PROCLAMATION.

Simla, the 25th September 1886.

WHEREAS it is necessary for the purposes of the Statute 33 Vic., Cap. 3, Section 1; and of the Upper Burma Laws Act, 1886, Sections 1, 2, 3, 6, 7, 8, and 10, that Upper Burma should be under the administration of a Chief Commissioner;

And whereas it is expedient for other purposes that the whole of the Province of Burma as constituted by the Upper Burma Laws Act, 1886, Section 2, should be under the administration of the Chief Commissioner of the territory known formerly as British Burma and now as Lower Burma;

It is hereby proclaimed that the Governor General in Council has, in exercise of the powers conferred upon him by the Statute 17 & 18 Vic., Cap. 77, Section 3, taken Upper Burma under his immediate authority and management with the sanction and approbation of the Secretary of State for India, and placed Upper Burma under the administration of the Chief Commissioner of Lower Burma, who shall henceforth be styled the Chief Commissioner of Burma.

By order,

A. P. MacDONNELL,

Offg. Secretary to the Govt. of India.

RESOLUTION.—In the Despatch No. 22, dated the 10th of August 1861, the Secretary of State lays down rules under which Government servants may hold landed property in India; and prescribes that in the case of Covenanted Civil servants, the possession by them of such property shall be contingent on its being situated out of the Presidency to which they are attached. This restriction is modified as regards the Presidency of Fort William by the subsequent Despatch of the 30th of November, No. 29, wherein the Secretary of State accords his permission to Officers of the Bengal Civil Service attached to the Lower Provinces acquiring and holding lands in the Upper Provinces, including the Punjab and Oude, and, similarly, to Officers attached to the Upper Provinces acquiring and holding lands in the Lower Provinces. In according this permission, the Secretary of State requires that Officers possessing lands in either Division of the Presidency shall be absolutely precluded from employment under the local Governments of the Division in which their lands are situated.

Resolved that the following Notification be Published in the Calcutta Gazette:—
FORT WILLIAM, HOME DEPARTMENT, REVENUE, the 14th January 1862.

NOTIFICATION.

The following orders passed by the Right Honorable the Secretary of State in Council on the subject of the possession of landed property in India by public servants are published for general information:—

1. Extract from the Secretary of State's Despatch No. 22, dated the 10th August 1861.
1.—I have had under my consideration in Council your Excellency's letters dated the 25th, 26th and 31st October 1860 (Nos. 37, 38, and 39), and 8th March (No. 5) 1861, on the subject of the possession of landed property in India by the public servants of the State.
- 4.—I have carefully considered in Council the entire subject, and I am now prepared on the part of Her Majesty's Government to lay down the following Rules for your future guidance. I should premise that the Rules refer only to the acquisition or possession of lands intended to be applied to agricultural purposes, and are not to be construed to include lands occupied merely by buildings for residence and their usual appurtenances.

From
Jch 3629

5.—Officers of the Covenanted Civil Service are at liberty to acquire and possess lands anywhere out of the Presidency to which they are attached, but are absolutely precluded from holding lands within their own Presidency. Thus, an Officer of the Bengal Civil Service may hold lands in Madras or Bombay, but cannot be permitted to hold lands in any part of the Bengal Presidency, notwithstanding that, at the time of their acquisition, he may himself be actually employed in a different Lieutenant-Governorship from that in which the lands may happen to be situated.

6.—Regimental Military Officers may hold lands in any part of India, with the distinct understanding, however, that a Military Officer possessing land will be disqualified for temporary employment in any Civil capacity in the District within which his land is situated; but Military Officers who are placed in permanent employment in the Civil administration must, like the Officers of the Covenanted Service, be prevented from holding land in the Presidency to any part of which they may be sent.

7.—No restrictions are to be placed on the possession or acquisition of lands by Uncovenanted Officers of any description, whether of European, Indo-British, or Native descent, beyond those now in force.

8.—Officers of all classes (including candidates for office) must, however, be required to make a declaration of the fact of their being in possession of, or of their having acquired, landed property, stating the district within which it is situated, with such other particulars as you may consider necessary, of which registers should be kept at the seat of Government of each Presidency or Lieutenant-Governorship. Although Uncovenanted Officers are not to be precluded from holding land, it may, nevertheless, be inexpedient that appointments which necessarily confer a considerable amount of power and influence on their occupants, such as those of Sudder Amin, Deputy Collector and Tahsildar, should be filled by persons holding landed property within their jurisdiction; and it is right that the several Governments should always have at hand the information necessary to guide their judgment in selecting individuals for such offices.

9.—It will, moreover, be incumbent on the several local Governments to take care that no Officer who may be in possession of landed property in India, or elsewhere, to whatever class of the service he may belong, shall apply any portion of the time and attention which ought to be devoted to his public duties, whether Civil or Military, to the management of that property, and that longer or more frequent leaves of absence are not to be permitted on that account.

2. Secretary of State's Despatch No. 29, dated 30th November 1861.

WITH reference to the letter from your Excellency in Council, dated the 1st October last (No. 16), which has been considered by me in Council, I have resolved to accede to your recommendation for a modification of the terms of my Despatch of the 10th August last (No. 22), so far as to permit Officers of the Bengal Civil Service, attached to the Lower Provinces, to acquire and hold land in the Upper Provinces, including the Punjab and Oude. Similarly Officers attached to the Upper Provinces may be permitted to acquire and hold lands in the Lower Provinces of Bengal. It will of course be understood that such Officers possessing lands in either Division are absolutely precluded from employment under the Local Governments of the Division in which their lands are situated.

Ordered, that a copy of the foregoing Resolution be sent to the Local Governments noted on the margin, and to the Military and Public Works Departments for information, and to the Foreign Department for information and for communication to the Government of the Punjab, the Chief Commissioner of Oude, the Chief Commissioner of the Central Provinces, the Commissioners of Mysore, Pegu and the Tenasserim Provinces, and to such other Officers under the control of that Department as may be deemed necessary.

(Signed) W. GREY,
Secy. to the Govt. of India.

ORDER THEREON, 14th February 1862, No. 318.

1. Ordered to be communicated to the several Departments of the Secretariat.
2. Ordered to be communicated also to the Board of Revenue for their information and guidance. They will report on the steps to be taken for the preparation of the Registers containing the information alluded to in paragraphs 8 and 9 of the Secretary of State's Despatch, dated 10th August 1861, No. 22.

No. 170. Read the following letter from E. C. G. THOMAS, Esq., Deputy Director of Revenue Settlement, to the Honorable T. PYCROFT, Chief Secretary to Government, Fort Saint George, dated Ossoor, 1st March 1862 :—

I have the honor to request the favor of your informing me whether as a Covenanted servant of Government I am debarred from holding land in Mysore, Coorg, Cochin and Travancore, and from entering into partnership with one or more persons for the purpose of holding and cultivating land within the districts of the Madras Presidency, provided that in each instance my doing so does not interfere with my official duties.

The question raised by Mr. Thomas will be referred for the decision of the Supreme Government.

Ordered that the following letter be despatched :—

No. 172. From T. PYCROFT, Esq., Chief Secretary to the Government of Fort Saint George, to the Secretary to the Government of India, Home Department, dated 11th March 1862, No. 537.

1. In the Notification of the Governor General in Council, dated 28th May 1852, No. 462, it was declared that Covenanted Civil Servants might become shareholders in "Trading Companies" provided they did not participate in their management or direction.

2. By the recent orders, dated 14th January 1862, No. 256, Covenanted Officers "are absolutely precluded from holding lands within their own Presidency."

3. I am directed to enquire whether a Covenanted Civilian may under the first of the orders above quoted, hold shares in a Joint Stock Company formed for agricultural purposes, such as Tea or Coffee cultivation, in his own Presidency.

4. This Government last year decided this question in the negative "considering that the check intended to be imposed by the order of the Secretary of State would be virtually annulled if a Covenanted Civil Officer could engage or become interested in agricultural operations under the plea of merely holding shares in a Company." The subject, however, is one on which it now seems desirable to them that an authoritative decision, applicable to all the Presidencies, should emanate from the Supreme Government.

5. I am also instructed to enquire whether a Covenanted Madras Civilian may hold land in Mysore, Coorg, Cochin and Travancore, or become a Shareholder in a Company formed for building or cultivating land in those territories.

*Proceedings of the Madras Government, Revenue Department,
13th December 1862.*

No. 189. Read the following Proceedings of the Board of Revenue, dated 18th November 1862, No. 7,551:—

Read the following letter from R. E. MASTER, Esq., Officiating Director of Revenue Settlement, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Madras, 13th November 1862, No. 1,397-76.

SIR,

1. An Uncovenanted Assistant Director of Revenue Settlement has requested me to inform him whether the Rules on the subject of Uncovenanted servants holding or acquiring landed property, circulated by the Board with their Proceedings of the 13th October last, No. 6,843, apply to him, as well as to the Uncovenanted servants under the Collectors; and if so, to whom he should make the prescribed return.

2. Looking at the wording of the first part of Rule I, I have myself little doubt that the Rules are intended to be of general application, but as the same rule goes on to declare that the privilege of holding or acquiring lands will depend on certain conditions, which are contained in the remaining Rules II to XII, and as the latter refer exclusively to the ordinary Revenue and Magisterial Establishments, I deem it best to submit the question for the Board's opinion. In the event of the Rules being declared generally applicable, the return by an Uncovenanted Officer not under a Collector, will I presume be made to the Collector, in accordance with paragraph 5 of the Board's Proceedings above quoted.

1. Ordered to be submitted for the decision of Government.

2. The Board believe the intention of Government to be that the Rules should apply to all their servants so far as the principle of Registration is concerned, but distinct orders will be needed in the several departments.

(A true Copy and Extract.)

(Signed.) W. HUDLESTON, Secretary.

No. 190. ORDER THEREON, 13th December 1862, No. 2,601.

1. The original draft Circular on the subject of registering lands held by Uncovenanted servants of Government and forwarded with the Board's letter of 7th May last, No. 2,897, was intended by them for communication to the Officers marginally* noted as well as to Collectors and their subordinates.

2. In their Order of 29th May 1862, No. 1,196, the Government ruled that "the Collector's Register should be restricted to persons in the Revenue and Magisterial Departments. "The Register for persons in the Police and other independent Departments should be kept by "the local head of the Department."

3. The Circular as finally sanctioned by Government on 4th October last, No. 2,137, was communicated by the Board to all Collectors on the 13th idem. It does not appear however to have been circulated to any other Departments.

4. With their Proceedings recorded above the Board submit a letter from the Officiating Director of Revenue Settlement asking whether the Rules sanctioned for the ordinary Revenue establishment apply to Officers employed in the Settlement: and, if this be the case, whether the necessary returns are to be furnished to the Collectors Rules sanction with the Board's Circular.

No. 189. Read the following Proceedings of the Board of Revenue, dated 18th November 1862, No. 7,51:—

Read the following letter from R. E. MASTER, Esq., Officiating Director of Revenue Settlement, to W. HUDLESTON, Esq., Secretary to the Board of Revenue, dated Madras, 13th November 1862, No. 1,397-76.

SIR,

1. An Uncovenanted Assistant Director of Revenue Settlement has requested me to inform him whether the Rules on the subject of Uncovenanted servants holding or acquiring landed property, circulated by the Board with their Proceedings of the 13th October last, No. 6,843, apply to him, as well as to the Uncovenanted servants under the Collectors; and if so, to whom he should make the prescribed return.

2. Looking at the wording of the first part of Rule I, I have myself little doubt that the Rules are intended to be of general application, but as the same rule goes on to declare that the privilege of holding or acquiring lands will depend on certain conditions, which are contained in the remaining Rules II to XII, and as the latter refer exclusively to the ordinary Revenue and Magisterial Establishments, I deem it best to submit the question for the Board's opinion. In the event of the Rules being declared generally applicable, the return by an Uncovenanted Officer not under a Collector, will I presume be made to the Collector, in accordance with paragraph 5 of the Board's Proceedings above quoted.

1. Ordered to be submitted for the decision of Government.

2. The Board believe the intention of Government to be that the Rules should apply to all their servants so far as the principle of Registration is concerned, but distinct orders will be needed in the several departments.

1. The original draft Circular on the subject of registering lands held by Uncovenanted servants of Government and forwarded with the Board's letter of 7th May last, No. 2,897, was intended by them for communication to the Officers marginally* noted as well as to Collectors and their subordinates.

2. In their Order of 29th May 1862, No. 1,96, the Government ruled that "the Collector's Register should be restricted to persons in the Revenue and Magisterial Departments. The Register for persons in the Police and other independent Departments should be kept by the local head of the Department."

3. The Circular as finally sanctioned by Government on 4th October last, No. 2,137, was communicated by the Board to all Collectors on the 13th idem. It does not appear however to have been circulated to any other Departments.

4. With their Proceedings recorded above the Board submit a letter from the Officiating Director of Revenue Settlement asking whether the Rules sanctioned for the ordinary Revenue establishment apply to Officers employed in the Settlement: and, if this be the case, whether the necessary returns are to be furnished to the Collector in accordance with the Board's Circular.

RESOLUTION.

In his Despatch No. 46, dated 31st May 1862, the Secretary of State observes that, as a general Rule, there is no objection to Government Servants holding, under certain restrictions, shares in Mining or other Companies having for their object the development of the resources of the country. In the recent Despatch dated the 25th of November, Sir Charles Wood states that the question raised by the Landholders' and Commercial Association was fully considered when his Despatches No. 22, dated 10th August, and No. 29, dated 30th November 1861, were under preparation, and he sees no reason to modify the instructions conveyed therein. He also communicates instructions on the points submitted by the Government of Madras relative to a Civilian holding shares in a Joint Stock Company formed for Agricultural purposes in his own Presidency, and in regard to a Madras Civilian holding land in Mysore, Coorg, Cochin or Travancore; or becoming a shareholder in a Company formed for holding or cultivating land in those Territories.

Resolved that the following Notification be published in the *Calcutta Gazette*:—

No. 383.

NOTIFICATION.

The following orders passed by the Right Honorable the Secretary of State for India are published for general information, in continuation of the Notification, No. 241, dated the 14th January 1862, published in the *Calcutta Gazette* of the 15th idem:—

1.—*Extract from the Secretary of State's Public Despatch No. 46, dated 31st May 1862.*

Para. 2.—You will have learned from my Despatch to the Government of Bombay, dated the 8th April last, No. 11, that, in connection with the orders of that Government of the

*Proceedings of the Madras Government, Revenue Department,
12th February 1863.*

26th November 1861, relative to the case of Public Officers who might take part in any Company formed for working the Gold Mines in the Dummul Hills, I stated that, "as a general Rule, I see no objection to servants of Government holding shares in Mining or other Companies having for their object the development of the resources of the country; and the only restriction I think it necessary to impose, is, that public servants shall take no part in the management of such Institutions, and shall not be employed in the Districts where the operations of the Company may be carried on."

3.—With the exception of the concluding proviso, that no Public Officer shall be employed in any District where any Company, in which he holds shares, may carry on its operations, the sentiments above expressed are in accordance with the opinions recorded by Earl Canning and the several Members of your Council; and, as I think it important that this condition should be maintained, I have to direct that my decision, communicated in the terms above quoted to the Government of Bombay, may be made generally applicable, and may be published for general information.

4.—There can be no doubt as to the great evil of public servants in India engaging in speculations in the public funds, or in the shares of Joint Stock Companies; but I agree in the opinion of Lord Canning that such a practice, on the part of any Officer, could not long escape the knowledge of Government, and that it would be in the power of Government to mark its sense of such conduct, either by withholding promotion, or in any other way it might deem fit.

II.—*Extract from the Secretary of State's Revenue Despatch No. 22, dated 25th November 1862.*

Para. 3.—In your letter of the 8th May (No. 10) you request to be informed whether a Covenanted Civilian may hold shares in a Joint Stock Company formed for Agricultural purposes, such as Tea, or Coffee cultivation, in his own Presidency. This question is sufficiently answered in my Public Despatch of the 31st May (No. 46) 1862, which you would have received shortly after the date of your reference.

4.—As regards the question whether a Covenanted Madras Civilian may hold land in Mysore, Coorg, Cochin or Travancore, I agree with your Government in viewing with disapproval the holding by Covenanted Civil Servants of lands in Native States; and I consider that the same objection applies to the holding of such lands by Military Officers in the actual service of the Crown in India.

5.—The right of Officers, Civil or Military, to hold shares in the Agricultural Companies operating in Native States, may be regulated by the same Rules as apply to their holding shares in similar Companies within the British Territories.

(Signed.) E. C. BAYLEY,
Secy. to the Govt. of India.

Ordered, that a copy of the foregoing Resolution be forwarded to the Government of Bombay, with reference to their letter No. 323, dated 28th January 1862, and the reply to it, No. 1,421, dated 11th March 1862; to the Government of Madras, with reference to their letter No. 537, dated 11th March 1862; and to the Governments of Bengal and the North-Western Provinces, as well as the Straits Settlement, and the Military and Public Works Departments for information; and to the Foreign Department for information and for communication to the Government of the Punjab, the Chief Commissioners of Oude, Central Provinces and British Burmah; the Commissioner of Mysore, and to such other Officers under the control of that Department as may be deemed necessary.

Ordered also, that a copy of paragraphs 1 and 2 of the Despatch dated the 25th November 1862, No. 22, be forwarded to the landholders' and Commercial Association, with reference to their Secretary's letter dated the 31st March 1862.

*Proceedings of the Madras Government, Public Works Department,
7th December 1863.*

No. 159. Read the following letter from Captain E. A. FOORD, R. E., Superintending Engineer, 6th Division, to Colonel C. A. ORR, R. E., Secretary to Government, Public Works Department, dated Tanjore, 26th November 1863, No. 1,234:—

SIR,

1. With reference to the Order of Government of the 29th of August, No. 2,497, calling for a report on the lands held by Sub-Engineer Atchuta Naidoo, I have the honor to forward a Statement showing the area of the land possessed by him, and the dates on which he purchased the different portions. I also forward a letter from the Collector certifying to the correctness of the Statement.

2. The charge brought against Atchuta Naidoo in the Petition to which the above Order of Government refers, is that he used his influence as a member of the Public Works Department to get a certain masonry work built for the exclusive benefit of his village of Kudithanghecherri.

3. Now, in the first place, he is not the sole proprietor of the lands of the village, for twenty-one other Merassidars possess lands in it. The masonry work, moreover, was not built for the drainage of Kudithanghecherri but of Kilanalanallur, in which village also Atchuta Naidoo owns some land as shown in the Statement.

4. In the second place, the Estimate was prepared by Major (now Colonel) Boileau in 1856, two years before Atchuta Naidoo possessed any land in the neighbourhood. Major Boileau recommended that two under-tunnels should be built for the better drainage of Kudithanghecherri and Kilanalanallur, and the Estimates were sanctioned by Government on the 9th of January 1857 and entered in the Budget.

5. The sluices were not built in 1857 in consequence of the mutiny. In July 1861 Captain Oakes, the District Engineer, went to Kudithanghecherri, in accordance with the orders received from the Deputy Chief Engineer, to report on the lands held by Atchuta Naidoo, and he then gave orders for the smaller of the two sluices being built. It was while this sluice was in progress, that the daring outrage was committed, which led to the conviction and punishment of a wealthy Merassidar, and to the dismissal of the Petitioner who was at that time Tahsildar of the Munargudi Taluq.

6. Sub-Engineer Atchuta Naidoo has always done his work thoroughly and to the entire satisfaction of the Officers under whom he has been employed. It was in a great measure owing to his tact, energy and perseverance that the Merassidar and his agents who committed the outrage were convicted. The Tahsildar who so greatly neglected his duty on that occasion and lost his appointment in consequence, now tries to revenge himself by bringing false and malicious charges against the Sub-Engineer.

From W. M. CADELL, Esq., Collector of Tanjore, to Captain E. A. FOORD, R. E., Superintending Engineer, 6th Division, dated Tanjore, 17th November 1863, No. 271.

SIR,

In returning the Memorandum received with your letter of the 12th ultimo, No. 927, of lands possessed by Sub-Engineer Atchuta Naidoo, I have the honor to state that the same has been verified on the records of the Taluq, and that the dates of purchase therein shown have with the exception of the two specified for the first two items, been found correct. The correct dates for the said two items have been entered in red ink in the column of Remarks.

1. From the above letter the Government is satisfied that the charge preferred by the dismissed Tahsildar of Mannargoody against Sub-Engineer Atchuta Naidoo is unfounded.

2. In respect to the lands held by the Sub-Engineer in the District in which he is employed the Collector will be requested to state whether his position in the Department Public Works is likely to be prejudicial. 2. The Returns received from the 3rd and 7th Divisions, are not in the form which accompanied the Circular of the Board of Revenue, No. 6,843, dated 13th October 1862.

3. In cases in which lands are held by Members of the Public Works Department in the Districts in which they are employed, information should be afforded in Column 3 of the Return as to whether those lands are situated within the Ranges or Taluqs in charge of the parties concerned.

4. The dates on which the lands specified in the Statements were acquired should be entered in Column 5, with a note showing whether the lands were obtained prior or subsequent to the entertainment of the Officer or Subordinate in the public service. This information has in some cases been omitted.

5. The Government desire that it may be understood that the restrictions imposed on the acquisition of lands by Deputy Collectors and Tahsildars in the Rules circulated with the Board's Proceedings quoted above apply to Officers in charge of Ranges and to Taluq Overseers.

6. The Statements under review will be returned to the Superintending Engineers with reference to paragraphs 2, 3 and 4 of these Proceedings, and with a request that in the event of any of the lands acquired by Members of the Public Works Department subsequent to their appointment being situated within the Ranges or Taluqs under their charge, the opinion of the Collector may be obtained and submitted as to whether the position of the parties concerned is likely to be prejudicial.

7. Special cases of land, within their charges, acquired by Range Officers and Subordinates prior to their appointment to the Public Works Department, should be submitted for the orders of Government with the opinion of the Collector.

8. The attention of the Superintending Engineers, 1st and 2nd Divisions (who have not yet submitted their Returns), will be requested to the Orders contained in these Proceedings.

In a subsequent letter (No. 681, dated 4th November 1864,) Captain Moberly states that the Collector of Madura sees no objection to this Subordinate continuing to be employed in the Meylur Taluq.

7. The Superintending Engineer, 2nd Division, has omitted to attend to the instructions in paragraph 3 of the Order of the 15th June last, quoted in paragraph 1. Superintending Engineer's will be careful in preparing future Returns to state whether each holding is within or out of the charge of the Subordinates concerned.

8. In regard to the lands held by Overseer P. Coniah, Colonel Anderson will be instructed to ascertain from the Collector whether the continued employment of that Subordinate in the Nellore District is advisable, and if not, he will make arrangements for transferring him to the Kistna.

9. The Governor in Council requests that future Returns may be submitted to the Controller of Public Works Accounts by the 15th June at the latest. From these Returns the Controller will prepare one general Statement for submission to Government, and he will be careful to see that the Return is complete in every particular.

No. 350.

Dated 17th March 1865, No. 741.

1. On reconsideration of the subject, the Governor in Council directs that no Officer or Subordinate in the Public Works Department shall be hereafter permitted, under any circumstances, to hold or acquire lands within the limits of the Range or Taluq in which he may be employed.

2. Superintending Engineers will be requested, in pursuance of these orders, to call upon such of their Officers and Subordinates as hold lands within their charges to dispose of such lands without delay. In the event of their failing to do so, Superintending Engineers will arrange for their transfer to other Taluqs or Ranges, reporting their proceedings for the information of Government.

3. Special cases of land, within their charges, acquired by Range Officers and Subordinates prior to their appointment to the Public Works Department, should be submitted for the orders of Government with the opinion of the Collector, as directed in paragraph 7 of G. O. No. 1,737, dated 15th ~~January~~ ^{June} 1864.

*Proceedings of the Madras Government, Public Works Department,
23rd September 1867.*

No. 568. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 13th September 1867, No. 2,327 :—

1 Statement. 1. In submitting the statement of lands held by members of the Public Works Department for the official year 1866-67, I have the honor to solicit the notice of Government to the following observations with reference thereto.

2. The statement was first called for by G. O. No. 70, dated 13th January 1863, Public Works Department. In that Order the Government merely communicated to the Chief Engineer the rules for registering lands, contained in the Revenue Board's Circular, No. 6,843, dated 13th October 1862, and the Order of Government, in the Revenue Department, No. 2,601, dated 13th December 1862, declaring that these rules are applicable to the employés of every department under Government. I therefore presume that the same rules regarding the registering of lands are applicable to this department as to the Revenue and other departments. In fact the Government have, in their orders in the Public Works Department above referred to, requested that the rules should be strictly observed.

3. By a reference to the Rules it will be observed, that *Collectors* have to keep a Register in *their* Office of all lands held by members of their departments: and further that they were to state in their annual Reports the number of public servants who have acquired land *during the Fusly*, the extent so acquired, and any other important particulars that may seem necessary.

4. In paragraph 5 of the Circular, *Collectors* are also requested "to transmit for the Board's information any returns of *alterations* which may from time to time take place in the property of Deputy *Collectors*."

5. From paragraphs 2 and 3 of the Circular, it will be observed that all public servants in the Revenue and Magisterial Establishments were to fill up a return in the amended form, and that *Collectors* are required to prepare their District Registers from these returns. Public servants are also required *annually to supply the Collector with information of any alterations, or additions, or acquisitions, &c., which may have taken place during the past year* in the landed property belonging to, or obtained by them.

6. The whole tenor of the rules shows that a Register of lands held by public servants was required to be kept by *Collectors*, and that annually any alterations or additions, &c., in the landed property was to be reported to them by the owners.

7. For the past two or three years, however, this Office, by some misunderstanding of the rules, has submitted annually a complete register of the lands held by public servants, the same particulars being repeated year after year, instead of a register showing only the alterations, &c., that have taken place during the year in such landed property.

8. If the Government be of opinion that for the future a register showing only the alterations, &c., which have taken place during the year will suffice, this Office will issue the necessary instructions to Superintending Engineers, so that the returns they compile for transmission to this Office may afford only such information.

Proceedings of the Madras Government, Public Works Department.
23rd September 1867.

9. I may urge that the adoption of this plan will lessen the compiling and copying work not only in the Offices of Superintending Engineers, but also in the Range Offices. Besides, it is, I submit, more in accordance with the rules.

No. 569. ORDER THEREON, 23rd September 1867, No. 2,957.

ESTABLISHMENT, No. 64.

1. Ordered that the Statement received with this letter be recorded.

2. It will be sufficient if the Government are hereafter furnished with annual Registers of alterations, &c., which have taken place since date of last return.

Proceedings of the Madras Government, Public Works Department.
26th March 1866.

No. 601. Read the following letter from the Controller of Public Works Accounts, to the Secretary to Government, Department Public Works, dated Madras, 6th March 1866, No. 3,417:—

In forwarding the Statement of lands held by members of the Public Works Department, compiled from the Returns received from local Officers, as requested in G. O. No. 50, dated 9th January 1865, I have the honor to explain that the delay in its submission is owing to this Office having, in many instances, to write to Superintending Engineers for information required by the rules laid down, more especially as to the opinion of Collectors regarding lands being held by particular individuals within the Ranges or Taluqs in which they are employed. The information required from the Superintending Engineer, 3rd Division, was received in this Office on the 2nd instant.

No. 602. ORDER THEREON, 26th March 1866, No. 986.

ESTABLISHMENT, No. 55.

1. With this letter the Controller of Public Works Accounts submits the General Statement which was called for date the 9th January 1865, No. 50, of in the Proceedings of Government, under lands held by members of the Public Works Department.

2. The Superintending Engineers of the 1st, 2nd, 3rd, 4th, 5th, 6th, and 8th Divisions will report without delay, with reference to the Orders of Government, No. 741, dated 17th March 1865, why the undermentioned Subordinates continue to be employed in the Taluqs in which their lands are situated:—

3. It is observed that the land held by Táluq Overseer M. Comarauze in the Ganjam District is *not* within his charge.

4. As the Collector of Nellore considers that the continued employment of Táluq Overseer Sashiah in the Nellore Range is undesirable, owing to the considerable quantity of land which that Subordinate's brother is believed to hold there, Colonel Winscom will arrange for his early transfer to another charge.

5. The Controller of Public Works Accounts will be careful to see that in future returns submitted by the Superintending Engineers, information is afforded, *in each case*, as to whether the lands specified are situated *within* or *without* the limits of the charge of the party concerned. In the former case, explanation should invariably be afforded as to why the Orders of Government of the 17th March 1865, already quoted, have not been carried out.

16th October 1871.

No. 258. Read the following Endorsement of the Controller of Public Works Accounts, dated Madras, 4th September 1871, No. 1,488 :—

From the Superintending Engineer, 8th Division, to the Controller of Public Works Accounts, dated Madura, 28th August 1871, No. 1,917.

I HAVE the honour to forward, herewith, a statement of lands held by the members of the Public Works Department in this division for the past official year, prepared in a form somewhat differing from that prescribed by Government.

2. The orders of Government, No. 741, dated 17th March 1865, strictly prohibit the members of this department from holding lands in the ranges or talooks in which they are employed; but in consequence of the evasion of this order on the part of a member of this department (namely, his transferring the lands held in his own name to that of his wife) coming under my notice and that of the Government, I issued circular instructions to Range Officers with a view to ascertain the actual amount of personal interest that each member of the department enjoys, and his real position in any particular portion or portions of the division, and I called for these statements in a form suited for that purpose, and herewith sent.

3. The statements now received from Range Officers show that the orders of Government above quoted have, as a general rule, been evaded, inasmuch as the lands are held in the names of such near relatives as father, son, and wife, on the pleas that the lands in question were obtained either by hereditary right or by dowry to their wives—pleas which are, I believe, in the majority of instances purely fictitious. This arrangement has led to the submission of blank returns in previous years.

4. I, therefore, request that you will be so good as to obtain the orders of Government, as to whether the arrangements under which lands are now held by members of this department, as shown by this return, may be allowed to stand or not.

In forwarding herewith a Register of Lands held by Public Servants of the Public Works Department for the year 1872-73, I have the honour to suggest

that this office be relieved of the duty of preparing such Returns in future. The information in no way affects the accounts of the department, and this office having no information on the subject can apply no check. I submit therefore that the Return is not one which should be compiled in an Office of Account.

reason why that should
not be done, all fresh

A man could not omit

it was not objectionable (as
suggested by S.W. in his note)
as holding any law is ob-
jectionable till it has been
declared not to be.

Draft order on

herewith.

It has been
suggested by the
Record Section that
perhaps such statements
in future might
contain, without
detrimment, cases
only of lands held
contrary to rule.

A note for orders
is submitted.

I see no reason for departing from
present procedure. If returns are sent
in only of lands held contrary to rule
such men holding land would interpret
the rules to suit his case. He might send
in a "nil" return, & then call to account

For Orders.

Note.

It is respectfully
submitted that this
submission of these
Returns by S. E. may
be discontinued —
with advantage as
it will save clerical
labor both in the
Circle and the Div.
Offices. Perhaps, it
will be of no use what-
ever for this office
to know who holds
land ^{not} Contrary to rules.
It will be sufficient
if the S. E. are left
to deal with cases
of individuals who
hold lands contrary
to rules, or, if necessary
submit a Return —
containing only objec-
tionable ^{cases} + this, it is
thought will avoid
the necessity of
sending

and in elaborate
statements and thus
reduce clerical
labor a good deal.
