4TH OCTOBER 1886, No. 861, REVENUE.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue, dated 24th August 1886, Mis. No. 6342:—

Read—the following letter from L. R. BURROWS, Esq., Collector of Nilgiris, to the Secretary to the Board of Revenue, dated Ootacamund, 25th June 1886, No. 176:—

In G.O., No. 1398-W., Financial Department, dated 15th June 1885, the construction of a new road to the Kundahs was sanctioned. The road passes through several private holdings. Appended is a statement showing the area taken up for the road and the compensation in money and land which it is proposed to give to the owners. The money compensation has been paid to the puttadars by the District Board, and I have now the honor to request that the Board of Revenue and Government will be pleased to sanction the grant of the lands in exchange, of which tracings are enclosed. The lands have been selected in communication with the Forest Department, and the exchanges where they affect forest lands have been expressly approved of by the Conservator, Northern Division.

2. Mr. Money has been offered a piece of land in 375-D, but he has not accepted this offer, pending the disposal of his claim to six acres of reserved forest as reported in my letter, dated 13th May 1886, No. 126, paragraph 9.

STATEMENT showing lands taken up for the new road to the Kundahs and the compensation proposed to be given.

READ—the following letter from Colonel J. BEATTY, R.E., Superintending Engineer, IV Circle, to the Under Secretary to Government, Financial Department, dated Naduvatam, 17th April 1885, No. 37 C.-M. :—

I have the honor to forward herewith a letter from the President, Local Fund Board, Nilgiris, submitting for sanction three estimates for works, for which funds have been provided in the circle budget of 1885-86.

2. The first estimate, amounting to Rs. 15,000, is for remetalling parts of the Karkur ghât, a portion of the main line of road from Mysore to the west coast.

The total length of the road is 25 miles, and the estimate provides for collecting sufficient metal for $7\frac{1}{4}$ miles, 12 feet broad and 4 inches thick, and for spreading about $2\frac{1}{2}$ miles ; the remainder to be spread the following year.

3. The second estimate is for constructing a bridge over the Kundah river on the road to the Kundahs at a cost of Rs. 10,500.

A road is now being opened out from district funds between Devashola (which is already connected by roads with Ootacamund, Coonoor and Kolacambi) and Meilkundah and Thiashola on the other side of the Kundah river.

The bridge is to consist of three spans, one of 70 feet and two of 20 feet.

The timber, 70 feet trusses, are stated to be almost exactly similar to those on the third mile of the Coonoor road on what is called Law's bridge.

The waterway provided is 1,760 square feet, which should be ample, but the masonry of piers and abutments will require to be particularly good, considering that the river is stated to have a fall of 180 feet a mile at that place.

4. The third estimate amounts to Rs. 10,000 and is for a new road from Fair Lawns, Ootacamund, to Lovedale.

This road, which will be 2 miles and 486 yards long, commences at the Fair Lawns bridge on the Avalanche road and terminates at the Lovedale-Nunjanad road near the St. Lawrence Lake.

There will be two wooden bridges with openings of 9 and 12 feet, two masonry culverts of 4 feet span, and thirteen of 2 feet span. The culverts will be covered with stone slabs 9 inches thick, and the road is to be gravelled 12 feet broad and 3 inches thick.

5. The estimates have been checked and corrected where necessary. The rates appear reasonable.

No. 29, Financial.

Forwarded to the Public Works Department for orders, under paragraph 8 of G.O., dated 6th December 1882, No. 3211 W., Public Works.
