

No. 418

MADRAS,

Camp Ramandurg. Chepauk, 25th May 1885.

From

Lt. Col. R. M. Vibart R.E.

THE SUPERINTENDING ENGINEER,

III ~~THE~~ CIRCLE,

To

THE Chief Engineer

M.D.

MADRAS

SIR,

Enclosures.

1 Estimate and
Report.

I have the honor to submit
an Estimate of Rs. 290 for improving
and repairing the Pathway up the
Hill at Madakaseerah in the Anantapur
District.

2. It is necessary to put the road
way to the top of Madakaseerah
Fort in good order, as the top is most
difficult of access and there is some
danger in accomplishing the ascent.
There is a Trigonometrical Survey
point on the Summit of the Fort.

and the Fort itself contains remains of
great interest.

3. If provision cannot be made from
Provincial Funds, I request that the collector
may be instructed through the proper
channel to carry out the improvements
from Local Funds.

I have the honor to be
Sir

Your most obedt servant

Henry Robert L. Col. R. S.

Superintending Engineer

3. Circle

No 1004 b of 4th June 1885.

Transferred to the
Financial (Local
Fund) Department
for disposal.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

READ the following

Letter from the President, District Board,
Anantapur, dated 21st July 1885 No 13, submitting
copy of District Board's Resolution No I dated
15th July 1885 regarding the execution of work
of improving and repairing the path way
up the hill at Madacasira.

Enclosure

Proceedings of the District Board Anantapur
at a meeting held on the 15th July 1885.

x x x x

I Read Government Order No 124 dated
10th June 1885, requesting the President, District
Board, Anantapur, to place the Superintending
Engineer's letter No 1004 C, dated 4th June 1885,
before the District Board and submit their
views on the matter referred to therein.

Resolution

The state of the Board's funds

do

adviser of the Board undertaking such
work and they are further of opinion that
the work is hardly such as should be
undertaken by them.

Read also letter from the same officers
dated 9th August 1885 No. 17 returning
the Superintending Engineer's letter (3^d circle)
dated 25th May 1885 No. 418.

Order thereon dated 17th August 1885 No. 612 L.F. (Puis)

The District Board's Resolution will
be communicated to the Public Works
Department with reference to its endorsement
dated 4th June 1885 No. 1004 C on letter from
the Superintending Engineer 3^d circle dated
25th May 1885 No. 418.

returned

No. 6.27-8-85 2.7-9-85

D.W. has asked me to forward this to you as recent order abt outlay on Archy is at 0000. The estimate for the pathway is not a fair charge against P.W.D. in D.W.'s opinion, and so we tried to get L.F. to attend to the business - but they will have nothing to say to it. It would appear that there are inter-

sw.

I do not however
see what P. W. D. has
to do with it - but
if the work is to be
done, the foregoing
appears to be the
only alternative

AB. 24/8

nothing remains (?)
at the top of the Hill
so Dr. W. thinks the
cost sh^d. be met
from Arch: funds.
failing that perhaps
Trigonometrical
Survey w^d. do it as
they have a station

PUBLIC WORKS DEPARTMENT

PROCEEDINGS OF THE MADRAS GOVERNMENT.

UNDER date the 9th Sept

READ the following

From the S. S. III Circle No 418 of 25th March 1955
 Pros. Financial Dept. - 612 L 7. (mis) of 17.8.55

The Pres. in the
Fine Dept. will be
communicated to the S.S.
III Circle with adventures
to his letter no 418 dated
25th May 1885.

2. The work may be carried out as a miscellaneous public improvement when funds can be made available from the Grant to the Bellary Division under Provincial Repairs.

111.
3.9.86

The Fort at top of Hill is stated
to contain remains of great
interest. The work might therefore
be done from Archaeological funds
(grant applied for I believe). This might
be suggested.

C.S.
25.8.85

at the top of the
Hill -

AB

26/8/85

Now

Submitted, with draft
order for approval.

No grant has been made
for Archaeological work
during 1885-86, & it seems
doubtful ~~and~~ whether
the work in question is
one which ^{can} ~~be~~ be
carried out from Archaeological
funds.

It is noted that the Tri.
Survey have a point on the
summit of the Hill, but it
is not likely that they will
for this reason, repair the
pathway -

If it be considered
desirable to carry out the
work estimated for, it may
perhaps be regarded as a
miscellaneous public improvement.

C. No: 4714.

Note.

The S. & III Circle sends the accompanying estimate amounting to Rs. 290, for improving and repairing the pathway up the hill at Madakaira in the Anantapur District. It is stated in the report that there is great difficulty in ascending the fort on the summit of which there is a Trigonometrical Survey which has to be inspected once or twice a year. Under the recent orders restricting expenditure, outlay should be confined to absolutely necessary requirements. If the work is considered urgent, the estimate can be returned to S. & for his sanction asking him to meet the expenditure from the repair grant to the Bellary Division for the current year.
