READ—the following papers :—

From Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 10th May 1886, No. 137 E.W.

I have the honor to bring to your notice that the Examiner of Public Works Accounts takes objection, under paragraph 1090 of the Public Works Code, to the employment of a maistry on more than one work and to the debit of his pay rateably against the provision for petty supervision in the sanctioned estimates for those works ; and suggests that, in such cases, the sanction of Government should be obtained for the entertainment of maistries under the head "temporary" establishment, with reference to paragraph 192, and their pay charged off accordingly.

2. If this system be followed, the provision made in the estimates of the Nilgiri division for petty "supervision" will be left unutilized, and the pay of maistries employed on the works will have to be met from the budget provision for temporary establishment.

3. The system hitherto followed has caused no inconvenience, and if the Government are not prepared to modify code, paragraph 1090, as proposed by the Executive Engineer, Nilgiris, in the copy of his letter, No. 3015, of 5th March, herewith forwarded, I beg to submit a proposition statement for the entertainment of temporary maistries for the Nilgiri division for the current official year, amounting to Rs. 1,560.
