Extract paragraphs 1 and 3 of the letter from the Government of Bengal, No. 211-T.F., dated the 28th April 1886, as given below :—

1. I am directed to submit, for the information of the Government of India, copies of the papers noted in the margin, regarding the discovery of certain frauds, amounting to Rs. 70,543-4-6, which were committed between July 1881 and November 1884 in the office of the Land Acquisition Deputy Collector of Alipore in the district of the 2-Pergunnahs.

3. As stated in paragraph 2 of the resolution, the Accountant-General is in communication with the Comptroller-General with the respect to the changes of system which the inquiries into the present case of frauds have shown to be needful. The Lieutenant-Governor here desires to express his opinion that all payments of awards in land acquisition cases should be made by means of cheques, and that the use of cheques should be safe-guarded by a rigid observance of the following rules :—

- (1) Every cheque-book should contain a certain number of cheques, with consecutive printed numbers, and each book should contain its own serial number.
- (2) The serial number of the cheque-book, and the number of cheques it contains, should be reported to the Treasury officer before the book is brought into use.
- (3) The cheque-book should be kept under lock and key by the Land Acquisition officer himself.
- (4) The cheques should be filled up by the Land Acquisition officer, with his own hand, in words as well as figures, and cheques should be enfaced under Rs.
- (5) A periodical examination of pass-books from the treasury with the counterfoils of the cheque-book should be made by the Land Acquisition officer himself.

Resolution—

The Government of Bengal proposes that all payments of awards in land acquisition cases should be made by means of cheques; but there is reason to fear that the adoption of an invariable rule of this nature might in some instances be productive of inconvenience.

When the property taken up by Government is near a treasury, the system of payment by cheques may be as convenient as payments in cash by the Land Acquisition officer. But where the property is situated at a distance from a treasury, and when the Land Acquisition officer pays the compensation at or near the village in which the owners reside, a course which is enjoined in paragraph 9 of the Resolution of 29th June 1886, the making of payments by means of cheques would probably be

inconvenient to the payees, and the advantage of making final payments on the spot would be lost. The Governor-General in Council is therefore not prepared to direct that all payments shall be made by cheque. There is, however, no objection to a Local Government directing any particular Land Acquisition officer to make all his payments by cheque if it appears that this practice will not cause inconvenience of the kind above referred to.

The rules proposed by the Government of Bengal in order to safe-guard the use of cheques are approved. Those rules should be observed by all officers paying compensation for land who draw money from the treasury by cheque, whether in lump sums to be distributed to the payees in cash by the officer, or in detail, each cheque being payable to one of the persons to whom compensation is due.

Order—

Ordered that this resolution be communicated to all Local Governments and Administrations, to the Comptroller-General, to all Accountants-General and Comptrollers, and to the Public Works Department, in continuation of communication No. 1580, dated the 29th June 1886.
