GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From J. B. PENNINGTON, Esq., President, District Board, Tanjore, to the Chief Secretary to Government, dated Vallam, 26th December 1885, No. 269.

I have the honor to forward herewith the consolidated budget estimates of receipts and charges of Local Funds of this district for the year 1886-87. They have been prepared according to the instructions contained in the orders of Government noted in the margin and approved by the district board at their meetings held on the 30th November and 5th December 1885 (*vide* copies of resolutions enclosed). The prescribed statements are also sent herewith as per list.

No. 728 L.F., dated 14th September 1885.
„ 930 „ „ 23rd October „
„ 1116 „ „ 27th November „
„ 1122 „ „ 27th „ „
„ 1155 „ „ 3rd December „

2. *Revised Estimate*, 1885-86.—At the beginning of the year there was a balance of Rs. 2,74,411; the receipts are estimated at Rs. 6,11,829, so that the total assets amount to Rs. 8,86,240. The estimated charges amount to Rs. 7,25,770, and the year is therefore expected to close with a balance of Rs. 1,60,468, or, in round numbers, Rs. 1,60,470; and this amount has been carried forward to the next year.

3. The variations between the estimated expenditure and the budget grants for the year having been fully explained in the revised estimate, the remarks are not reiterated here. An abstract of the receipts and charges as per revised estimate is appended :—

Items of receipts.	Road Fund.	Railway Guarantee Fund.	General Fund.	Endowment Fund.	Total.
	RS.	RS.	RS.	RS.	RS.
Balance on the 31st March 1885	45,292	1,14,192	— 3,427	1,18,354	2,74,411
Receipts in 1885-86	2,10,840	97,085	1,17,223	1,83,305	6,08,453
Total Assets ..	2,56,132	2,11,277	1,13,796	3,01,659	8,82,864
Deduct transfer from Road Fund to General Fund ..	— 15,000	..	+15,000	..	..
Balance ..	2,41,132	2,11,277	1,28,796	3,01,659	8,82,864
Add Public Works Department supervision charges ordered to be refunded	3,376	..	..	..	3,376
Total ..	2,44,508	2,11,277	1,28,796	3,01,659	8,86,240

Abstract of Charges for 1885-86.

Items.	Railway Guarantee Fund.	Road Fund.	General Fund.	Endowment Fund.	Total.
Grant I—	RS.	RS.	RS.	RS.	RS.
Communications	..	2,01,320	..	..	2,01,320
Civil Buildings	..	..	3,500	22,500	26,000
Miscellaneous Public Improvements, including avenues	..	..	8,800	21,700	30,500
Engineering Establishment	..	31,860	2,060	7,400	41,320
Other Charges	1,20,000	3,120	60	220	1,23,400
Total ..	1,20,000	2,36,300	14,420	51,820	4,22,540
Grant II	..	..	40,620	3,370	43,990
Grant III—					
Hospitals, &c.	..	..	17,616	33,304	50,920
Choultries	..	..	..	1,40,676	1,40,676
Other Charges	..	..	47,704	..	47,704
Total ..	..	..	65,320	1,73,980	2,39,300
Grant IV	..	8,430	7,910	3,600	19,940
Grand Total, Expenditure ..	1,20,000	2,44,730	1,28,270	2,32,770	7,25,770
Balance on 1st April 1886 (probable) ..	91,277	— 222	526	68,889	1,60,470

4. The distinctions between the minor funds are shown in the abstract statement for purposes of account to avoid confusion; but in the budget for 1886-87 these disappear, the whole of the balances merging in the district fund.

5. From the above it is clear that these balances cannot be utilized for any general purposes as they form the accumulated surplus of endowments set apart for specific purposes, *i.e.*, the construction of railways and the maintenance of the charities at the several chattrams administered by the district board; and I request therefore that Government will be pleased to authorize the district board to retain these sums in their own hands. Thus the charges of the next year have to be met entirely from its receipts, and consequently the allotments have had to be considerably reduced and are far below those of previous years. I may mention here, for the information of Government, that the district board have resolved to keep the administration of the endowment fund in their own hands.

6. *Budget Estimates*, 1886-87—*Statement No. I-A.*—The year opens with a credit balance of Rs. 1,60,470. The income from all sources being estimated at Rs. 6,38,930, the gross assets amount to Rs. 7,99,400. The details of the assets are given below:—

	RS.
(*a*) District fund consisting of—	
Railway Guarantee Fund	1,93,680
General Fund	2,08,550
Endowment Fund	2,58,620
	6,60,850
(*b*) Taluk Fund	1,38,550
	7,99,400

The receipts under the second item are made up of half the collections of the land cess and sundry items as detailed in statement I-A.

7. The principal items of receipts are noted below, the differences being explained opposite to each:—

(1) *Tolls.*—The maintenance of gravelled roads in this district being enormously expensive, the district board have resolved to levy tolls on the roads leading to the principal centres of traffic at Tiruválúr, Nídámangalam, Koradáchéri and Búdalúr, which enjoy the exceptional benefit of such metalled roads. This, no doubt, amounts to a tax on rail-borne traffic, but it is absolutely necessary to increase our resources in some way, and it seems only reasonable that those who benefit by such expensive luxuries should contribute towards the extra cost of them. A lump sum of Rs. 10,000

is entered on account of the expected receipts under this head; and the sanction of Government is solicited for the levy of this tax and the opening of toll-gates at the stations named above. The usual contributions from municipalities have been taken into account under this head.

(2) *House-tax.*—The imposition of this tax has been found necessary to carry out the purposes of the Act, and it is proposed to hand over the whole income to the taluk boards. The Government have sanctioned thirteen unions for this district—*vide* G.O., No. 930, dated 23rd October 1885, and, at the suggestion of the President, the district board have now determined to add five more (Ayyampet, Nídámangalam, Patukóta, Tiruturaipúndi and Nannilam), so that the total number of unions provided during 1886-87 is eighteen, and the receipts from all the eighteen unions are estimated at Rs. 6,000. No credit is taken on account of fees for pandals, &c., as they are uncertain items and not likely to yield much.

(3) *School-fees.*—The increase, compared with 1885-86, is consequent on the opening of a sixth class at Tiruválúr and a lower fourth class at Patukóta.

(4) *Medical Contributions from private individuals.*—The receipts under this head are made up of the contributions from the Tanjore Municipality and the Chattram funds for the maintenance of the Rajah-Mirasidar hospital at Tanjore.

(5) *Interest.*—The estimate for 1886-87 exceeds that for 1885-86 (as revised) by more than Rs. 5,000, as the board expect to be able to invest Rs. 1,20,000 before the end of this year on account of the Railway Guarantee fund. The remainder represents the income from the investments at credit of the several chattrams, the dispensaries, and the Medical school, Tanjore.

(6) *Choultry rents.*—The increase is due to the transfer of the Nadyam mutt to the district board.

(7) *Contribution from Provincial Funds for Education.*—The figure entered under this head is the amount reported as claimable on account of salary grants on behalf of the schools at Tiruválúr and the elementary Normal school, Tanjore. They are in excess of those hitherto received, and the sanction of Government is requested for the increased aid.

(8) *Contribution for General Purposes.*—The Government have sanctioned the payment of this sum, viz., Rs. 2,640, in G.O., No. 1401, Financial Department, dated 5th October 1882, for the upkeep of the Rajah-Mirasidar hospital.

(9) *Contribution for Choultries.*—These allowances were sanctioned by Government long before the transfer of the institutions to the local board and have been continued up to date.

8. The other items of receipts do not call for any remarks.

9. *Charges—Statement No. I-B—New Works.*—The total proposed outlay under this head is made up thus:—

	RS.
Roads	13,310
Civil buildings	2,610
Miscellaneous public improvements	1,000
Total ..	16,920

against an allotment of Rs. 62,120 during 1885-86. All these works will be in charge of the District Engineering establishment working under the orders of the district board.

10. *Repairs.*—The estimated outlay under this head comes to Rs. 1,48,350. Its details are subjoined:—

	RS.
Local Fund Engineer	1,22,630
Road works, Public Works Department	9,150
	1,31,780
Civil buildings	4,660
Miscellaneous public improvements	6,210
Avenues	5,700
	1,48,350

In the budget for 1885-86, Rs. 1,54,840 are provided under these items. The details of the works to be carried out by the district and taluk boards are given in statement III-B. The civil buildings and the miscellaneous public improvements being almost all chattram works are to be under the management of the district board. The lists of roads to be handed over to the district and taluk boards have been drawn up by the Engineers and approved by the district board. This arrangement may be reconsidered at the close of 1886-87.

11. The item chiefly deserving of notice is the Engineering establishment. As Government are aware this subject has been under discussion since the beginning of 1880; and after a good deal of correspondence, it was finally resolved that there should be two separate Engineers, as it was thought that the whole district could not be properly supervised by a single man, and consequently up to the present time there have been two separate independent Engineers; but the district board now propose to dispense with the services of one Engineer. It is quite clear that with our reduced income we can no longer afford an establishment costing 40,000 rupees a year, and it was therefore resolved to accept a scheme proposed by a sub-committee appointed for the purpose (*vide* enclosed report and statement). This scheme is estimated to cost from Rs. 29,000 to Rs. 30,800, or about 11,000 rupees less than the present dual system. Personally I doubt if it will be found equal to the work, and propose to ask the board to modify some of the details; but the sum of Rs. 29,000 entered in the budget (which will not in any case be much exceeded) may be retained provisionally. The details of the establishment being thus left unsettled, the permission of Government is requested to treat the establishment as a whole and debit the charges proportionately to the taluk and district funds in the ratio of the outlay on works.

12. The Government having exempted the district board from payment of supervision charges for works in charge of the Public Works Department, nothing is entered under that head.

13. The charges for tools and plant have all been calculated at the percentages sanctioned, *i.e.*, 1 per cent. on proposed outlay on Public Works Department works and ½ per cent. on the allotment for works entrusted to the Local Fund Department.

14. A sum of Rs. 1,20,000 is budgeted for on account of the Máyavaram-Mutupet railway.

15. The total proposed charges under Grant I come to Rs. 3,19,420 against a budget grant of Rs. 4,02,820 for 1885-86.

16. *Grant II, Education Inspection.*—The budget for 1885-86 provides for nine inspecting schoolmasters for the whole district. Of these, the four subordinates in charge of the Tanjore and Kumbakónam taluks are now in receipt of Rs. 15 a month; but for the next year the services of two of these officers are to be dispensed with, and each taluk will be in charge of a single inspecting schoolmaster on Rs. 30. This arrangement has been made at the suggestion of the Inspector of Schools in view to secure the services of a better class of men. These two taluks were each under one inspecting schoolmaster till the end of 1883-84; and so, though there is a change compared with 1885-86, it is only a reversion to the system that formerly obtained. Rs. 3,650 are provided for 1886-87 against Rs. 3,880 during 1885-86.

17. *Normal School.*—The Normal school at Tiruválúr was closed by the district board in April 1885 for want of funds, and though the Director of Public Instruction helped them out of the financial difficulty by resigning his claim to a contribution on account of the Deputy Inspector of Schools, Negapatam circle, the district board could not avail themselves of the concession granted because the order came too late; so that only one Normal school has been working since April last, and for 1886-87 also the district board have resolved to maintain only the institution at head-quarters, but on a larger scale, so that the total cost is estimated at Rs. 4,900 against Rs. 3,360 during 1885-86. They have provided for training 50 teachers and for other necessary charges and thus meeting the requirements of the whole district.

18. *Secondary Schools.*—The schools coming under this head are:—

(1) The High school at Tiruválúr.
(2) The Sanskrit College at Tiruvádi.
(3) The Chattram schools at Oratanad, Patukóta and Rajamadam.

The standard of the High school at Tiruválúr has been raised; and though a sixth class could not be worked during 1885-86, arrangements have been made to start it immediately after the Christmas holidays, and an additional teacher has been appointed. This school is expected to be self-supporting and is reported to be entitled to a grant of Rs. 1,398 from Provincial Funds. I request Government will be pleased to sanction the salary grant.

The standard of instruction at present imparted in the Tiruvádi College having been found to be too low to enable the students to study the Sastras and acquit themselves creditably as Sanskrit pundits in after-life, the district board have, at the instance of the Deputy Collector, Tanjore, the Deputy Inspector of Schools, and the Head Pundit of the Kumbakónam College, resolved to open higher classes, and for this purpose it is proposed to strengthen the teaching staff and increase the number of boarders from 60 to 100. As this school is maintained from the Kaliyanamahal Chattram funds, I request that sanction may be accorded to these proposals. Annexed is a statement showing the present and proposed teaching staff:—

Present staff.	Rs.
1 Head Master	20
1 Second do.	15
1 Third do.	10
1 Fourth do.	15
1 Peon	4
Total ..	64

Proposed staff.	Rs.
1 Head Master from Rs. 40 to 50 ..	40
1 Second do. from „ 30 to 40 ..	30
1 Third do. from „ 25 to 30 ..	25
2 Fourth and fifth masters, Rs. 20 each	40
1 Sixth master	15
1 Peon	5
Contingent and library allowance ..	8
Total ..	163

The status and cost of the Oratanad school remain unaltered.

Patukóta School.—It has been proposed to open a lower fourth class here. The change involves no additional outlay. This institution is to be maintained from the funds of the Nadyam mutt (*vide* G.O., No. 372 R., dated 26th March 1885).

Rajamadam School.—This school having been reported to have increased in strength, a third class is to be opened. Hence it is proposed to employ one additional teacher on Rs. 20.

All the secondary schools have been retained by the district board under their own charge; of the above, the only school that is supported from district funds is that at Tiruválúr; the rest depend upon the chattram revenues.

19. *Elementary Schools.*—Till the end of 1884-85, all Local Fund schools were working on the combined system, except those in the late Negapatam circle, where some were maintained on the salary system. In submitting the budget for 1885-86, however, the district board resolved to transfer them all to private agency on the combined system. But the Director of Public Instruction at first took objection to the measure, and hence the proposal had to be given up. As, however, he has recently withdrawn his objection, the schools have been converted into private combined system schools from April next. As this change is very desirable in the interests of education and does away with a very invidious distinction, I request that Government will approve of the district board's proposal. All these schools will be maintained out of the funds of the taluks concerned; but the cost of maintaining the Nídámangalam Girls' school will be placed at the disposal of the taluk board from the funds of the Nídámangalam chattram to which it is attached.

The Deputy Inspectors of Schools proposed to open additional schools to provide for the trained teachers who may pass out of the Tanjore Normal school next year; but funds being low and education not very backward in this district, the board have resolved to transfer to the results system some of the existing schools which have become permanent and are not likely to suffer by the change, so as to provide funds in case of any additional demand on account of such new schools. I request the sanction of Government for this.

20. A sum of Rs. 10,000 is provided on account of results grants against Rs. 16,000 budgeted for 1885-86 and Rs. 11,576 paid during 1884-85. A slight reduction of rates, compared with those now obtaining (viz., 75 per cent. of full rates in favorably situated irrigated tracts and full rates in the dry parts), has to be made. The savings (about Rs. 1,500) in the allotment for results grants to combined system schools will be transferred to supplement this deficiency.

The grants will be distributed among the ranges as shown below :—

	RS.
Tanjore and Kumbakónam taluks	3,000
Máyavaram, Shiyáli and Nannilam taluks	3,000
Negapatam and Tiruturaipúndi do.	2,000
Mannárgudi and Patukóta do.	2,000
	10,000

21. *Contribution to Provincial Funds.*—Rs. 3,000 are provided for the salary, &c., of the Deputy Inspectors of the Patukóta and Negapatam ranges. In this connection I request the attention of Government to the fact that there is not sufficient work for four Deputy Inspectors in this district—*vide* letter printed in Board's Proceedings, No. 317, dated 29th January 1885, reviewing the budget for 1885-86, and to request therefore that the district may be sub-divided into three ranges. If, however, the educational department do not approve of this proposal, I beg that Local Funds may be relieved from contributing to the pay of the fourth Deputy Inspector. If this request is granted, the savings of Rs. 1,500 will be utilised for the payment of results grants, so that the total allotment will still amount to Rs. 13,000 on the whole.

22. The total charges under this grant are estimated at Rs. 48,220 against a budget grant of Rs. 47,660 during 1885-86.

23. Before proceeding to the next grant, I beg to submit, for the information of Government, an abstract of the total receipts and charges of the Educational Fund,* from which it will be seen that the allotments made by the board, including those from the Endowment Fund, cover not only the whole of the funds due but also a considerable part of the reserve, and that the board have done all in their power to keep the educational allotments as high as is compatible with their present straitened financial circumstances.

* *Receipts.*

	RS.
One-sixth land-cess	43,500
School-fees	3,860
Books	1,450
Contribution to education	3,500
Miscellaneous	450
	52,760
Deduct reserve	7,920
	44,840
Charges	48,220

24. *Grant III, Sanitation, &c.*—The principal medical institution at district head-quarters is the Rajah-Mirasidar hospital. This is to continue under the district board as also His Royal Highness the Prince of Wales' Medical school at Tanjore, which may be looked upon as an adjunct to the hospital. The maintenance of these institutions costs Rs. 11,780. The former is maintained from contributions from Chattram, Municipal and Provincial Funds, while the charges of the latter are met from the Endowment Fund.

25. The management of the other hospitals and dispensaries is to be made over to the taluk boards concerned. The changes in the allotments, compared with 1885-86, are chiefly due to the promotion of the medical subordinates in charge to the next higher grades and some minor alterations which have been made with reference

to probable requirements and at the instance of the district surgeon. Compared with 1885-86, the allotments of 1886-87 show a slight decrease of Rs. 410 (being Rs. 45,760 against Rs. 46,170), which calls for no remarks.

26. *Rajah-Mirasidar Hospital.*—

	RS.
Allotment 1885-86	6,520
Do. 1886-87	5,890

The establishment charges show a decrease as compared with 1885-86. This is due to the discontinuance of the superintendent's allowance under G.O., No. 1096, dated 24th November 1885, and the proposal to dispense with the services of the matron, two compounders, a clerk, and two peons, and the entertainment of two midwives in their stead. All these changes have been proposed by the district surgeon and approved by the hospital committee and the district board.

27. *His Royal Highness the Prince of Wales' Medical School.*—

	RS.
Allotment of 1885-86	6,400
Do. of 1886-87	5,890

The Government having ordered the re-opening of the Auxiliary school at Ráyapuram, this board have, at the suggestion of their district surgeon, resolved not to take in any new students during 1886-87. The charges under the other heads call for no special notice. The district board have also, at the instance of their district surgeon, ordered that contributions paid in by other district boards for training their medical subordinates should be distributed among the teachers in proportion to their salaries. Though there may not be many students in future from other districts, I request to be informed if the resolution is unobjectionable.

28. *District Surgeon's office.*—The proposed expenditure for 1886-87 exceeds the budget grant of 1885-86 by 150 rupees in consequence of increased contingent charges.

29. *Vaccination.*— Under this head the allotment for 1885-86 is repeated. The whole charge is to be met from the district fund (*vide* G.O., No. 1116, dated 27th November 1885).

30. *Water-supply.*—The allotment under this head includes the pay of the existing tank watchmen, and the amount for repairs to tanks towards which the people have already contributed. Rs. 1,410 are also provided for cases in which contributions have been promised. The improvement of tanks is charged to the district fund and the pay of the tank watchmen to the taluk fund. The next three items under this sub-head—village-sites, scavengering establishments, and other sanitary outlay—have been allowed the same allotments as during 1885-86. The taluk boards will be in immediate charge of these works and establishments; and, where necessary, the establishments will be altered to satisfy local requirements.

31. *Choultries.*—There is an increase of Rs. 8,990 over the budget grant for 1885-86. This is due to the increase of feeding charges in the chattrams at Tiruvádi Oratanad and Rajamadam, consequent on the increase in the number of boarding scholars, the recent transfer of the Nadyam mutt chattram, and the employment of additional village servants (monigars) in the Tanjore division. The other items of expenditure are almost identical with those of 1885-86 and do not therefore deserve any special mention. The institutions will, as heretofore, continue under the management of the district board and be subject to the immediate control of the respective divisional officers who are also presidents of the taluk boards. The funds required for the maintenance of the institutions will continue to be paid, as at present, by the president on bills from the divisional officers.

32. The other sub-heads of charges under this grant are all to be met from the district fund and need no special remarks, as they have been calculated according to the orders of Government and with reference to probable requirements.

33. This grant costs the board Rs. 2,41,080 against Rs. 2,47,290 in the budget for 1885-86.

34. *Grant IV.*—The total expenditure is estimated at Rs. 26,440 against a budget grant of Rs. 16,560 for 1885-86. The variations are explained below.

The decrease under audit establishment is due to the reduction of the auditor's pay from Rs. 95 to Rs. 58 (including pensionary contribution, &c.). The increase under the Collector's and District board's establishments is consequent on the higher pay sanctioned to the Local Fund head accountant in the treasury and the entertainment of an additional clerk (sanctioned in G.O., No. 577, dated 7th August 1885), while the excess expenditure in the district board's establishment is due to the head clerk's pay having been raised from Rs. 60 to Rs. 80. The most important item, however, is the outlay on the establishments in the offices of the taluk boards and panchayats. The former are estimated to cost Rs. 2,000 and the latter Rs. 3,500, as per details given below :—

Taluk Board's Establishment.

	Rs.
1 Clerk on Rs. 15	180
1 Dufterbund on Rs. 8	96
Contingencies	84
	360
Do. do. for five divisional officers, including sundries, &c. ..	2,000

Panchayat's Establishment.

1 Clerk on Rs. 8	96
1 Peon on Rs. 4	48
Contingencies	36
	180
Do. do. for 18 unions, including sundries, &c.	3,500

These establishments may be sanctioned provisionally for the year 1886-87 and recast to suit the then circumstances at the submission of the next year's budgets. Both these charges will be met from the taluk funds, the funds required for the panchayats being placed at their disposal by the taluk boards concerned.

The batta to non-official members shows an increase. This has been calculated with reference to the number of members likely to attend and the number of meetings; a similar amount has also been entered on account of the travelling allowance of official members in accordance with the recent orders of Government.

35. Thus it will be seen that the proposed outlay during 1886-87 amounts to Rs. 6,35,160, and is distributed between the district and taluk funds as shown below :—

	District Fund. Rs.	Taluk Fund. Rs.
Railway Guarantee Fund	1,20,000	
District Fund, General Branch	1,95,470	1,15,640
Endowment Fund	2,04,050	

thus leaving at the close of the year a surplus of Rs. 1,64,240 including a reserve of 64,450 rupees. It will be observed that the allotments provided in this budget are considerably less than those of former years, and the balances under the district and taluk funds are *nil*, except under the endowment funds. The rules (paragraph 24) for the preparation of the budget require a reserve of 15 per cent. of the year's receipts, but as the year opened with little or no surplus available for expenditure on general purposes, the charges had necessarily to be limited to the current receipts and it was found quite impossible to provide funds for works absolutely necessary without trenching on the reserve. I request therefore that, in consideration of the present condition of our finances, Government will be pleased to accord their sanction to the utilization of part of the reserve as proposed by the district board.

ENCLOSURES.

From the Members of the Sub-Committee, Local Fund Board, Tanjore district, to the President, Local Fund Board, Tanjore district, dated Tanjore, 5th December 1885.

In accordance with the resolution of the board appointing us members of a sub-committee to submit a scheme for the reduction and reorganization of the Engineering establishment, consistently with the Public Works allotment in the proposed budget for the year 1886-87, we have the honor to submit the following scheme for the consideration of the board. In arriving at this scheme, we have had the benefit of the proposals of the two Local Fund Board Engineers. The reasons for a double Engineer system no longer exist and the present state of Local Fund finances imperatively requires that strict economy should be practised without impairing the efficiency of the establishment. From a perusal of the office papers bearing on the subject, we are decidedly of opinion that it will be to the advantage of the board to have all their works subject to the supervision of *one District Engineer*. The most difficult question, however, for our consideration is how best to organize the subordinate Engineering staff consistently with economy and efficiency. The idea of having an Assistant Engineer on Rs. 300 does not commend itself to us. The reason assigned by Mr. Syson for creating this appointment is that it would create a prospective promotion for the second Engineer and thus in a great measure ensure that appointment being always well filled. We are of opinion that there is no necessity for this highly-paid office. Whenever the District Engineer's place may fall vacant, it would be perfectly easy to borrow from the Public Works Department the services of an Assistant Engineer to fill the vacancy. We are not unaware of the great hardship that may be entailed on some of the officers already in our employ, but a keen sense of the duty imposed on us constrains us to submit this scheme, in the interests of the Local Fund Board. For the subordinate staff therefore we recommend three supervisors, nine overseers and five sub-overseers. There are nine taluks in the district. Shiyáli being the smallest with but 71 miles under maintenance, we think it may be placed in charge of a sub-overseer to work under the immediate orders of the Máyavaram overseer. Each of the remaining eight taluks and the chattram works should be placed under an overseer, the overseers of Tanjore, Kumbakónam, Tiruturaipúndi and Patukóta being each assisted by a sub-overseer. The overseers may be graded into three classes, Kumbakónam and Tanjore being placed under 1st-class overseers, Mannárgudi, Patukóta and Nannilam under 2nd-class overseers, and the remaining taluks and the chattram works under 3rd-class overseers.

The next point for consideration is supervision. We propose that the Tanjore taluk and chattram works should be under the immediate control of the District Engineer and that the remaining eight taluks should be divided into three sections and each placed under a supervisor as follows :—

(1) Kumbakónam, Máyavaram and Shiyáli, 1st class.
(2) Tiruturaipúndi, Nannilam and Negapatam, 2nd class.
(3) Patukóta and Mannárgudi, 3rd class supervisors.

In making the above gradations and distributions, we have taken into consideration the importance of the taluks, the number of miles under maintenance, and the amount of allotment for works.

We avail ourselves of this opportunity to propose, for the consideration of the Board, the extreme desirability of introducing the system of milemen for the maintenance of roads. This question has so often come before the board and been considered, that we deem it unnecessary here to detail the manifold advantages that would accrue from the adoption of the permanent mile-cooly system.

If this were approved, then there will be no necessity for the entertainment of separate avenue superintendents and their establishment. Their work will be done by milemen, overseers, and sub-overseers.

In the event of its becoming necessary at any time to borrow the services of an Assistant Engineer from the Public Works Department, we would propose an additional allotment of Rs. 1,800 a year to meet the additional cost.

We have, &c.,

(Signed) KISTNASAWMY IYER, *Vice-President.*

PROCEEDINGS of the District Board, Tanjore, dated 30th November 1885 (special meeting).

* * * *

Laid on the table the draft budget estimates of receipts and charges of Local Funds for the year 1886-87 with the President's memorandum thereon; and also all papers bearing on the subject.

1. Resolved that Ayyampet, Tiruturaipúndi, Nídámangalam, Patukóta and Nannilam be also constituted major unions.

2. Resolved that the cost of the present Engineering establishment be reduced to 20 per cent. of the estimated charges for the next year, and that a sub-committee, consisting of the members named in the margin, be asked to suggest how the reduction can best be effected in consultation with the Local Fund Engineers. The sub-committee will report within a week.

1. Vice-President.
2. Mr. S. A. Saminathier.
3. Mr. Kistnasawmy Mudaliyar.

3. Resolved that house-tax be levied in the unions.

4. Resolved that the following establishment be entertained for the Taluk Board and Union offices:—

Taluk Board's Office.

	RS.
1 Clerk on	15
1 Attender on	8
Contingencies	7
	30

Union Office.

	RS.
1 Clerk on	8
1 Peon on	4
Contingencies	3
	15

5. Resolved that tolls be introduced on the metalled roads at Tiruválúr, Nídámangalam, Koradáchéri and Búdalúr.

6. Resolved also that the further consideration of the budget be postponed to the 5th December 1885.

ENCLOSURE.

PROCEEDINGS of the District Board, Tanjore, at their special meeting held on the 5th December 1885.

* * * *

1. Laid on the table the draft budget estimates of receipts and charges of Local funds for the year 1886-87 with the President's memorandum on the same.

Read also the Sub-Committee's report suggesting a reduction and revision of the Local Fund Engineering establishment and other papers on the subject, including the report of the Local Fund Engineers. The Board resume the further discussion of the budget papers.

Resolved that the Sub-Committee's scheme reducing and reorganizing the existing Engineering establishments be adopted and entered in the budget, the President not voting. It is also resolved that the District Engineer's pay be raised to Rs. 550 by an annual increment of Rs. 10 after the first year of the new scheme.

2. Resolved that the Tanjore Deputy Collector's proposal to appoint a pattamonigar on Rs. 6 for each vattam in the chattram department be sanctioned and included in the budget of 1886-87.

3. Resolved that the increase of pay, &c., to the Koteyamal establishment be disallowed.

4. Resolved also that the budget prepared in accordance with the resolutions come to this day be submitted to Government by the President.

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 4th February 1886, No. 61:—

I have the honor to state that the provision made in grant III of the budget estimate of the District Board of the Tanjore district for the year 1886-87 for the maintenance of the institutions is adequate.

2. The Government can hardly be expected to approve of the proposition that "contributions paid in by other District Boards for training their medical subordinates should be distributed among the teachers in proportion to their salaries." The teachers are paid fixed allowances for their duties, and what is earned by the school from other Boards should, in my opinion, be regarded as the assets of the school and not the perquisite of teachers.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 5th February 1886, No. 180.

I have the honor to report, for the information of Government, that, excluding the charge for sanitary inspection, Rs. 3,200, an allotment of Rs. 20,910 or 28·8 per cent. of available income has been made by the Tanjore District Board for the sanitary requirements of the district for 1886-87 against Rs. 34,460 for the current year. No

explanation is given for the reduction, but it may be accepted. The allotment will be distributed as follows :—

	Rs.
Improvement of water supply	1,220
Do. of village sites	1,000
Conservancy	17,070
Fairs and festivals and other sanitary outlay	1,620
Total ...	20,910

2. It is stated in paragraph 29 of the covering letter that under the head of vaccination the allotment for 1885-86 has been repeated; but I find it not to be so from the budget statement, grant III (*b*), forwarded to me. In it a sum of Rs. 5,670 is entered as the allotment for vaccination for 1886-87, while the allotment for 1885-86 is Rs. 7,870—a difference of Rs. 2,200. But if the grant is to be the same as that for 1885-86 it may be accepted. No details of the establishment to be employed have been furnished. I presume a staff of the same strength as that at present employed is contemplated.

From D. DUNCAN, Esq., M.A., D.SC., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 2nd March 1886, No. 1390.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Tanjore District Board for 1886-87.

2. The educational assets, including one-sixth land-cess, are estimated at Rs. 52,760 in paragraph 23 of the President's covering letter, but the correct amount is Rs. 52,410. One-sixth of the land-cess is calculated at Rs. 43,500 instead of Rs. 43,600. The sale-proceeds of books are estimated at Rs. 1,450. The correct amount should be Rs. 1,000; the figures of the Máyavaram and Patukóta ranges have, by mistake, been added to the figure of the district given by the Deputy Inspector of Schools, North Tanjore. Also the provision for commission on sale of books is calculated as Rs. 1,000.

3. The charges proposed under Grant II, Education, aggregate Rs. 48,220 against Rs. 47,660 in the current year's budget as detailed below :—

	Estimate, 1885-86.	Estimate, 1886-87.
	Rs.	Rs.
Inspection	3,880	3,650
Training schools	4,860	4,900
Local Fund schools	21,770	25,520
Results grants	16,000	10,000
Contribution to Provincial funds	...	3,000
Miscellaneous	1,150	1,150
Total ...	47,660	48,220

4. *Inspection.*—The provision made under this head is considered insufficient by Mr. Monro. But, with reference to the actuals of 1884-85, the item may be left undisturbed.

5. *Training Schools.*—For the Local Fund Normal School, Tanjore, Rs. 4,900 are provided in the budget. The Board have not approved of the proposal of this department to revive the Normal School at Tiruválúr, but have resolved to maintain the present school on a larger scale. Provision is made for fifty stipendiaryships; the Inspector suggests that this number should be supplemented by ten more. If the masters that will be sent to be trained from the various municipalities in the district be taken into account, I think that the provision made by the Board will suffice, as the total number of pupils will be about sixty, the maximum number that can be trained annually in an elementary normal school like that at Tanjore.

6. *Local Fund Schools.*—Rupees 25,520 are provided under this head against Rs. 21,770 in the current year's budget. The increased provision is fully explained in the President's covering letter. The raising of the standard of the Tiruválúr High School and of the Sanskrit College at Tiruvádi has my approval. Salary grants will be sanctioned from Provincial funds for the Tiruválúr High School for which credit has been taken in the budget. With reference to the other proposals under this head Mr. Monro observes as follows :—

"The condition of the Oratanad chattram school required to be improved. I have submitted proposals to the Board for the raising of the school to the status of a first-grade middle school. With regard to the Patukóta school, I proposed to the District Board that three masters for the lower 4th, 3rd and 2nd classes would be sufficient, and that the elementary classes might be maintained on the combined system. The provision for 4th, 5th and 6th teachers may be struck out. This will reduce the expenditure by about Rs. 600. I am not in favor of raising the standard of the Rajamadam Primary School to the grade of a middle school by the opening of a 3rd class, as there is a well-conducted middle school at Patukóta which is only 7 miles off Rajamadam. The provision made for a head master on Rs. 20 may therefore be struck off. This will again reduce the expenditure by Rs. 240."

I beg to request that the above may be referred to the Board for their consideration. The Board have calculated the fixed stipends and results grants to the elementary schools on the combined system at Rs. 11,170 and 3,980, respectively, but from statement IV furnished to this office it is observed that the amounts should be Rs. 11,650 and 4,500.

7. *Results Grants.*—The assignment for results grants is Rs. 6,000 less than in the current year's budget. The Board contemplate giving grants at 75 per cent. of the full rates in favorably-situated irrigated tracts and at full rates in the dry parts. As grants have to be paid for the infant standards also under the new code, the provision now made is inadequate. I beg to recommend that Rs. 3,000 be added to the present allotment, and that the claim of Government to the Local fund contribution of Rs. 3,000, on account of deputy inspectors for which provision is made in the budget, be waived in consideration of the straitened condition of the finances of the Board.

8. *Contribution to Provincial Funds.*—On the recommendation of Mr. Grigg, the Government waived their claim to the contribution payable to Provincial funds towards the pay of two deputy inspectors, on the understanding that the Board should continue the Local Fund Normal School at Tiruválúr. As the Board are now maintaining only one normal school, a sum of Rs. 3,000 is provided under this head. For reasons explained in the preceding paragraph the item should be struck out.

9. *Miscellaneous.*—The assignment under this head calls for no remark.

10. If my proposals are approved, the total charges on account of education will aggregate Rs. 49,220. Deducting Rs. 4,280, the cost of the chattram schools at Rajamadam and Oratanad and the Sanskrit College at Tiruvádi which are maintained out of chattram rents, the net charges will amount to Rs. 44,940 against Rs. 52,410, the estimated educational receipts.

From J. B. PENNINGTON, Esq., President, District Board, Tanjore, to the Chief Secretary to Government, dated Vallam, 17th April 1886, No. 46.

In continuation of my letter, No. 269, dated 26th December 1885 (paragraph 11), I have the honor to submit, for the information of Government, a copy of the District Board's resolution, No. 1, dated 13th March 1886, from which it will be seen that they are not in favor of the appointment of an Assistant Engineer.

2. I am very decidedly of opinion that it will not be found practicable to work the district successfully with the establishment proposed, and it will be observed that the

minority comprises all those who have had any experience of work, strongly supported by the Local Fund Engineer himself; but as the majority—all non-officials—insist on it, the experiment must be tried.

ENCLOSURE.

PROCEEDINGS of the District Board, Tanjore, dated 13th March 1886.

* * * *

1. Read letter from the Local Fund Engineer, Western division, No. 2417, dated 23rd January 1886, and other papers about strengthening their Engineering establishment by the appointment of an Assistant Engineer and also all other papers on the subject of the Engineering establishment.

Proposed by Mr. Moore and seconded by Mr. Hughes that Mr. Syson's scheme of the Engineering establishment be adopted.

Negatived by a majority of fourteen against nine.

From the President, District Board, Tanjore, to the Chief Secretary to Government, dated Tanjore, 31st May 1886, No. 94.

ABSTRACT.—Requesting that Government may be pleased to issue early orders on the budget for 1886-87.

From J. B. PENNINGTON, Esq., President, District Board, Tanjore, to the Chief Secretary to Government, dated Tanjore, 12th June 1886, No. 102.

Road map and statement No. 7.

In continuation of my letter, No. 269, dated 26th December 1885, I have the honor to forward the papers noted in the margin.

From the President, District Board, Tanjore, to the Chief Secretary to Government, dated Vallam, 16th July 1886, No. 116.

ABSTRACT.—Requesting to pass early orders on the Local fund budget for 1885-86.

ORDER—dated 9th August 1886, No. 941 L.F., Financial.

The following abstract shows the estimated Local fund receipts and charges of the Tanjore district for the year 1886-87, as passed by Government:—

(3) Balance under Railway Guarantee Fund	73,680	...	73,680
Net balance available for general purposes	...	2,730	2,730

2. *Revised Estimate for* 1885-86.—Compared with the budget estimate of Rs. 1,81,010 there was an increase of Rs. 93,401 in the opening balance owing to the non-investment of Rs. 93,370 in favor of the Railway Guarantee Fund as proposed in the revised estimate for 1884-85. Excluding this balance, the current receipts of the year were estimated Rs. 6,11,829 against Rs. 6,18,280 and the expenditure at Rs. 7,25,770 against Rs. 7,16,670. The variations are explained in statement IX. The sum of Rs. 3,376, paid to the Public Works Department for the supervision of roads running along tank bunds and river banks in their charge, but subsequently recovered, should have been shown as a refund of expenditure under Public Works. Under grant II, a sum of Rs. 1,500 is provided as a contribution to Provincial funds on account of a deputy inspector of schools. As the Government have waived their claim to such contributions, the provision will be struck out and the Accountant-General requested to refund the sum of Rs. 750 already paid on this account. Under grant III, the contribution to Provincial funds on account of sanitary inspection calculated at ·5 per cent. on the receipts of 1884-85 should be Rs. 2,890. The balance to be carried forward is thus Rs. 1,62,160, of which Rs. 91,280 appertain to the Railway Guarantee Fund and Rs. 68,880 to endowed institutions, the amount available for general purposes being only Rs. 2,000.

G.O., dated 26th May 1885, No. 212 L.F.

3. *Budget Estimate for* 1886-87.—The District Board propose to retain the administration of all endowed institutions in their own hands. With the exception, however, of the Rajah Mirassidar Hospital and the Prince of Wales' Medical School at Tanjore, which are maintained for the benefit of the whole district, all such institutions should be transferred to the Boards of the taluks in which they are respectively situated. The opening balance of Rs. 64,880 in favor of endowed chattrams will accordingly be transferred to Taluk Funds, the remainder, Rs. 97,280, including the balance of Rs. 91,280, appertaining to the Railway Guarantee Fund, being credited to the District Fund. The current receipts of the year are estimated at Rs. 6,38,930 against Rs. 6,18,280 last year. As in 1885-86, the cess on land is expected to yield Rs. 3,48,000, of which Rs. 86,400 appertain to the Railway Guarantee Fund. The income from tolls is estimated at Rs. 35,020 against Rs. 25,020, the increase being the amount expected from the toll-gates to be opened under the Local Boards' Act at Tiruválúr, Nídámangalam, Koradácherri and Búdalúr. The President is requested to submit the usual draft notification for the approval of Government. Credit is taken for a sum of Rs. 6,000 under House-tax, which it is proposed to levy in the eighteen unions lately constituted in the district. The imposition of the tax has been sanctioned in eight unions only, but as the estimate under this head is not large, it will be retained pending the submission of statement No. VIII showing the estimated receipts and charges of unions. As under G.O., 3rd December 1885, No. 1155 Local Fund, all schools (other than normal schools) and choultries should be under the Local Taluk Boards, the

G.O., dated 27th April 1886, No. 460 L.F.
" " 9th July " " 788 "

receipts and charges of these institutions will be transferred to the Taluk Funds. As observed by the Director of Public Instruction, the estimate of income from the sale of books must be reduced from Rs. 1,450 to Rs. 1,000. In statement I-A, credit is taken for miscellaneous receipts amounting to Rs. 450 under Education. There is no corresponding entry in statement IV-A, but a sum of Rs. 480 is shown under Contributions. The difference should be explained. The sum of Rs. 3,000, shown as a contribution from Chattram Funds towards the maintenance of the Rajah Mirassidar Hospital, will be struck out, as such payments from the funds of one endowed institution to those of another should not appear in the consolidated budget of receipts. The sum of Rs. 35,660 expected as interest on Government securities will be distributed between the District Fund and Taluk Funds as shown in the margin, with reference to the institutions to which the securities appertain. The estimate under choultry rents will be raised from Rs. 1,50,000 to Rs. 1,51,400, so as to correspond with the total of the details given in columns 6 and 7 of statement VII. In the absence of special reason to the contrary, the whole of the receipts under 5, Miscellaneous should be credited to Taluk Funds. The contribution of Rs. 2,640 from Provincial funds on account of the Rajah Mirassidar Hospital shown under " General purposes " will be transferred to a new sub-head (*e*) " Hospitals and Dispensaries." The assets of the several funds as modified by Government are shown below :—

	RS.
District Fund	20,000
Taluk Funds	15,660
Total ...	35,660

		RS.
(1) District Fund, excluding the Railway Guarantee and Endowment Funds		1,80,380
(2) Railway Guarantee Fund		1,93,680
(3) Taluk Funds, excluding Endowment Fund		1,67,350
(4) Endowment Fund ...	District 12,500	
	Taluks 2,45,130	2,57,630
Total ...		7,99,040

4. Under grant I, Rs. 13,310 are provided for the five new works specified in statement III-A. It is proposed to debit the entire cost of these works to the District Fund; but it has already been decided that expenditure on communications should be debited to the District Fund or to Taluk Funds according as the roads concerned are principal or minor lines of communication. The allotment will accordingly be distributed as shown in the margin. The allotments for civil buildings and miscellaneous public improvements should be debited to Taluk Funds. For road repairs Rs. 1,31,780 are provided against Rs. 1,32,360 in 1885-86. The amount of expenditure to be incurred by the Public Works Department is shown as Rs. 9,150 instead of Rs. 9,180 according to the details furnished in statement III-B, a discrepancy which should be explained. The cost of the Local Fund Engineering establishment is estimated at Rs. 29,000 against Rs. 41,320 in 1885-86, the decrease being due to certain reductions proposed by the District Board. It is proposed to dispense with the services of one of the two Engineers on Rs. 400; to place the whole district under the other Engineer whose pay is to be raised to Rs. 500; and to revise the subordinate engineering and office establishments in accordance with the suggestions of a sub-committee appointed for the purpose. The President is of opinion that it will not be possible to work the district successfully with the proposed establishment; but states that, as the majority of the Board insist on it, the experiment must be tried. The adoption of the revised scale is accordingly sanctioned tentatively, subject to report at the end of six months, and the President

	RS.
District Fund	5,000
Taluk Funds	8,310
Total ...	13,310

is requested to submit a proposition statement in the prescribed form. The proportionate shares of the cost of Local Fund Engineering establishment, tools and plant, and contingencies chargeable to the district and taluk funds, respectively, are as follows :—

	District Fund.	Taluk Funds.
	RS.	RS.
Local Fund Engineering establishment	17,250	11,750
Tools and plant	490	380
Contingencies	300	200

The provision of Rs. 1,20,000 for the construction of the Máyavaram-Muthupet Railway is noted.

5. The proposed educational grant is Rs. 48,220 against Rs. 47,660 in 1885-86. The entertainment of two inspecting schoolmasters on Rs. 30 each for the Tanjore and Kumbakónam taluks in lieu of the four such officers now employed on Rs. 15 each is sanctioned, as are also the proposals of the District Board to raise the standard of the Tiruválúr High School and the Tiruvádi Sanskrit College and to transfer the Board's elementary schools to private agency to be worked on the combined system. With regard to the other proposals connected with education, the attention of the District Board will be drawn to the remarks of the Inspector of Schools quoted in paragraph 6 of the Director's letter. The provision of Rs. 3,000 as a contribution to Provincial funds on account of deputy inspectors of schools will be struck out, as in the revised estimate. The Director recommends that the saving thus effected should be added to the allotment of Rs. 10,000 for result grants, but this cannot be done in the present state of funds.

6. The proposed revision of the establishment attached to the Rajah Mirassidar Hospital at Tanjore is sanctioned. The Government agree with the Surgeon-General in considering that the contributions paid by district boards for the training of their medical subordinates in H.R.H. the Prince of Wales' Medical School should not be distributed among the teachers as proposed by the District Board, but should be credited to the School Fund. For vaccination the budget grant of Rs. 7,870 for 1885-86 is repeated, but of this sum Rs. 2,200, being the provision for the salary, &c., of deputy inspectors, is shown under (*g*) Contributions. This is incorrect, and the whole amount should be shown under Vaccination. The allotment for sanitation is Rs. 20,910 against Rs. 33,960 in 1885-86. The decrease occurs under Improvement of Water-supply and is not explained. The provision of Rs. 670 for the improvement of tanks should be debited to Taluk Funds. The allotment for endowed choultries is given as Rs. 1,48,000, but according to the details given in columns 13 and 14 of statement VII, it should be Rs. 1,48,863. The discrepancy should be explained. The contribution for sanitary inspection calculated at ·5 per cent. on the receipts according to the revised estimate should be Rs. 2,910 and that to municipalities on account of hospitals and dispensaries should be debited to the funds of the taluks in which the institutions are situated.

7. Turning to grant IV, the contribution for controlling establishments at the presidency should be Rs. 7,820, the amount paid in 1884-85. The increased provision for the District Board's office establishment is due to a proposal to raise the pay of the head clerk from Rs. 60 to Rs. 80, but as the pay of this officer has since been fixed at Rs. 70, the allotment will be reduced by Rs. 120. The entertainment of the establishments noted in the margin for taluk boards and panchayats is sanctioned. A sum of Rs. 1,500 is provided for the travelling allowances of official members. As, however, under G.O., dated 1st March 1886, No. 260 L.F., this charge should be met from Provincial funds, the provision will be struck out.

G.O., dated 18th March 1886, No. 326 L.F.

8. The reserve calculated at 10 per cent. on the receipts, excluding those of the Railway Guarantee Fund and of endowed institutions, should be Rs. 34,570,* but only Rs. 33,990 are available, as, owing to paucity of funds, more than Rs. 17,260 cannot be provided under the District Fund. The estimated charges and the closing balance as revised by Government are distributed among the several funds as follows :—

Government of Madras.

PUBLIC WORKS DEPARTMENT,

Chepâk, 5th October 1886.

OFFICE NOTE.

From

The Secy to Govt. P.W.D

To

The Chief Secretary
to Govt L. F. Dept.

The budget estimates of expenditure by the Public works Department during 1886-87 under Incorporated Local Funds, approved in G. O. No. 1201 L.F. dated 12th December 1885, differ from those entered in the L. F. Budget of the Tanjore District ~~received~~ revised in G. O. No. 941 L.F. dated 9th August 1886, and the differences are shewn in the accompanying statement.

Please arrange for

9TH AUGUST 1886, No. 941 L.F., FINANCIAL.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

READ—the following papers :—

From J. B. PENNINGTON, Esq., President, District Board, Tanjore, to the Chief Secretary to Government, dated Vallam, 26th December 1885, No. 269.

I have the honor to forward herewith the consolidated budget estimates of receipts and charges of Local Funds of this district for the year 1886-87. They have been prepared according to the instructions contained in the orders of Government noted in the margin and approved by the district board at their meetings held on the 30th November and 5th December 1885 (*vide* copies of resolutions enclosed). The prescribed statements are also sent herewith as per list.

No. 728 L.F., dated 14th September 1885.
" 930 " " 23rd October "
" 1116 " " 27th November "
" 1122 " " 27th " "
" 1155 " " 3rd December "

2. *Revised Estimate*, 1885-86.—At the beginning of the year there was a balance of Rs. 2,74,411; the receipts are estimated at Rs. 6,11,829, so that the total assets amount to Rs. 8,86,240. The estimated charges amount to Rs. 7,25,770, and the year is therefore expected to close with a balance of Rs. 1,60,468, or, in round numbers, Rs. 1,60,470; and this amount has been carried forward to the next year.

3. The variations between the estimated expenditure and the budget grants for the year having been fully explained in the revised estimate, the remarks are not reiterated here. An abstract of the receipts and charges as per revised estimate is appended :—

Grant IV	..	8,430	7,910	3,600	19,940
Grand Total, Expenditure ..	1,20,000	2,44,730	1,28,270	2,32,770	7,25,770
Balance on 1st April 1886 (probable) ..	91,277	— 222	526	68,889	1,60,470

4. The distinctions between the minor funds are shown in the abstract statement for purposes of account to avoid confusion; but in the budget for 1886-87 these disappear, the whole of the balances merging in the district fund.

5. From the above it is clear that these balances cannot be utilized for any general purposes as they form the accumulated surplus of endowments set apart for specific purposes, *i.e.*, the construction of railways and the maintenance of the charities at the several chattrams administered by the district board; and I request therefore that Government will be pleased to authorize the district board to retain these sums in their own hands. Thus the charges of the next year have to be met entirely from its receipts, and consequently the allotments have had to be considerably reduced and are far below those of previous years. I may mention here, for the information of Government, that the district board have resolved to keep the administration of the endowment fund in their own hands.

6. *Budget Estimates*, 1886-87—*Statement No. I-A.*—The year opens with a credit balance of Rs. 1,60,470. The income from all sources being estimated at Rs. 6,38,930, the gross assets amount to Rs. 7,99,400. The details of the assets are given below:—

	RS.
(*a*) District fund consisting of—	
Railway Guarantee Fund	1,93,680
General Fund	2,08,550
Endowment Fund	2,58,620
	6,60,850
(*b*) Taluk Fund	1,38,550
	7,99,400

The receipts under the second item are made up of half the collections of the land cess and sundry items as detailed in statement I-A.

7. The principal items of receipts are noted below, the differences being explained opposite to each:—

(1) *Tolls.*—The maintenance of gravelled roads in this district being enormously expensive, the district board have resolved to levy tolls on the roads leading to the principal centres of traffic at Tiruvál úr, Nídámangalam, Koradáchéri and Búdalúr, which enjoy the exceptional benefit of such metalled roads. This, no doubt, amounts to a tax on rail-borne traffic, but it is absolutely necessary to increase our resources in some way, and it seems only reasonable that those who benefit by such expensive luxuries should contribute towards the extra cost of them. A lump sum of Rs. 10,000

is entered on account of the expected receipts under this head; and the sanction of Government is solicited for the levy of this tax and the opening of toll-gates at the stations named above. The usual contributions from municipalities have been taken into account under this head.

(2) *House-tax.*—The imposition of this tax has been found necessary to carry out the purposes of the Act, and it is proposed to hand over the whole income to the taluk boards. The Government have sanctioned thirteen unions for this district—*vide* G.O., No. 930, dated 23rd October 1885, and, at the suggestion of the President, the district board have now determined to add five more (Ayyampet, Nídámangalam, Patukóta, Tiruturaipúndi and Nannilam), so that the total number of unions provided during 1886-87 is eighteen, and the receipts from all the eighteen unions are estimated at Rs. 6,000. No credit is taken on account of fees for pandals, &c., as they are uncertain items and not likely to yield much.

(3) *School-fees.*—The increase, compared with 1885-86, is consequent on the opening of a sixth class at Tiruvál úr and a lower fourth class at Patukóta.

(4) *Medical Contributions from private individuals.*—The receipts under this head are made up of the contributions from the Tanjore Municipality and the Chattram funds for the maintenance of the Rajah-Mirasidar hospital at Tanjore.

(5) *Interest.*—The estimate for 1886-87 exceeds that for 1885-86 (as revised) by more than Rs. 5,000, as the board expect to be able to invest Rs. 1,20,000 before the end of this year on account of the Railway Guarantee fund. The remainder represents the income from the investments at credit of the several chattrams, the dispensaries, and the Medical school, Tanjore.

(6) *Choultry rents.*—The increase is due to the transfer of the Nadyam mutt to the district board.

(7) *Contribution from Provincial Funds for Education.*—The figure entered under this head is the amount reported as claimable on account of salary grants on behalf of the schools at Tiruvál úr and the elementary Normal school, Tanjore. They are in excess of those hitherto received, and the sanction of Government is requested for the increased aid.

(8) *Contribution for General Purposes.*—The Government have sanctioned the payment of this sum, viz., Rs. 2,640, in G.O., No. 1401, Financial Department, dated 5th October 1882, for the upkeep of the Rajah-Mirasidar hospital.

(9) *Contribution for Choultries.*—These allowances were sanctioned by Government long before the transfer of the institutions to the local board and have been continued up to date.

8. The other items of receipts do not call for any remarks.

9. *Charges—Statement No. I-B—New Works.*—The total proposed outlay under this head is made up thus:—

	RS.
Roads	13,310
Civil buildings	2,610
Miscellaneous public improvements	1,000
Total ..	16,920

against an allotment of Rs. 62,120 during 1885-86. All these works will be in charge of the District Engineering establishment working under the orders of the district board.

10. *Repairs.*—The estimated outlay under this head comes to Rs. 1,48,350. Its details are subjoined:—

	RS.
Local Fund Engineer	1,22,630
Road works, Public Works Department	9,150
	1,31,780
Civil buildings	4,660
Miscellaneous public improvements	6,210
Avenues	5,700
	1,48,350

In the budget for 1885-86, Rs. 1,54,840 are provided under these items. The details of the works to be carried out by the district and taluk boards are given in statement III-B. The civil buildings and the miscellaneous public improvements being almost all chattram works are to be under the management of the district board. The lists of roads to be handed over to the district and taluk boards have been drawn up by the Engineers and approved by the district board. This arrangement may be reconsidered at the close of 1886-87.

11. The item chiefly deserving of notice is the Engineering establishment. As Government are aware this subject has been under discussion since the beginning of 1880; and after a good deal of correspondence, it was finally resolved that there should be two separate Engineers, as it was thought that the whole district could not be properly supervised by a single man, and consequently up to the present time there have been two separate independent Engineers; but the district board now propose to dispense with the services of one Engineer. It is quite clear that with our reduced income we can no longer afford an establishment costing 40,000 rupees a year, and it was therefore resolved to accept a scheme proposed by a sub-committee appointed for the purpose (*vide* enclosed report and statement). This scheme is estimated to cost from Rs. 29,000 to Rs. 30,800, or about 11,000 rupees less than the present dual system. Personally I doubt if it will be found equal to the work, and propose to ask the board to modify some of the details; but the sum of Rs. 29,000 entered in the budget (which will not in any case be much exceeded) may be retained provisionally. The details of the establishment being thus left unsettled, the permission of Government is requested to treat the establishment as a whole and debit the charges proportionately to the taluk and district funds in the ratio of the outlay on works.

12. The Government having exempted the district board from payment of supervision charges for works in charge of the Public Works Department, nothing is entered under that head.

13. The charges for tools and plant have all been calculated at the percentages sanctioned, *i.e.*, 1 per cent. on proposed outlay on Public Works Department works and ½ per cent. on the allotment for works entrusted to the Local Fund Department.

14. A sum of Rs. 1,20,000 is budgeted for on account of the Máyavaram-Mutupet railway.

15. The total proposed charges under Grant I come to Rs. 3,19,420 against a budget grant of Rs. 4,02,820 for 1885-86.

16. *Grant II, Education Inspection.*—The budget for 1885-86 provides for nine inspecting schoolmasters for the whole district. Of these, the four subordinates in charge of the Tanjore and Kumbakónam taluks are now in receipt of Rs. 15 a month; but for the next year the services of two of these officers are to be dispensed with, and each taluk will be in charge of a single inspecting schoolmaster on Rs. 30. This arrangement has been made at the suggestion of the Inspector of Schools in view to secure the services of a better class of men. These two taluks were each under one inspecting schoolmaster till the end of 1883-84; and so, though there is a change compared with 1885-86, it is only a reversion to the system that formerly obtained. Rs. 3,650 are provided for 1886-87 against Rs. 3,880 during 1885-86.

17. *Normal School.*—The Normal school at Tiruválúr was closed by the district board in April 1885 for want of funds, and though the Director of Public Instruction helped them out of the financial difficulty by resigning his claim to a contribution on account of the Deputy Inspector of Schools, Negapatam circle, the district board could not avail themselves of the concession granted because the order came too late; so that only one Normal school has been working since April last, and for 1886-87 also the district board have resolved to maintain only the institution at head-quarters, but on a larger scale, so that the total cost is estimated at Rs. 4,900 against Rs. 3,360 during 1885-86. They have provided for training 50 teachers and for other necessary charges and thus meeting the requirements of the whole district.

18. *Secondary Schools.*—The schools coming under this head are:—

(1) The High school at Tiruválúr.
(2) The Sanskrit College at Tiruvádi.
(3) The Chattram schools at Oratanad, Patukóta and Rajamadam.

The standard of the High school at Tiruválúr has been raised; and though a sixth class could not be worked during 1885-86, arrangements have been made to start it immediately after the Christmas holidays, and an additional teacher has been appointed. This school is expected to be self-supporting and is reported to be entitled to a grant of Rs. 1,398 from Provincial Funds. I request Government will be pleased to sanction the salary grant.

The standard of instruction at present imparted in the Tiruvádi College having been found to be too low to enable the students to study the Sastras and acquit themselves creditably as Sanskrit pundits in after-life, the district board have, at the instance of the Deputy Collector, Tanjore, the Deputy Inspector of Schools, and the Head Pundit of the Kumbakónam College, resolved to open higher classes, and for this purpose it is proposed to strengthen the teaching staff and increase the number of boarders from 60 to 100. As this school is maintained from the Kaliyanamahal Chattram funds, I request that sanction may be accorded to these proposals. Annexed is a statement showing the present and proposed teaching staff:—

Present staff.	Rs.	Proposed staff.	Rs.
1 Head Master	20	1 Head Master from Rs. 40 to 50 ..	40
1 Second do.	15	1 Second do. from „ 30 to 40 ..	30
1 Third do.	10	1 Third do. from „ 25 to 30 ..	25
1 Fourth do.	15	2 Fourth and fifth masters, Rs. 20 each	40
1 Peon	4	1 Sixth master	15
		1 Peon	5
		Contingent and library allowance ..	8
Total ..	64	Total ..	163

The status and cost of the Oratanad school remain unaltered.

Patukóta School.—It has been proposed to open a lower fourth class here. The change involves no additional outlay. This institution is to be maintained from the funds of the Nadyam mutt (*vide* G.O., No. 372 R., dated 26th March 1885).

Rajamadam School.—This school having been reported to have increased in strength, a third class is to be opened. Hence it is proposed to employ one additional teacher on Rs. 20.

All the secondary schools have been retained by the district board under their own charge; of the above, the only school that is supported from district funds is that at Tiruválúr; the rest depend upon the chattram revenues.

19. *Elementary Schools.*—Till the end of 1884-85, all Local Fund schools were working on the combined system, except those in the late Negapatam circle, where some were maintained on the salary system. In submitting the budget for 1885-86, however, the district board resolved to transfer them all to private agency on the combined system. But the Director of Public Instruction at first took objection to the measure, and hence the proposal had to be given up. As, however, he has recently withdrawn his objection, the schools have been converted into private combined system schools from April next. As this change is very desirable in the interests of education and does away with a very invidious distinction, I request that Government will approve of the district board's proposal. All these schools will be maintained out of the funds of the taluks concerned; but the cost of maintaining the Nídámangalam Girls' school will be placed at the disposal of the taluk board from the funds of the Nídámangalam chattram to which it is attached.

The Deputy Inspectors of Schools proposed to open additional schools to provide for the trained teachers who may pass out of the Tanjore Normal school next year; but funds being low and education not very backward in this district, the board have resolved to transfer to the results system some of the existing schools which have become permanent and are not likely to suffer by the change, so as to provide funds in case of any additional demand on account of such new schools. I request the sanction of Government for this.

20. A sum of Rs. 10,000 is provided on account of results grants against Rs. 16,000 budgeted for 1885-86 and Rs. 11,576 paid during 1884-85. A slight reduction of rates, compared with those now obtaining (viz., 75 per cent. of full rates in favorably situated irrigated tracts and full rates in the dry parts), has to be made. The savings (about Rs. 1,500) in the allotment for results grants to combined system schools will be transferred to supplement this deficiency.

The grants will be distributed among the ranges as shown below :—

	RS.
Tanjore and Kumbakónam taluks	3,000
Máyavaram, Shiyáli and Nannilam taluks	3,000
Negapatam and Tiruturaipúndi do.	2,000
Mannárgudi and Patukóta do.	2,000
	10,000

21. *Contribution to Provincial Funds.*—Rs. 3,000 are provided for the salary, &c., of the Deputy Inspectors of the Patukóta and Negapatam ranges. In this connection I request the attention of Government to the fact that there is not sufficient work for four Deputy Inspectors in this district—*vide* letter printed in Board's Proceedings, No. 317, dated 29th January 1885, reviewing the budget for 1885-86, and to request therefore that the district may be sub-divided into three ranges. If, however, the educational department do not approve of this proposal, I beg that Local Funds may be relieved from contributing to the pay of the fourth Deputy Inspector. If this request is granted, the savings of Rs. 1,500 will be utilised for the payment of results grants, so that the total allotment will still amount to Rs. 13,000 on the whole.

22. The total charges under this grant are estimated at Rs. 48,220 against a budget grant of Rs. 47,660 during 1885-86.

23. Before proceeding to the next grant, I beg to submit, for the information of Government, an abstract of the total receipts and charges of the Educational Fund,* from which it will be seen that the allotments made by the board, including those from the Endowment Fund, cover not only the whole of the funds due but also a considerable part of the reserve, and that the board have done all in their power to keep the educational allotments as high as is compatible with their present straitened financial circumstances.

* *Receipts.*

	RS.
One-sixth land-cess	43,500
School-fees	3,860
Books	1,450
Contribution to education	3,500
Miscellaneous	450
	52,760
Deduct reserve	7,920
	44,840
Charges	48,220

24. *Grant III, Sanitation, &c.*—The principal medical institution at district head-quarters is the Rajah-Mirasidar hospital. This is to continue under the district board as also His Royal Highness the Prince of Wales' Medical school at Tanjore, which may be looked upon as an adjunct to the hospital. The maintenance of these institutions costs Rs. 11,780. The former is maintained from contributions from Chattram, Municipal and Provincial Funds, while the charges of the latter are met from the Endowment Fund.

25. The management of the other hospitals and dispensaries is to be made over to the taluk boards concerned. The changes in the allotments, compared with 1885-86, are chiefly due to the promotion of the medical subordinates in charge to the next higher grades and some minor alterations which have been made with reference

to probable requirements and at the instance of the district surgeon. Compared with 1885-86, the allotments of 1886-87 show a slight decrease of Rs. 410 (being Rs. 45,760 against Rs. 46,170), which calls for no remarks.

26. *Rajah-Mirasidar Hospital.*—

	RS.
Allotment 1885-86	6,520
Do. 1886-87	5,890

The establishment charges show a decrease as compared with 1885-86. This is due to the discontinuance of the superintendent's allowance under G.O., No. 1096, dated 24th November 1885, and the proposal to dispense with the services of the matron, two compounders, a clerk, and two peons, and the entertainment of two midwives in their stead. All these changes have been proposed by the district surgeon and approved by the hospital committee and the district board.

27. *His Royal Highness the Prince of Wales' Medical School.*—

	RS.
Allotment of 1885-86	6,400
Do. of 1886-87	5,890

The Government having ordered the re-opening of the Auxiliary school at Ráyapuram, this board have, at the suggestion of their district surgeon, resolved not to take in any new students during 1886-87. The charges under the other heads call for no special notice. The district board have also, at the instance of their district surgeon, ordered that contributions paid in by other district boards for training their medical subordinates should be distributed among the teachers in proportion to their salaries. Though there may not be many students in future from other districts, I request to be informed if the resolution is unobjectionable.

28. *District Surgeon's office.*—The proposed expenditure for 1886-87 exceeds the budget grant of 1885-86 by 150 rupees in consequence of increased contingent charges.

29. *Vaccination.*— Under this head the allotment for 1885-86 is repeated. The whole charge is to be met from the district fund (*vide* G.O., No. 1116, dated 27th November 1885).

30. *Water-supply.*—The allotment under this head includes the pay of the existing tank watchmen, and the amount for repairs to tanks towards which the people have already contributed. Rs. 1,410 are also provided for cases in which contributions have been promised. The improvement of tanks is charged to the district fund and the pay of the tank watchmen to the taluk fund. The next three items under this sub-head—village-sites, scavengering establishments, and other sanitary outlay—have been allowed the same allotments as during 1885-86. The taluk boards will be in immediate charge of these works and establishments; and, where necessary, the establishments will be altered to satisfy local requirements.

31. *Choultries.*—There is an increase of Rs. 8,990 over the budget grant for 1885-86. This is due to the increase of feeding charges in the chattrams at Tiruvádi Oratanad and Rajamadam, consequent on the increase in the number of boarding scholars, the recent transfer of the Nadyam mutt chattram, and the employment of additional village servants (monigars) in the Tanjore division. The other items of expenditure are almost identical with those of 1885-86 and do not therefore deserve any special mention. The institutions will, as heretofore, continue under the management of the district board and be subject to the immediate control of the respective divisional officers who are also presidents of the taluk boards. The funds required for the maintenance of the institutions will continue to be paid, as at present, by the president on bills from the divisional officers.

32. The other sub-heads of charges under this grant are all to be met from the district fund and need no special remarks, as they have been calculated according to the orders of Government and with reference to probable requirements.

33. This grant costs the board Rs. 2,41,080 against Rs. 2,47,290 in the budget for 1885-86.

34. *Grant IV.*—The total expenditure is estimated at Rs. 26,440 against a budget grant of Rs. 16,560 for 1885-86. The variations are explained below.

The decrease under audit establishment is due to the reduction of the auditor's pay from Rs. 95 to Rs. 58 (including pensionary contribution, &c.). The increase under the Collector's and District board's establishments is consequent on the higher pay sanctioned to the Local Fund head accountant in the treasury and the entertainment of an additional clerk (sanctioned in G.O., No. 577, dated 7th August 1885), while the excess expenditure in the district board's establishment is due to the head clerk's pay having been raised from Rs. 60 to Rs. 80. The most important item, however, is the outlay on the establishments in the offices of the taluk boards and panchayats. The former are estimated to cost Rs. 2,000 and the latter Rs. 3,500, as per details given below :—

Taluk Board's Establishment.

	Rs.
1 Clerk on Rs. 15	180
1 Dufterbund on Rs. 8	96
Contingencies	84
	360
Do. do. for five divisional officers, including sundries, &c.	2,000

Panchayat's Establishment.

1 Clerk on Rs. 8	96
1 Peon on Rs. 4	48
Contingencies	36
	180
Do. do. for 18 unions, including sundries, &c.	3,500

These establishments may be sanctioned provisionally for the year 1886-87 and recast to suit the then circumstances at the submission of the next year's budgets. Both these charges will be met from the taluk funds, the funds required for the panchayats being placed at their disposal by the taluk boards concerned.

The batta to non-official members shows an increase. This has been calculated with reference to the number of members likely to attend and the number of meetings ; a similar amount has also been entered on account of the travelling allowance of official members in accordance with the recent orders of Government.

35. Thus it will be seen that the proposed outlay during 1886-87 amounts to Rs. 6,35,160, and is distributed between the district and taluk funds as shown below :—

	District Fund. Rs.	Taluk Fund. Rs.
Railway Guarantee Fund	1,20,000	
District Fund, General Branch	1,95,470	1,15,640
Endowment Fund	2,04,050	

thus leaving at the close of the year a surplus of Rs. 1,64,240 including a reserve of 64,450 rupees. It will be observed that the allotments provided in this budget are considerably less than those of former years, and the balances under the district and taluk funds are *nil*, except under the endowment funds. The rules (paragraph 24) for the preparation of the budget require a reserve of 15 per cent. of the year's receipts, but as the year opened with little or no surplus available for expenditure on general purposes, the charges had necessarily to be limited to the current receipts and it was found quite impossible to provide funds for works absolutely necessary without trenching on the reserve. I request therefore that, in consideration of the present condition of our finances, Government will be pleased to accord their sanction to the utilization of part of the reserve as proposed by the district board.

ENCLOSURES.

From the Members of the Sub-Committee, Local Fund Board, Tanjore district, to the President, Local Fund Board, Tanjore district, dated Tanjore, 5th December 1885.

In accordance with the resolution of the board appointing us members of a sub-committee to submit a scheme for the reduction and reorganization of the Engineering establishment, consistently with the Public Works allotment in the proposed budget for the year 1886-87, we have the honor to submit the following scheme for the consideration of the board. In arriving at this scheme, we have had the benefit of the proposals of the two Local Fund Board Engineers. The reasons for a double Engineer system no longer exist and the present state of Local Fund finances imperatively requires that strict economy should be practised without impairing the efficiency of the establishment. From a perusal of the office papers bearing on the subject, we are decidedly of opinion that it will be to the advantage of the board to have all their works subject to the supervision of *one District Engineer*. The most difficult question, however, for our consideration is how best to organize the subordinate Engineering staff consistently with economy and efficiency. The idea of having an Assistant Engineer on Rs. 300 does not commend itself to us. The reason assigned by Mr. Syson for creating this appointment is that it would create a prospective promotion for the second Engineer and thus in a great measure ensure that appointment being always well filled. We are of opinion that there is no necessity for this highly-paid office. Whenever the District Engineer's place may fall vacant, it would be perfectly easy to borrow from the Public Works Department the services of an Assistant Engineer to fill the vacancy. We are not unaware of the great hardship that may be entailed on some of the officers already in our employ, but a keen sense of the duty imposed on us constrains us to submit this scheme, in the interests of the Local Fund Board. For the subordinate staff therefore we recommend three supervisors, nine overseers and five sub-overseers. There are nine taluks in the district. Shiyáli being the smallest with but 71 miles under maintenance, we think it may be placed in charge of a sub-overseer to work under the immediate orders of the Máyavaram overseer. Each of the remaining eight taluks and the chattram works should be placed under an overseer, the overseers of Tanjore, Kumbakónam, Tiruturaipúndi and Patukóta being each assisted by a sub-overseer. The overseers may be graded into three classes, Kumbakónam and Tanjore being placed under 1st-class overseers, Mannárgudi, Patukóta and Nannilam under 2nd-class overseers, and the remaining taluks and the chattram works under 3rd-class overseers.

The next point for consideration is supervision. We propose that the Tanjore taluk and chattram works should be under the immediate control of the District Engineer and that the remaining eight taluks should be divided into three sections and each placed under a supervisor as follows :—

(1) Kumbakónam, Máyavaram and Shiyáli, 1st class.
(2) Tiruturaipúndi, Nannilam and Negapatam, 2nd class.
(3) Patukóta and Mannárgudi, 3rd class supervisors.

In making the above gradations and distributions, we have taken into consideration the importance of the taluks, the number of miles under maintenance, and the amount of allotment for works.

We avail ourselves of this opportunity to propose, for the consideration of the Board, the extreme desirability of introducing the system of milemen for the maintenance of roads. This question has so often come before the board and been considered, that we deem it unnecessary here to detail the manifold advantages that would accrue from the adoption of the permanent mile-cooly system.

If this were approved, then there will be no necessity for the entertainment of separate avenue superintendents and their establishment. Their work will be done by milemen, overseers, and sub-overseers.

In the event of its becoming necessary at any time to borrow the services of an Assistant Engineer from the Public Works Department, we would propose an additional allotment of Rs. 1,800 a year to meet the additional cost.

We have, &c.,

(Signed) KISTNASAWMY IYER, *Vice-President.*
(„) S. A. SAMINATHIER,
(„) C. KISTNASAWMY MUDALIYAR, } *Members.*

PROCEEDINGS of the District Board, Tanjore, dated 30th November 1885 (special meeting).

* * * *

Laid on the table the draft budget estimates of receipts and charges of Local Funds for the year 1886-87 with the President's memorandum thereon; and also all papers bearing on the subject.

1. Resolved that Ayyampet, Tiruturaipúndi, Nídámangalam, Patukóta and Nannilam be also constituted major unions.

2. Resolved that the cost of the present Engineering establishment be reduced to 20 per cent. of the estimated charges for the next year, and that a sub-committee, consisting of the members named in the margin, be asked to suggest how the reduction can best be effected in consultation with the Local Fund Engineers. The sub-committee will report within a week.

1. Vice-President.
2. Mr. S. A. Saminathier.
3. Mr. Kistnasawmy Mudaliyar.

3. Resolved that house-tax be levied in the unions.

4. Resolved that the following establishment be entertained for the Taluk Board and Union offices:—

Taluk Board's Office.

		RS.
1	Clerk on	15
1	Attender on	8
	Contingencies	7
		30

Union Office.

	RS.
1 Clerk on	8
1 Peon on	4
Contingencies	3
	15

5. Resolved that tolls be introduced on the metalled roads at Tiruválúr, Nídámangalam, Koradáchéri and Búdalúr.

6. Resolved also that the further consideration of the budget be postponed to the 5th December 1885.

ENCLOSURE.

PROCEEDINGS of the District Board, Tanjore, at their special meeting held on the 5th December 1885.

* * * *

1. Laid on the table the draft budget estimates of receipts and charges of Local funds for the year 1886-87 with the President's memorandum on the same.

Read also the Sub-Committee's report suggesting a reduction and revision of the Local Fund Engineering establishment and other papers on the subject, including the report of the Local Fund Engineers. The Board resume the further discussion of the budget papers.

Resolved that the Sub-Committee's scheme reducing and reorganizing the existing Engineering establishments be adopted and entered in the budget, the President not voting. It is also resolved that the District Engineer's pay be raised to Rs. 550 by an annual increment of Rs. 10 after the first year of the new scheme.

2. Resolved that the Tanjore Deputy Collector's proposal to appoint a pattamonigar on Rs. 6 for each vattam in the chattram department be sanctioned and included in the budget of 1886-87.

3. Resolved that the increase of pay, &c., to the Koteyamal establishment be disallowed.

4. Resolved also that the budget prepared in accordance with the resolutions come to this day be submitted to Government by the President.

From M. C. FURNELL, Esq., M.D., F.R.C.S., Surgeon-General with the Government of Madras, to the Chief Secretary to Government, dated Fort St. George, 4th February 1886, No. 61:—

I have the honor to state that the provision made in grant III of the budget estimate of the District Board of the Tanjore district for the year 1886-87 for the maintenance of the institutions is adequate.

2. The Government can hardly be expected to approve of the proposition that "contributions paid in by other District Boards for training their medical subordinates should be distributed among the teachers in proportion to their salaries." The teachers are paid fixed allowances for their duties, and what is earned by the school from other Boards should, in my opinion, be regarded as the assets of the school and not the perquisite of teachers.

From Deputy Surgeon-General G. BIDIE, M.B., C.I.E., Sanitary Commissioner for Madras, to the Chief Secretary to Government, dated Madras, 5th February 1886, No. 180.

I have the honor to report, for the information of Government, that, excluding the charge for sanitary inspection, Rs. 3,200, an allotment of Rs. 20,910 or 28·8 per cent. of available income has been made by the Tanjore District Board for the sanitary requirements of the district for 1886-87 against Rs. 34,460 for the current year. No

explanation is given for the reduction, but it may be accepted. The allotment will be distributed as follows :—

	Rs.
Improvement of water supply	1,220
Do. of village sites	1,000
Conservancy	17,070
Fairs and festivals and other sanitary outlay	1,620
Total ...	20,910

2. It is stated in paragraph 29 of the covering letter that under the head of vaccination the allotment for 1885-86 has been repeated; but I find it not to be so from the budget statement, grant III (*b*), forwarded to me. In it a sum of Rs. 5,670 is entered as the allotment for vaccination for 1886-87, while the allotment for 1885-86 is Rs. 7,870—a difference of Rs. 2,200. But if the grant is to be the same as that for 1885-86 it may be accepted. No details of the establishment to be employed have been furnished. I presume a staff of the same strength as that at present employed is contemplated.

From D. DUNCAN, Esq., M.A., D.SC., Acting Director of Public Instruction, to the Chief Secretary to Government, dated Madras, 2nd March 1886, No. 1390.

I have the honor to submit the following remarks on the educational portion of the budget estimate of the Tanjore District Board for 1886-87.

2. The educational assets, including one-sixth land-cess, are estimated at Rs. 52,760 in paragraph 23 of the President's covering letter, but the correct amount is Rs. 52,410. One-sixth of the land-cess is calculated at Rs. 43,500 instead of Rs. 43,600. The sale-proceeds of books are estimated at Rs. 1,450. The correct amount should be Rs. 1,000; the figures of the Máyavaram and Patukóta ranges have, by mistake, been added to the figure of the district given by the Deputy Inspector of Schools, North Tanjore. Also the provision for commission on sale of books is calculated as Rs. 1,000.

3. The charges proposed under Grant II, Education, aggregate Rs. 48,220 against Rs. 47,660 in the current year's budget as detailed below :—

	Estimate, 1885-86.	Estimate, 1886-87.
	Rs.	Rs.
Inspection	3,880	3,650
Training schools	4,860	4,900
Local Fund schools	21,770	25,520
Results grants	16,000	10,000
Contribution to Provincial funds	...	3,000
Miscellaneous	1,150	1,150
Total ...	47,660	48,220

4. *Inspection.*—The provision made under this head is considered insufficient by Mr. Monro. But, with reference to the actuals of 1884-85, the item may be left undisturbed.

5. *Training Schools.*—For the Local Fund Normal School, Tanjore, Rs. 4,900 are provided in the budget. The Board have not approved of the proposal of this department to revive the Normal School at Tiruválúr, but have resolved to maintain the present school on a larger scale. Provision is made for fifty stipendiaryships; the Inspector suggests that this number should be supplemented by ten more. If the masters that will be sent to be trained from the various municipalities in the district be taken into account, I think that the provision made by the Board will suffice, as the total number of pupils will be about sixty, the maximum number that can be trained annually in an elementary normal school like that at Tanjore.

6. *Local Fund Schools.*—Rupees 25,520 are provided under this head against Rs. 21,770 in the current year's budget. The increased provision is fully explained in the President's covering letter. The raising of the standard of the Tiruválúr High School and of the Sanskrit College at Tiruvádi has my approval. Salary grants will be sanctioned from Provincial funds for the Tiruválúr High School for which credit has been taken in the budget. With reference to the other proposals under this head Mr. Monro observes as follows :—

"The condition of the Oratanad chattram school required to be improved. I have submitted proposals to the Board for the raising of the school to the status of a first-grade middle school. With regard to the Patukóta school, I proposed to the District Board that three masters for the lower 4th, 3rd and 2nd classes would be sufficient, and that the elementary classes might be maintained on the combined system. The provision for 4th, 5th and 6th teachers may be struck out. This will reduce the expenditure by about Rs. 600. I am not in favor of raising the standard of the Rajamadam Primary School to the grade of a middle school by the opening of a 3rd class, as there is a well-conducted middle school at Patukóta which is only 7 miles off Rajamadam. The provision made for a head master on Rs. 20 may therefore be struck off. This will again reduce the expenditure by Rs. 240."

I beg to request that the above may be referred to the Board for their consideration. The Board have calculated the fixed stipends and results grants to the elementary schools on the combined system at Rs. 11,170 and 3,980, respectively, but from statement IV furnished to this office it is observed that the amounts should be Rs. 11,650 and 4,500.

7. *Results Grants.*—The assignment for results grants is Rs. 6,000 less than in the current year's budget. The Board contemplate giving grants at 75 per cent. of the full rates in favorably-situated irrigated tracts and at full rates in the dry parts. As grants have to be paid for the infant standards also under the new code, the provision now made is inadequate. I beg to recommend that Rs. 3,000 be added to the present allotment, and that the claim of Government to the Local fund contribution of Rs. 3,000, on account of deputy inspectors for which provision is made in the budget, be waived in consideration of the straitened condition of the finances of the Board.

8. *Contribution to Provincial Funds.*—On the recommendation of Mr. Grigg, the Government waived their claim to the contribution payable to Provincial funds towards the pay of two deputy inspectors, on the understanding that the Board should continue the Local Fund Normal School at Tiruválúr. As the Board are now maintaining only one normal school, a sum of Rs. 3,000 is provided under this head. For reasons explained in the preceding paragraph the item should be struck out.

9. *Miscellaneous.*—The assignment under this head calls for no remark.

10. If my proposals are approved, the total charges on account of education will aggregate Rs. 49,220. Deducting Rs. 4,280, the cost of the chattram schools at Rajamadam and Oratanad and the Sanskrit College at Tiruvádi which are maintained out of chattram rents, the net charges will amount to Rs. 44,940 against Rs. 52,410, the estimated educational receipts.

From J. B. PENNINGTON, Esq., President, District Board, Tanjore, to the Chief Secretary to Government, dated Vallam, 17th April 1886, No. 46.

In continuation of my letter, No. 269, dated 26th December 1885 (paragraph 11), I have the honor to submit, for the information of Government, a copy of the District Board's resolution, No. 1, dated 13th March 1886, from which it will be seen that they are not in favor of the appointment of an Assistant Engineer.

2. I am very decidedly of opinion that it will not be found practicable to work the district successfully with the establishment proposed, and it will be observed that the

minority comprises all those who have had any experience of work, strongly supported by the Local Fund Engineer himself; but as the majority—all non-officials—insist on it, the experiment must be tried.

ENCLOSURE.

PROCEEDINGS of the District Board, Tanjore, dated 13th March 1886.

* * * *

1. Read letter from the Local Fund Engineer, Western division, No. 2417, dated 23rd January 1886, and other papers about strengthening their Engineering establishment by the appointment of an Assistant Engineer and also all other papers on the subject of the Engineering establishment.

Proposed by Mr. Moore and seconded by Mr. Hughes that Mr. Syson's scheme of the Engineering establishment be adopted.

Negatived by a majority of fourteen against nine.

From the President, District Board, Tanjore, to the Chief Secretary to Government, dated Tanjore, 31st May 1886, No. 94.

ABSTRACT.—Requesting that Government may be pleased to issue early orders on the budget for 1886-87.

From J. B. PENNINGTON, Esq., President, District Board, Tanjore, to the Chief Secretary to Government, dated Tanjore, 12th June 1886, No. 102.

Road map and statement No. 7.

In continuation of my letter, No. 269, dated 26th December 1885, I have the honor to forward the papers noted in the margin.

From the President, District Board, Tanjore, to the Chief Secretary to Government, dated Vallam, 16th July 1886, No. 116.

ABSTRACT.—Requesting to pass early orders on the Local fund budget for 1885-86.

ORDER—dated 9th August 1886, No. 941 L.F., Financial.

The following abstract shows the estimated Local fund receipts and charges of the Tanjore district for the year 1886-87, as passed by Government:—

RECEIPTS.

	District Fund.	Taluk. Funds.	Total.
	RS.	RS.	RS.

CHARGES—*continued.*

	District Fund.	Taluk Funds.	Total.
	RS.	RS.	RS.
Balance—	77,400	57,520	1,34,920
Deduct—			
(1) Balance under House Tax, if any	...	...	...
(2) Balance under Endowments, if any	3,720	54,790	58,510
(3) Balance under Railway Guarantee Fund	73,680	...	73,680
Net balance available for general purposes	...	2,730	2,730

2. *Revised Estimate for* 1885-86.—Compared with the budget estimate of Rs. 1,81,010 there was an increase of Rs. 93,401 in the opening balance owing to the non-investment of Rs. 93,370 in favor of the Railway Guarantee Fund as proposed in the revised estimate for 1884-85. Excluding this balance, the current receipts of the year were estimated Rs. 6,11,829 against Rs. 6,18,280 and the expenditure at Rs. 7,25,770 against Rs. 7,16,670. The variations are explained in statement IX. The sum of Rs. 3,376, paid to the Public Works Department for the supervision of roads running along tank bunds and river banks in their charge, but subsequently recovered, should have been shown as a refund of expenditure under Public Works. Under grant II, a sum of Rs. 1,500 is provided as a contribution to Provincial funds on account of a deputy inspector of schools. As the Government have waived their claim to such contributions, the provision will be struck out and the Accountant-General requested to refund the sum of Rs. 750 already paid on this account. Under grant III, the contribution to Provincial funds on account of sanitary inspection calculated at ·5 per cent. on the receipts of 1884-85 should be Rs. 2,890. The balance to be carried forward is thus Rs. 1,62,160, of which Rs. 91,280 appertain to the Railway Guarantee Fund and Rs. 68,880 to endowed institutions, the amount available for general purposes being only Rs. 2,000.

G.O., dated 26th May 1885, No. 212 L.F.

3. *Budget Estimate for* 1886-87.—The District Board propose to retain the administration of all endowed institutions in their own hands. With the exception, however, of the Rajah Mirassidar Hospital and the Prince of Wales' Medical School at Tanjore, which are maintained for the benefit of the whole district, all such institutions should be transferred to the Boards of the taluks in which they are respectively situated. The opening balance of Rs. 64,880 in favor of endowed chattrams will accordingly be transferred to Taluk Funds, the remainder, Rs. 97,280, including the balance of Rs. 91,280, appertaining to the Railway Guarantee Fund, being credited to the District Fund. The current receipts of the year are estimated at Rs. 6,38,930 against Rs. 6,18,280 last year. As in 1885-86, the cess on land is expected to yield Rs. 3,48,000, of which Rs. 86,400 appertain to the Railway Guarantee Fund. The income from tolls is estimated at Rs. 35,020 against Rs. 25,020, the increase being the amount expected from the toll-gates to be opened under the Local Boards' Act at Tiruválúr, Nídámangalam, Koradácherri and Búdalúr. The President is requested to submit the usual draft notification for the approval of Government. Credit is taken for a sum of Rs. 6,000 under House-tax, which it is proposed to levy in the eighteen unions lately constituted in the district. The imposition of the tax has been sanctioned in eight unions only, but as the estimate under this head is not large, it will be retained pending the submission of statement No. VIII showing the estimated receipts and charges of unions. As under G.O., 3rd December 1885, No. 1155 Local Fund, all schools (other than normal schools) and choultries should be under the Local Taluk Boards, the

G.O., dated 27th April 1886, No. 460 L.F.
„ „ 9th July „ „ 788 „

receipts and charges of these institutions will be transferred to the Taluk Funds. As observed by the Director of Public Instruction, the estimate of income from the sale of books must be reduced from Rs. 1,450 to Rs. 1,000. In statement I-A, credit is taken for miscellaneous receipts amounting to Rs. 450 under Education. There is no corresponding entry in statement IV-A, but a sum of Rs. 480 is shown under Contributions. The difference should be explained. The sum of Rs. 3,000, shown as a contribution from Chattram Funds towards the maintenance of the Rajah Mirassidar Hospital, will be struck out, as such payments from the funds of one endowed institution to those of another should not appear in the consolidated budget of receipts. The sum of Rs. 35,660 expected as interest on Government securities will be distributed between the District Fund and Taluk Funds as shown in the margin, with reference to the institutions to which the securities appertain. The estimate under choultry rents will be raised from Rs. 1,50,000 to Rs. 1,51,400, so as to correspond with the total of the details given in columns 6 and 7 of statement VII. In the absence of special reason to the contrary, the whole of the receipts under 5, Miscellaneous should be credited to Taluk Funds. The contribution of Rs. 2,640 from Provincial funds on account of the Rajah Mirassidar Hospital shown under "General purposes" will be transferred to a new sub-head (*e*) "Hospitals and Dispensaries." The assets of the several funds as modified by Government are shown below :—

	RS.
District Fund	20,000
Taluk Funds	15,660
Total ...	35,660

			RS.
(1) District Fund, excluding the Railway Guarantee and Endowment Funds			1,80,380
(2) Railway Guarantee Fund			1,93,680
(3) Taluk Funds, excluding Endowment Fund			1,67,350
(4) Endowment Fund ...	District	12,500	
	Taluks	2,45,130	
			2,57,630
Total ...			7,99,040

4. Under grant I, Rs. 13,310 are provided for the five new works specified in statement III-A. It is proposed to debit the entire cost of these works to the District Fund; but it has already been decided that expenditure on communications should be debited to the District Fund or to Taluk Funds according as the roads concerned are principal or minor lines of communication. The allotment will accordingly be distributed as shown in the margin. The allotments for civil buildings and miscellaneous public improvements should be debited to Taluk Funds. For road repairs Rs. 1,31,780 are provided against Rs. 1,32,360 in 1885-86. The amount of expenditure to be incurred by the Public Works Department is shown as Rs. 9,150 instead of Rs. 9,180 according to the details furnished in statement III-B, a discrepancy which should be explained. The cost of the Local Fund Engineering establishment is estimated at Rs. 29,000 against Rs. 41,320 in 1885-86, the decrease being due to certain reductions proposed by the District Board. It is proposed to dispense with the services of one of the two Engineers on Rs. 400; to place the whole district under the other Engineer whose pay is to be raised to Rs. 500; and to revise the subordinate engineering and office establishments in accordance with the suggestions of a sub-committee appointed for the purpose. The President is of opinion that it will not be possible to work the district successfully with the proposed establishment; but states that, as the majority of the Board insist on it, the experiment must be tried. The adoption of the revised scale is accordingly sanctioned tentatively, subject to report at the end of six months, and the President

	RS.
District Fund	5,000
Taluk Funds	8,310
Total ...	13,310

is requested to submit a proposition statement in the prescribed form. The proportionate shares of the cost of Local Fund Engineering establishment, tools and plant, and contingencies chargeable to the district and taluk funds, respectively, are as follows :—

	District Fund.	Taluk Funds.
	RS.	RS.
Local Fund Engineering establishment	17,250	11,750
Tools and plant	490	380
Contingencies	300	200

The provision of Rs. 1,20,000 for the construction of the Máyavaram-Muthupet Railway is noted.

5. The proposed educational grant is Rs. 48,220 against Rs. 47,660 in 1885-86. The entertainment of two inspecting schoolmasters on Rs. 30 each for the Tanjore and Kumbakónam taluks in lieu of the four such officers now employed on Rs. 15 each is sanctioned, as are also the proposals of the District Board to raise the standard of the Tiruválúr High School and the Tiruvádi Sanskrit College and to transfer the Board's elementary schools to private agency to be worked on the combined system. With regard to the other proposals connected with education, the attention of the District Board will be drawn to the remarks of the Inspector of Schools quoted in paragraph 6 of the Director's letter. The provision of Rs. 3,000 as a contribution to Provincial funds on account of deputy inspectors of schools will be struck out, as in the revised estimate. The Director recommends that the saving thus effected should be added to the allotment of Rs. 10,000 for result grants, but this cannot be done in the present state of funds.

6. The proposed revision of the establishment attached to the Rajah Mirassidar Hospital at Tanjore is sanctioned. The Government agree with the Surgeon-General in considering that the contributions paid by district boards for the training of their medical subordinates in H.R.H. the Prince of Wales' Medical School should not be distributed among the teachers as proposed by the District Board, but should be credited to the School Fund. For vaccination the budget grant of Rs. 7,870 for 1885-86 is repeated, but of this sum Rs. 2,200, being the provision for the salary, &c., of deputy inspectors, is shown under (*g*) Contributions. This is incorrect, and the whole amount should be shown under Vaccination. The allotment for sanitation is Rs. 20,910 against Rs. 33,960 in 1885-86. The decrease occurs under Improvement of Water-supply and is not explained. The provision of Rs. 670 for the improvement of tanks should be debited to Taluk Funds. The allotment for endowed choultries is given as Rs. 1,48,000, but according to the details given in columns 13 and 14 of statement VII, it should be Rs. 1,48,863. The discrepancy should be explained. The contribution for sanitary inspection calculated at ·5 per cent. on the receipts according to the revised estimate should be Rs. 2,910 and that to municipalities on account of hospitals and dispensaries should be debited to the funds of the taluks in which the institutions are situated.

7. Turning to grant IV, the contribution for controlling establishments at the presidency should be Rs. 7,820, the amount paid in 1884-85. The increased provision for the District Board's office establishment is due to a proposal to raise the pay of the head clerk from Rs. 60 to Rs. 80, but as the pay of this officer has since been fixed at Rs. 70, the allotment will be reduced by Rs. 120. The entertainment of the establishments noted in the margin for taluk boards and panchayats is sanctioned. A sum of Rs. 1,500 is provided for the travelling allowances of official members. As, however, under G.O., dated 1st March 1886, No. 260 L.F., this charge should be met from Provincial funds, the provision will be struck out.

G.O., dated 18th March 1886, No. 326 L.F.

Taluk Boards.	RS.
1 Clerk on	15

Punchayats.	
1 Clerk on	8
1 Peon on	4

8. The reserve calculated at 10 per cent. on the receipts, excluding those of the Railway Guarantee Fund and of endowed institutions, should be Rs. 34,570,* but only Rs. 33,990 are available, as, owing to paucity of funds, more than Rs. 17,260 cannot be provided under the District Fund. The estimated charges and the closing balance as revised by Government are distributed among the several funds as follows :—

	RS.
* District Fund	17,840
Taluk Funds	16,730
Total ...	34,570

	Expenditure.	Balance.
	RS.	RS.
District Fund, excluding the Railway Guarantee and Endowment Funds	1,80,380	...
Railway Guarantee Fund	1,20,000	73,680
Taluk Funds, excluding Endowment Fund	1,64,620	2,730
Endowments { District	8,780	3,720
Endowments { Taluk	1,90,340	54,790
Total ...	6,64,120	1,34,920

(True Extract.)

E. F. WEBSTER,
Chief Secretary.

To the President, District Board, Tanjore.
„ Chairmen, Municipal Commissions, Tanjore District, through the Collector.
„ Director of Public Instruction.
„ Accountant-General.
„ Surgeon-General with the Government of Madras.
„ Sanitary Commissioner for Madras.
„ Revenue Department.
„ Public Works Department.
„ Board of Revenue.

[Appendix.

APPENDIX.
