Suit brought by
V. Gurraji of
Prattikollanka
in Godavari Western
Division.

Requests to defend
the - at the Government
expense for reasons
stated within -

No. 21839D.

FROM,

THE SUPERINTENDING ENGINEER

FIRST CIRCLE.

TO,

THE CHIEF ENGINEER

PUBLIC WORKS DEPARTMENT.

DOWLAISHWARAM, 29 January 1886.

SIR,

I have the honor to bring to your notice that one V. Gurrappa a ryot of Pratikollalanka in the Krishna District instituted a suit in the District Munsiff Court at Ellore Godavari District against Mr. J. Mahony Sub Engineer in charge of the Western Sub Division of the Godavari Western Division and Mr. Handcock the Godavari Western Division Officer & Mr. Gore a cultivator.

2. The object of the suit is to establish Gurrappa's right to irrigate his lands from Agadalanka Channel a branch of Ellore Canal. (*) I forward ^{with} copy of the plaint and of the answer prepared by Mr. Mahony and approved by the Western Division Officer.

3. The circumstances of the case are briefly as follows:-

A channel called "Agadallanka Channel" was dug from Ellore Canal in the year 1874 for irrigating lands

A4

of Agadallanka ~~is~~ near the Kollair lake in the Kistna District. The length of the channel dug at the expense of Government is 8 miles at this point a masonry dam was built. Some of the ryots of the lankas below the 8th mile extended the channel at their own expense for cultivating lands by water allowed to pass over the dam; thus it will be observed that the channel up to the end of 8th mile is a Government channel and below it a private one.

4- The complainant is a ryot of Prattikolla lanka (one of the Kollair lankas) a village at the end of the private channel. For some years past there have been numerous disputes between the complainant & the ryots of the other lankas holding lands higher up the private channel. The complainant ^{* particularly all those the largest cultivator under the channel} sent innumerable petitions both to the Divisional Officer and the Superintending Engineer about the irrigation of his lands. In order to avoid these disputes the late Divisional Officer Mr. Paul made special arrangements to give water to the lands irrigated by the private ch. at its upper end as well as to those lower down.

5 The complainant has no right to bring a suit against this Department & I therefore request that you will under the circumstances described above, be

so good as to obtain the orders of Government to defend the suit at the expense of Government and to let me know of the issue by wire as the date fixed for the hearing of the suit is the 15th February next.

I have the honor to be,

Sir,

Your most obedient servant

P. Handcock
Asst. Eng.
