The Government
regret that no funds
are at present avail-
able. The repairs
absolutely necessary
for the preservation of
the building should
be undertaken in
anticipation of funds
being provided later
in the year. The S. & E.
will in the meanwhile
propose, if feasible,
a transfer of funds
from the allotments
to other divisions in
the circle.

No. 590

West Coast Division Office

Calcutt 3^d September/86

From

The Executive Engineer,
West Coast Division.

To

The Superintending Engineer,
Fourth Circle.

Sir,

I have the honor to forward herewith two estimates, marked A and B for repairs to the Lunatic Asylum, at Calcutt.

2. Almost all the buildings are in bad condition, and it would require a large sum to put them in thorough repair, but the estimate (No. 1868) has been prepared at the request of the Superintendent for works immediately required.

3. As there may be delay before sanction can be received, at the request of the Superintendent, and after

after personal inspection, I have made estimate B, (Rs: 785) for the most immediately required work; both for the safe custody of the patients, and to prevent collapse of the Buildings concerned.

4. All the items of estimate B are included in A, but I have had them taken out separately in the hope that I may receive your sanction to carry out at once the most emergently required repairs.

5. The current year's grant of Rs: 5000 for the Division having all been appropriated, I request that a specific allotment may be obtained for the work.

I have, &c.,

Signed J.S. Taylor

Executive Engineer.

No 339
E.W.

Forwarded to the Chief Engineer with a request that he will be good enough to obtain sanction for an additional allotment of Rs: 1868 under Repairs Provisional for the West Coast Division. Meanwhile the Executive Engineer has been authorised to proceed with the works most urgently needed for the safety of the lunatics and to prevent collapse of the buildings.
