GOVERNMENT OF INDIA.

PUBLIC WORKS DEPARTMENT.

GENERAL.

WMB  
4/11/86

To

The Secretary to the Government of Madras  
Public Works Department.

Simla, 28<sup>th</sup> October 1886.

Sir,

I am directed to state that the late correspondence regarding the entertainment of temporary Engineers, ending with your letter N<sup>o</sup> 2135 dated 25<sup>th</sup> August 1886, has received the careful consideration of the Governor General in Council. In this letter the sanctions, at present required, are summarized as follows:-

- (1) ~~Received~~ sanction of the appointment of Mr. P. Mahoney, as temporary Engineer on Rs 350 a month for 12 months with effect from 19<sup>th</sup> October
- (2) The same as regards Mr. C. Lowry, with effect from 18<sup>th</sup> October
- (3) Sanction for the employment of Mr. H. Frankland as temporary Engineer on Rs 350 a month, for 12 months, with effect from 29<sup>th</sup> March 1886.

(4) The same as regards S. Krishnamacharya,  
B.C.E. with effect from 17<sup>th</sup> April 1886.

2. The Governor General in Council  
has no objection to sanction these proposals,  
with the reservation that the period of employ-  
ment, or extension of employment, shall not  
extend necessarily to 12 months.

3. It appears to His Excellency in Council,  
that with reference to the <sup>present</sup> necessity for the strictest  
economy and the injunctions of the Secretary  
of State to reduce expenditure to the utmost  
extent possible, the subject of the necessary  
strength of the Engineer Establishment in  
Madras should be completely reviewed, with  
this object. The number of temporary Engineers  
originally contemplated was ten. This, taking  
into account the reversion of S. Venkataramanaya  
Pantulu, has now increased to 18. Of these  
however, two are employed on 'Wards' Estates,  
and their pay is borne by the Estates, and  
their contributions paid on account of  
leave allowances and pension, but with  
regard to the remaining excess the evidence  
of the necessity is at least imperfect.

4. The Governor General in Council  
trusts, that His Excellency the Governor of  
Madras in Council, will give this important  
subject his early consideration, and favor  
the Government of India with the conclusions  
arrived at. Meanwhile the sanctions given  
in

in this letter may run on.

5. The contraction of Public Works  
operations may leave a number of Engineers  
under the Government of India without  
employment. In this case it will be  
necessary to post them to Madras in place  
of such temporary Engineers as it may be  
found necessary, after investigation, to retain.

I have the honor to be  
Sir,  
Your most obedient servant

W. A. Lawrence Colonel R.E.  
Secretary to the Govt of India

veying the sanction of the  
Government of India to  
the appointment of the  
temporary engineers named  
in the margin.

2. In reply, I am to point  
out that the Govt. of India  
have omitted to include  
the name of Mr. L. P.

ment ~~as~~ as temporary  
engineer on Rs 300/- per

letter No. 2135 W dated  
25<sup>th</sup> August 1886.

3. I am also to point

4. I am to state that  
the Examiner P.W. Accounts  
has disallowed the pay  
of these officers in the  
absence of the sanction of  
the Govt of India to their  
appointments, and that  
much consequent inconvenience  
has resulted. I am therefore  
to solicit that sanction  
in the above named  
five cases may be com-  
municated by telegraph.

5. With advertence to  
the observations in paras 3  
and 4 of your letter under  
reply, I am directed to  
state that the subject of  
the strength of the  
Engineer Establishments

not to be of any use  
up to date

not to be of any use  
up to date

not to be of any use  
up to date

not to be of any use  
up to date

of this Presidency is  
receiving the careful  
consideration of H.E. the  
Governor in Council in  
connection with recent  
proposals of <sup>the</sup> Finance  
Committee relative to the  
next Provincial contract,  
and it is probable that  
considerable reductions  
in the temporary ~~engineers~~  
~~and other subordinate~~  
establishments will be  
effected at the close  
of the current official  
year. I am therefore  
to explain with advertence  
to para 2 of your letter,  
that the sanction already

accorded, and those  
now solicited are not  
necessarily required for  
twelve months. The  
conditions of their employ-  
ment are known to all  
the temporary engineers  
now employed in Madras.  
The services of such of  
them as have no substantive  
appointments can be  
dispensed with on a  
month's notice, while  
upper subordinates employed  
as temporary engineers  
can at any time be reverted  
to their permanent grades.  
I am to express a hope  
that on this explanation

the Govt of India will  
accord early sanction in  
the cases of the officers  
named in paras 2 & 3  
of this letter, to admit  
of their pay being passed  
during the current  
official year. The  
names of the officers to  
be reduced will be  
submitted to the Govt of  
India hereafter. —
