In compliance with G. O. No 1015 W, dated the 19th April 1886, I have the honor to forward, a plan and an Estimate, amounting to Rupees 7397/- for laying out the grounds formerly occupied by the fishing village and Municipal Sewage Farms, as a Park. The nature of the work proposed to be done is explained in the Report attached to the Estimate.

2. The Municipality agree to hand over the Sewage Farms A/1 and A/2 by the 1st proximo, but I have heard nothing about the burial ground and the strip private ground contained in it. I have a
address

addressed the Collector of Madras regarding
the acquisition of the latter.

I have the honor to be

NOTE OF REMARKS.

1. In obedience to S.O. No. 1015 W. of the 19th
April/86 C.A. submits the accompa-
nying plan and estimate for
converting the sites of the old
fishing village and sewage farms
south of the Presidency College at
Madras into a park. — The
estimate amounts to Rs. 7397 —
thus divided: — Earthwork and
levelling — Rs. 1457; the metalling
of roads — Rs. 1453; 3 road tunnels —
Rs. 435; the planting of trees and
shrubs — Rs. 1116; curb stones — Rs. 150
city supervisor and contingencies
Rs. 341 and the water supply
by the Municipality.

park is to be
bordered by Pigeons
etc, by a Hindu
not by a dwarf

The question of
funds has to be con-
sidered.

It is not likely
that the full amount
of the estimate can
be allotted just yet,
but the site of the
old fishing village
is at present a
perfect wilderness,
& a small allotment
might perhaps be
given for clearing &
levelling the ground

C.A.W

Govt. have decided that for the present the fund should only be expended and that for the present no steps should be taken towards laying out a park. It would appear that the first 2 items of the estimate, viz. proportionate charges for Supervision & Contingencies will provide all that is necessary, and it is probable that other items could be allotted from balance in reserve.

Buckingham canal. The park is to be called after H.E. Sir M. & Grant Duff. By the laying out of the roads in curves combined with a judicious planting of trees to prevent any long continuous view, an impression of greater size is to be obtained. The roads are to be 15 feet wide and coated with metal, laterite, to a thickness of $4\frac{1}{2}$ inches. A fountain is to be erected at the north-east corner of the park, and another at the south-east corner.

3. The laying out of the proposed park as conveyed in the accompanying plan and estimate appears suitable to the requirements of the case, and subject to approval may be accepted.

The rates are fair.

The estimate for a stone dwarf wall the eastern boundary

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

From the Comy. Archt. No 878 of 20 Oct 1886

The Comy. consider that it will be sufficient to clear & level the site of the old fishing village & sewage farms, & that for the present, no steps need be taken to lay out the ground as a park. The first two items of the estimate submitted by the Comy. Architect, with proportionate

Charges for better
supervision & contingencies
amounting in all to
Rs 1566, are sanctioned
for immediate execution,

& the amount is allotted
from the Provincial
reserve with the Govt.
