GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following letter from Colonel ROSS THOMPSON, R.E., Officiating Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Ootacamund, 28th September 1885, No. 391 E.W.:—

I have the honor to forward, for sanction, two estimates, amounting to Rs. 10,565—one for widening and improving the ghât road two miles below the Craigmere toll bar (Rs. 2,050) and the other estimate for retmetalling two miles of road below Coonoor and protecting by parapets the dangerous places where land-slips had recently occurred (Rs. 8,515) on the Kullar-Gûdalûr road—together with two reports.

2. These works are actually necessary for the safety of the passengers and vehicles, and as the large amount of these estimates cannot be met from the maintenance grant of the road, I have to request a special sanction and provision of funds, if practicable, by transfer from other divisions.

3. Statements of savings and demands have been called for from all the divisions in the circle, and they are expected early in October. Until these are received in this office, it will not be possible to say whether any transfer can be made to meet the cost of these works from other divisions.

ORDER—dated 9th November 1885, No. 2660 W., Public Works.

The undermentioned estimates are sanctioned for immediate execution:—

COMMUNICATIONS.

Original Works.

1. Widening certain portions of the Kullar-Gûdalûr road ... Rs. 2,050
