ENCLOSURE

through the S. Office, Salem.

SIR.

I have the honor
to bring to your notice that although
Mr Target, Executive Engineer 4th Rank
Division deputed to investigate the
Water Works schemes for this town, has
been on special duty now nearly
a month, the work has not attained
a good progress for want of
good levelling instruments and
owing to difficulty in procuring the
services of experienced men

for surveying &c.

2. An establishment of 2 Surveyors on a salary of Rs 100 to 150, a draughtsman on Rs 80, and a tracer on Rs 40 was advertised for as suggested by Mr. Target. Two men were selected among the applicants as Surveyors but they both left within a week after they joined; one who on arrival had fever on him, got worse here and the other resigned. A third Surveyor since selected has joined on the 2^d instant and is found fit for the work. Mr. Target is of opinion that with two more experienced men placed at his disposal, he should be able to get through

the Schemes in a much less time than he anticipated viz - 2 months, and that gentleman accordingly suggests the names of Gopala Aiyengar and Mr. J. Abbot of Nos 1 and 4th Tank Divisions Madras and Coimbatore respectively.

3. As regards the levelling instruments, I have placed at Mr. Target's disposal one that was available in the Municipal office and obtained for him the loan of another from the Local Fund S^t Engineer, but both are found defective

the latter entirely ~~the~~ and useless. I applied
at the same time to the
Executive Engineer of our battery
about 3 weeks ago to allow
us the use of one or two
more instruments for a short time
but I have not as yet had a
reply from him, probably that
officer has no spare ones. A
fresh one — Dumpy's level (Cooke's
reversible pattern) was ~~the~~ ^{sent} upon
sent for from Messrs Orr & Sons
at a cost of \$250 but Mr Target
^{is} in need of another.

4. I have the honor to
inquire therefore whether it will
be convenient to allow the

Municipality the use of one
or two levels from the P. Dr. store
or in case the instruments
are not at present available
these, and the Municipality purchase
themselves a second level for
the temporary use, to take the
same for the Govt. P. Dr. dept.
when no longer required by Mr Target,
as I hear, these will be required
when the 5th Tank Division now
in contemplation is formed.

5. I have also the
honor to request that you will be
pleased to obtain the sanction
of Govt for the services of two

Surveyors above mentioned being
placed at the disposal of Mr
Targh temporarily - the Municipality
paying their Salaries re.

I have the honor to be
