Sir,

In reply to your letter No. 661,
dated 12th ultimo Enquiring why the land
in Kanathur, in Chingleput Taluk, which
were not taken up under the Land
Acquisition Act X of 1870 were made
over to the Public Works Deptt. before
the Settlement of Compensation, I have
the honor to report as follows: -
2. In the Taluk which was sent to
the Tahsildar at the onset directing
the Submission of the measurement
account he was requested to make
over to the Public Works Department
only waste and Poramboke land. But
it would appear that when the Rev.
Inspector made over these lands to the
Sub Divisional officer in July last,
the latter wanted the puttal land
also to be transferred and gave a
receipt for the whole extent which is
Enclosed.

3. On the Tahsildar pointing out
that

Order

that this was irregular and requesting
a revised receipt for the waste and
poramboke only, the Sub Divisional
officer said that, as he had Entered
on and begun work, he could not
now acknowledge receipt for waste
and poramboke only.

SIR,

Enclosures. 2

In returning your Endorsement
No. 88 D. dated 5 May 1886, I have
the honor to report that no lands
in the Village alluded to, have
been taken up for Works, in the
Chingleput Division. These
lands have been taken up
apparently by the Buckingham
Canal Division

I have the honor to be
Sir
Yours Most Obedt Servt.

W. H. Burton

Superintd Engineer

From the Tahsildar's letter no 59 d/25th June
1885 (vide copy marked A) you will observe that
the Tahsildar requested me to take over Taram
and Poramboke lands as the Revenue Inspector

had "completed the measurement of the lands required for the Canal in the villages of Moothoocandoo and Kanathur" that in my letter No 294 of 29th June 1886 (vide copy marked B) I stated that the locksplit were defaced by the villagers and as soon as relocksplit I would take over, that in my letter No 341 dated 13th July 1885 (vide copy marked C) I requested the Tahsildar to send the Revenue Inspector to hand me over the lands, that finally the lands were handed over to me on the 26th July 1885.

According to schedules submitted by me the total acreage in Moothoocandoo is 60.56 and in Kanathur is 41.00 total 101.56 whereas the receipt is for Moothoocandoo 62.45 and Kanathur 48.08 total 110.53 or a difference of 9 acres. Now had I entered the puttah lands as stated by the Deputy Collector, I would have done so according to the schedules instead of by the Revenue Inspector's accounts (the discrepancies I brought to notice of Deputy Collector in my No 844 dated 23rd December 1885) nor would the Revenue Inspector have signed the receipt which he has done if puttah lands were included when ordered to hand over only waste and Poramboke lands I simply entered the figures at the Revenue Inspector's request and from his accounts

Again from the Tahsildar's letter No 328 dated 27th August 1885 (vide copy marked E) it would appear that he accepted the receipts as it accorded with his No 59 of 25th June 1885 and forwarded the said receipt to Deputy Collector who returned it as compensation was not settled. I was then requested by the Tahsildar not to enter on the land, but as I had entered on possession a month previously commenced work the Contractor collecting coolies and making advances and as the rainy season was close at hand and high ground wanted to work on (the Poramboke lands being submerged during October, November and December) and as the work people would be dispersed and contractors probably make claims against the Government for advances made by them, I was unable to comply with the Tahsildar's request.

Taram lands are Pattah or Inunjah lands and the villagers informed me they received orders not to cultivate them as they were to be handed over to the Canal.

I would draw your attention to my letter No 512 d/2^d September 1885.
