To

The Collector of
Malabar.

Sir,

Referring to your despatch of 9th February 1885 N^o 545 on Revenue Board's reference dated 9th idem N^o 308, I have the honor to state that I fully concur with the Public Works Department in thinking that expenditure out of the Ponani Lygoyne Fund should be confined to measures for the protection of the town of Ponani, which doubtless lies west of the canal. I was present with Colonels Beatty and Ross Thompson when those gentlemen inspected the sites of the proposed groynes and we were fully agreed that the owners of the cocoanut gardens east of the canal had no claim on the Lygoyne Fund.

With reference to para 3 of the
 Superintending Engineer's letter dated
 20th December 1884 N° 589 I wish to
 say that the sketch of the "Deputy
 Collector's house" on the bank of the
 river east of the canal, is not
 quite correct and is liable to be
 misunderstood. The building under
 reference is in no way unique. It is
 an old dilapidated bungalow
 at present the property of Mr. Upot
 Kanna. It is true I occupied
 it for some months but, before
 I went to Madras in last March,
 I was obliged to vacate it on account
 of its condition.

The papers received with the
 sketch under acknowledged are
 now herewith returned.

Sir,

The Secretary to the
 Board of Revenue,
 Madras.

Sir,

Adverting to the Board's Reference
 dated 9th February 1885 on Government
 Register N° 308 of 1885, the enclosures to
 which are herewith returned, I have
 the honor to submit copy of a letter
 from the Dy. Collector, Southern Division,
 and to observe that the money should
 be spent to protect the ^{land} lying
 west of the Canal.

In para 7 of his letter dated 20th
 December 1884 N° 589, the Superintending
 Engineer, W. Circle, remarks that
 the unappropriated balance of
 the Groynes Fund amounting to
 Rs. 5,200 will suffice for about
 100 feet of revetment at the mouth
 of the Canal and near the new
 Public Office, and this should
 I think be done in preference to
 the three groynes proposed in
 Mr. Galtton's letter recorded in G. O.

Encl. 4. 15/3/88

dated 8 October 1884 P. M. S.
would, therefore, recommend
that the extension of the rearment
proposed may be carried out
if possible before the monsoon floods
come down.
