under the District fund, and of Rs. 5,200, appertaining wholly to endowed institutions, under Taluk funds.
