GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From the Medical Officer, Dindigul Dispensary, dated 16th Dec. 1885, No. 83.

ABSTRACT.—Requesting Government to carefully consider the change which has been made in the budget for 1886-87 of the Madura Local Fund Board in relation to the Dindigul and other major dispensaries in the Madura district, and allow a continuance of the previous grant to the Dindigul dispensary.

From C. S. CROLE, Esq., President, District Board, Madura, to the Acting Chief Secretary to Government, dated 3rd January 1886, No. 1.

I have the honor to submit the Budget Estimate of the Madura District Local Fund Board for 1886-87 (with the prescribed statements and proceedings), accompanied by the Vice-President's report noticing in detail the variations, &c., in the figures, as compared with those of the previous years.

REVISED ESTIMATE.

2. *Receipts.*—The opening balance, Rs. 94,816, is the figure advised by the Accountant-General. The receipts of the current year are expected to be Rs. 4,77,588 against Rs. 4,76,130 in the budget (including the opening balance). The increase is due to increased returns under the items noted below :—

(3 *d*) Endowments.
(*e*) Miscellaneous.
5 (*a*)(3) Contributions from private individuals.
5 (*b*) Choultry rents.
7 (*d*) Contribution from Provincial funds—Choultries.
8 (*a*) Pound fund—Sale of old materials, &c., and sundries.

3. *Expenditure.*—The total expenditure is expected to be Rs. 4,36,960 against the budget allotment of Rs. 4,37,170. The small difference calls for no remark.

4. Deducting the above charges from the total assets given in paragraph 2, there is a balance of Rs. 40,627, or Rs. 40,630 in round numbers, which will be carried forward to the budget for 1886-87.

5. In the preparation of the revised estimate, the instructions given in rule No. 11 of the rules printed in the appendix to G.O., dated 14th September, No. 728 L.F., Financial, have been attended to as far as practicable.

BUDGET FOR 1886-87.

	RS.
* District	23,070
Taluk	17,560
Total ..	40,630

6. *Receipts.*—This is the first budget under the Act, prepared in accordance with the instructions given in the above Government order. As observed above, the budget opens with a balance of Rs. 40,630.*

7. *Land-cess.*—The collections under this head are estimated at Rs. 2,90,000 * or 99 per cent. of the demand against Rs. 3,00,000 in the current year's budget, the decrease being due to the smaller amount of arrears expected to remain uncollected at the end of the current year. The distribution of receipts between the Taluk and District Boards has been made in the manner laid down in section 55 of the Local Boards Act. So also the proceeds under house-tax.

	RS.
* District	1,63,900
Taluk	1,26,100
Total ..	2,90,000

8. *Choultry rents, &c.*—A sum of Rs. 10,525 is expected under this head. This amount, according to paragraph 48 of the Vice-President's report, includes Rs. 1,080—the amount of contribution made to 4, Choultries, to make good the deficit balances in the sense of the instructions conveyed in rule No. 22 of the new budget rules. The financial condition of these institutions is so bad that it is not possible to make good the amount from receipts of future years. The amount is therefore taken as *contribution* from General Revenues.

9. *Allotment from District Funds.*—A sum of Rs. 3,100 is entered under this head. The necessity for this is explained in paragraph 53 of the Vice-President's report and statement No. VIII, "Union—Budget Estimate of the Unions." The other items have been sufficiently dealt with in the Vice-President's report and call for no special remarks.

10. The total assets of the year, excluding opening balance, is estimated at Rs. 4,15,930 against Rs. 3,82,772, the revised estimate for 1885-86, the chief item of increase being the collections under "House-tax."

11. *Expenditure—Grant I.*—A sum of Rs. 51,000 is provided for "New Works," and a sum of Rs. 1,32,760 is provided for "Repairs." Under new works, a sum of Rs. 24,000 for "Communications" and a sum of Rs. 27,000 for "Buildings" have been provided. The nature of these new works and the necessity for their construction have been explained with sufficient clearness of detail in paragraphs 60—62 of the Vice-President's report. The sum set apart for "Repairs" includes a provision of Rs. 10,000 for "Avenues" under "Miscellaneous Public Improvements." The necessity for greater attention being paid to the improvement of avenues has been brought to notice in my letter giving cover to the budget for 1885-86. Increased provision has accordingly been made. A sum of Rs. 23,060, including travelling allowance, is provided for the Local Fund Engineering establishment against Rs. 22,120 according to the revised estimate. The increase is due to the inclusion of Rs. 756, the pay of store watchers hitherto erroneously charged to "Works," and to Rs. 180, the pay of a storekeeper proposed to be appointed. The cost of supervision is 13·8 per cent. of the proposed outlay on works by the Local Fund Engineering establishment, including contingencies. The other items do not call for any remark. The total expenditure under Grant I is Rs. 2,10,490.

12. *Grant II—Education—Inspection.*—A sum of Rs. 5,000 is provided for inspection. The charge is shown under District funds in accordance with the instructions in the new budget rules. Of this amount, Rs. 3,710 forms the pay of ten Inspecting schoolmasters as detailed below :—

	RS.
Four Inspecting schoolmasters on Rs. 35	1,680
One do. schoolmaster on „ 32	384
Two do. schoolmasters on „ 30	720
One do. schoolmaster on „ 27	324
Two do. schoolmasters on „ 25	600
..	3,708
or	3,710 in round numbers.

13. *Normal School.*—The provision for Normal schools is in excess of the budget grant for the current year by Rs. 760. The provision made for salaries of masters of the combined system schools, for results grants, for purchase of prize-books, and for stipend to agricultural students—the only other charges under Grant II—is in excess

of the actuals of 1884-85. The noticeable item under Grant II is the contribution of Rs. 600 proposed to be made to the Madura Farmer's Club for demonstration farm purposes. The object is the education of the ryot and the dissemination of agricultural knowledge, and, as such, has the entire approval of the District Board. The total expenditure under Grant II amounts to Rs. 37,810, which represents an increase of Rs. 4,155 over the actuals of 1884-85 and which is considered amply sufficient for the requirements of the budget year.

14. *Grant III—Medical Services, &c.*—It is proposed to establish a major dispensary at Tándikudi in Palni taluk and two minor dispensaries—one at Sáptúr in Tirumangalam taluk and the other at Nattam in Melúr taluk. These places are notoriously feverish centres, where the absence of institutions of the kind now proposed is a crying want. Funds have been obtained by the abolition of the Kodaikánal dispensary as a Local Fund institution and by the reduction of the Local Fund contributions to the hospitals in the Municipal towns of Periyakulam, Palni, Dindigul and Ramnad, which were unduly high. The entertainment of cooks in the dispensaries at Tirushuli and Uttamapálaiyam appears unnecessary in the light of the remarks made by the Vice-President.

15. *Vaccination.*—The details are given in paragraph 93 of the Vice-President's report.

16. *Sanitation.*—Rs. 15,650 is provided under this head which is considered sufficient for the requirements of the budget year in view of the curtailment of grants hitherto made to the sanitary associations at Palni, Periyakulam and Ramnad.

17. *Contributions to Municipal Dispensaries, &c.*—An important resolution of the Board, passed at a meeting of more than half the members, held on the 18th December, has introduced a much-needed reform in regard to the measure of relief rendered to the now Municipal dispensaries of Ramnad, Palni, Periyakulam and the Mission dispensary at Dindigul. The grant is fixed at Rs. 500 which is equivalent to the cost of a minor dispensary. This is liable to withdrawal if the resources of the Board so require it. This resolution is founded on the principle of relieving Local funds as much as possible from the strain imposed on them for the benefit of classes, which benefit by the rates without tangibly contributing to them. The funds thus liberated will be available for establishment of minor dispensaries in out-of-the-way localities, where their presence would be a blessing.

18. *Contribution to the Madura Farmer's Club on account of a Botanical Garden.*—The design of the garden and the object of the contribution is well explained by the Vice-President in paragraph 102 of his report, and I have nothing more to add to it.

19. The other items have been sufficiently explained in the Vice-President's report and call for no remark. The total expenditure under Grant III is estimated at Rs. 80,560.

20. *Grant IV—Miscellaneous—Local Board's Office establishment.*—The cost of the proposed establishment for the six Taluk Boards and twenty-seven Unions is set down at Rs. 8,820, as per particulars given in paragraph 108 of the Vice-President's report.

21. The District Board's establishment is estimated to cost Rs. 4,490, or Rs. 1,994 more than the cost of the present sanctioned establishment. The necessity for this increase is pointed out in paragraph 107 of the Vice-President's report.

22. *Contributions to Unions.*—For particulars *vide* statement No. VIII. The other items call for no remark. The expenditure under Grant IV is estimated at Rs. 26,670.

23. The total expenditure under all the grants is thus Rs. 3,55,530.

24. Under the above statement of expenditure, it has not been found possible to maintain a reserve of 10 per cent. of the estimated receipts and a further balance of 5 per cent. as required by the rules. Rs. 24,240, which is 5·82 per cent. of the estimated receipts, and Rs. 15,660, which is 3·76 per cent. of the same, are set apart in their stead. The former * is, however, 10 per cent. of the taluk receipts and the latter † 5 per cent. of the same. This margin is, in the opinion of the District Board, considered sufficient.

* 10 per cent. reserve.
† *i.e.*, 5 per cent. balance.

25. The grand total expenditure, including the reserve and the further balance, is thus Rs. 3,95,430.

26. The budget year is expected to close with a balance of Rs. 61,130, as shown below:—

	RS.
Endowment fund	42,251
House-tax	4,600
General fund	14,279
Total ..	61,130

ENCLOSURES.

From M.R.Ry. P. KOTAESWAMI DEVAR Avargal, Rao Bahadur, Vice-President, District Board, Madura, to the President, District Board, Madura, dated 18th December 1885, No. 677.

I have the honor to submit the consolidated budget estimate of the Madura district for the official year 1886-87, together with its accompaniments, as shown below, prepared with reference to the instructions contained in the rules appended to G.O., No. 728 L.F., Financial department, dated 14th September 1885, and to offer the following remarks in explanation of the several entries in the budget:—

10. X. List of Fixed Establishments.
11. Statement of Proposition for Revision of Establishment.
12. Statement showing Allotment of Funds to the credit of Taluk Boards and Unions.
    Do. do. do. to be spent by do. do.
13. Statement showing Particulars of Estimated Receipts of House-tax.
14. Memorandum of Revised Scale of Establishment proposed.
15. District Board's Proceedings, Nos. 257 to 262, 272 and 256, of 1885.
16. Madura District Map showing Local Fund Works, &c.

REVISED ESTIMATE FOR 1885-86.

2. To arrive at an approximate estimate of the opening balance for 1886-87, the usual revised estimate for 1885-86 has been prepared with reference to the actuals of the first six months of the current year and the probable requirements of the last six months.

3. The opening balance of the current year, as per supplemental accounts for March 1884, is Rs. 94,816, as shown below:—

	RS.
Road fund	32,481
General fund	39,163
Endowment fund	23,172
Total ..	94,816

4. *Receipts—Rates and Taxes—Cess on land.*—Land-cess collections are expected to amount to Rs. 2,93,400 against Rs. 3,00,000 in the budget. The demand, collection and balance statement is as shown below:—

	Demand.	Collection.	Balance.
	RS.	RS.	RS.
Arrears	15,900	15,400	500
Current	2,80,000	2,78,000	2,000
Total ..	2,95,900	2,93,400	2,500

5. *Tolls.*—The budget estimate under "Tolls" is expected to be fully realized during the year.

6. *Income from Endowments.*—A sum of Rs. 1,059-10-4 has been credited under the head of "Income from Endowments" on account of dispensaries. This is a portion of the balance of Rs. 2,805-2-7 held in deposit out of the proceeds of the Inam villages of Kumani and Machur, &c., ordered* to be made over for the maintenance of the dispensary at Tiruvadanai. The remaining sum of Rs. 1,745-8-3 has been credited to and shown under "Contributions from Provincial Funds for Choultries."

* *Vide* G.O., No. 1385, dated 16th December 1884.

7. A sum of Rs. 650 is expected from miscellaneous sources noted in the margin†.

† One-fourth of the pay of Medical subordinates recovered from Provincial funds.
Sale-proceeds of unserviceable articles.

8. *Contributions.*—The contributions on account of the following dispensaries, viz., Rs. 2,400, will be realized during the current year:—

	RS.
1. Ramnad Zemindar's contribution for the dispensary at Ramnad ..	1,560
2. Contribution from Rámesvaram Dévastanam for Pámban and Rámesvaram dispensaries	540
3. Contribution towards increase of pay to the Hospital Assistant at Rámesvaram	60
4. Contribution from Gandamanáyakanúr Estate for the dispensary at Vallanadi	240
Total ..	2,400

9. *Interest on arrears of revenue.*—A sum of Rs. 60 only is expected to be realized during the year against the budget allotment of Rs. 300. The decrease is due to a small amount of arrears left consequent on the prompt and vigorous collection of revenue.

10. *Miscellaneous—Contributions.*—A sum of Rs. 4,200 is expected under the head of "Contributions from Private individuals" against Rs. 300 in the budget. The increase is due to the contribution of Rs. 1,290 made by the people of Ramnad towards the construction of the town roads of that town and of Rs. 1,200 expected from the people of Kallimanthayam village of Palni taluk towards the construction of a chattram in their village. The former amount has to be refunded owing to the refusal by the District Board to make an equal grant in view of the formation of a municipality there, recently sanctioned by Government.

11. The choultry and market receipts are expected to be fully realized as estimated in the budget.

12. Fishery rents are expected to be Rs. 20,000 as entered in the budget.

13. *Public Works—Sale of Buildings.*—A sum of Rs. 300 is entered under "Sale of Buildings." This represents the sale-proceeds of a tool shed at Palui ordered by the District Board to be sold.

14. *Sale of old materials, &c.—Miscellaneous.*—A sum of Rs. 145-3-9 has been realized under these heads.

15. *Contribution from Provincial Funds—Education and General purposes.*—The contributions from Government, Rs 1,300, towards the upkeep of the Local Fund Normal school and Rs. 80 for medicines required for the police sick at Ramnad, will be recovered during the year as expected in the budget.

16. *Choultries.*—A sum of Rs. 9,520-0-4 has been realized during the current year against the budget figure of Rs. 8,430 which is made up of Rs. 7,775, being the money grant, and of Rs. 655, being the miscellaneous receipts of choultries. Of the above sum of Rs. 9,520-0-4, Rs. 7,774-8-1 appertains to the money grant on account of choultries, and the balance of Rs. 1,745-8-3 represents a portion credited to this head of the proceeds of Kumani, Machur, &c., villages attached to the Tiruvadanai dispensary (*vide* paragraph 6 *supra*). The miscellaneous choultry receipts have been, during the current year, shown under the appropriate head "5, Miscellaneous Choultry rents" (*vide* paragraph 11 *supra*).

17. *Contributions from Special Funds—Pound Fund.*—The balance of Pound fund is expected to be Rs. 2,050 against Rs. 1,680 in the budget.

18. The receipts under other items do not call for any special remark.

19. The total receipts, including balance, is expected to be Rs. 4,77,588 against the budget estimate of Rs. 4,76,130, and the increase is due to the excess in receipts under the different heads explained above.

20. *Expenditure—Grant I—Public Works—New Works.*—The allotment under "New Works —Communications," as per revised budget for the current year, sanctioned in Local Fund Board's

Proceedings, No. 267 of 1885, is Rs. 44,760; the allotment under this head from the reserve up to date is Rs. 2,637. The total amount allotted is therefore Rs. 47,397, which will be fully utilized.

21. There is no entry in the budget under "New Works—Civil Buildings," but the subsequent allotments amount to Rs. 3,240.

22. Under "Miscellaneous Public Improvements" the budget allotment of Rs. 3,100 is expected to be fully utilized.

23. *Repairs.*—Under, "Repairs—Communications" the revised budget allotment is Rs 1,45,010, and the allotments up to date under this head from the reserve is Rs. 16,124, making in all Rs. 1,61,134, which will be utilized in full. The sum of Rs. 1,080 allotted in the revised budget under "Repairs—Civil Buildings," together with Rs. 4,357-10-3, being the allotment sanctioned from the general reserve, will be fully spent. Rs. 11,152-7-9 under "Miscellaneous Public Improvements," which is made up of Rs. 9,000, provided in the current year's budget, and Rs. 2,152-7-9, being the subsequent allotments, will similarly be utilized.

24. *Establishment.*—The budget allotment for Local Fund Engineering establishment, viz., Rs. 19,120, will be fully spent. The sum of Rs. 3,000 paid to Mr. Harington is debited to this head, and the total grant is therefore entered as Rs. 22,120. Rs. 5,200, as per revised budget, provided for contingencies, &c., will likewise be fully utilized.

25. *Contributions.*—A sum of Rs. 2,567 has to be paid during the year as "contribution" towards the Pámban-Rámesvaram road now very near completion. Rs. 15,000, provided towards the construction of the Vaigai bridge, will be fully utilized during the current year.

26. The Manamadura toll-gate not having been leased out for want of proper bidders, the District Board in their Proceedings, No. 103 of 1885, resolved to keep it under "Amani" (direct management) during the year and the establishment noted in the margin, costing Rs. 504, or Rs. 500 per annum in round numbers, was sanctioned. The cost of putting toll-bars, &c., to the sub-toll gate and contingencies will be Rs. 100. The sum of Rs. 600 provided towards this expenditure in the revised current year's budget will be fully utilized. It is expected that the income from this gate during the current year will be more than that of last year, considering that the average monthly collections during the past six months amount to Rs. 300. The net income (after deducting expenditure) of the current year will be Rs. 3,000 against Rs. 2,825, the actuals of 1884-85.

	Rs.	
One gumastah, at	10	per mensem.
Two do. at Rs. 8 each	16	do.
Four peons, at Rs. 4 each	16	do.
Total ..	42	

27. The unallotted balance of the "Reserve" is Rs. 412 which will be fully utilized during the year.

28. The other items do not call for special mention.

29. *Grant II—Education.*—The budget allotment of Rs. 41,300 under this head is expected to be fully spent.

30. *Grant III—Medical Services, &c.*—A sum of Rs. 8,100 only is provided on account of medical subordinates against the entry of Rs. 10,790 in the budget. The decrease is due to a fourth of the salary of the medical subordinates being borne by Provincial funds.

31. There will be a slight saving in the cost of the supervision of minor dispensaries owing to the transfer of the charge thereof to the District Medical and Sanitary officer. In other respects, the budget allotment is expected to be fully spent. The total expenditure will therefore be Rs. 89,078 against the budget grant of Rs. 91,320.

32. *Grant IV—Miscellaneous—Local Board's Office and Audit establishment.*—The budget provision for the District Board's office establishment will have to be increased by Rs. 200 and that for the audit establishment to be reduced by Rs. 380, the former owing to the entertainment of a translator on Rs. 20, and the latter owing to the reduction of pay of the auditor to Rs. 50 per mensem. The amount of Rs. 700 retained on account of auditor's pay includes pensionary contribution payable to Government at Rs. 8-5-4 per mensem or Rs. 100 per annum.

33. *Contingencies.*—It is not expected that the whole of the amount allotted for travelling allowance to non-official members will be utilized during the year. A sum of Rs. 400 is therefore provided under this head.

34. The total allotment required under Grant IV will be Rs. 9,662-10-4 against the budget grant of Rs. 10,050.

35. A sum of Rs. 3,459-12-3, being the unallotted balance of the "General Reserve," is provided for expenditure during the remaining months of the year.

36. The grand total expenditure under all the heads is therefore expected to be Rs. 4,36,960 against the budget allotment of Rs. 4,37,170.

	Rs.
General fund	9,967
Endowment fund	30,666
Total ..	40,627

37. There will therefore be a balance of Rs. 40,627, or Rs. 40,630 in round numbers, at the close of the current official year, as shown in the margin, and this will be taken for the opening balance of the next year's budget.

BUDGET ESTIMATE FOR 1886-87.

	Rs.
* Taluk fund	17,560
District fund	23,070
Total ..	40,630

38. *Opening Balance.*—Of the sum of Rs. 40,630,* the balance brought forward for the year 1886-87, a sum of Rs. 30,660† appertains to the Endowment fund.

	Rs.
† Taluk fund	17,560
District fund	13,100
Total ..	30,660

	Rs.
Taluk fund	1,59,404
District fund	2,56,526
Total ..	4,15,930

39. *Estimated Receipts.*—The total estimated receipts (excluding balance) of the budget year are Rs. 4,15,930, the particulars of which are given in the margin.

	Rs.
‡ Taluk fund	1,26,100
District fund	1,63,900
Total ..	2,90,000

40. *Rates and Taxes—Land-cess.*—The revenue under this head is expected to be Rs. 2,90,000‡ during 1886-87 against Rs. 2,73,283, the actuals of 1884-85, and Rs. 3,00,000, the estimate for 1885-86. The demand, collection and balance statement is given below:—

	Demand.	Collection.	Balance.
	Rs.	Rs.	Rs.
Arrears	2,500	2,000	500
Current	2,90,000	2,88,000	2,000
Total ..	2,92,500	2,90,000	2,500

Out of the total demand of Rs. 2,92,500, a sum of Rs. 2,90,000 or 99 per cent. is expected to be collected during 1886-87. The current demand is estimated with reference to the actuals of the past three years and in anticipation of the season being favorable during the next official year.

41. *Tolls.*—The revenue under this head is estimated at Rs. 25,000, which is made up of Rs. 15,000, being the rental of the Local Fund toll-gates noted in the margin, and Rs. 10,000, being the contribution from the Madura and Dindigul Municipalities. The Madura Municipality expects about Rs. 25,000 and the Dindigul Municipality about Rs. 6,000 from their gates during 1886-87. The contribution due from them to the District Board will therefore be about Rs. 10,000. No credit is taken of any contribution from the Ramnad, Palni and Periyakulam Municipalities pending the formation of these new Municipal Councils.

Taluk fund	17,120
District fund	23,880
Total ..	41,000

42. *House-tax.*—A sum of Rs. 41,000 is expected under this head from the proposed twenty-seven unions of the district as per particulars in the accompanying statement.

43. *Education—Sale-proceeds of Books.*—A sum of Rs. 200 only is expected under this head against Rs. 1,248, the actuals of the previous year (1884-85), and Rs. 1,100, the budget estimate for 1885-86. The decrease is due to the proposal to discontinue the present system of supplying books to the schools through the Inspecting schoolmasters (*vide* paragraph 76).

44. *Medical—Sale of Medicines.*—A sum of Rs. 300 is expected under this head against Rs. 350, the budget estimate of 1885-86, and Rs. 250, the actuals of 1884-85. The slight decrease is due to the transfer of the dispensaries at Ramnad, Palni and Periyakulam to the respective municipalities.

	Rs.
Taluk fund	250
District fund	50
Total ..	300

45. *Contribution from private individuals.*—A sum of Rs. 840 is entered under this head for 1886-87 against Rs. 2,245, the actuals of 1884-85, and Rs. 2,700, the budget estimate for 1885-86.

The decrease is due to the fact that the Ramnad Zemindar's donation of Rs. 1,560 will have to go to the Ramnad Municipality. The said sum of Rs. 840 is made up as follows :—

		RS.
(*a*)	Contribution from Rámesvaram Dévastanam for the Pámban and Rámesvaram dispensaries	600
(*b*)	Do. from Gandamanáyakanúr Estate for the Vallanadi dispensary	240
	Total ..	840

46. *Income from Endowments.*—A sum of Rs. 500 is entered under this head and this is expected to be derived from the Inam villages of Kumani, Machur, &c., attached to the Tiruvadanai dispensary (*vide* G.O., No. 1385, dated 16th December 1884).

47 *Misceilaneous Contributions.*—No credit is taken of any contribution from private individuals, &c., in aid of sanitation and other works, as it is proposed to introduce one uniform mode of dealing with the expenditure from Local funds under this head, viz., that of supplementing local subscriptions and entrusting the funds to local associations, &c., for expenditure, the associations, &c., being required to render periodical accounts for double the amount paid from Local funds.

48. *Choultry Rents.*—A sum of Rs. 10,525 is estimated under receipts from endowments, &c., of choultries with reference to the actuals of previous years. It includes Rs. 1,080, being the amount of contribution taken credit to the institutions as per margin* owing to the deficit balances in their favor (*vide* paragraph 103).

49. *Market Rents.*—A sum, of Rs. 8,000 is estimated with reference to the revised estimate of the current year. Of the thirty-two weekly markets in the current year's budget, the market at Palayanúr (No. 27) was given up as the land on which it was held was claimed by a private party. It is proposed to introduce the fee system in the two new markets, Nos 17 and 19, during 1886-87.

50. *Bungalow Fees.*—The fees from the two bungalows noted in the margin, which are now under the direct management of the District Board, are estimated at Rs. 350 during 1886-87 with reference to the revised estimate of the current year. The District Board having sanctioned the construction of a rest-house and a cooly-shed at the foot of the Palni hills on the Periyakulam side, a sum of Rs. 150 can fairly be expecte . from the bungalow in the shape of fees ; so the total receipts under this head will be Rs. 500 instead of Rs. 350 as in the current year.

1. Ammayanáyakanur.
2. Paramakudi.

51. *Fees and Fines.*—A sum of Rs. 900 is estimated under this head against Rs. 800, the estimate of 1885-86, and Rs. 895, the actuals of 1884-85.

52. *Fishery Rents.*—A sum of Rs. 20,000 is entered under this head with reference to the actuals of previous years against Rs. 17,327, the actuals of 1884-85, and Rs. 20,000, the budget for 1885-86.

53. *Avenues.*—Rs. 3,000 is expected under this head with reference to the actuals of previous years against Rs. 2,500, the estimate for 1885-86, and Rs. 3,962, the actuals of 1884-85.

57. No credit is taken under the heads noted in the margin, as they are not permanent sources of income, and the District Board cannot therefore be expected to realize anything with certainty under these heads.

58. *Allotment from the District Funds.*—A sum of Rs. 3,100 is taken credit to the following Unions to supplement the limited funds at their disposal :—

60. *Grant I—Public Works—New Works—Communications.*—A sum of Rs. 24,000 is provided under this head for new works noted below :—

		RS.
1.	Construction of road from Virudupati to Aruppukóta	4,000
2.	Construction of the Vaigai bridge	15,000
3.	For surveying, &c., the line of steam tramway proposed to be constructed from Madura to Ramnad, *viâ* Sivaganga	5,000
	Total ..	24,000

No. 1 is an important line connecting the cotton-growing parts of the district with the railway station at Virudupati where there are cotton presses established by Messrs. Harvey and Co. and others. Rs. 6,000 has been allotted for this line in the revised budget for 1885-86. Rs. 4,000 is provided in the next year's budget to make up the total estimated expenditure, *i.e.*, Rs. 10,000. This work had been entered in the original budget for 1885-86, but the Revenue Board, while reviewing it, struck it off for want of funds at the time (*vide* Revenue Board's Proceedings, No. 247, dated 26th January 1885).

No. 2.—Rs. 15,000 is provided towards the cost of the bridge over the Vaigai at Madura, the construction of which was sanctioned in G.O., No. 963 L.F., dated 29th October 1885. The revised plans and estimates called for therein have been prepared and sanctioned by the District Board, and they will be submitted very shortly.

No. 3.—It is proposed to construct a line of steam tramway from Madura to Ramnad, *viâ* Sivaganga. The distance of the line is about seventy miles. A sum of Rs. 5,000 is set apart for the survey of the line and the preliminary investigation of the project.

61. *Civil Buildings.*—Rs. 27,000 is provided under this head for the construction of the District Board's office and a rest-house and cooly-shed in Kistnama Nayak's tope at the foot of the Kodaikánal hills. The District Board has no building of its own to hold its office and the meetings. Now, with the consent of the Collector, the Board meets in a small room of the Collector's office; the Vice-President and the Board's office establishment have the use of a small store room of the Collector's cutcherry for holding office. The accommodation is altogether unsuitable and insufficient. No other convenient public building is available in the town, nor is there one which can be rented out. Besides, the Board's Engineer and his office establishment have no good accommodation to hold office in, and they at present occupy a small private building at a monthly rental of Rs. 25, or Rs. 300 per annum. In these circumstances, it is proposed to construct a suitable building at Thallákulam, north of the Vaigai river, which will provide convenient and commodious accommodation for the District Board to hold meetings and for the offices of the Vice-President and the Local Fund District Engineer and of the office establishments. The building is estimated to cost Rs. 30,000, exclusive of the cost of land. The necessity for the construction of the building was already brought to the notice of the Government, who, in their order, No. 425 L.F., Mis., dated 9th July 1885, directed the renewal of the application on the plans and estimates being sanctioned by them.

62. A rest-house and cooly-shed at the foot of Kodaikánal hills are very necessarily required as the visitors to the sanitarium of Kodaikánal very keenly feel the want thereof.

63. *Repairs—Communications.*—Rs. 1,22,760 is provided for road repairs against Rs. 1,69,450, the current year's original budget allotment. The decrease is due to the abolition of the mileage establishments. Enormous sums had been hitherto spent on them with no corresponding advantage. The establishments have therefore been abolished. Instead of the mileage establishment system, the gang system has been introduced for departmental labor. Under this system a certain number of men, under a maistry, is employed in *working together* on every mile of road in turn instead of being allotted to different miles. The superintendence of the coolies is thereby not only rendered easier, but the work turned out is greater.

64. *Miscellaneous Public Improvements.*—A sum of Rs. 10,000 is provided under this head on account of avenues in the district against Rs. 9,000, the budget estimate of 1885-86. The increased provision is made in view to have the avenues widely spread over the district during the next official year. The allotments hitherto made under this head were not properly utilized by the Local Fund Public Works staff whose superintendence of avenues has been a systematic failure. Out of the lump grant of Rs. 9,000 provided in the current year's budget, only Rs. 2,000 and odd were spent during the last seven months, leaving a large balance of Rs. 6,000 and odd to be spent during the remainder of the year. It was therefore considered necessary by the President to divide the balance available among the several Tahsildars and Deputy Tahsildars with instructions to utilize the grant in full before the end of the current year. The sanction of Government for the change of agency is therefore solicited.

65. Rs. 20,060 is provided towards the cost of Local Fund Engineering establishment against Rs. 19,120, the budget estimate of 1885-86. The increase is attributable to the inclusion of Rs. 756, being the pay of store watchers hitherto erroneously charged to "Works," and to the provision of a storekeeper on Rs. 15 per month for the Local Fund Engineer's office establishment.

71. *Grant II—Education—Inspection.*—Under this head a sum of Rs. 5,000 is provided for maintaining ten Inspecting schoolmasters. This sum is made up of Rs. 3,710 for pay, and the balance for travelling allowances and contingencies.

72. *Normal Schools.*—The Local Fund Normal school at Madura is estimated to cost Rs. 3,760, as shown below:—

	Rs.
(1) Pay of Head Master, at Rs. 45	540
(2) „ of Second „ „ 25	300
(3) „ of Third „ „ 15	180
(4) „ of a peon, at Rs. 5	60
(5) Amount of 40 scholarships, at Rs. 5 each per mensem	2,400
(6) Pay of a gymnastic tutor, at Rs. 5 per mensem	60
(7) Contingencies (including rent of the school-house)	220
Total ..	3,760

The actuals of 1884-85 were Rs. 1,491 and the revised estimate of 1885-86 is Rs. 3,000. The increase for the budget year is due to increased provision for scholarships and to the raising of pay to the third master from Rs. 10 to Rs. 15, and to the entertainment of a gymnastic tutor on Rs. 5 per mensem, as also to increased provision for contingencies which will be necessary, for the rent will increase in case a larger accommodation is required for the school than the present building.

73. *Elementary Schools—Combined System.*—A sum of Rs. 5,000 * has been provided for maintaining 60 combined system schools against Rs. 3,697, the actuals of 1884-85. Schools Nos. 25, 26, 39, 44, 47, 56 and 58 in statement No. 3 of the current year's budget have been either closed or proposed to be closed. Nos. 40, 41, 42, 46, 47, 49 and 50 in statement No. IV of the budget year are proposed in their stead.

75. *Contributions—Contributions to Provincial Services.*—No provision is made under this head, as the Deputy Inspector of the Periyakulam Range is now paid wholly by Government.

76. *Miscellaneous.*—A sum of Rs. 350 has been provided as in the current year for stipends, &c., of the Local Fund students at the Agricultural College, Madras. No provision is made for purchasing elementary books to be sold by the Inspecting schoolmasters and for commission to them at 15 per cent. on the sale effected, as it is proposed to discontinue the system in vogue of supplying books to the schools through the agency of the Inspecting schoolmasters, the masters of the various schools being required to make their own arrangements with the booksellers to get necessary books for the use of the boys under their tuition. The existence of several book depôts in the district and elsewhere renders every facility for the purchase of books by the teachers themselves. A sum of Rs. 1,000 has been provided under "Prizes" against Rs. 672, the actuals of the previous year. A sum of Rs. 100 is provided for meeting miscellaneous charges such as carriage hire of prize books, &c., during 1886-87. A sum of Rs. 600 is provided for contribution to the Madura "Farmer's Club" for demonstration farm operations during 1886-87.

	Rs.
Taluk fund	24,000
District fund	13,810

77. The total expenditure under Grant II, "Education," is thus expected to be Rs. 37,810, which is Rs. 4,155 more than the actuals of 1884-85, viz., Rs. 33,655.

78. *Grant III—Medical Services, &c.—Hospitals and Dispensaries.*—A sum of Rs. 8,610 is privided under "Medical Subordinates" against Rs. 10,790 in the current year's budget and Rs. 11,560, the actuals of 1884-85. A sum of Rs. 3,248 has been provided under "Clerks and

Servants" against Rs. 4,340 in the current year's budget, and Rs. 5,426, the actuals of 1884-85. The reductions under these two heads are due to the exclusion of the dispensaries at Ramnad, Periyakulam and Palni, which will have to be maintained by the respective municipalities.

79. Provision has been made for establishing a dispensary at Thandikudi instead of the one at Kodaikánal, the former being the centre of the several hill villages on the Lower Palnis noted for malarious fever. At present the poor villagers suffer for want of medical aid, and the District Board having already resolved to abolish the Kodaikánal dispensary, they cannot do better than remove it to Thandikudi. This change will not deprive the residents of that sanitarium of the medical aid now available there, as the Government have agreed to defray the charge on account of the salary of Apothecary there from Provincial funds (*vide* G.O., No. 813 L.F., dated 1st October 1885). It is also proposed to open two minor dispensaries—one at Sáptúr in Tirumangalam taluk and the other at Nattam in Mélur taluk. The proposed institutions in these places, situated as they are in feverish centres, would afford immense relief to the inhabitants of the surrounding villages, within an easy distance of which there is at present no such institution. Necessary funds have accordingly been provided for.

80. Provision has also been made for the increase of pay and for charge allowance due during the next official year to the Civil Apothecaries at Sivaganga and Uttamapálaiyam and to the Hospital Assistant at Usilampatti.

81. The District Medical and Sanitary officer recommends the entertainment of cooks for the dispensaries at Tirushuli and Uttamapálaiyam. It is not understood why these two dispensaries cannot have the same staff of servants as other similar small major dispensaries such as Sivaganga, Paramakudi, Devakota, Palni and Usilampatti, each of which has only four servants. All requirements would be amply met by a redistribution of duties among the existing servants. No provision is therefore made in the next year's budget for the increased establishment referred to. For the same reason, the increase of pay proposed for some of the existing establishments in other dispensaries has been disallowed.

82. *Diet of Patients.*—Rs. 1,000 is provided under this head.

83. *Medicines, &c.*—A sum of Rs. 4,240 is provided for medicines and surgical instruments, and it is shown under contributions to provincial services as per Accountant-General's letter, No. 266—L.F.T.A., dated 9th December 1885 (*vide* G.O., No. 1208 L.F., dated 12th December 1885).

84. *Supplies and Contingencies, &c.*—A sum of Rs. 2,220 is provided under these heads against Rs. 2,830 in the current year's budget and Rs. 3,423, the actuals of 1884-85.

85. The reduction in the above three heads is due to the transfer of the three dispensaries at Ramnad, Periyakulam and Palni to the municipalities to be established in those towns during 1886-87.

86. *Rents.*—The provision under this head has been increased by Rs. 260. Of this increase, Rs. 112 is to meet the rent payable to the building used as dispensary at Tiruvadanai, newly opened during the current year, as also to the building to be rented out for the proposed dispensaries at Sáptur and Nattam, and the remaining amount towards the payment of poruppu, &c., to the Sivaganga Zemindar on account of the lands, the proceeds of which have been ordered to be appropriated to the maintenance of the above dispensary under G.O., No. 1385, dated 16th December 1884, Revenue, Miscellaneous.

87. *Midwives.*—A sum of Rs. 1,800, being the pay of fifteen midwives, has been provided as in the current year. Instead of the three women at Ramnad, Periyakulam and Palni dispensaries, provision is made for employing midwives at Elayangudi, Batlagundu and Kilakarai.

88. *Midwifery Pupils.*—A sum of Rs. 150 is provided on account of pay of two midwifery pupils at Rs. 5 each per month and contingencies.

89. *Pupil Compounders.*—A sum of Rs. 120 is provided towards the cost of training two pupil compounders.

90. *Zillah Surgeon's Establishment, &c.*—The establishment, &c., of the District Medical and Sanitary officer costs Rs. 500 as shown in the margin which is accordingly provided for. The pay of the clerk is Rs. 25 per mensem, of which the Madura Municipality contributes Rs. 10.

91. *Cholera Charges.*—A sum of Rs. 150 is provided under this head.

92. *Medical School.*—The Madura Medical school costs Rs. 6,400 as per revised scale sanctioned by Government in their order, No. 526 L.F., dated 27th July 1885, and this amount is provided in the budget.

93. *Vaccination.*—A sum of Rs. 11,000 is entered under this head with reference to the revised scale recently sanctioned for this district. Under this head there has been effected a saving of Rs. 1,692 as compared with the last year's expenditure under the new scale approved in Revenue Board's Proceedings, dated 31st March 1885, Mis. No. 3780—

94. *Sanitation.*—A sum of Rs. 15,650 is provided under this head, while the actuals of 1884-85 amount to Rs. 17,595. The decrease is principally due to the withdrawal of the heavy grant of Rs. 3,700 to the sanitary associations at Ramnad, Palni and Periyakulam hitherto made.

95. The total number of major and minor dispensaries in this district and the expenditure provided for on account of sanitation are quite sufficient to meet all requirements in the district.

96. *Markets.*—A sum of Rs. 2,000 is provided for conservancy and improvement of the weekly markets in the district. Rs. 1,618 is provided on account of establishment charges. Most of these markets have been leased out during the current year, and the result of this system will be known only at the end of this official year. I have considered it necessary not to provide for a larger grant on account of establishments, &c., under this head. On the other hand, I expect to save very nearly the whole of the grant during 1886-87, if these markets could, with advantage, be leased out instead of being kept under Amani (direct management).

97. *Choultries.*—A sum of Rs. 13,030 is provided for establishment and other charges in charitable institutions against Rs. 13,770 in the budget for 1885-86. A sweeper on Rs. 5 per mensem is provided for the Kodaikánal chattram. The cost is now borne by the Local Fund Public Works department and charged to "Works," which is irregular. The decrease is due to reduced provision made for expenditure in the institutions as per margin,* owing to insufficient funds at their credit.

98. In paragraph 45 of my Administration Report for 1884-85, I promised to submit a revised scheme for the efficient management of these institutions; but, unfortunately, owing to the unavoidable delay caused towards assuming the management of the Sivaganga Zemindari chattrams and endowments referred to therein, I have not been able to get it up in time for this budget. However, I propose to do it at once independent of it, as we have already enough of institutions under the direct management of the Local Fund Board requiring early reformation. I may mention that the total receipts, including money grants on account of these choultries for 1885-86, amount to Rs. 17,220, and the expenditure amounts to Rs. 13,770, which is distributed as follows:—

	Rs.
Establishment	4,720
Feeding charges	6,630
Contingencies	2,420

I quote here one of the glaring instances in which the expenditure under establishment is 121·37 per cent. of the grant made for feeding charges. This is the Kottampatti choultry where Rs. 262 is provided for feeding charges and Rs. 318 for superintending establishment. I may add that this choultry has no village revenue whatever besides the lump money grant of Rs. 869 by Government and a comparatively insignificant rent from a garden attached to it. This state of things is not only preposterous, but positively deplorable. I shall therefore submit my detailed report for a thorough recasting of the whole thing as early as possible.

99. *Public Bungalows.*—The cost of establishment and contingencies on account of the two existing bungalows (Ammayanáyakanúr and Paramakudi) and of the rest-house proposed to be constructed at the foot of the Kodaikánal hills is estimated at Rs. 600 against Rs. 500 in the current year's budget.

100. *Sanitary Inspectors.*—A sum of Rs. 1,080 is provided towards the cost of employment of four sanitary inspectors.

101. *Contributions.*—The contribution to Government on account of sanitary inspection amounts to Rs. 1,860, at half per cent. of the income for 1885-86. A sum of Rs. 100 is entered, as in the current year, towards the contribution to Provincial funds on account of "Cutler's establishment" at the presidency. Rs. 480 is provided for the maintenance of lunatics. Rs. 4,240 is allotted for medicines and surgical instruments, and shown under contribution to "Provincial Services" as per Accountant-General's instructions (*vide* paragraph 83 *supra*). The contribution to the Madura Municipality for sanitary arrangements during "Chittrai festival" amounts to Rs. 200. The cost of dieting patients at the Madura dispensary comes up to Rs. 1,300. Rs. 880 is provided for contribution to the Mission dispensaries noted in the margin. The reduction in the grant to the Mission dispensary at Dindigul, as compared with the last year's figure, which is Rs. 1,850, is due to the District Board having resolved in their Proceedings No. 272 (copy enclosed) to contribute to this dispensary only the equivalent of the cost of a branch minor dispensary. The Board also propose to make a like grant to each of the marginally-noted dispensaries, although situated in municipalities, as the benefits of which will also be shared by the people outside the municipal limits. The grants now provided to these dispensaries (*i.e.*, Dindigul, Ramnad, Periyakulam and Palni) form no permanent charge on the Local funds and are liable to withdrawal as the exigencies of the Board may require, as will be seen from their proceedings.

102. A sum of Rs. 600 is provided towards the establishment and maintenance of a botanical garden at Madura, the formation of which was approved in G.O., No. 786, dated 3rd July 1885, referred to in Revenue Board's Proceedings, No. 2783, dated 1st October 1885. It is proposed to lay out this garden on a portion of the Madura People's Park. This portion measures about half an acre in extent and more land will be added to it in course of time. The garden is chiefly intended for the benefit of the Local Fund students of the local Medical school. It is very desirable that medical men possess a sound knowledge of elementary botany though the subject may not form part of the curriculum of study for the Hospital Assistant's examination. Apart from its usefulness in this direction, it would excite the taste of the general public in the interesting science of botany, and would also be advantageous for general educational purposes. In view of these considerations, the District Board in their Proceedings, No. 256, of 1885, resolved to provide Rs. 50 per mensem towards the formation and maintenance of the garden in question, and hence the above provision.

103. *Miscellaneous—Miscellaneous Endowed Institutions.*—A sum of Rs. 1,080 is entered under this head on account of contribution to the institutions noted in the margin, to make good the deficits thereof under No. 22 of the budget rules. This amount has been taken credit to the institutions referred to under "5, Miscellaneous Choultry Rents" (*vide* paragraph 48).

Kilangulam.	Thumbapatti.

104. Thus the total charges under Grant III would be Rs. 80,560.

	Rs.
Taluk fund	40,875
District fund	39,685

105. *Grant IV—Miscellaneous—Controlling Establishment at the Presidency.*—A sum of Rs. 2,550 is entered towards the contribution for controlling establishment at the presidency as in the current year.

106. *Establishment in the Collector's Office.*—A sum of Rs. 1,060 is provided under this head, Rs. 700 on account of auditor's pay and contribution payable to Government, and Rs. 360 on account of the cost of account establishment in the Treasury Deputy Collector's office as per revised estimate of the current year.

107. *Establishment in the District Board's Office.*—A sum of Rs. 4,490 is provided towards the cost of this establishment. The increase is due to the revised scale of establishment proposed as per memorandum attached hereto. In consideration of the heavy work that will be thrown on this office in the way of preparing several new statements, budgets and reports and the extra correspondence necessarily involved therein between this office and the Taluk Boards, and also with Government in addition to the several other departments we have to communicate with on

matters connected with these new boards, I think the Government could easily be persuaded to sanction the increase under this head in order to secure the efficient working of the new Act, the rules of which were not known at the time the proposals contained in the current year's budget were submitted, and I had only a hazy idea of what the nature and quantity of this work would be.

108. It is proposed to entertain the following establishment for the offices of the Taluk Boards and Unions:—

Taluk Board's office.

	Rs.
One clerk on	15
One attender (clerical) on	8
One peon on	5

Union office.

	Rs.
One gumastah on	10
One bill collector on	7
One peon on	4

The cost of the proposed establishment for six Taluk Boards and twenty-seven Unions in the district would be Rs. 8,820 per annum as per details given below:—

Taluk Boards.

	Rs.
One clerk on	15
One attender (clerical) on	8
One peon on	5
Total	28

For six taluks 28 × 6 = 168 × 12 = Rs. 2,016.

Unions.

	Rs.
One gumastah on	10
One bill collector on	7
One peon on	4
Total	21

For twenty-seven Unions 21 × 27 = 567 × 12 = Rs. 6,804.

109. A sum of Rs. 5,150 * is provided for contingencies against Rs. 2,900, the budget estimate for 1885-86. The increase is due to the provision made for the purchase of furniture and general contingencies of the offices of Taluk Boards and Unions as particularized below:—

	Rs.
* Taluk fund	2,150
District fund	3,000

Taluk Boards.

	Rs.
For office furniture	350
General contingencies, stationery, postal charges and house-rent	576

Unions.

	Rs.
For office furniture	250
General contingencies, stationery, postal charges and house-rent	974
Total	2,150

Travelling allowance to non-official members is estimated at Rs. 1,200.

110. *Pensions.*—A sum of Rs. 300 is provided under this head to meet the charges of pension or gratuity admissible to the vaccinators thrown out of employ in the reorganization of the vaccine staff in the district, approved in Revenue Board's Proceedings, Mis. No. 3780, dated 31st March 1885.

111. *Contribution to Unions.*—Rs. 3,100 is allotted as contribution from the Taluk funds to the Unions as shown below, the funds at the disposal of which being insufficient:—

	Rs.		Rs.
1. Melúr	80	9. Uttámapalaiyam	395

112. The total charges under Grant IV would be Rs. 26,670.

113. *Reserve.*—A sum of Rs. 24,240,* which is 5·82 per cent. of the estimated receipts, is provided for unforeseen expenditure during the year. A further sum of Rs. 15,660, † which is 3·76 per cent. of the estimated receipts, is reserved to meet any deficiency in the year's receipts. As there is no sufficient balance available, it is not possible to set apart a reserve for the above purposes at the rate of percentage required by the rules.

115. The budget year is thus expected to close with a balance of Rs. 61,130.‡ Deducting out of this amount Rs. 46,851 §, being the balances under endowment fund and house-tax, the net sum available for general purposes would be Rs. 14,279.‖

116. In framing this budget, due regard was had to allow of necessary funds being allotted for the Taluk Boards and Unions agreeably to paragraph 2 of G.O., No. 930 L.F., dated 23rd October 1885. Out of the total estimated receipts of Rs. 4,56,560, including the opening balance during the year, a sum of Rs. 1,76,964, as particularized in the annexed statement A, will be transferred to the credit of the six Taluk Boards and Unions. This sum is made up of Rs. 1,43,220, being one-half of the marginally-noted taxes to be transferred to them under section 55 of Act V of 1884, Rs. 16,184, being the amounts of other items appertaining to the Taluk Boards and Unions, and Rs. 17,560, being a portion of the opening balance.

Proceedings No. 272 *of* 1885.

Read District Board's Proceedings, No. 262 of 1885, adjourning the reconsideration of the portion of the budget for 1886-87, providing grants to the dispensaries at Dindigul, Ramnad, Periyakulam, and Palni.

Read also the connected papers.

Resolution.—Proposed by M.R Ry. V. Subbiramaniya Aiyar Avargal, Rao Sahib, B L., and seconded by C. S. Crole, Esq., President, that the grant provided for the municipal dispensaries at Ramnad, Periyakulam, Dindigul, and Palni in the draft budget for 1886-87 be so altered as to give these institutions the equivalent of the cost of a branch minor dispensary, and that it be understood, in view of the increasing demands on the resources of the board, the said grant is made for one year only, and that if it be repeated it be considered purely in the light of temporary assistance liable to withdrawal whenever the exigencies of the Board so require.

Carried unanimously.

From E. TURNER, Esq., President, District Local Board, Madura, to the Chief Secretary to Government, dated Madura, 23rd January 1886, No. 8.

I have the honor to retransmit the petition of the Rev. Dr. Chester, dated 16th December 1885, No. 83, referred to me for report with the following remarks.

2. In the district board's budget for 1886-87, which was submitted from this office on the 9th instant, the annual contribution to the Mission dispensary at Dindigul was reduced from Rs. 1,850 to Rs. 500. This subject is referred to in paragraph 17 of the President's letter giving cover to the budget.

3. The principle on which this reduction was made and which apparently weighed with the district board, is explained at length in a note of Mr. Crole to the Vice-President, bearing date the 2nd December 1885, copy of which is submitted for the information of Government. A copy of the district board's resolution on the subject has been submitted with the budget.

4. The mahazar, referred to by Dr. Chester, was addressed to the Collector. This appears to have been forwarded to the chairman of the Dindigul municipal council for an expression of its views, and on the resolution of the council quoted in the petition, the mahazar was dismissed by Mr. Crole. It had for its object the withdrawal of the Municipal and Local Fund grants and the establishment of a dispensary under secular agency.

5. These are the facts as they appear from the records: but I may, perhaps, be allowed to remark that I differ somewhat from Mr. Crole in his views as stated in the enclosed letter. It seems to me rather unfair to treat the Dindigul institution as a mere branch dispensary. At any rate, if it is finally decided to treat it as such and reduce the grant to the limit entered in the budget, the board must be prepared for the inevitable result, viz., the ruin of the institution. It is most unlikely that Dindigul municipality will be able to raise the additional sum required to make up the amount withdrawn without imposing additional taxation, which must press hard on the inhabitants of the town, and Dr. Chester does not encourage us to expect the American Mission will make good the deficiency. Surely such a result is to be deprecated on every ground. Dr. Chester gives his services gratuitously. He has to his credit a sum total of many years' experience in and about Dindigul. Every Collector, who has been to this district during my time, has always spoken most highly of Dr. Chester and his disinterested services in respect of the Dindigul dispensary. I have always heard, and the proceedings of the Dindigul municipality, quoted in Dr. Chester's letter, go far to prove that the public respect Dr. Chester and have confidence in his cure and treatment.

6. With regard to paragraph 6 of Dr. Chester's letter under report, there can be little doubt that the members of the Local Fund board voted at the special meeting in accordance with the wishes of the President. Mr. Crole's views are embodied in his letter (note), and he appears to have urged these views very forcibly at the meeting. But what contributed effectually to the adverse vote against Dr. Chester appears to be that the minds of some of the important members were prepared to view Dr. Chester's work with disfavor, consequent on Mr. Crole having no confidence in Dr. Chester's figures. He has, I understand, in a measure impeached at the meeting Dr. Chester's figures as incorrect and unreliable, referring the members at the same time to an incident brought to light in an inquiry held by Surgeon-General Furnell in 1884 in connection with the Mission dispensary at Madura. I cannot find that Dr. Chester has ever at any time been called upon to explain any discrepancy in the figures entered in his books, either in Madura or Dindigul, certainly not in the latter, and yet it is quite clear to me from Mr. Crole's letter and from what he urged at the special meeting, that this question of figures was one of the main reasons given for discrediting Dr. Chester's and all his work in connection with the Dindigul hospital. There was plenty of time to have called upon Dr. Chester to explain his accounts if the President distrusted them.

7. I have already in another paper * put on record my protest against the discontinuance of the Local Fund grants to Ramnad, Periyakulam, and Palni dispensaries, and I can only say that, in my opinion, Dr. Chester has made out a good case.

8. I beg in conclusion to call attention to the following remarks † of the Sanitary Commissioner, Dr. Bidie, made in his notes of recent inspection of the Dindigul municipality :—

* *Vide* my remarks on the budget of the Periyakulam Municipality submitted on the 20th instant.

† The official copy of the report has not been received in this office, and these remarks are taken from a communication made to me by Dr. Chester.

Hospital.—"While employed as Secretary to the Surgeon-General, prior to the reorganization of 1880, I became intimately acquainted with Dr. Chester's work, and have always taken an interest in it. The medical school has now been transferred to Madura, but he still carries on his other medical work with much energy and success. The cottages for caste patients are well appreciated, and his other arrangements are in harmony with the domestic habits of the people. The new dispensary erected by the American Board of Foreign Missions is a spacious building, admirably arranged and equipped. Dr. Chester is doing thoroughly good work here, and deserves encouragement."

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 1st February 1886, No. 55.

I have the honor to state that the provision made in Grant III of the budget estimate of the district board of the Madura district for the year 1886-87 for the maintenance of the dispensaries, including the three institutions proposed to be opened at Thandikudi, Sáptúr, and Nattam, is adequate.

2. The sum of three-fourths of the salary of the medical subordinates required for the new dispensaries referred to is provided. Sanction of Government is necessary for the other one-fourth.

3. The other items call for no remarks, the Vice-President, District Board, having explained the variations between the current year's grant and the estimate.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 5th February 1886, No. 181.

I have the honor to report, for the information of Government, that the Madura District Board have made a provision, exclusive of the charge for sanitary inspection, of only Rs. 15,650, or 16·2 per cent. of available income, for the year 1886-87 for the sanitary requirements of the district. This is below the grant for the current year by Rs. 6,850, and the reduction is chiefly owing to the withdrawal of the heavy grants hitherto made to the sanitary associations at Ramnad, Palni, and Periyakulam. It may, however, be accepted for the purposes for which it is intended, viz.:—

	Rs.
Improvement of water-supply	3,600
Do. of village-sites	1,000
Conservancy	10,000
Fairs and festivals	400
Other sanitary outlay	650
Total ..	15,650

2. The vaccination grant amounts to Rs. 11,000 against Rs. 12,530 the grant for the current year. A saving has been effected by the new scheme for the better working of the vaccine department—alluded to in the covering letter forwarding the budget estimate for 1885-86—being put into force in the current year. Hence a smaller provision has been made for vaccination for the year 1886-87.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 6th February 1886, No. 804.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the District Board, Madura, for 1886-87.

2. *Receipts.*—The educational receipts, including one-sixth land-cess, are estimated at Rs. 50,410. No credit has been taken for grants from Provincial funds on account of the combined system schools, probably as these schools are not strictly Local Fund schools, but aided from Local Funds on the combined system. For reasons stated in paragraph 8, Rs. 1,000 should be added to the estimate under Sale-proceeds of books to elementary schools.

3. *Charges.*—The charges proposed aggregate Rs. 37,810 against Rs. 41,300 the sanctioned estimate for the current year as shown below :—

	Estimate, 1885-86.	Estimate, 1886-87.
	Rs.	Rs.
Inspection	5,150	5,000
Training schools	3,000	3,760
Local Fund schools	5,780	5,000
Results grants	24,000	22,000
Miscellaneous	3,370	2,050
Total ..	41,300	37,810

4. *Inspection.*—Rs. 5,000 are provided under this head against Rs. 5,150 in the current year's budget. The allotment seems adequate with reference to the actuals of 1884-85.

5. *Training Schools.*—The increased provision for the normal school at Madura has been explained. The board propose to raise the number of stipends from 30 to 40, but the Inspector considers that the number should be fixed at 60 in view of the demand for trained teachers in the district. I beg to suggest that the number of stipends be raised to 50, as this number, supplemented by the stipends that may be instituted by the municipalities in the district, will bring up the number to the Inspector's figure.

6. *Local Fund Schools.*—The board having resolved to maintain, as in the current year, 60 combined system schools, provision of Rs. 5,000 has been made in the budget, which appears to be sufficient under the new Grant-in-aid Code.

7. *Results Grants.*—The allotment for results grants (Rs. 22,000) is Rs. 2,000 less than in the current year's budget. As the board will have to incur additional expenditure on results grants for infant standards, I beg to recommend that the figures of the current year be repeated.

8. *Miscellaneous.*—No provision has been made in the budget for the purchase of books and for commission on the sale of books, as the board have resolved to do away with the system in vogue of supplying books through the agency of the inspecting schoolmasters. The Inspector considers that this step will prove detrimental to the cause of primary education, as the schools in outlying parts will find it very difficult to procure books, and recommends that the sum of Rs. 1,000 provided in the budget for prizes to village schools be utilized for the purchase of books to be sold through the agency of the village schoolmaster. As the system of giving prizes to village schools exists in one or two districts only, and as there does not appear to be any necessity for such special encouragement, I beg to support the Inspector's recommendation. For the "commission on sale of books," Rs. 180 should be entered, being 15 per cent. on the total estimated receipts (Rs. 1,200).

9. The total charges, if the recommendations above made be accepted, will be Rs. 40,590 against Rs. 41,300 the sanctioned grant for the current year, and Rs. 51,410 the estimated assets of 1886-87.

From E. TURNER, Esq., President, District Board, Madura, to the Chief Secretary to Government, dated Madura, 10th March 1886, No. 11.

I have the honor to state that in the consolidated budget estimate of the district board for 1886-87, submitted with this office letter, No. 1, dated 3rd January 1886, a sum of Rs. 500 was provided as contribution towards the upkeep of the dispensaries

situated in the newly-constituted municipalities of Periyakulam and Ramnad. Application having been since made by these municipal councils for increased contribution, with reference to paragraph 2 of G.O., dated 5th February 1886, No. 108 M., Financial, the district board have, in their Proceedings, No. 102 of 1886 (copy enclosed), resolved that the grants to the dispensaries in question be continued as heretofore. The sums thus sanctioned are Rs. 2,000 and Rs. 2,500 for Periyakulam and Ramnad municipal councils respectively, the excess over the original budget provision, *i.e.*, Rs. 500, being met from the allotment of Rs. 20,000 provided for the construction of the proposed district board's office, Madura.

2. I have the honor therefore to request that in the budget statement I-B the figure Rs. 1,500, entered against item (*h*) (2) "Contributions to the municipalities at Ramnad, Periyakulam, and Palni on account of dispensaries," under Grant III, be raised to Rs. 5,000, and that the provision Rs. 20,000 against item "New Works, Civil Buildings," be reduced to Rs. 16,500.

Enclosure.

Proceedings No. 102 *of* 1886.

Read endorsement of the Collector and President, dated 17th February 1886, No. 44, on G.O., No. 108 M., Financial, dated 5th idem, requesting to be informed, at a very early date, the exact amount of the increased contribution payable by the district board towards the upkeep of the dispensary at Periyakulam, with reference to paragraph 2 of the Government order.

Read also endorsements of the Collector and President, Nos 60 and 61, dated 24th February 1886, on letters, Nos. 10 and 9, dated 20th idem, from the Chairmen, Municipal Councils of Ramnad and Periyakulam respectively.

Resolution.—Resolved that the grant for Periyakulam dispensary be continued as heretofore, viz., Rs. 2,000. The difference is to be met from the allotment provided in the budget for 1886-87, for the construction of the proposed new office for the district board and engineer.

Resolved also that the grant be continued as heretofore for the dispensary at Ramnad, viz., Rs. 2,500. The difference is to be met from the source pointed out above.

From E. TURNER, Esq., President, District Board, Madura, to the Chief Secretary to Government, dated Madura, 18th March 1886, No. 12.

In continuation of this office letter, No. 11, dated 10th instant, I have the honor to state that the district board have, in their Proceedings, No. 105 of 1886 (copy enclosed), increased the grant of Rs. 500 originally sanctioned by them and provided in the consolidated district board's budget estimate for 1886-87 towards the upkeep of the dispensary at Palni, by Rs. 1,000 with reference to paragraph 4 of G.O., dated 27th February 1886, No. 202 M., Financial, reviewing the budget of that municipality. The additional contribution thus made is to be met from the allotment of Rs. 20,000, provided in the budget for 1886-87 towards the construction of the district board's office, Madura. I have the honor therefore to request that the sum of Rs. 1,500, entered against the marginally-noted item in the budget of the ensuing official year, be raised to Rs. 6,000 instead of Rs. 5,000 referred to in the letter quoted above, and that the allotment of Rs. 20,000, on account of the proposed board's office shown against "New Works, Civil Buildings," in the column "District," be reduced to Rs. 15,500 instead of Rs. 16,500 alluded to in the above letter.

Statement I-B—Grant III—Item (*h*) (2).—"Contributions to the municipalities at Ramnad, Periyakulam, and Palni on account of dispensaries."

Proceedings No. 105 *of* 1886.

Read endorsement of the Collector, dated 11th March 1886, No. 80, on G.O., No. 202 M., Financial, dated 27th February 1886, requesting to be informed, at a very early date, the exact amount of the increased contribution payable by the district board to the municipal council of Palni, with reference to paragraph 4 of the Government order.

Resolution.—Resolved that the grant be increased by Rs. 1,000, which is to be met from the allotment provided in the budget for 1886-87, for the construction of the proposed district board's office, Madura.

Order—dated 19th July 1886, No. 831 L.F., Financial.

The following abstract shows the estimated Local Fund receipts and charges of the Madura district for the year 1886-87 as passed by Government:—

2. *Revised Estimate for* 1885-86.—Excluding debt heads, the actual opening balance was Rs. 94,424, being approximately the amount entered in the budget. Current receipts were estimated at Rs. 3,82,772 against Rs. 3,81,640. Under Land-cess there is a decrease of Rs. 6,600, which is ascribed to the revision of the demand; but this is more than counterbalanced by the increase under other heads, especially under Contributions from private individuals. Under the latter head are included certain contributions, amounting to Rs. 1,290, from the inhabitants of Ramnad for the maintenance of the town roads. These, the Vice-President observes, it will now be necessary to refund, owing to the constitution of the Ramnad municipality. The sanction of Government should have been obtained for the sale of the tool-shed at Palni. Under Grant I there is an increase of Rs. 9,750 over the budget provision, due to subsequent allotments. A sum of Rs. 3,872, being the unallotted portion of the reserve, is set apart for unforeseen charges during the remainder of the year; but as no allotments have since been sanctioned from this source, the amount will be added to the balance. Under Grant III the contribution for sanitary inspection, calculated at ·5 per cent. of the actual receipts for 1884-85, should be Rs. 1,790. Sums of Rs. 36 and Rs. 20 respectively are provided for temporary establishments employed in scrutinizing the accounts of the Sivaganga chattram and in superintending the villages attached to the Tiruvadanai dispensary. These allotments doubtless represent actual expenditure and cannot now be struck out, but the sanction of Government should have been obtained before the establishments were entertained. The balance to be carried forward in the current year's budget is Rs. 44,217, or in round numbers Rs. 44,220, of which Rs. 30,660 appertain to endowed institutions. Of the latter sum it is

proposed to credit only Rs. 17,560 to taluk funds, but in the absence of special reason to the contrary, the whole of the balance relating to endowments should be credited to taluk funds and the remainder to the district fund.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts are estimated at Rs. 4,12,830 against Rs. 3,81,640 in last year's budget. The yield of the land-cess is estimated at Rs. 10,000 less than in the budget for 1885-86, owing to the comparatively small amount expected to remain in arrear at the beginning of the year. Of the total collections (Rs. 2,90,000) under this head, it is proposed to credit Rs. 1,63,900 to the district fund and the remainder to taluk funds. This is contrary to section 55 of the Act, under which the taluk boards must receive not less than one-half of the proceeds of the taxes levied. As the whole of the collections (Rs. 15,000) under the House-tax will be credited to taluk funds, the proceeds of the land-cess will be divided as follows:—

	RS.
District fund	1,52,500
Taluk funds	1,37,500

The estimate under Tolls will be raised by Rs. 3,030 being the amount of the contributions payable by the municipal councils of Ramnad and Palni, which have not been taken credit for in this budget. Credit is taken for a revenue of Rs. 41,000 under House-tax with reference to the total number (27) of unions in the district; but as it has since been decided to impose the tax in six or eight unions only for the present, the estimate will be reduced to Rs. 15,000, the whole of which should be credited to taluk funds. As suggested by the Director of Public Instruction the estimate under Sale-proceeds of books will be raised by Rs. 1,000. The receipts from the sale of medicines, choultry rents, market fees, and the contribution from Provincial funds on account of choultries it is proposed to divide in varying proportions between the district and taluk funds. Such receipts should be credited entirely to Taluk funds. The remaining receipts under "5, Miscellaneous," should also, as a general rule, be credited in the same way. As, however, this would in the present instance involve a deficit under the District fund, these receipts will be credited to the latter fund in order to provide an adequate closing balance. Under Choultry rents, a sum of Rs. 1,080 is shown as a contribution from general to choultry funds, and the same amount is also shown under Expenditure as a charge on general funds. Both entries are unnecessary in statement I, and will accordingly be struck out.

4. Under Grant I Rs. 46,500 are provided for the following new works, all of which, with the exception of the second, are as yet unsanctioned:—

		RS.
(1)	Construction of a road from Virudupati to Aruppukóta ..	4,000
(2)	Do. of a bridge over the Vaigai river at Madura ..	15,000
(3)	Surveying the line of steam tramway from Madura to Ramnad ..	5,000
(4)	Construction of the district board's office at Madura	15,500
(5)	Do. of a travellers' bungalow at Krishnama Naik's tope.	7,000
	Total ..	46,500

Of these works the fourth must be struck out in order to allow a sufficient reserve and balance under the district fund. For a similar reason in relation to taluk funds the allotment for the bungalow at Krishnama Naik's tope will be reduced to Rs. 4,500. For the repair of communications Rs. 1,22,760 are provided against Rs. 1,69,450 in last year's budget, the reduction being stated to be due to the abolition of mileage establishments and the introduction of the gang system. The proposed transfer of avenues, the provision for which should be debited entirely to taluk funds, to the care of the Revenue Department, is approved. The cost of the Local Fund engineering establishment is estimated at Rs. 20,060 against Rs. 19,120 in last year's budget, and it is explained that the increase is due to the entertainment of a store-keeper on Rs. 15 *per mensem*, and to the provision now made for store-watchers whose pay has hitherto been charged to works. The proportionate cost of the Local Fund engineering

establishment, tools and plant, and contingencies, chargeable to the district and taluk funds respectively, will now be as follows :—

	District fund.	Taluk funds.
	Rs.	Rs.
Local Fund Engineering establishment	18,680	4,380
Tools and plant	750	170
Contingencies	1,820	430

5. The proposed provision for education is Rs. 37,810 against Rs. 41,300 in the budget for 1885-86. The decrease occurs under Purchase of books and Results grants. On the recommendation of the Director of Public Instruction the allotments for normal school scholarships and for results grants will be raised from Rs. 2,400 and Rs. 22,000 to Rs. 3,000 and Rs. 24,000 respectively, the allotment of Rs. 1,000 for prizes in village schools appropriated to the purchase of books, the sum of Rs. 180 provided for commission on their sale, and the provision of Rs. 100 for the carriage of prize books struck out. All charges connected with elementary schools must be met from the funds of the taluk boards in whose care they are. A sum of Rs. 600 shown under "Miscellaneous" as a contribution to the Madura Farmers' Club for agricultural demonstrations will be struck out, as the Government are not satisfied that this is a legitimate charge on Local Funds.

6. It is proposed to open a major dispensary at Thandikudi and to establish two minor dispensaries at Sáptúr and Nattam. These proposals must be disallowed for want of funds. With regard to the Kodaikánal dispensary a moiety (Rs. 340) of the incidental charges, excluding the salary of the apothecary, should be provided as a contribution, the remaining moiety being provided by local subscription, in accordance with the arrangement originally proposed by the district board and sanctioned by Government (G.O., dated 1st October 1885, No. 813 L.F.). Excepting charges connected with the District Medical officer's establishment the whole of the expenditure under Hospitals and Dispensaries will be debited to taluk funds with reference to G.O., dated 3rd December 1885, No. 1155 L.F. For vaccination the budget figure (Rs. 11,000) of last year is repeated, while for sanitation Rs. 15,650 are provided against Rs. 22,500 in 1885-86. The decrease in the latter case is ascribed to the discontinuance of the grants hitherto made to the sanitary associations of Ramnad, Palni, and Periyakulam, and to the reduction of the allotments for other purposes, the cause of which is not explained. It is noted, however, that the Sanitary Commissioner considers the total provision adequate. The whole of the allotments for sanitation, markets, and choultries will be debited to taluk funds. The President is requested to submit a revised budget for the unions. The contribution to Provincial funds on account of sanitary inspection should be Rs. 1,910. At the suggestion of the late President, Mr. Crole, the district board have reduced the usual contribution of Rs. 1,850 for the Mission dispensary at Dindigul to Rs. 500 in view to provide funds for the establishment of minor dispensaries in remote localities. As, however, the effect of this change would probably be the closing of the dispensary, which is admitted to be doing excellent work, and as the district of Madura is already fairly supplied with minor dispensaries, the provision will be raised to the usual sum of Rs. 1,850. The whole of the contributions to municipalities under Grant III will be transferred to taluk funds. It is observed that Rs. 600 are provided as a contribution to the Madura Farmers' Club on account of the botanical garden, sanctioned in G.O., dated 27th November 1885, Mis. No. 1118 L.F. The sum of Rs. 50 per mensem was not sanctioned as a contribution to the Farmers' Club, which was not even mentioned in the resolution of the district board or the President's covering letter, but as expenditure to be incurred by the district board itself. It will, therefore, be transferred from "Contributions" to "Miscellaneous." Steps should be taken to procure the transfer of the necessary land to the district board, if it is not already their property, pending which no expenditure must be incurred.

7. Turning to Grant IV, it is observed that the provision for controlling establishments at the presidency should be Rs. 2,770, the amount paid in 1884-85. For local board's office establishments Rs. 13,310 are provided, of which Rs. 4,490 are debited to the district fund and Rs. 8,820 to taluk funds. The Government are of opinion

that the revised scale of establishment proposed in the Vice-President's memorandum is needlessly expensive, and that the following establishment should suffice :—

	Rs.
1 Head Clerk	70
1 Clerk	40
1 Do.	30
1 Do.	20
2 Clerks, at Rs. 15 each	30
1 Translator	30
1 Dufterbund	10
1 Muchi	10
3 Peons, at Rs. 6 each	18
1 Sweeper	5
Per mensem ..	263
Per annum ..	3,156

The above scale is sanctioned accordingly, and the provision under this head will be reduced to Rs. 3,160. Sanction is also accorded for the entertainment of a clerk on Rs. 15, with an attender on Rs. 8, and a peon on Rs. 5 for each taluk board; and a clerk on Rs. 10, with a bill-collector on Rs. 7, and a peon on Rs. 4 for each panchayat. The bill-collector will, however, be employed only in unions in which the house-tax is levied.

8. It is proposed to transfer a sum of Rs. 3,100 from taluk funds as a contribution in aid of certain unions, and credit is taken for the same amount on the receipt side of the budget. As this entry is unnecessary in the present budget, it will be struck out of both sides of the account. The budget, as modified by Government, provides a reserve of Rs. 38,980 representing 10 per cent. of the receipts, and closes with a balance of Rs. 62,790. The balance under the district fund (Rs. 7,770) is nearly 3·7 per cent. of the receipts, and that under taluk funds, excluding the endowment fund balance of Rs. 42,250, is Rs. 12,770, or 8·3 per cent. of the receipts, excluding receipts connected with endowed institutions.

Local Fund Budget.

Reviewing the — of the Madura district for 1886-87.

With order

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From the Medical Officer, Dindigul Dispensary, dated 16th Dec. 1885, No. 83.

ABSTRACT.—Requesting Government to carefully consider the change which has been made in the budget for 1886-87 of the Madura Local Fund Board in relation to the Dindigul and other major dispensaries in the Madura district, and allow a continuance of the previous grant to the Dindigul dispensary.

From C. S. CROLE, Esq., President, District Board, Madura, to the Acting Chief Secretary to Government, dated 3rd January 1886, No. 1.

I have the honor to submit the Budget Estimate of the Madura District Local Fund Board for 1886-87 (with the prescribed statements and proceedings), accompanied by the Vice-President's report noticing in detail the variations, &c., in the figures, as compared with those of the previous years.

REVISED ESTIMATE.

2. *Receipts.*—The opening balance, Rs. 94,816, is the figure advised by the Accountant-General. The receipts of the current year are expected to be Rs. 4,77,588 against Rs. 4,76,130 in the budget (including the opening balance). The increase is due to increased returns under the items noted below :—

(3 *d*) Endowments.
(*e*) Miscellaneous.
5 (*a*)(3) Contributions from private individuals.
5 (*b*) Choultry rents.
7 (*d*) Contribution from Provincial funds—Choultries.
8 (*a*) Pound fund—Sale of old materials, &c., and sundries.

3. *Expenditure.*—The total expenditure is expected to be Rs. 4,36,960 against the budget allotment of Rs. 4,37,170. The small difference calls for no remark.

4. Deducting the above charges from the total assets given in paragraph 2, there is a balance of Rs. 40,627, or Rs. 40,630 in round numbers, which will be carried forward to the budget for 1886-87.

5. In the preparation of the revised estimate, the instructions given in rule No. 11 of the rules printed in the appendix to G.O., dated 14th September, No. 728 L.F., Financial, have been attended to as far as practicable.

BUDGET FOR 1886-87.

	RS.
* District	23,070
Taluk	17,560
Total ..	40,630

6. *Receipts.*—This is the first budget under the Act, prepared in accordance with the instructions given in the above Government order. As observed above, the budget opens with a balance of Rs. 40,630.*

7. *Land-cess.*—The collections under this head are estimated at Rs. 2,90,000 * or 99 per cent. of the demand against Rs. 3,00,000 in the current year's budget, the decrease being due to the smaller amount of arrears expected to remain uncollected at the end of the current year. The distribution of receipts between the Taluk and District Boards has been made in the manner laid down in section 55 of the Local Boards Act. So also the proceeds under house-tax.

	RS.
* District	1,63,900
Taluk	1,26,100
Total ..	2,90,000

8. *Choultry rents, &c.*—A sum of Rs. 10,525 is expected under this head. This amount, according to paragraph 48 of the Vice-President's report, includes Rs. 1,080—the amount of contribution made to 4, Choultries, to make good the deficit balances in the sense of the instructions conveyed in rule No. 22 of the new budget rules. The financial condition of these institutions is so bad that it is not possible to make good the amount from receipts of future years. The amount is therefore taken as *contribution* from General Revenues.

9. *Allotment from District Funds.*—A sum of Rs. 3,100 is entered under this head. The necessity for this is explained in paragraph 58 of the Vice-President's report and statement No. VIII, "Union—Budget Estimate of the Unions." The other items have been sufficiently dealt with in the Vice-President's report and call for no special remarks.

10. The total assets of the year, excluding opening balance, is estimated at Rs. 4,15,930 against Rs. 3,82,772, the revised estimate for 1885-86, the chief item of increase being the collections under "House-tax."

11. *Expenditure—Grant I.*—A sum of Rs. 51,000 is provided for "New Works," and a sum of Rs. 1,32,760 is provided for "Repairs." Under new works, a sum of Rs. 24,000 for "Communications" and a sum of Rs. 27,000 for "Buildings" have been provided. The nature of these new works and the necessity for their construction have been explained with sufficient clearness of detail in paragraphs 60—62 of the Vice-President's report. The sum set apart for "Repairs" includes a provision of Rs. 10,000 for "Avenues" under "Miscellaneous Public Improvements." The necessity for greater attention being paid to the improvement of avenues has been brought to notice in my letter giving cover to the budget for 1885-86. Increased provision has accordingly been made. A sum of Rs. 23,060, including travelling allowance, is provided for the Local Fund Engineering establishment against Rs. 22,120 according to the revised estimate. The increase is due to the inclusion of Rs. 756, the pay of store watchers hitherto erroneously charged to "Works," and to Rs. 180, the pay of a storekeeper proposed to be appointed. The cost of supervision is 13·8 per cent. of the proposed outlay on works by the Local Fund Engineering establishment, including contingencies. The other items do not call for any remark. The total expenditure under Grant I is Rs. 2,10,490.

12. *Grant II—Education—Inspection.*—A sum of Rs. 5,000 is provided for inspection. The charge is shown under District funds in accordance with the instructions in the new budget rules. Of this amount, Rs. 3,710 forms the pay of ten Inspecting schoolmasters as detailed below :—

			RS.
Four	Inspecting schoolmasters on	Rs. 35	1,680
One	do. schoolmaster on	„ 32	384
Two	do. schoolmasters on	„ 30	720
One	do. schoolmaster on	„ 27	324
Two	do. schoolmasters on	„ 25	600
		..	3,708
		or	3,710 in round numbers.

13. *Normal School.*—The provision for Normal schools is in excess of the budget grant for the current year by Rs. 760. The provision made for salaries of masters of the combined system schools, for results grants, for purchase of prize-books, and for stipend to agricultural students—the only other charges under Grant II—is in excess

of the actuals of 1884-85. The noticeable item under Grant II is the contribution of Rs. 600 proposed to be made to the Madura Farmer's Club for demonstration farm purposes. The object is the education of the ryot and the dissemination of agricultural knowledge, and, as such, has the entire approval of the District Board. The total expenditure under Grant II amounts to Rs. 37,810, which represents an increase of Rs. 4,155 over the actuals of 1884-85 and which is considered amply sufficient for the requirements of the budget year.

14. *Grant III—Medical Services, &c.*—It is proposed to establish a major dispensary at Tándikudi in Palni taluk and two minor dispensaries—one at Sáptúr in Tirumangalam taluk and the other at Nattam in Melúr taluk. These places are notoriously feverish centres, where the absence of institutions of the kind now proposed is a crying want. Funds have been obtained by the abolition of the Kodaikánal dispensary as a Local Fund institution and by the reduction of the Local Fund contributions to the hospitals in the Municipal towns of Periyakulam, Palni, Dindigul and Ramnad, which were unduly high. The entertainment of cooks in the dispensaries at Tirushuli and Uttamapálaiyam appears unnecessary in the light of the remarks made by the Vice-President.

15. *Vaccination.*—The details are given in paragraph 93 of the Vice-President's report.

16. *Sanitation.*—Rs. 15,650 is provided under this head which is considered sufficient for the requirements of the budget year in view of the curtailment of grants hitherto made to the sanitary associations at Palni, Periyakulam and Ramnad.

17. *Contributions to Municipal Dispensaries, &c.*—An important resolution of the Board, passed at a meeting of more than half the members, held on the 18th December, has introduced a much-needed reform in regard to the measure of relief rendered to the now Municipal dispensaries of Ramnad, Palni, Periyakulam and the Mission dispensary at Dindigul. The grant is fixed at Rs. 500 which is equivalent to the cost of a minor dispensary. This is liable to withdrawal if the resources of the Board so require it. This resolution is founded on the principle of relieving Local funds as much as possible from the strain imposed on them for the benefit of classes, which benefit by the rates without tangibly contributing to them. The funds thus liberated will be available for establishment of minor dispensaries in out-of-the-way localities, where their presence would be a blessing.

18. *Contribution to the Madura Farmer's Club on account of a Botanical Garden.*—The design of the garden and the object of the contribution is well explained by the Vice-President in paragraph 102 of his report, and I have nothing more to add to it.

19. The other items have been sufficiently explained in the Vice-President's report and call for no remark. The total expenditure under Grant III is estimated at Rs. 80,560.

20. *Grant IV—Miscellaneous—Local Board's Office establishment.*—The cost of the proposed establishment for the six Taluk Boards and twenty-seven Unions is set down at Rs. 8,820, as per particulars given in paragraph 108 of the Vice-President's report.

21. The District Board's establishment is estimated to cost Rs. 4,490, or Rs. 1,994 more than the cost of the present sanctioned establishment. The necessity for this increase is pointed out in paragraph 107 of the Vice-President's report.

22. *Contributions to Unions.*—For particulars *vide* statement No. VIII. The other items call for no remark. The expenditure under Grant IV is estimated at Rs. 26,670.

23. The total expenditure under all the grants is thus Rs. 3,55,530.

24. Under the above statement of expenditure, it has not been found possible to maintain a reserve of 10 per cent. of the estimated receipts and a further balance of 5 per cent. as required by the rules. Rs. 24,240, which is 5·82 per cent. of the estimated receipts, and Rs. 15,660, which is 3·76 per cent. of the same, are set apart in their stead. The former * is, however, 10 per cent. of the taluk receipts and the latter † 5 per cent. of the same. This margin is, in the opinion of the District Board, considered sufficient.

* 10 per cent. reserve.
† *i.e.*, 5 per cent. balance.

25. The grand total expenditure, including the reserve and the further balance, is thus Rs. 3,95,430.

26. The budget year is expected to close with a balance of Rs. 61,130, as shown below:—

	RS.
Endowment fund	42,251
House-tax	4,600
General fund	14,279
Total ..	61,130

ENCLOSURES.

From M.R.Ry. P. KOTAESWAMI DEVAR Avargal, Rao Bahadur, Vice-President, District Board, Madura, to the President, District Board, Madura, dated 18th December 1885, No. 677.

I have the honor to submit the consolidated budget estimate of the Madura district for the official year 1886-87, together with its accompaniments, as shown below, prepared with reference to the instructions contained in the rules appended to G.O., No. 728 L.F., Financial department, dated 14th September 1885, and to offer the following remarks in explanation of the several entries in the budget:—

10. X. List of Fixed Establishments.
11. Statement of Proposition for Revision of Establishment.
12. Statement showing Allotment of Funds to the credit of Taluk Boards and Unions.
    Do. do. do. to be spent by do. do.
13. Statement showing Particulars of Estimated Receipts of House-tax.
14. Memorandum of Revised Scale of Establishment proposed.
15. District Board's Proceedings, Nos. 257 to 262, 272 and 256, of 1885.
16. Madura District Map showing Local Fund Works, &c.

REVISED ESTIMATE FOR 1885-86.

2. To arrive at an approximate estimate of the opening balance for 1886-87, the usual revised estimate for 1885-86 has been prepared with reference to the actuals of the first six months of the current year and the probable requirements of the last six months.

3. The opening balance of the current year, as per supplemental accounts for March 1884, is Rs. 94,816, as shown below:—

	RS.
Road fund	32,481
General fund	39,163
Endowment fund	23,172
Total ..	94,816

4. *Receipts—Rates and Taxes—Cess on land.*—Land-cess collections are expected to amount to Rs. 2,93,400 against Rs. 3,00,000 in the budget. The demand, collection and balance statement is as shown below:—

	Demand.	Collection.	Balance.
	RS.	RS.	RS.
Arrears	15,900	15,400	500
Current	2,80,000	2,78,000	2,000
Total ..	2,95,900	2,93,400	2,500

5. *Tolls.*—The budget estimate under "Tolls" is expected to be fully realized during the year.

6. *Income from Endowments.*—A sum of Rs. 1,059-10-4 has been credited under the head of "Income from Endowments" on account of dispensaries. This is a portion of the balance of Rs. 2,805-2-7 held in deposit out of the proceeds of the Inam villages of Kumani and Machur, &c., ordered* to be made over for the maintenance of the dispensary at Tiruvadanai. The remaining sum of Rs. 1,745-8-3 has been credited to and shown under "Contributions from Provincial Funds for Choultries."

* *Vide* G.O., No. 1385, dated 16th December 1884.

7. A sum of Rs. 650 is expected from miscellaneous sources noted in the margin†.

† One-fourth of the pay of Medical subordinates recovered from Provincial funds.
Sale-proceeds of unserviceable articles.

8. *Contributions.*—The contributions on account of the following dispensaries, viz., Rs. 2,400, will be realized during the current year:—

	RS.
1. Ramnad Zemindar's contribution for the dispensary at Ramnad ..	1,560
2. Contribution from Rámesvaram Dévastanam for Pámban and Rámesvaram dispensaries	540
3. Contribution towards increase of pay to the Hospital Assistant at Rámesvaram	60
4. Contribution from Gandamanáyakanúr Estate for the dispensary at Vallanadi	240
Total ..	2,400

9. *Interest on arrears of revenue.*—A sum of Rs. 60 only is expected to be realized during the year against the budget allotment of Rs. 300. The decrease is due to a small amount of arrears left consequent on the prompt and vigorous collection of revenue.

10. *Miscellaneous—Contributions.*—A sum of Rs. 4,200 is expected under the head of "Contributions from Private individuals" against Rs. 300 in the budget. The increase is due to the contribution of Rs. 1,290 made by the people of Ramnad towards the construction of the town roads of that town and of Rs. 1,200 expected from the people of Kallimanthayam village of Palni taluk towards the construction of a chattram in their village. The former amount has to be refunded owing to the refusal by the District Board to make an equal grant in view of the formation of a municipality there, recently sanctioned by Government.

11. The choultry and market receipts are expected to be fully realized as estimated in the budget.

12. Fishery rents are expected to be Rs. 20,000 as entered in the budget.

13. *Public Works—Sale of Buildings.*—A sum of Rs. 300 is entered under "Sale of Buildings." This represents the sale-proceeds of a tool shed at Palui ordered by the District Board to be sold.

14. *Sale of old materials, &c.—Miscellaneous.*—A sum of Rs. 145-3-9 has been realized under these heads.

15. *Contribution from Provincial Funds—Education and General purposes.*—The contributions from Government, Rs. 1,300, towards the upkeep of the Local Fund Normal school and Rs. 80 for medicines required for the police sick at Ramnad, will be recovered during the year as expected in the budget.

16. *Choultries.*—A sum of Rs. 9,520-0-4 has been realized during the current year against the budget figure of Rs. 8,430 which is made up of Rs. 7,775, being the money grant, and of Rs. 655, being the miscellaneous receipts of choultries. Of the above sum of Rs. 9,520-0-4, Rs. 7,774-8-1 appertains to the money grant on account of choultries, and the balance of Rs. 1,745-8-3 represents a portion credited to this head of the proceeds of Kumani, Machur, &c., villages attached to the Tiruvadanai dispensary (*vide* paragraph 6 *supra*). The miscellaneous choultry receipts have been, during the current year, shown under the appropriate head "5, Miscellaneous Choultry rents" (*vide* paragraph 11 *supra*).

17. *Contributions from Special Funds—Pound Fund.*—The balance of Pound fund is expected to be Rs. 2,050 against Rs. 1,680 in the budget.

18. The receipts under other items do not call for any special remark.

19. The total receipts, including balance, is expected to be Rs. 4,77,588 against the budget estimate of Rs. 4,76,130, and the increase is due to the excess in receipts under the different heads explained above.

20. *Expenditure—Grant I—Public Works—New Works.*—The allotment under "New Works —Communications," as per revised budget for the current year, sanctioned in Local Fund Board's

Proceedings, No. 267 of 1885, is Rs. 44,760; the allotment under this head from the reserve up to date is Rs. 2,637. The total amount allotted is therefore Rs. 47,397, which will be fully utilized.

21. There is no entry in the budget under "New Works—Civil Buildings," but the subsequent allotments amount to Rs. 3,240.

22. Under "Miscellaneous Public Improvements" the budget allotment of Rs. 3,100 is expected to be fully utilized.

23. *Repairs.*—Under, "Repairs—Communications" the revised budget allotment is Rs 1,45,010, and the allotments up to date under this head from the reserve is Rs. 16,124, making in all Rs. 1,61,134, which will be utilized in full. The sum of Rs. 1,080 allotted in the revised budget under "Repairs—Civil Buildings," together with Rs. 4,357-10-3, being the allotment sanctioned from the general reserve, will be fully spent. Rs. 11,152-7-9 under "Miscellaneous Public Improvements," which is made up of Rs. 9,000, provided in the current year's budget, and Rs. 2,152-7-9, being the subsequent allotments, will similarly be utilized.

24. *Establishment.*—The budget allotment for Local Fund Engineering establishment, viz., Rs. 19,120, will be fully spent. The sum of Rs. 3,000 paid to Mr. Harington is debited to this head, and the total grant is therefore entered as Rs. 22,120. Rs. 5,200, as per revised budget, provided for contingencies, &c., will likewise be fully utilized.

25. *Contributions.*—A sum of Rs. 2,567 has to be paid during the year as "contribution" towards the Pámban-Rámesvaram road now very near completion. Rs. 15,000, provided towards the construction of the Vaigai bridge, will be fully utilized during the current year.

26. The Manamadura toll-gate not having been leased out for want of proper bidders, the District Board in their Proceedings, No. 103 of 1885, resolved to keep it under "Amani" (direct management) during the year and the establishment noted in the margin, costing Rs. 504, or Rs. 500 per annum in round numbers, was sanctioned. The cost of putting toll-bars, &c., to the sub-toll gate and contingencies will be Rs. 100. The sum of Rs. 600 provided towards this expenditure in the revised current year's budget will be fully utilized. It is expected that the income from this gate during the current year will be more than that of last year, considering that the average monthly collections during the past six months amount to Rs. 300. The net income (after deducting expenditure) of the current year will be Rs. 3,000 against Rs. 2,825, the actuals of 1884-85.

	RS.	
One gumastah, at	10	per mensem.
Two do. at Rs. 8 each	16	do.
Four peons, at Rs. 4 each	16	do.
Total ..	42	

27. The unallotted balance of the "Reserve" is Rs. 412 which will be fully utilized during the year.

28. The other items do not call for special mention.

29. *Grant II—Education.*—The budget allotment of Rs. 41,300 under this head is expected to be fully spent.

30. *Grant III—Medical Services, &c.*—A sum of Rs. 8,100 only is provided on account of medical subordinates against the entry of Rs. 10,790 in the budget. The decrease is due to a fourth of the salary of the medical subordinates being borne by Provincial funds.

31. There will be a slight saving in the cost of the supervision of minor dispensaries owing to the transfer of the charge thereof to the District Medical and Sanitary officer. In other respects, the budget allotment is expected to be fully spent. The total expenditure will therefore be Rs. 89,078 against the budget grant of Rs. 91,320.

32. *Grant IV—Miscellaneous—Local Board's Office and Audit establishment.*—The budget provision for the District Board's office establishment will have to be increased by Rs. 200 and that for the audit establishment to be reduced by Rs. 380, the former owing to the entertainment of a translator on Rs. 20, and the latter owing to the reduction of pay of the auditor to Rs. 50 per mensem. The amount of Rs. 700 retained on account of auditor's pay includes pensionary contribution payable to Government at Rs. 8-5-4 per mensem or Rs. 100 per annum.

33. *Contingencies.*—It is not expected that the whole of the amount allotted for travelling allowance to non-official members will be utilized during the year. A sum of Rs. 400 is therefore provided under this head.

34. The total allotment required under Grant IV will be Rs. 9,662-10-4 against the budget grant of Rs. 10,050.

35. A sum of Rs. 3,459-12-3, being the unallotted balance of the "General Reserve," is provided for expenditure during the remaining months of the year.

36. The grand total expenditure under all the heads is therefore expected to be Rs. 4,36,960 against the budget allotment of Rs. 4,37,170.

	RS.
General fund	9,967
Endowment fund	30,660
Total ..	40,627

37. There will therefore be a balance of Rs. 40,627, or Rs. 40,630 in round numbers, at the close of the current official year, as shown in the margin, and this will be taken for the opening balance of the next year's budget.

40. *Rates and Taxes—Land-cess.*—The revenue under this head is expected to be Rs. 2,90,000‡ during 1886-87 against Rs. 2,73,283, the actuals of 1884-85, and Rs. 3,00,000, the estimate for 1885-86. The demand, collection and balance statement is given below:—

	Demand.	Collection.	Balance.
	RS.	RS.	RS.
Arrears	2,500	2,000	500
Current	2,90,000	2,88,000	2,000
Total ..	2,92,500	2,90,000	2,500

Out of the total demand of Rs. 2,92,500, a sum of Rs. 2,90,000 or 99 per cent. is expected to be collected during 1886-87. The current demand is estimated with reference to the actuals of the past three years and in anticipation of the season being favorable during the next official year.

41. *Tolls.*—The revenue under this head is estimated at Rs. 25,000, which is made up of Rs. 15,000, being the rental of the Local Fund toll-gates noted in the margin, and Rs. 10,000, being the contribution from the Madura and Dindigul Municipalities. The Madura Municipality expects about Rs. 25,000 and the Dindigul Municipality about Rs. 6,000 from their gates during 1886-87. The contribution due from them to the District Board will therefore be about Rs. 10,000. No credit is taken of any contribution from the Ramnad, Palni and Periyakulam Municipalities pending the formation of these new Municipal Councils.

42. *House-tax.*—A sum of Rs. 41,000 is expected under this head from the proposed twenty-seven unions of the district as per particulars in the accompanying statement.

43. *Education—Sale-proceeds of Books.*—A sum of Rs. 200 only is expected under this head against Rs. 1,248, the actuals of the previous year (1884-85), and Rs. 1,100, the budget estimate for 1885-86. The decrease is due to the proposal to discontinue the present system of supplying books to the schools through the Inspecting schoolmasters (*vide* paragraph 76).

44. *Medical—Sale of Medicines.*—A sum of Rs. 300 is expected under this head against Rs. 350, the budget estimate of 1885-86, and Rs. 250, the actuals of 1884-85. The slight decrease is due to the transfer of the dispensaries at Ramnad, Palni and Periyakulam to the respective municipalities.

The decrease is due to the fact that the Ramnad Zemindar's donation of Rs. 1,560 will have to go to the Ramnad Municipality. The said sum of Rs. 840 is made up as follows :—

		RS.
(*a*)	Contribution from Rámesvaram Dévastanam for the Pámban and Rámesvaram dispensaries	600
(*b*)	Do. from Gandamanáyakanúr Estate for the Vallanadi dispensary	240

46. *Income from Endowments.*—A sum of Rs. 500 is entered under this head and this is expected to be derived from the Inam villages of Kumani, Machur, &c., attached to the Tiruvadanai dispensary (*vide* G.O., No. 1385, dated 16th December 1884).

47 *Miscellaneous Contributions.*—No credit is taken of any contribution from private individuals, &c., in aid of sanitation and other works, as it is proposed to introduce one uniform mode of dealing with the expenditure from Local funds under this head, viz., that of supplementing local subscriptions and entrusting the funds to local associations, &c., for expenditure, the associations, &c., being required to render periodical accounts for double the amount paid from Local funds.

48. *Choultry Rents.*—A sum of Rs. 10,525 is estimated under receipts from endowments, &c., of choultries with reference to the actuals of previous years. It includes Rs. 1,080, being the amount of contribution taken credit to the institutions as per margin* owing to the deficit balances in their favor (*vide* paragraph 103).

Of the thirty-two weekly markets in the current year's budget, the market at Palayanúr (No. 27) was given up as the land on which it was held was claimed by a private party. It is proposed to introduce the fee system in the two new markets, Nos 17 and 19, during 1886-87.

50. *Bungalow Fees.*—The fees from the two bungalows noted in the margin, which are now under the direct management of the District Board, are estimated at Rs. 350 during 1886-87 with reference to the revised estimate of the current year. The District Board having sanctioned the construction of a rest-house and a cooly-shed at the foot of the Palni hills on the Periyakulam side, a sum of Rs. 150 can fairly be expected from the bungalow in the shape of fees; so the total receipts under this head will be Rs. 500 instead of Rs. 350 as in the current year.

52. *Fishery Rents.*—A sum of Rs. 20,000 is entered under this head with reference to the actuals of previous years against Rs. 17,327, the actuals of 1884-85, and Rs. 20,000, the budget for 1885-86.

53. *Avenues.*—Rs. 3,000 is expected under this head with reference to the actuals of previous years against Rs. 2,500, the estimate for 1885-86, and Rs. 3,962, the actuals of 1884-85.

		RS.
1.	Construction of road from Virudupati to Aruppukóta	4,000
2.	Construction of the Vaigai bridge	15,000
3.	For surveying, &c., the line of steam tramway proposed to be constructed from Madura to Ramnad, *viâ* Sivaganga	5,000
	Total ..	24,000

No. 1 is an important line connecting the cotton-growing parts of the district with the railway station at Virudupati where there are cotton presses established by Messrs. Harvey and Co. and others. Rs. 6,000 has been allotted for this line in the revised budget for 1885-86. Rs. 4,000 is provided in the next year's budget to make up the total estimated expenditure, *i.e.*, Rs. 10,000. This work had been entered in the original budget for 1885-86, but the Revenue Board, while reviewing it, struck it off for want of funds at the time (*vide* Revenue Board's Proceedings, No. 247, dated 26th January 1885).

No. 2.—Rs. 15,000 is provided towards the cost of the bridge over the Vaigai at Madura, the construction of which was sanctioned in G.O., No. 963 L.F., dated 29th October 1885. The revised plans and estimates called for therein have been prepared and sanctioned by the District Board, and they will be submitted very shortly.

No. 3.—It is proposed to construct a line of steam tramway from Madura to Ramnad, *viâ* Sivaganga. The distance of the line is about seventy miles. A sum of Rs. 5,000 is set apart for the survey of the line and the preliminary investigation of the project.

61. *Civil Buildings.*—Rs. 27,000 is provided under this head for the construction of the District Board's office and a rest-house and cooly-shed in Kistnama Nayak's tope at the foot of the Kodaikánal hills. The District Board has no building of its own to hold its office and the meetings. Now, with the consent of the Collector, the Board meets in a small room of the Collector's office; the Vice-President and the Board's office establishment have the use of a small store room of the Collector's cutcherry for holding office. The accommodation is altogether unsuitable and insufficient. No other convenient public building is available in the town, nor is there one which can be rented out. Besides, the Board's Engineer and his office establishment have no good accommodation to hold office in, and they at present occupy a small private building at a monthly rental of Rs. 25, or Rs. 300 per annum. In these circumstances, it is proposed to construct a suitable building at Thallákulam, north of the Vaigai river, which will provide convenient and commodious accommodation for the District Board to hold meetings and for the offices of the Vice-President and the Local Fund District Engineer and of the office establishments. The building is estimated to cost Rs. 30,000, exclusive of the cost of land. The necessity for the construction of the building was already brought to the notice of the Government, who, in their order, No. 425 L.F., Mis., dated 9th July 1885, directed the renewal of the application on the plans and estimates being sanctioned by them.

62. A rest-house and cooly-shed at the foot of Kodaikánal hills are very necessarily required as the visitors to the sanitarium of Kodaikánal very keenly feel the want thereof.

63. *Repairs—Communications.*—Rs. 1,22,760 is provided for road repairs against Rs. 1,69,450, the current year's original budget allotment. The decrease is due to the abolition of the mileage establishments. Enormous sums had been hitherto spent on them with no corresponding advantage. The establishments have therefore been abolished. Instead of the mileage establishment system, the gang system has been introduced for departmental labor. Under this system a certain number of men, under a maistry, is employed in *working together* on every mile of road in turn instead of being allotted to different miles. The superintendence of the coolies is thereby not only rendered easier, but the work turned out is greater.

64. *Miscellaneous Public Improvements.*—A sum of Rs. 10,000 is provided under this head on account of avenues in the district against Rs. 9,000, the budget estimate of 1885-86. The increased provision is made in view to have the avenues widely spread over the district during the next official year. The allotments hitherto made under this head were not properly utilized by the Local Fund Public Works staff whose superintendence of avenues has been a systematic failure. Out of the lump grant of Rs. 9,000 provided in the current year's budget, only Rs. 2,000 and odd were spent during the last seven months, leaving a large balance of Rs. 6,000 and odd to be spent during the remainder of the year. It was therefore considered necessary by the President to divide the balance available among the several Tahsildars and Deputy Tahsildars with instructions to utilize the grant in full before the end of the current year. The sanction of Government for the change of agency is therefore solicited.

65. Rs. 20,060 is provided towards the cost of Local Fund Engineering establishment against Rs. 19,120, the budget estimate of 1885-86. The increase is attributable to the inclusion of Rs. 756, being the pay of store watchers hitherto erroneously charged to "Works," and to the provision of a storekeeper on Rs. 15 per month for the Local Fund Engineer's office establishment.

70. The total expenditure under Grant I is Rs. 2,10,490.

71. *Grant II—Education—Inspection.*—Under this head a sum of Rs. 5,000 is provided for maintaining ten Inspecting schoolmasters. This sum is made up of Rs. 3,710 for pay, and the balance for travelling allowances and contingencies.

72. *Normal Schools.*—The Local Fund Normal school at Madura is estimated to cost Rs. 3,760, as shown below :—

	RS.
(1) Pay of Head Master, at Rs. 45	540
(2) „ of Second „ „ 25	300
(3) „ of Third „ „ 15	180
(4) „ of a peon, at Rs. 5	60
(5) Amount of 40 scholarships, at Rs. 5 each per mensem	2,400
(6) Pay of a gymnastic tutor, at Rs. 5 per mensem	60
(7) Contingencies (including rent of the school-house)	220
Total	3,760

The actuals of 1884-85 were Rs. 1,491 and the revised estimate of 1885-86 is Rs. 3,000. The increase for the budget year is due to increased provision for scholarships and to the raising of pay to the third master from Rs. 10 to Rs. 15, and to the entertainment of a gymnastic tutor on Rs. 5 per mensem, as also to increased provision for contingencies which will be necessary, for the rent will increase in case a larger accommodation is required for the school than the present building.

73. *Elementary Schools—Combined System.*—A sum of Rs. 5,000 * has been provided for maintaining 60 combined system schools against Rs. 3,697, the actuals of 1884-85. Schools Nos. 25, 26, 39, 44, 47, 56 and 58 in statement No. 3 of the current year's budget have been either closed or proposed to be closed. Nos. 40, 41, 42, 46, 47, 49 and 50 in statement No. IV of the budget year are proposed in their stead.

75. *Contributions—Contributions to Provincial Services.*—No provision is made under this head, as the Deputy Inspector of the Periyakulam Range is now paid wholly by Government.

76. *Miscellaneons.*—A sum of Rs. 350 has been provided as in the current year for stipends, &c., of the Local Fund students at the Agricultural College, Madras. No provision is made for purchasing elementary books to be sold by the Inspecting schoolmasters and for commission to them at 15 per cent. on the sale effected, as it is proposed to discontinue the system in vogue of supplying books to the schools through the agency of the Inspecting schoolmasters, the masters of the various schools being required to make their own arrangements with the booksellers to get necessary books for the use of the boys under their tuition. The existence of several book depôts in the district and elsewhere renders every facility for the purchase of books by the teachers themselves. A sum of Rs. 1,000 has been provided under "Prizes" against Rs. 672, the actuals of the previous year. A sum of Rs. 100 is provided for meeting miscellaneous charges such as carriage hire of prize books, &c., during 1886-87. A sum of Rs. 600 is provided for contribution to the Madura "Farmer's Club" for demonstration farm operations during 1886-87.

	RS.
Taluk fund	24,000
District fund	13,810

77. The total expenditure under Grant II, "Education," is thus expected to be Rs. 37,810, which is Rs. 4,155 more than the actuals of 1884-85, viz., Rs. 33,655.

78. *Grant III—Medical Services, &c.—Hospitals and Dispensaries.*—A sum of Rs. 8,610 is privided under "Medical Subordinates" against Rs. 10,790 in the current year's budget and Rs. 11,560, the actuals of 1884-85. A sum of Rs. 3,248 has been provided under "Clerks and

Servants" against Rs. 4,340 in the current year's budget, and Rs. 5,426, the actuals of 1884-85. The reductions under these two heads are due to the exclusion of the dispensaries at Ramnad, Periyakulam and Palni, which will have to be maintained by the respective municipalities.

79. Provision has been made for establishing a dispensary at Thandikudi instead of the one at Kodaikánal, the former being the centre of the several hill villages on the Lower Palnis noted for malarious fever. At present the poor villagers suffer for want of medical aid, and the District Board having already resolved to abolish the Kodaikánal dispensary, they cannot do better than remove it to Thandikudi. This change will not deprive the residents of that sanitarium of the medical aid now available there, as the Government have agreed to defray the charge on account of the salary of Apothecary there from Provincial funds (*vide* G.O., No. 813 L.F., dated 1st October 1885). It is also proposed to open two minor dispensaries—one at Sáptúr in Tirumangalam taluk and the other at Nattam in Mélur taluk. The proposed institutions in these places, situated as they are in feverish centres, would afford immense relief to the inhabitants of the surrounding villages, within an easy distance of which there is at present no such institution. Necessary funds have accordingly been provided for.

80. Provision has also been made for the increase of pay and for charge allowance due during the next official year to the Civil Apothecaries at Sivaganga and Uttamapálaiyam and to the Hospital Assistant at Usilampatti.

81. The District Medical and Sanitary officer recommends the entertainment of cooks for the dispensaries at Tirushuli and Uttamapálaiyam. It is not understood why these two dispensaries cannot have the same staff of servants as other similar small major dispensaries such as Sivaganga, Paramakudi, Devakota, Palni and Usilampatti, each of which has only four servants. All requirements would be amply met by a redistribution of duties among the existing servants. No provision is therefore made in the next year's budget for the increased establishment referred to. For the same reason, the increase of pay proposed for some of the existing establishments in other dispensaries has been disallowed.

82. *Diet of Patients.*—Rs. 1,000 is provided under this head.

83. *Medicines, &c.*—A sum of Rs. 4,240 is provided for medicines and surgical instruments, and it is shown under contributions to provincial services as per Accountant-General's letter, No. 266—L.F.T.A., dated 9th December 1885 (*vide* G.O., No. 1208 L.F., dated 12th December 1885).

84. *Supplies and Contingencies, &c.*—A sum of Rs. 2,220 is provided under these heads against Rs. 2,830 in the current year's budget and Rs. 3,423, the actuals of 1884-85.

85. The reduction in the above three heads is due to the transfer of the three dispensaries at Ramnad, Periyakulam and Palni to the municipalities to be established in those towns during 1886-87.

86. *Rents.*—The provision under this head has been increased by Rs. 260. Of this increase, Rs. 112 is to meet the rent payable to the building used as dispensary at Tiruvadanai, newly opened during the current year, as also to the building to be rented out for the proposed dispensaries at Sáptur and Nattam, and the remaining amount towards the payment of poruppu, &c., to the Sivaganga Zemindar on account of the lands, the proceeds of which have been ordered to be appropriated to the maintenance of the above dispensary under G.O., No. 1385, dated 16th December 1884, Revenue, Miscellaneous.

87. *Midwives.*—A sum of Rs. 1,800, being the pay of fifteen midwives, has been provided as in the current year. Instead of the three women at Ramnad, Periyakulam and Palni dispensaries, provision is made for employing midwives at Elayangudi, Batlagundu and Kilakarai.

88. *Midwifery Pupils.*—A sum of Rs. 150 is provided on account of pay of two midwifery pupils at Rs. 5 each per month and contingencies.

89. *Pupil Compounders.*—A sum of Rs. 120 is provided towards the cost of training two pupil compounders.

90. *Zillah Surgeon's Establishment, &c.*—The establishment, &c., of the District Medical and Sanitary officer costs Rs. 500 as shown in the margin which is accordingly provided for. The pay of the clerk is Rs. 25 per mensem, of which the Madura Municipality contributes Rs. 10.

92. *Medical School.*—The Madura Medical school costs Rs. 6,400 as per revised scale sanctioned by Government in their order, No. 526 L.F., dated 27th July 1885, and this amount is provided in the budget.

93. *Vaccination.*—A sum of Rs. 11,000 is entered under this head with reference to the revised scale recently sanctioned for this district. Under this head there has been effected a saving of Rs. 1,692 as compared with the last year's expenditure under the new scale approved in Revenue Board's Proceedings, dated 31st March 1885, Mis. 94. *Sanitation.*—A sum of Rs. 15,650 is provided under this head, while the actuals of 1884-85 amount to Rs. 17,595. The decrease is principally due to the withdrawal of the heavy grant of Rs. 3,700 to the sanitary associations at Ramnad, Palni and Periyakulam hitherto made.

95. The total number of major and minor dispensaries in this district and the expenditure provided for on account of sanitation are quite sufficient to meet all requirements in the district.

96. *Markets.*—A sum of Rs. 2,000 is provided for conservancy and improvement of the weekly markets in the district. Rs. 1,618 is provided on account of establishment charges. Most of these markets have been leased out during the current year, and the result of this system will be known only at the end of this official year. I have considered it necessary not to provide for a larger grant on account of establishments, &c., under this head. On the other hand, I expect to save very nearly the whole of the grant during 1886-87, if these markets could, with advantage, be leased out instead of being kept under Amani (direct management).

A sweeper on Rs. 5 per mensem is provided for the Kodaikánal chattram. The cost is now borne by the Local Fund Public Works department and charged to "Works," which is irregular. The decrease is due to reduced provision made for expenditure in the institutions as per margin,* owing to insufficient funds at their credit.

98. In paragraph 45 of my Administration Report for 1884-85, I promised to submit a revised scheme for the efficient management of these institutions; but, unfortunately, owing to the unavoidable delay caused towards assuming the management of the Sivaganga Zemindari chattrams and endowments referred to therein, I have not been able to get it up in time for this budget. However, I propose to do it at once independent of it, as we have already enough of institutions under the direct management of the Local Fund Board requiring early reformation. I may mention that the total receipts, including money grants on account of these choultries for 1885-86, amount to Rs. 17,220, and the expenditure amounts to Rs. 13,770, which is distributed as follows:—

	RS.
Establishment	4,720
Feeding charges	6,630
Contingencies	2,420

I quote here one of the glaring instances in which the expenditure under establishment is 121·37 per cent. of the grant made for feeding charges. This is the Kottampatti choultry where Rs. 262 is provided for feeding charges and Rs. 318 for superintending establishment. I may add that this choultry has no village revenue whatever besides the lump money grant of Rs. 869 by Government and a comparatively insignificant rent from a garden attached to it. This state of things is not only preposterous, but positively deplorable. I shall therefore submit my detailed report for a thorough recasting of the whole thing as early as possible.

99. *Public Bungalows.*—The cost of establishment and contingencies on account of the two existing bungalows (Ammayanáyakanúr and Paramakudi) and of the rest-house proposed to be constructed at the foot of the Kodaikánal hills is estimated at Rs. 600 against Rs. 500 in the current year's budget.

100. *Sanitary Inspectors.*—A sum of Rs. 1,080 is provided towards the cost of employment of four sanitary inspectors.

101. *Contributions.*—The contribution to Government on account of sanitary inspection amounts to Rs. 1,860, at half per cent. of the income for 1885-86. A sum of Rs. 100 is entered, as in the current year, towards the contribution to Provincial funds on account of "Cutler's establishment" at the presidency. Rs. 480 is provided for the maintenance of lunatics. Rs. 4,240 is allotted for medicines and surgical instruments, and shown under contribution to "Provincial Services" as per Accountant-General's instructions (*vide* paragraph 83 *supra*). The contribution to the Madura Municipality for sanitary arrangements during "Chittrai festival" amounts to Rs. 200. The cost of dieting patients at the Madura dispensary comes up to Rs. 1,300. Rs. 880 is provided for contribution to the Mission dispensaries noted in the margin. The reduction in the grant to the Mission dispensary at Dindigul, as compared with the last year's figure, which is Rs. 1,850, is due to the District Board having resolved in their Proceedings No. 272 (copy enclosed) to contribute to this dispensary only the equivalent of the cost of a branch minor dispensary. The Board also propose to make a like grant to each of the marginally-noted dispensaries, although situated in municipalities, as the benefits of which will also be shared by the people outside the municipal limits. The grants now provided to these dispensaries (*i.e.*, Dindigul, Ramnad, Periyakulam and Palni) form no permanent charge on the Local funds and are liable to withdrawal as the exigencies of the Board may require, as will be seen from their proceedings.

102. A sum of Rs. 600 is provided towards the establishment and maintenance of a botanical garden at Madura, the formation of which was approved in G.O., No. 786, dated 3rd July 1885, referred to in Revenue Board's Proceedings, No. 2783, dated 1st October 1885. It is proposed to lay out this garden on a portion of the Madura People's Park. This portion measures about half an acre in extent and more land will be added to it in course of time. The garden is chiefly intended for the benefit of the Local Fund students of the local Medical school. It is very desirable that medical men possess a sound knowledge of elementary botany though the subject may not form part of the curriculum of study for the Hospital Assistant's examination. Apart from its usefulness in this direction, it would excite the taste of the general public in the interesting science of botany, and would also be advantageous for general educational purposes. In view of these considerations, the District Board in their Proceedings, No. 256, of 1885, resolved to provide Rs. 50 per mensem towards the formation and maintenance of the garden in question, and hence the above provision.

103. *Miscellaneous—Miscellaneous Endowed Institutions.*—A sum of Rs. 1,080 is entered under this head on account of contribution to the institutions noted in the margin, to make good the deficits thereof under No. 22 of the budget rules. This amount has been taken credit to the institutions referred to under "5, Miscellaneous Choultry Rents" (*vide* paragraph 48).

105. *Grant IV—Miscellaneous—Controlling Establishment at the Presidency.*—A sum of Rs. 2,550 is entered towards the contribution for controlling establishment at the presidency as in the current year.

106. *Establishment in the Collector's Office.*—A sum of Rs. 1,060 is provided under this head, Rs. 700 on account of auditor's pay and contribution payable to Government, and Rs. 360 on account of the cost of account establishment in the Treasury Deputy Collector's office as per revised estimate of the current year.

107. *Establishment in the District Board's Office.*—A sum of Rs. 4,490 is provided towards the cost of this establishment. The increase is due to the revised scale of establishment proposed as per memorandum attached hereto. In consideration of the heavy work that will be thrown on this office in the way of preparing several new statements, budgets and reports and the extra correspondence necessarily involved therein between this office and the Taluk Boards, and also with Government in addition to the several other departments we have to communicate with on

matters connected with these new boards, I think th Government could easily be persuaded to sanction the increase under this head in order to secu the efficient working of the new Act, the rules of which were not known at the time the propo ls contained in the current year's budget were submitted, and I had only a hazy idea of at the nature and quantity of this work would be.

108. It is proposed to entertain the following establishment for the offices of the Taluk Boards and Unions:—

113. *Reserve.*—A sum of Rs. 24,240, *which is 5·82 per cent. of the estimated receipts, is provided for unforeseen expenditure during the year. A further sum of Rs. 15,660, † which is 3·76 per cent. of the estimated receipts, is reserved to meet any deficiency in the year's receipts. 116. In framing this budget, due regard was had to allow of necessary funds being allotted for the Taluk Boards and Unions agreeably to paragraph 2 of G.O., No. 930 L.F., dated 23rd October 1885. Out of the total estimated receipts of Rs. 4,56,560, including the opening balance during the year, a sum of Rs. 1,76,964, as particularized in the annexed statement A, will be transferred to the credit of the six Taluk Boards and Unions. This sum is made up of Rs. 1,43,220, being one-half of the marginally-noted taxes to be transferred to them under section 55 of Act V of 1884, Rs. 16,184, being the amounts of other items appertaining to the Taluk Boards and Unions, and Rs. 17,560, being a portion of the opening balance.

Read District Board's Proceedings, No. 262 of 1885, adjourning the reconsideration of the portion of the budget for 1886-87, providing grants to the dispensaries at Dindigul, Ramnad, Periyakulam, and Palni.

Read also the connected papers.

Resolution.—Proposed by M.R Ry. V. Subbiramaniya Aiyar Avargal, Rao Sahib, B.L., and seconded by C. S. Crole, Esq., President, that the grant provided for the municipal dispensaries at Ramnad, Periyakulam, Dindigul, and Palni in the draft budget for 1886-87 be so altered as to give these institutions the equivalent of the cost of a branch minor dispensary, and that it be understood, in view of the increasing demands on the resources of the board, the said grant is made for one year only, and that if it be repeated it be considered purely in the light of temporary assistance liable to withdrawal whenever the exigencies of the Board so require.

Carried unanimously.

From E. TURNER, Esq., President, District Local Board, Madura, to the Chief Secretary to Government, dated Madura, 23rd January 1886, No. 8.

I have the honor to retransmit the petition of the Rev. Dr. Chester, dated 16th December 1885, No. 83, referred to me for report with the following remarks.

2. In the district board's budget for 1886-87, which was submitted from this office on the 9th instant, the annual contribution to the Mission dispensary at Dindigul was reduced from Rs. 1,850 to Rs. 500. This subject is referred to in paragraph 17 of the President's letter giving cover to the budget.

3. The principle on which this reduction was made and which apparently weighed with the district board, is explained at length in a note of Mr. Crole to the Vice-President, bearing date the 2nd December 1885, copy of which is submitted for the information of Government. A copy of the district board's resolution on the subject has been submitted with the budget.

4. The mahazar, referred to by Dr. Chester, was addressed to the Collector. This appears to have been forwarded to the chairman of the Dindigul municipal council for an expression of its views, and on the resolution of the council quoted in the petition, the mahazar was dismissed by Mr. Crole. It had for its object the withdrawal of the Municipal and Local Fund grants and the establishment of a dispensary under secular agency.

5. These are the facts as they appear from the records: but I may, perhaps, be allowed to remark that I differ somewhat from Mr. Crole in his views as stated in the enclosed letter. It seems to me rather unfair to treat the Dindigul institution as a mere branch dispensary. At any rate, if it is finally decided to treat it as such and reduce the grant to the limit entered in the budget, the board must be prepared for the inevitable result, viz., the ruin of the institution. It is most unlikely that Dindigul municipality will be able to raise the additional sum required to make up the amount withdrawn without imposing additional taxation, which must press hard on the inhabitants of the town, and Dr. Chester does not encourage us to expect the American Mission will make good the deficiency. Surely such a result is to be deprecated on every ground. Dr. Chester gives his services gratuitously. He has to his credit a sum total of many years' experience in and about Dindigul. Every Collector, who has been to this district during my time, has always spoken most highly of Dr. Chester and his disinterested services in respect of the Dindigul dispensary. I have always heard, and the proceedings of the Dindigul municipality, quoted in Dr. Chester's letter, go far to prove that the public respect Dr. Chester and have confidence in his cure and treatment.

6. With regard to paragraph 6 of Dr. Chester's letter under report, there can be little doubt that the members of the Local Fund board voted at the special meeting in accordance with the wishes of the President. Mr. Crole's views are embodied in his letter (note), and he appears to have urged these views very forcibly at the meeting. But what contributed effectually to the adverse vote against Dr. Chester appears to be that the minds of some of the important members were prepared to view Dr. Chester's work with disfavor, consequent on Mr. Crole having no confidence in Dr. Chester's figures. He has, I understand, in a measure impeached at the meeting Dr. Chester's figures as incorrect and unreliable, referring the members at the same time to an incident brought to light in an inquiry held by Surgeon-General Furnell in 1884 in connection with the Mission dispensary at Madura. I cannot find that Dr. Chester has ever at any time been called upon to explain any discrepancy in the figures entered in his books, either in Madura or Dindigul, certainly not in the latter, and yet it is quite clear to me from Mr. Crole's letter and from what he urged at the special meeting, that this question of figures was one of the main reasons given for discrediting Dr. Chester's and all his work in connection with the Dindigul hospital. There was plenty of time to have called upon Dr. Chester to explain his accounts if the President distrusted them.

7. I have already in another paper * put on record my protest against the discontinuance of the Local Fund grants to Ramnad, Periyakulam, and Palni dispensaries, and I can only say that, in my opinion, Dr. Chester has made out a good case.

8. I beg in conclusion to call attention to the following remarks † of the Sanitary Commissioner, Dr. Bidie, made in his notes of recent inspection of the Dindigul municipality:—

* *Vide* my remarks on the budget of the Periyakulam Municipality submitted on the 20th instant.

† The official copy of the report has not been received in this office, and these remarks are taken from a communication made to me by Dr. Chester.

Hospital.—"While employed as Secretary to the Surgeon-General, prior to the reorganization of 1880, I became intimately acquainted with Dr. Chester's work, and have always taken an interest in it. The medical school has now been transferred to Madura, but he still carries on his other medical work with much energy and success. The cottages for caste patients are well appreciated, and his other arrangements are in harmony with the domestic habits of the people. The new dispensary erected by the American Board of Foreign Missions is a spacious building, admirably arranged and equipped. Dr. Chester is doing thoroughly good work here, and deserves encouragement."

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 1st February 1886, No. 55.

I have the honor to state that the provision made in Grant III of the budget estimate of the district board of the Madura district for the year 1886-87 for the maintenance of the dispensaries, including the three institutions proposed to be opened at Thandikudi, Sáptúr, and Nattam, is adequate.

2. The sum of three-fourths of the salary of the medical subordinates required for the new dispensaries referred to is provided. Sanction of Government is necessary for the other one-fourth.

3. The other items call for no remarks, the Vice-President, District Board, having explained the variations between the current year's grant and the estimate.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 5th February 1886, No. 181.

I have the honor to report, for the information of Government, that the Madura District Board have made a provision, exclusive of the charge for sanitary inspection, of only Rs. 15,650, or 16·2 per cent. of available income, for the year 1886-87 for the sanitary requirements of the district. This is below the grant for the current year by Rs. 6,850, and the reduction is chiefly owing to the withdrawal of the heavy grants hitherto made to the sanitary associations at Ramnad, Palni, and Periyakulam. It may, however, be accepted for the purposes for which it is intended, viz.:—

	Rs.
Improvement of water-supply	3,600
Do. of village-sites	1,000
Conservancy	10,000
Fairs and festivals	400
Other sanitary outlay	650
Total	15,650

2. The vaccination grant amounts to Rs. 11,000 against Rs. 12,530 the grant for the current year. A saving has been effected by the new scheme for the better working of the vaccine department—alluded to in the covering letter forwarding the budget estimate for 1885-86—being put into force in the current year. Hence a smaller provision has been made for vaccination for the year 1886-87.

From D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 6th February 1886, No. 804.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the District Board, Madura, for 1886-87.

2. *Receipts.*—The educational receipts, including one-sixth land-cess, are estimated at Rs. 50,410. No credit has been taken for grants from Provincial funds on account of the combined system schools, probably as these schools are not strictly Local Fund schools, but aided from Local Funds on the combined system. For reasons stated in paragraph 8, Rs. 1,000 should be added to the estimate under Sale-proceeds of books to elementary schools.

3. *Charges.*—The charges proposed aggregate Rs. 37,810 against Rs. 41,300 the sanctioned estimate for the current year as shown below :—

	Estimate, 1885-86.	Estimate, 1886-87.
	Rs.	Rs.
Inspection	5,150	5,000
Training schools	3,000	3,760
Local Fund schools	5,780	5,000
Results grants	24,000	22,000
Miscellaneous	3,370	2,050
Total	41,300	37,810

4. *Inspection.*—Rs. 5,000 are provided under this head against Rs. 5,150 in the current year's budget. The allotment seems adequate with reference to the actuals of 1884-85.

5. *Training Schools.*—The increased provision for the normal school at Madura has been explained. The board propose to raise the number of stipends from 30 to 40, but the Inspector considers that the number should be fixed at 60 in view of the demand for trained teachers in the district. I beg to suggest that the number of stipends be raised to 50, as this number, supplemented by the stipends that may be instituted by the municipalities in the district, will bring up the number to the Inspector's figure.

6. *Local Fund Schools.*—The board having resolved to maintain, as in the current year, 60 combined system schools, provision of Rs. 5,000 has been made in the budget, which appears to be sufficient under the new Grant-in-aid Code.

7. *Results Grants.*—The allotment for results grants (Rs. 22,000) is Rs. 2,000 less than in the current year's budget. As the board will have to incur additional expenditure on results grants for infant standards, I beg to recommend that the figures of the current year be repeated.

8. *Miscellaneous.*—No provision has been made in the budget for the purchase of books and for commission on the sale of books, as the board have resolved to do away with the system in vogue of supplying books through the agency of the inspecting schoolmasters. The Inspector considers that this step will prove detrimental to the cause of primary education, as the schools in outlying parts will find it very difficult to procure books, and recommends that the sum of Rs. 1,000 provided in the budget for prizes to village schools be utilized for the purchase of books to be sold through the agency of the village schoolmaster. As the system of giving prizes to village schools exists in one or two districts only, and as there does not appear to be any necessity for such special encouragement, I beg to support the Inspector's recommendation. For the "commission on sale of books," Rs. 180 should be entered, being 15 per cent. on the total estimated receipts (Rs. 1,200).

9. The total charges, if the recommendations above made be accepted, will be Rs. 40,590 against Rs. 41,300 the sanctioned grant for the current year, and Rs. 51,410 the estimated assets of 1886-87.

From E. TURNER, Esq., President, District Board, Madura, to the Chief Secretary to Government, dated Madura, 10th March 1886, No. 11.

I have the honor to state that in the consolidated budget estimate of the district board for 1886-87, submitted with this office letter, No. 1, dated 3rd January 1886, a sum of Rs. 500 was provided as contribution towards the upkeep of the dispensaries

situated in the newly-constituted municipalities of Periyakulam and Ramnad. Application having been since made by these municipal councils for increased contribution, with reference to paragraph 2 of G.O., dated 5th February 1886, No. 108 M., Financial, the district board have, in their Proceedings, No. 102 of 1886 (copy enclosed), resolved that the grants to the dispensaries in question be continued as heretofore. The sums thus sanctioned are Rs. 2,000 and Rs. 2,500 for Periyakulam and Ramnad municipal councils respectively, the excess over the original budget provision, *i.e.*, Rs. 500, being met from the allotment of Rs. 20,000 provided for the construction of the proposed district board's office, Madura.

2. I have the honor therefore to request that in the budget statement I-B the figure Rs. 1,500, entered against item (*h*) (2) "Contributions to the municipalities at Ramnad, Periyakulam, and Palni on account of dispensaries," under Grant III, be raised to Rs. 5,000, and that the provision Rs. 20,000 against item "New Works, Civil Buildings," be reduced to Rs. 16,500.

ENCLOSURE.

PROCEEDINGS of the District Board, Madura, passed at the Special Meeting held on Thursday the 4th March 1886.

* * * *

Proceedings No. 102 *of* 1886.

Read endorsement of the Collector and President, dated 17th February 1886, No. 44, on G.O., No. 108 M., Financial, dated 5th idem, requesting to be informed, at a very early date, the exact amount of the increased contribution payable by the district board towards the upkeep of the dispensary at Periyakulam, with reference to paragraph 2 of the Government order.

Read also endorsements of the Collector and President, Nos 60 and 61, dated 24th February 1886, on letters, Nos. 10 and 9, dated 20th idem, from the Chairmen, Municipal Councils of Ramnad and Periyakulam respectively.

Resolution.—Resolved that the grant for Periyakulam dispensary be continued as heretofore, viz., Rs. 2,000. The difference is to be met from the allotment provided in the budget for 1886-87, for the construction of the proposed new office for the district board and engineer.

Resolved also that the grant be continued as heretofore for the dispensary at Ramnad, viz., Rs. 2,500. The difference is to be met from the source pointed out above.

From E. TURNER, Esq., President, District Board, Madura, to the Chief Secretary to Government, dated Madura, 18th March 1886, No. 12.

In continuation of this office letter, No. 11, dated 10th instant, I have the honor to state that the district board have, in their Proceedings, No. 105 of 1886 (copy enclosed), increased the grant of Rs. 500 originally sanctioned by them and provided in the consolidated district board's budget estimate for 1886-87 towards the upkeep of the dispensary at Palni, by Rs. 1,000 with reference to paragraph 4 of G.O., dated 27th February 1886, No. 202 M., Financial, reviewing the budget of that municipality. The additional contribution thus made is to be met from the allotment of Rs. 20,000, provided in the budget for 1886-87 towards the construction of the district board's office, Madura. I have the honor therefore to request that the sum of Rs. 1,500, entered against the marginally-noted item in the budget of the ensuing official year, be raised to Rs. 6,000 instead of Rs. 5,000 referred to in the letter quoted above, and that the allotment of Rs. 20,000, on account of the proposed board's office shown against "New Works, Civil Buildings," in the column "District," be reduced to Rs. 15,500 instead of Rs. 16,500 alluded to in the above letter.

Statement I-B—Grant III—Item (*h*) (2).—"Contributions to the municipalities at Ramnad, Periyakulam, and Palni on account of dispensaries."

ENCLOSURE.

Proceedings No. 105 *of* 1886.

Read endorsement of the Collector, dated 11th March 1886, No. 80, on G.O., No. 202 M., Financial, dated 27th February 1886, requesting to be informed, at a very early date, the exact amount of the increased contribution payable by the district board to the municipal council of Palni, with reference to paragraph 4 of the Government order.

Resolution.—Resolved that the grant be increased by Rs. 1,000, which is to be met from the allotment provided in the budget for 1886-87, for the construction of the proposed district board's office, Madura.

2. *Revised Estimate for* 1885-86.—Excluding debt heads, the actual opening balance was Rs. 94,424, being approximately the amount entered in the budget. Current receipts were estimated at Rs. 3,82,772 against Rs. 3,81,640. Under Land-cess there is a decrease of Rs. 6,600, which is ascribed to the revision of the demand; but this is more than counterbalanced by the increase under other heads, especially under Contributions from private individuals. Under the latter head are included certain contributions, amounting to Rs. 1,290, from the inhabitants of Ramnad for the maintenance of the town roads. These, the Vice-President observes, it will now be necessary to refund, owing to the constitution of the Ramnad municipality. The sanction of Government should have been obtained for the sale of the tool-shed at Palni. Under Grant I there is an increase of Rs. 9,750 over the budget provision, due to subsequent allotments. A sum of Rs. 3,872, being the unallotted portion of the reserve, is set apart for unforeseen charges during the remainder of the year; but as no allotments have since been sanctioned from this source, the amount will be added to the balance. Under Grant III the contribution for sanitary inspection, calculated at ·5 per cent. of the actual receipts for 1884-85, should be Rs. 1,790. Sums of Rs. 36 and Rs. 20 respectively are provided for temporary establishments employed in scrutinizing the accounts of the Sivaganga chattram and in superintending the villages attached to the Tiruvadanai dispensary. These allotments doubtless represent actual expenditure and cannot now be struck out, but the sanction of Government should have been obtained before the establishments were entertained. The balance to be carried forward in the current year's budget is Rs. 44,217, or in round numbers Rs. 44,220, of which Rs. 30,660 appertain to endowed institutions. Of the latter sum it is

proposed to credit only Rs. 17,560 to taluk funds, but in the absence of special reason to the contrary, the whole of the balance relating to endowments should be credited to taluk funds and the remainder to the district fund.

3. *Budget Estimate for* 1886-87.—Excluding these balances, the receipts are estimated at Rs. 4,12,830 against Rs. 3,81,640 in last year's budget. The yield of the land-cess is estimated at Rs. 10,000 less than in the budget for 1885-86, owing to the comparatively small amount expected to remain in arrear at the beginning of the year. Of the total collections (Rs. 2,90,000) under this head, it is proposed to credit Rs. 1,63,900 to the district fund and the remainder to taluk funds. This is contrary to section 55 of the Act, under which the taluk boards must receive not less than one-half of the proceeds of the taxes levied. As the whole of the collections (Rs. 15,000) under the House-tax will be credited to taluk funds, the proceeds of the land-cess will be divided as follows:—

	RS.
District fund	1,52,500
Taluk funds	1,37,500

The estimate under Tolls will be raised by Rs. 3,030 being the amount of the contributions payable by the municipal councils of Ramnad and Palni, which have not been taken credit for in this budget. Credit is taken for a revenue of Rs. 41,000 under House-tax with reference to the total number (27) of unions in the district; but as it has since been decided to impose the tax in six or eight unions only for the present, the estimate will be reduced to Rs. 15,000, the whole of which should be credited to taluk funds. As suggested by the Director of Public Instruction the estimate under Sale-proceeds of books will be raised by Rs. 1,000. The receipts from the sale of medicines, choultry rents, market fees, and the contribution from Provincial funds on account of choultries it is proposed to divide in varying proportions between the district and taluk funds. Such receipts should be credited entirely to Taluk funds. The remaining receipts under "5, Miscellaneous," should also, as a general rule, be credited in the same way. As, however, this would in the present instance involve a deficit under the District fund, these receipts will be credited to the latter fund in order to provide an adequate closing balance. Under Choultry rents, a sum of Rs. 1,080 is shown as a contribution from general to choultry funds, and the same amount is also shown under Expenditure as a charge on general funds. Both entries are unnecessary in statement I, and will accordingly be struck out.

4. Under Grant I Rs. 46,500 are provided for the following new works, all of which, with the exception of the second, are as yet unsanctioned:—

	RS.
(1) Construction of a road from Virudupati to Aruppukóta ..	4,000
(2) Do. of a bridge over the Vaigai river at Madura ..	15,000
(3) Surveying the line of steam tramway from Madura to Ramnad ..	5,000
(4) Construction of the district board's office at Madura	15,500
(5) Do. of a travellers' bungalow at Krishnama Naik's tope.	7,000
Total ..	46,500

Of these works the fourth must be struck out in order to allow a sufficient reserve and balance under the district fund. For a similar reason in relation to taluk funds the allotment for the bungalow at Krishnama Naik's tope will be reduced to Rs. 4,500. For the repair of communications Rs. 1,22,760 are provided against Rs. 1,69,450 in last year's budget, the reduction being stated to be due to the abolition of mileage establishments and the introduction of the gang system. The proposed transfer of avenues, the provision for which should be debited entirely to taluk funds, to the care of the Revenue Department, is approved. The cost of the Local Fund engineering establishment is estimated at Rs. 20,060 against Rs. 19,120 in last year's budget, and it is explained that the increase is due to the entertainment of a store-keeper on Rs. 15 *per mensem*, and to the provision now made for store-watchers whose pay has hitherto been charged to works. The proportionate cost of the Local Fund engineering

establishment, tools and plant, and contingencies, chargeable to the district and taluk funds respectively, will now be as follows :—

	District fund.	Taluk funds.
	RS.	RS.
Local Fund Engineering establishment	18,680	4,380
Tools and plant	750	170
Contingencies	1,820	430

5. The proposed provision for education is Rs. 37,810 against Rs. 41,300 in the budget for 1885-86. The decrease occurs under Purchase of books and Results grants. On the recommendation of the Director of Public Instruction the allotments for normal school scholarships and for results grants will be raised from Rs. 2,400 and Rs. 22,000 to Rs. 3,000 and Rs. 24,000 respectively, the allotment of Rs. 1,000 for prizes in village schools appropriated to the purchase of books, the sum of Rs. 180 provided for commission on their sale, and the provision of Rs. 100 for the carriage of prize books struck out. All charges connected with elementary schools must be met from the funds of the taluk boards in whose care they are. A sum of Rs. 600 shown under "Miscellaneous" as a contribution to the Madura Farmers' Club for agricultural demonstrations will be struck out, as the Government are not satisfied that this is a legitimate charge on Local Funds.

6. It is proposed to open a major dispensary at Thandikudi and to establish two minor dispensaries at Sáptúr and Nattam. These proposals must be disallowed for want of funds. With regard to the Kodaikánal dispensary a moiety (Rs. 340) of the incidental charges, excluding the salary of the apothecary, should be provided as a contribution, the remaining moiety being provided by local subscription, in accordance with the arrangement originally proposed by the district board and sanctioned by Government (G.O., dated 1st October 1885, No. 813 L.F.). Excepting charges connected with the District Medical officer's establishment the whole of the expenditure under Hospitals and Dispensaries will be debited to taluk funds with reference to G.O., dated 3rd December 1885, No. 1155 L.F. For vaccination the budget figure (Rs. 11,000) of last year is repeated, while for sanitation Rs. 15,650 are provided against Rs. 22,500 in 1885-86. The decrease in the latter case is ascribed to the discontinuance of the grants hitherto made to the sanitary associations of Ramnad, Palni, and Periyakulam, and to the reduction of the allotments for other purposes, the cause of which is not explained. It is noted, however, that the Sanitary Commissioner considers the total provision adequate. The whole of the allotments for sanitation, markets, and choultries will be debited to taluk funds. The President is requested to submit a revised budget for the unions. The contribution to Provincial funds on account of sanitary inspection should be Rs. 1,910. At the suggestion of the late President, Mr. Crole, the district board have reduced the usual contribution of Rs. 1,850 for the Mission dispensary at Dindigul to Rs. 500 in view to provide funds for the establishment of minor dispensaries in remote localities. As, however, the effect of this change would probably be the closing of the dispensary, which is admitted to be doing excellent work, and as the district of Madura is already fairly supplied with minor dispensaries, the provision will be raised to the usual sum of Rs. 1,850. The whole of the contributions to municipalities under Grant III will be transferred to taluk funds. It is observed that Rs. 600 are provided as a contribution to the Madura Farmers' Club on account of the botanical garden, sanctioned in G.O., dated 27th November 1885, Mis. No. 1118 L.F. The sum of Rs. 50 per mensem was not sanctioned as a contribution to the Farmers' Club, which was not even mentioned in the resolution of the district board or the President's covering letter, but as expenditure to be incurred by the district board itself. It will, therefore, be transferred from "Contributions" to "Miscellaneous." Steps should be taken to procure the transfer of the necessary land to the district board, if it is not already their property, pending which no expenditure must be incurred.

7. Turning to Grant IV, it is observed that the provision for controlling establishments at the presidency should be Rs. 2,770, the amount paid in 1884-85. For local board's office establishments Rs. 13,310 are provided, of which Rs. 4,490 are debited to the district fund and Rs. 8,820 to taluk funds. The Government are of opinion

that the revised scale of establishment proposed in the Vice-President's memorandum is needlessly expensive, and that the following establishment should suffice :—

	RS.
1 Head Clerk	70
1 Clerk	40
1 Do.	30
1 Do.	20
2 Clerks, at Rs. 15 each	30
1 Translator	10
1 Dufterbund	10
1 Muchi	18
3 Peons, at Rs. 6 each	5
1 Sweeper	
Per mensem ..	263
Per annum ..	3,156

The above scale is sanctioned accordingly, and the provision under this head will be reduced to Rs. 3,160. Sanction is also accorded for the entertainment of a clerk on Rs. 15, with an attender on Rs. 8, and a peon on Rs. 5 for each taluk board; and a clerk on Rs. 10, with a bill-collector on Rs. 7, and a peon on Rs. 4 for each panchayat. The bill-collector will, however, be employed only in unions in which the house-tax is levied.

8. It is proposed to transfer a sum of Rs. 3,100 from taluk funds as a contribution in aid of certain unions, and credit is taken for the same amount on the receipt side of the budget. As this entry is unnecessary in the present budget, it will be struck out of both sides of the account. The budget, as modified by Government, provides a reserve of Rs. 38,980 representing 10 per cent. of the receipts, and closes with a balance of Rs. 62,790. The balance under the district fund (Rs. 7,770) is nearly 3·7 per cent. of the receipts, and that under taluk funds, excluding the endowment fund balance of Rs. 42,250, is Rs. 12,770, or 8·3 per cent. of the receipts, excluding receipts connected with endowed institutions.
