I am directed to acknowledge the receipt of your letter No. 1233, dated the 30th March 1886, inquiring whether the Commissariat Department should not be liable for all charges for water supplied to troops from municipal water-works or other sources.

2. In reply I am to refer you to Military Department letter No. 510-C, dated the 2nd March 1886, and to state that, in accordance with the decision contained therein, when water is supplied to military buildings at a fixed rate, according to the quantity consumed, the charge will be paid out of the Military Budget grant; but when the charge is covered by a water-rate, it should be borne by the Military Works grant.

Existing arrangements, however, will continue in force up to 1st April 1887, all payments for water provided for in Military Works budget estimates of the current financial year being made by the Public Works Department or Military Works Department as the case may be. New charges for water, as at Jubbulpore, will be met from the military estimates.
