From

Superintending Engineer,

14th January 1886.

The Superintending Engineer,
2nd Circle

To

The Chief Engineer,
Public Works Department,
Madras.

Sir,

In Financial G. O. N^o 1245 dated
5th September 1885 Communicated with P. W.
G. O. N^o 2270 W: dated 30th September 1885, it
was ruled that the cost of maintaining
private conveyance should not be included
in the computation of "actual expenses".
The Engineer is now extending this ruling
to public conveyance and will not pass the
up-keep of equipage hired by the month
though this equipage is public property and
supplied by Government for the use of
its officers. Rent to cover all charges of
the boat is paid monthly by officers for the
use of Government boats, and it has been
the practice for years past for officers to draw

bona fide actual expenses for such boats
when halting at Head Quarters under Rule
of Section 27 of the Civil Travelling Allowance
Code. This was always drawn by my Predecessor and
by all the Officers of this Circle. The Examiner
now declines to pass it under G.O. No. 2519 w.
dated 24th October 1885. But in that order
the word private Conveyance is carefully used.

2. May I request Government will be
pleased to instruct the Examiner to pass the
usual actual expenses on Government Con-
veyances (Boats &c) as heretofore.

3. I may add that the matter affects
me personally hardly at all for I am seldom
at Head Quarters.

I have the honor to be,
Sir,

Your most Obedt Servant,

John Mount

Lieut-Colonel &c.
Superintendent of Works
in charge of the Circle.
