note

In his office note dated 14 October 1885 recorded in (O no 23301) of 8-10-85, the chief secretary pointed out that in case of road/locus taken over for the convenience of the P.W. Dept. no charge for supervision should be made and this view was accepted.

In the present case the Sec. Considers that the work is necessary for the safety of the line attached to the Kodai Kanak Tank. It is therefore suggested that the percentage for supervision charges may be waived in the present instance.

Sir,

I have the honor to submit
for consideration the enclosed
resolutions of the Madura District
Board and President's letter thereon.

2. The estimate in question is for
certain work which I consider neces-
sary for the safety of the bund of the
lake at Kodaikanal.

3. The Board in the first instance
declined to sanction the estimate on
the ground that the work was not one
devolving on them but on my pointing
out that the lake not being used for
irrigation and not being private pro-
perty, the ownership was vested in
them, they have consented to bear
