No. 2645

SUPERINTENDING ENGINEER'S OFFICE,
V CIRCLE, MADRAS,
Chepak, 4th September 1886.

From

THE SUPERINTENDING ENGINEER,
V CIRCLE,

To

THE Chief Engineer
P.W. Department.

SIR,

Enclosures. 9

With reference to your
Memorandum No. 395 D
dated 13th July 1886, I have the
honour to state that it appears
from the papers in possession
of Hatcherman Nainan that
he was appointed by Mr. F.
C. Black. Engineer of the
Archaeological Survey De-
partment on a pay of Ru-
pees 5 per mensem and given
a badge bearing the inscrip-
tion "Preservation of Nation-
al

Heed in P.W.

National Monuments P.W.D.
3
that he had instructions to
keep the Monuments clean
and safe from damage,
that he was receiving his
pay regularly for a
few months and after-
wards that ^{he} was allowed
to fall in arrears and was
remitted to him at different
times in lump sums, by
Postal Money orders from
the Archaeological Engineer,
that he received the last
payment on the 9th July 1885.
He has in his possession ori-
ginal letters from the
Archaeological Engineer
No. 253 of 14th June 1884 and
No. P.C. of 9th November 1884
promising to send him the
arrears of his pay shortly
but the dates of these letters
are

are far anterior to that of
the last payment he re-
ceived - viz in July 1885.
The Hatchman states that
pay is due to him from July
1885 - i.e. for 14 months to
end of August 1886. I have
given instructions to Exe-
cutive Engineer to pay him
to the end of current financial
year out of grant for Civil
Buildings Repairs.

2. As cattle have
been frequently seen by
Temporary Assistant En-
gineer: R. Vythianatha Iyer
taking shelter in the caves
and Mantapams in rainy
weather and also grazing on
the Kistnamantapam.
To prevent this - and also
cattle, boys - and others
tampering with the monu-
ments

monuments and repairing
the fences, the employment
of a Watchman is necessary

I return the 9 enclosures
received with your Memo
No. 395 D dated 13 July 1886.

I have the honor to be
Sir,
Yours Most Obedt Servt

Wm Austin Secy R.C.
