GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers:—

From C. A. BIRD, Esq., President, District Board, Cuddapah, to the Acting Chief Secretary to Government, Financial Department, dated 1st January 1886, No. 1:—

I have the honor to submit the consolidated budget for the Cuddapah district, together with the prescribed statements, as detailed in the accompanying list, and a map showing the roads, toll-gates, Local Fund buildings and other details.

REVISED ESTIMATE OF 1885-86.

2. The revised estimate for 1885-86 opens with a *plus* balance, in favor of the Board, of Rs. 4,380 as advised in the Accountant-General's result statement No. A.A.Z.-L. 69, dated 9th September 1885, viz.:—

	RS.
Road Fund	6,385
General Fund	+ 7,326
Endowment Fund	+ 3,439

The entries in column 8 of statement No. 9 explain all variations from the budget of 1885-86, which have not already been sanctioned by Government.

3. In reference to G.O., dated 11th December 1885, Mis. No. 1194 L.F., the Local Fund Board has resolved to reduce the expenditure from the Road Fund by Rs. 3,500. At this period of the year it did not appear to the Board possible to make further reductions without the prospect of such deterioration in the roads from which funds might be withdrawn as would involve extra expenditure in the future. The effect of this reduction, together with certain reductions made in General Fund charges, in view of the prospect of a falling off in the expected receipts from Land-cess (due chiefly to the reduction in the assessment of lands under old wells), will be to leave the balances of the several funds as follows:—

	RS.
Road Fund	974
General Fund	4,888
Endowment Fund	4,317
Total ...	10,179

The estimate has provided for the retention of Rs. 1,000 as reserve for unforeseen expenditure under the General Fund during the remainder of the year, and a balance of Rs. 10,180 is thus carried over to the budget of 1886-87.

BUDGET OF 1886-87—RECEIPTS.

4. The estimate of receipts under Land-cess in 1886-87 is Rs. 1,80,000, or Rs. 5,000 less than that of 1885-86. The revised estimate of 1885-86 has, however, been framed in reference to a similar reduction in receipts, due as mentioned above to the reduction of the assessment of lands under old wells, which was partly carried out at the jamabandi of fasli 1294, and will be completed in the current fasli. This reduction in receipts will be permanent.

5. The entry of Rs. 30,000 under Tolls, made in the budget of the current year, is repeated, and it is hoped that this amount will be realized by good organization. It is intended to keep the management of the tolls under the District Board, either wholly or partly for the present.

6. A sum of Rs. 10,500 has been entered as the total receipt from the house-tax in the sixteen Unions sanctioned in G.O., dated 4th December 1885, No. 1160 L.F. In regard to the imposition of the house-tax, I will, as directed in that order, report again after consulting the divisional officers. The District Board have recorded a resolution objecting to the immediate imposition of the tax, but have nevertheless passed the budget, which includes it, pending the decision of Government on the matter. The estimate has been framed in reference to the number of houses in the several Unions.

7. Under School-fees there is an increase of Rs. 295 as compared with the budget of 1885-86, due to the establishment of the Normal school at Madanapalle, which includes a practising class, and to an expected increase in the number of pupils in the Madanapalle high school.

8. Under Interest on Government securities there is an increase of Rs. 50, which is the interest on a promissory note for Rs. 1,000 (together with the sum of about Rs. 350, which has accrued as interest thereon). This sum of Rs. 50 is expected to be placed every year to the credit of the Local Fund Board by the Accountant-General. The original sum of Rs. 1,000 given by Mr. Barnet and the interest are invested in the name of the Secretary of State under the Proceedings of the High Court of Madras, dated 3rd May 1877 (see paragraph 29).

The remaining sum of Rs. 640 entered under this head is the interest on the Endowment Fund (Rs. 16,000) of the Madanapalle hospital.

9. A contribution of Rs. 10 is expected as usual from the Cuddapah Municipality on account of vaccination inspection.

10. Under Market rents the expected receipt is Rs. 3,800 as compared with Rs. 2,200 in 1885-86. This is the net result of a reduction of Rs. 300 in the expected receipts from the existing markets at Rajampet and Vaimpalle, estimated in reference to the receipts of the current year, and due apparently to the unwillingness of some of the merchants to use the markets, set off against the receipts expected under the proposal made by the Sub-Collector and approved (subject to the decision of the Taluk Boards concerned) by the District Board to manage the markets at Boorrakoyalakota, Váyalpád, Pílér, and Kadiri in 1886-87 in addition to those now managed by the Board.

11. The increase of Rs. 460 under Fees and fines is due partly to an expected increase of Rs. 20 from fines in cases under section 48 of Act XXIV of 1859, but chiefly to the addition of Rs. 400 expected to be collected as fees for pandals under section 57 (iv) of the Local Boards Act (V of 1884) in the sixteen sanctioned Unions.

12. The variation under Sundry receipts is small. The details cannot be given with any exactness. They are calculated at the rate of Rs. 55 for each Local Fund taluk as follows :—

	Rs.
Sale of packing cases, &c.	10
Sale of sweepings	10
Refunds, &c.	35
Total ...	55

13. The reduction of Rs. 160 in the amount expected as contribution from Provincial funds under the Grant-in-Aid Code is due to the falling off in the number of Normal pupils. In the other items of receipts there is no change.

14. The total receipt expected is Rs. 2,43,170 as compared with Rs. 2,41,180, which was expected to be received in 1885-86. In preparing the budget of receipts, credit has first been given to each Taluk Board for half the amount of the Land-cess expected to be collected in the revenue taluks under its control (footnote of section

55 of Act V of 1884), and for the whole of all other items of receipts from sources which will be managed by each Board under the instructions given in paragraph 14 of the budget rules appended to G.O., dated 14th September 1885, No. 728 L.F., Financial, and G.O., dated 3rd December 1885, No. 1155 L.F., Financial. This allotment of funds has, however, proved insufficient in every one of the taluks to meet the expected charges, and an allotment has therefore been made to each Taluk Board under the head Allotments from the District Funds, to enable it to meet such charges and to cover the balances of House-tax and the Endowment Fund. The remainder has been taken as the fund at the disposal of the District Board.

Expenditure.

15. *New Works—Communications.*—The allotment of Rs. 2,200 is (at the rate of Rs. 200 per revenue taluk) for village roads.

16. *Civil Buildings.*—The sum of Rs. 2,500 is expected to be required for the extension of the Madanapalle high school building. The number of pupils has largely increased since the building was made over by Government to the Local Fund Board in 1884-85, and the existing space is insufficient for their requirements.

17. *Miscellaneous Public Improvements.*—The charges under this head include Rs. 4,000 for the completion of the koneru (drinking-water reservoir) at Proddutur, proposed to be begun at a cost of Rs. 600 in the current year. The inhabitants subscribed Rs. 1,926 towards this work in 1884-85. The remaining charges are for the construction of sheds, permanent or otherwise, in the several markets for the convenience of persons using them and for the improvement of the market-sites.

18. The details under *Repairs, Communications*, are given fully in statement No. III. The allotments have been revised with a view to economy. A sum of Rs. 1,960 is provided for repairs to village streets in Union villages as detailed in the Union budget statement No. VIII.

19. The sum of Rs. 1,000 is a lump allotment for the repair of hospitals and schools.

20. The Local Fund Engineer's establishment is proposed to be revised by the addition of one overseer on Rs. 50 + 15 and a lascar on Rs. 6 + 2, and nine writers for the nine overseers on Rs. 15 + 7-8-0 and the reduction of eight overseers' lascars on Rs. 6 each ; otherwise the proposed charges are the same as those of 1885-86.

21. The charges proposed for tolls include pay of nine additional gumastahs on Rs. 7 and nine peons on Rs. 6, sanctioned by Government since the budget of 1885-86 was passed, and one extra peon now sanctioned by the Local Fund Board for Pulivendla. There are no changes in the allotments under Tools and Plant and Contingencies.

22. Rupees 5,000 are entered as the contribution to Provincial funds on account of famine-relief works ordered in G.O., dated 13th July 1885, Mis. No. 449 L.F.

23. *Grant II Education.*—Under Educational inspection there is an increase of Rs. 260, due to the increased cost of the batta of the Inspecting Schoolmasters allowed under the Travelling Allowance Code. The details are as follow :—

	Rs.
Salaries of five Inspecting Schoolmasters—one at Rs. 35, two at Rs. 30, and two at Rs. 25	1,740
Travelling allowance	1,200
Contingencies	60
Total ...	3,000

24. The total cost of the two Normal schools (Cuddapah and Madanapalle) is Rs. 3,360 against Rs. 3,300 in 1885-86. This is the result of an increase of Rs. 240 (pay of second master in the Madanapalle school), and a decrease of Rs. 180 in contingent charges.

25. Excluding the technical school mentioned below, the estimated cost of the secondary schools, viz., those at Proddutur, Badvél, and Madanapalle is Rs. 4,576

as compared with an estimate of Rs. 3,360 for 1885-86. The increase of Rs. 1,216 is intended to provide for a revision of the teaching staff of the Madanapalle high School, in order to provide for the needs of the school, which has been constituted a high school since 1st January 1885. The following are the details :—

	Present pay.	Proposed pay.	Difference.
	RS.	RS.	RS.
Head master	30	60	+ 30
Second do.	25	40	+ 15
Third do.	20	30	+ 10
Fourth do.	15	20	+ 5
Fifth do.	...	15	+ 15
Sixth do.	...	15	+ 15
Seventh do.	6	10	+ 4
Total per mensem ...	96	190	+ 94
Or per year ...	1,152	2,280	+ 1,128

In the same school a small increase of Rs. 10 is provided under Servants and a decrease of Rs. 10 under Contingencies. The cost of the Proddutur and Badvél middle schools remains unchanged. It is proposed to establish at Cuddapah a technical school where handicrafts shall be taught by a qualified European or Eurasian instructor. The details have yet to be determined on when the Board have had the advantage of perusing the report of the committee, which has lately considered the subject and the orders of Government on that report. In the meantime, the Board has made a provisional entry in the budget of a sum of Rs. 3,064, of which the following are the details :—

	RS.
Pay of instructor at Rs. 150 per mensem	1,800
Servant at Rs. 7 per mensem	84
Rent at Rs. 15 per mensem	180
Contingencies	1,000
Total ...	3,064

It is hardly probable that the school will be started from the 1st of April next, and consequently there will be a probable saving in the salary of the master, but this may possibly be required under Contingencies, which will be large at first starting the school.

26. The variations from the budget of 1885-86 under Elementary education are due to the provision of Rs. 120 for a third master in the Sidhout lower school, and to the omission to make any provision for the opening of more combined schools than those now in existence. Out of the nine combined schools which were open on 1st April 1885, it has since been necessary to close three for want of pupils, and the four new combined schools proposed in the budget of 1885-86 have not been opened, because all the passed Normal pupils who have kept to their agreement have either opened result grant schools or been employed in Local Fund lower schools. The Local Fund Board therefore considered that the system of combined schools is not working successfully, and they propose for the present to allow their passed Normal school students only to open result grant schools with double result grants, or to employ them in their lower schools.

27. The allotment for results grants has been raised by Rs. 500 to provide for the payment of double result grants to such passed Normal school students as may open schools, and for increased payments expected to be made to the masters of other schools.

28. The allotment for purchase of books is reduced by Rs. 100 in reference to the actuals of previous years.

29. Under Stipends to agricultural students, &c., the sum of Rs. 50 has been entered. This is the sum shown under Interest on Government securities (see paragraph 8). In reference to foot-note No. 5937 A, dated 26th July 1884, from the Director of Public Instruction to the Inspector of Schools, Second Division, the Local Fund Board, at their meeting on the 7th November 1885, determined that the amount should be paid to the boy of any school in the Cuddapah district who stands hightest in the Fifth-class Comparative examination. This resolution was communicated to the Inspector of Schools with footnote No. 1890, dated 25th November 1885.

30. *Grant III.*—Under Hospitals and dispensaries there is a net decrease of Rs. 340, due to the proposal to establish a branch dispensary at Porumamilla in Badvél taluk at a cost of Rs. 914, and to employ two pupil compounders on Rs. 5 per memsem, and two pupil midwives on Rs. 5, and a new allotment of Rs. 140 for travelling allowance of medical subordinates employed on cholera duty, against which items must be set off the sum of Rs. 1,200, which was provided in the budget of 1885-86, but is now paid from Provincial funds under G.O., dated 27th April 1885, No. 80 L.F., on account of one-fourth salary of medical subordinates employed at Local Fund dispensaries.

31. The provision for vaccination is the same as that of 1885-86. The details are as follow :—

	RS.
Salaries of three Deputy Inspectors, twenty-nine vaccinators, four pupil vaccinators, three peons	6,590
Travelling allowance of do.	2,660
Stationery	140
Postage	260
Rewards to Village Magistrates	220
Sundries	230
Total ...	10,100

Animal vaccination was started this year, but as it has not yet been finally settled to continue it after the 31st March next, no provision has been made either on the expenditure side or receipt side (Contribution from municipalities).

32. Under Sanitation a sum of Rs. 17,455 has been provided as detailed in statement VI, against an allotment of Rs. 13,390 in 1885-86. The allotment provides for the scavengering of all the towns and for miscellaneous sanitary works, which are considered to be of importance by the divisional officers. Out of the total of Rs. 17,455, the sum of Rs. 12,060 is intended to be spent in Union villages as detailed in the Union budget statement No. VIII.

33. The allotment for market charges has been raised by Rs. 338 to provide for the pay of a sweeper in the Vaimpalle market, and the necessary establishment in the markets proposed to be newly taken in hand in the sub-division (see paragraph 10).

34. There is a net saving of Rs. 30 under Choultries, due to the servants at three choultries in the sub-division being dispensed with, and the employment of a servant at the Maddimadugu choultry and two choultries in the Head Assistant Collector's division.

35. The contributions to Provincial services have been calculated as ordered in paragraph 16 of the budget rules.

36. The charge for lunaties is raised by Rs. 100 to provide for the increased number of lunaties whose maintenance seems likely to fall upon the fund.

37. A sum of Rs. 10 has been provided as rewards for killing dogs in each Local Fund taluk.

38. *Grant IV.*—The entries for controlling establishment at the presidency (Rs. 1,120) and printing charges (Rs. 250) are made in reference to the actuals of 1884-85. That for the local audit establishment is Rs. 860, in accordance with G.O., dated 10th March 1885, No. 514, Financial Department.

39. In view of the certain increase of work, which will be caused by the introduction of Act V of 1884, it has seemed necessary to revise the establishment in the Collector's office paid from Local Funds. The proposed change is as follows :—

—	Present pay.	Proposed pay.	Difference.
	RS.	RS.	RS.
First clerk	35	40	+ 5
Second do.	20	35	+ 15
Third do	...	25	+ 25
Fourth do.	...	20	+ 20
Fifth do.	...	15	+ 15
Total per mensem ...	55	135	+ 80
Or per year ...	660	1,620	+ 960

Of these, one clerk will be given to assist the auditor, whose work will be considerably increased.

40. *Local Fund Board's Office Establishment.*—It is proposed to revise the District Board's office establishment on account of increased work and responsibility by raising the pay of the head clerk from Rs. 60 to Rs. 70 per mensem, and that of the second clerk from Rs. 30 to Rs. 35 per mensem. For the Taluk Boards a clerk on Rs. 30 and an attender on Rs. 7 is provided for each divisional officer, except the officer in charge of Cuddapah taluk, who will have a clerk on Rs. 20 and an attender on Rs. 7. For each of the sixteen Unions provision has been made under this head for a clerk on Rs. 5. The total additional cost is Rs. 2,800.

41. To provide for the wants of the Taluk Board offices and the Unions it has been found necessary to raise the charges for contingencies by Rs. 1,280. No provision has, at present, been made for the travelling allowance of non-official members of Taluk Boards.

42. The total proposed charges are Rs. 2,32,435 as compared with an estimated expenditure of Rs. 2,14,910 in the budget of 1884-85. The surplus of revenue over expenditure is Rs. 10,715, which it is proposed to distribute as follows :—

	RS.
Reserve	7,420
Balance of House-tax	55
Do. of Endowment Fund...	3,240
Do. available for general purposes	...
Total ...	10,715

The whole of the reserve has been taken to the credit of the District Fund, after apportioning the expenditure to the Taluk Boards and District Board, as directed in paragraph 14 of the budget rules, and G.O., dated 3rd December 1885, No. 1155 L.F., Financial, leaving to the credit of the Taluk Boards only the balance under House-tax and the Endowment Fund. An extract from the proceedings of the District Board (at their meeting on the 15th December 1885) sanctioning the budget is enclosed.

ENCLOSURE.

EXTRACT from the Proceedings of the District Board, Cuddapah, passed at their special meeting held at Cuddapah on Tuesday the 15th December 1885, at 3 P.M.

* * * * *

The following business was transacted :—

* * * * *

Considered the regular and budget estimates of the District Board, Cuddapah, for 1885-86 and 1886-87, respectively, presented by the sub-committee appointed at the meeting of the 9th November 1885.

Resolution.—Resolved to reduce the expenditure on certain roads in the district according to a statement prepared by the Local Fund Engineer, reducing the expenditure on roads by Rs. 3,350 and tools and plant Rs. 150.

Resolved to postpone the opening of the dispensary at Porumamilla till the beginning of next official year, and to reduce the expenditure on animal vaccination by dispensing with one calf and establishment connected therewith, sanctioned at meeting of the 7th November 1885.

Resolved to pass the budget estimate as proposed by the sub-committee, subject to the resolution passed yesterday that the collection of the house-tax be postponed.

Resolved to give as the reason for postponing the collection, that there has been no new tax imposed since 1871 until lately when the levy of tolls was sanctioned, and that it would be well to wait until the people are accustomed to the latter before levying the house-tax; and also that repsent times are bad.

READ—the following letter from Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 5th February 1886, No. 183 :—

I have the honor to report, for the information of Government, that the allotments made by the Cuddapah District Board for the sanitary wants of the district (exclusive of sanitary inspection, Rs. 1,100), and for vaccination for 1886-87, amount to Rs. 17,455 and Rs. 10,100, respectively. The former is 29 per cent. of available income and is in excess of the grant for the current year by Rs 4,065, and the latter is the same as that for the current year. Both allotments may be accepted. It is proposed to distribute the sanitary allotment as follows :—

	RS.
Improvement of water-supply	975
Do. of village-site	490
Conservancy	12,180
Fairs and festivals	230
Other sanitary outlay	3,580
Total ...	17,455

READ—the following letter from M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 15th February 1886, No. 76 :—

I have the honor to state that the provision made in Grant III of the budget estimate of the District Board of the Cuddapah district for the year 1886-87 for the maintenance of the dispensaries, including the institution proposed to be opened at Porumamilla, is adequate and calls for no remarks, save in the item of "Medical Subordinates."

2. The sum of Rs. 1,800 provided for the pay, &c., of the medical subordinates of the Madanapalle dispensary should be increased to Rs. 2,904, as Mr. Ward, in charge of the dispensary, is to be promoted to 2nd-grade Senior Apothecary ; 3rd-class Hospital Assistant attached to the said institution will also be promoted to 2nd class in July next.

READ—the following letter from D. DUNCAN, Esq., M.A., D.Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 2nd March 1886, No. 1389 :—

I have the honor to submit the following remarks on the Educational portion of the budget estimate of the Cuddapah District Board for 1886-87.

2. *Receipts.*—The Educational assets are estimated at Rs. 37,895 :—

	RS.
One-sixth land-cess	30,000
School-fees	2,455
Sale of books	4,000
Provincial grant	1,440
Total ...	37,895

School-fees are calculated to amount to Rs. 2,455. But I think Rs. 3,000 may safely be entered in the budget, as the income from this source will increase on the introduction of the new fee notification. No credit is taken for grant for the proposed Industrial School or for grant for the salaries of the teachers employed in the Normal Schools. The estimate may, I think, be raised to Rs. 2,600. The total receipts will be Rs. 36,000.

3. The expenditure proposed under Grant II aggregates Rs. 25,060, against Rs. 20,360 in the current year's budget :—

	1885-86.	1886-87.
	RS.	RS.
Inspection	2,740	3,000
Training schools	3,300	3,360
Local Fund schools { Secondary	3,360	7,640
Local Fund schools { Primary	2,900	2,550
Results grants	7,500	8,000
Miscellaneous	560	510
Total ...	20,360	25,060

4. *Inspection.*—A larger sum is allotted for the travelling allowances of the inspecting schoolmasters. There are now five such officers in the district, and as there is only one inspecting schoolmaster for the three taluks comprising the Madanapalle range, Mr. Bickle recommends that an additional inspecting schoolmaster be employed in the ensuing year on Rs. 25 per mensem. I beg to support his recommendation. Rs. 3,120 will suffice for the purpose as shown below :—

	RS.
Salary for six inspecting schoolmasters	2,040
Travelling allowance, at Rs. 13 per mensem, which will be the highest average	936
Contingencies, at Rs. 2 each per mensem	144
Total ...	3,120

5. *Training Schools.*—The increased provision for the "Training schools" may be approved. An additional teacher is provided for the Madanapalle Normal School.

6. *Local Fund Schools.*—Under this head, a sum of Rs. 3,064 is allotted for the establishment of a technical school to teach handicrafts. This may stand, pending the submission of a definite scheme. The proposal highly commends itself both to the Inspector and to myself. Mr. Bickle recommends that an additional teacher on Rs. 10 be entertained in the Proddutur Local Fund School, and that a sum of Rs. 840 be provided for opening seven combined schools in 1886-87. These proposals I am inclined to support. The opening of combined schools as trained teachers become available will, in the long run, prove beneficial to sound elementary education, especially in tracts where results schools are of an ephemeral character. The Board's proposal to allow double results grants to schools under trained men does not appear to be admissible under the provisions of the new Grant-in-aid Code.

7. *Results Grants.*—The assignment for "Results grants" will suffice. The full amount will probably be utilized owing to the introduction of the infant standard.

8. The provision for "Miscellaneous" charges calls for no remark.

9. The total charge will be Rs. 26,140, if my recommendations be approved.

From D. DUNCAN, Esq., M.A., D. Sc., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 17th March 1886, No. 1774 :—

I have the honor to submit the accompanying letter, with enclosure, from the President, District Board, Cuddapah, and to state that the employment of an additional teacher on Rs. 10 for Muhammadan boys in the Jammalamadugu school has my approval.

2. At the same time, I entirely agree with the President in thinking that the tendency to supplement the budget by fresh suggestions unforeseen and unprovided for should, as much as possible, be suppressed.

ENCLOSURES.

From W. J. H. LE FANU, Esq., President, District Board, Cuddapah, to the Chief Secretary to Government (through the Director of Public Instruction), dated 11th February 1886, No. 16 :—

I have the honor to submit the accompanying extract from the Proceedings of the District Board, sanctioning a master on Rs. 10 per month for a Hindustani class to be opened in the Local Fund school at Jammalamadugu for Muhammadan boys.

2. I venture to suggest that Government might withhold sanction.

3. By the time the sanction is received and the master appointed, the year will be over.

4. The new year commences with practically no reserve to speak of, and I think that such matters as the present ought, on principle, not to be disposed of piecemeal, but should await the budget of the next year. The continual tendency to supplement the budget by fresh suggestions for expenditure requires, I think, to be suppressed. Urgent repairs to works may be specially needed, and a sudden outbreak of sickness may need to be met by special grants of funds; but, otherwise, I think that Boards might well be held to their budgets, and a ruling to this effect would save much trouble and correspondence. If the Boards were certain of being held to their budgets, they would probably be more careful in framing them. The proposition statement and the application for funds are herewith submitted.

Extract from the Proceedings of the District Local Board, Cuddapah, passed at a meeting held on Friday, the 29th January 1886, at 3 P.M.

* * * * * *

The following business was transacted :—

Grant II—Education.

4. Read petition from the Muhammadan community at Jammalamudugu, praying for the opening of a Hindustani class in the Local Fund school at Jammalamadugu for Muhammadan boys.

Resolution.—The Board think a Muhammadan master on a pay of Rs. 10 should be added to the existing staff. General Fund Reserve.

Net balance available for general purposes ...	6,040	...	6,040

2. *Revised Estimate for* 1885-86.—The opening balance, excluding debt heads, amounted to Rs. 4,062, against the budget estimate of Rs. 15,970, the decrease being due to the suspension of collections under Land-cess, owing to the unfavorable character of the season in 1884-85. The receipts were estimated at Rs. 2,19,751 against Rs. 2,25,210 in the budget,—the decrease, which occurs mainly under Land-cess, being ascribed to the reduction in the assessment of lands under old wells and to remissions on account of the badness of the season. In view of the unsatisfactory state of its finances, the District Board was permitted by Government to defer payment of a moiety of the sum of Rs. 5,000 provided in the budget for the repayment of famine debt; and in order to cover at once the deficit in the opening balance, surrenders amounting to Rs. 3,500 were sanctioned. These changes are embodied in the revised estimate. The contributions to the Medical College and for Sanitary Inspection at ·5 per cent. of the actual receipts for 1884-85 should be Rs. 900 each, and that for the Medical Reserve Staff at ·04 per cent. Rs. 70. The opening balance to be carried forward in the budget for 1886-87 is Rs. 10,100, of which Rs. 3,920 appertain to endowments, and will accordingly be transferred to Taluk funds, the remainder being credited to the District fund.

G.O., dated 11th May 1885, No. 136 L.F.

3. *Budget Estimate for* 1886-87.—The receipts are estimated at Rs. 2,32,970, against Rs. 2,25,210 in last year's budget, the variations occurring chiefly under Land-cess, House-tax and Market Rents. The cess on land is expected to yield Rs. 1,80,000, against Rs. 1,85,000 in the budget for 1885-86, the decrease being due, as observed in connexion with the revised estimate, to the permanent reduction of the assessment on lands under old wells. Credit is taken for a sum of Rs. 10,500, being the anticipated collections of house-tax in the sixteen unions lately constituted in the district; but this amount must now be struck out, as the levy of the tax has been postponed on the President's recommendation. As suggested by the Director of Public Instruction the estimate under School-fees will be raised to Rs. 3,000. The increase of Rs. 1,600 in the estimate under

G.O., 9th April 1886, No. 410 L.F.

market rents is explained by the proposal to open four new markets at Boorrakoyalakota, Váyalpád, Pílér and Kadiri. It is observed that the income of Rs. 400 expected from avenues is shown under District funds. In the absence of special reason to the contrary, this should be credited to Taluk funds, and it is shown accordingly in the abstract at the head of these proceedings. Credit will be taken, as suggested by the Director, for a grant of Rs. 360 from Provincial funds towards the salaries of the teachers employed in the Normal schools.

4. Under Grant I, Rs. 2,200 and Rs. 95,830, respectively, are provided for new communications and road repairs, against Rs. 3,300 and Rs. 1,05,630 in last year's budget, the decrease in the allotment for repairs being ascribed to want of funds. Rs. 2,500 are provided under "Civil buildings" for the extension of the high school building at Madanapalle, and Rs. 4,000 under "Miscellaneous public improvements" for the completion of the drinking-water reservoir at Proddutur. In view, however, of the embarrassed state of the finances, the first work will be struck out, and the provision for the second reduced to Rs. 2,000. The cost of the Local Fund Engineering establishment is estimated at Rs. 21,230, against Rs. 18,330 in the budget for 1885-86. This increase is explained by the proposal to employ an additional overseer and lascar on Rs. 50 and Rs. 6, respectively; to entertain a clerk on Rs. 15 for each of the nine overseers; and to dispense with the services of eight lascars on Rs. 6. No increase can, however, be allowed in the present scale of establishment until the financial position of the district has improved.

5. For education, it is proposed to allot Rs. 25,060, against Rs. 20,360 in the budget for 1885-86, the increase being mainly due to the proposal of the District Board to establish a technical school at Cuddapah and to revise the teaching staff of the Madanapalle high school. The proposed revision of the Madanapalle school establishment, the entertainment of a Muhammadan teacher on Rs. 10 for the school at Jammalamadugu and the addition of a second master on Rs. 20 to the staff of the Madanapalle Normal school, are sanctioned, but the opening of a technical school at Cuddapah must be deferred for the present. Agreeably to the recommendation of the Director of Public Instruction, the employment of an additional inspecting schoolmaster on Rs. 25 is sanctioned, as is also the increase by Rs. 120 in the provision for inspection. The increased provision of Rs. 500 under Result-grants for the payment of double grants to trained masters is inadmissible under the Grant-in-aid Code, and will be disallowed; and the attention of the District Board will be drawn to the remarks of the Director in paragraph 6 of his letter regarding the opening of combined schools.

6. As proposed by the Surgeon-General, the provision for medical subordinates in the Madanapalle hospital will be raised by Rs. 1,104, to meet the increased pay to which they are entitled under the rules. The provision of Rs. 240 for midwifery pupils and pupil compounders will be transferred to Taluk funds, to which the charge properly belongs. For vaccination, last year's provision of Rs. 10,100 is repeated, while for sanitation, the proposed allotment is Rs. 17,455 against Rs. 13,390, the increase resulting from the fact that several towns have recently been provided with scavengering establishments. As, however, the levy of the house-tax—an impost specially intended for sanitary purposes and from which an income of Rs. 10,500 was expected—has been postponed, the provision under this head will be cut down to last year's figure. The President is requested to submit a revised Statement No. VI, showing the distribution of the amount, as well as a revised union budget (Statement No. VIII).

7. Under Grant IV, Rs. 14,100 are provided against Rs. 9,280 in the budget for 1885-86, the increase being due chiefly to the proposed revision of the District Board's and Collector's office establishments and to the entertainment of establishments required for taluk boards and panchayats. The proposed increase in the pay of the first and second clerks of the District Board's office and the two clerks in the Collector's office will be disallowed, but the entertainment of an additional clerk on Rs. 15 for the Collector's office and the establishments proposed for the taluk boards and panchayats are sanctioned. A general scheme for the revision of district audit

establishments being now under the consideration of the Accountant-General, the Collector should address him on the subject.

8. The District Board propose to allot a lump sum of Rs. 42,895 to the taluk boards in addition to the share of the land-cess to which they are entitled under section 55 of the Act; but as the estimated charges of the taluk boards have now been reduced, the allotment from the district fund will be reduced to Rs. 37,480. This amount should be shown as a charge against the district fund under the head "Allotment to taluk funds," instead of being deducted from the district fund receipts.

9. The District Board have provided no district fund balance and no taluk fund reserve, while for the district fund, they have provided a reserve of only Rs. 7,420, or 3 per cent. of the estimated receipts. As an additional amount of Rs. 6,040 has now been made available by the reduction of charges, this sum will be shown as the balance of the district fund; the balance of Rs. 2,120 shown under Taluk funds appertains entirely to Endowment funds. The President will report whether any further reductions can be made in the charges, so as to provide a more adequate reserve and balance.

(True Extract.)

E. F. WEBSTER,
Chief Secretary.

To the President, District Board, Cuddapah, with road map.
