READ—the following letter from Major G. F. L. MARSHALL, R.E., Under Secretary to the Government of India, Public Works Department (Civil Works—Miscellaneous), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 10th August 1886, No. 325 M. :—

With reference to correspondence ending with your letter, No. 684 W., dated 15th March 1886, I am directed to forward, for information, the accompanying copy of a despatch from the Secretary of State, No. 17 P.W., dated 24th June 1886, sanctioning the revised estimate proposed by Mr. Parkes for the restoration of the Madras Harbour.

2. The amount of the estimate for the restoration is understood to be Rs. 45,90,051, and I am to request that a copy of the estimate now sanctioned may be forwarded to the Government of India for information.

3. I am also to inquire whether the Examiner of Public Works Accounts is still responsible for the audit now that a Port Trust has been created, or whether the audit will now be arranged for by that body.

ENCLOSURE.

Despatch from the Right Honorable the EARL OF KIMBERLEY, Her Majesty's Secretary of State for India, to His Excellency the Right Honorable the Governor-General of India in Council, dated India Office, London, 24th June 1886, No 17 P.W.

With reference to your Public Works letter, No. 22, dated 26th April 1886, I have to inform you that it was by an oversight that I did not sooner communicate to you my sanction to the revised estimates submitted by Mr. Parkes for the restoration of the Madras Harbour, which were forwarded for the consideration of your Government with my Public Works despatch, No. 56, of 25th September 1884.

ORDER—dated 8th September 1886, No. 2251 W., Public Works.

Communicated to the Chairman, Madras Harbour Trust Board, and to the Examiner, Public Works Accounts.

2. Mr. Parkes' estimate, amounting to Rs. 45,90,051, for the restoration of the harbour, was printed at page 15, appendix C of proceedings, dated 19th December 1884, No. 3127 W., copy of which was forwarded to the Government of India with endorsement, No. 3128 W., of the same date. A second copy of those proceedings will be furnished to the Government of India.

3. The estimate now sanctioned will probably be exceeded in consequence of the increased rate granted in G.O., No. 122 R., dated 6th February 1886, to the South Indian Railway for the carriage of stone for the harbour works; but it is observed from Mr. Parkes' progress report for March 1886, printed with proceedings dated 8th September 1886, No. 2249 W., that he does not propose to ask for an amendment of the estimate until reliable data have been obtained for determining the actual cost of the stone independent of transport.

4. In reply to paragraph 3 of their letter above recorded, the Government of India will be informed that, in accordance with paragraph 2 of their resolution, No. 102 A.G.,* dated 22nd March 1886, the Examiner, Public Works Accounts, continues to audit outlay on the harbour works. The Chairman, Harbour Trust, will be requested to report whether the Board desire the continuance of such audit so far as regards the restoration works, or whether they can make their own arrangements to audit the expenditure.

GOVERNMENT OF MADRAS.

MARINE DEPARTMENT.

READ—the following paper:—

From the Hon. R. W. BARLOW, C.S., Chairman, Harbour Trust Board, Madras,
to the Chief Secretary to Government, dated Madras, 20th July 1886,
No. 101.

As required by section 17 (i), Harbour Trust Act (II of 1886), I have the
honor to submit minutes of two meetings of the Harbour Trust Board, held on 8th and

St. George Gazette*.

2. The delay in submitting the proceedings of the former meeting was owing to
the presiding member having been absent from Madras.

The board therefore voted Lieutenant J. H. Taylor to the chair.
