J. W.

For orders whether
the C.A. shall be
directed to make
inquiries as to the
probable cost of
acquiring site C,
or whether site B
shall be adopted.

It seems clear
that the blocks
proposed by the
C.A. are intended
to accommodate
only 12 men in all,
but he might be
asked to clear up
the matter.

Sir,

With reference to G. O. No. 1872 W
dated the 24th July 1886, I have the honor to submit
Preliminary plans for the quarters &c for His
Excellency the Governor's Bandmen.

2.

The cottages at the site marked
A will be built in pairs, if 12 single blocks are
built as suggested in paragraph 3 of letter No. 266
dated the 20th February 1886, from His Excellency's
Military Secretary, they will cover a greater area
and come too near the Roadway.

3.

The probable cost of these
buildings including raising & levelling of site,
drainage Roads &c will amount to about Rs 4,000.

4.

I beg to suggest, another site
at the South East corner of Government House
Park

Park marked B on the plan. In this ^{case} the Bandmen's
Quarters will be in two blocks, each containing
6 Cottages, with Serjts: quarters in the centre, and the
recreation room built on the East side.

5. Another site marked C
and colored green on the plan can be obtained by
purchasing the houses at the East end of
Wallajah Road, this proposal, although the
most expensive one, will be the means of
clearing away a number of the wretched hovels
built close together in one of the finest Roads in
Madras, and in proximity to Government House,
and so improve the locality.

6. On receiving definite
orders, the detailed plans & estimate will be
submitted.

Forwarded, through the

Secretary to His Excellency the
Governor, for approval with respect to
the preliminary plans, and for decision
as to site.

2. The cost of acquiring site C

would probably be prohibitive, and
the choice therefore apparently lies
between A and B.

Sir, In returning the correspondence
and plans forwarded under
docket N^o. 1816C of the 29th
October 1906 from the Chief Secretary
to Government I have the honor
to state that the site C would
doubtless be the best, but if the
cost should render it prohibitive

I

I am prepared to accept the one
marked B.

There would appear to be
some misconception as to the
cottages. In my letter n^o 206
of 20th February I meant 12
double cottages - to accommodate
24 Bandsmen - but it seems
to me that the two blocks in B
only contain 12 quarters - unless
of course each of the six in each
block is a double cottage.
