GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

Read—the following letter from D. C. GORDON, Esq., Examiner of Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 31st March 1885, No. 141 W.:—

With reference to G.O. No. 736 W., dated 24th March 1885, I have the honor to request that I may be favored with the views of Government in regard to the procedure to be adopted when buildings are hired for the use of the Military Department.

2. It has been the practice hitherto to communicate sanction for the hire of private buildings to this office, in the form herewith enclosed (which please return), but I doubt whether this need be done in future, or whether any sanction of Government to the hiring of private buildings is necessary except in extraordinary or ultra-routine cases.

3. Under code paragraph 1221, Executive Engineers are prohibited from paying for hired premises unless under sanction of Government except in cases of buildings required for military purposes. Under code paragraph 1396 A. *et seq.*, the department is not only authorised, but required, to hire accommodation when necessary, and though the paragraph states that this is to be done "under the orders of Government" and with "previous sanction," I doubt whether such order or sanction is intended to be given in all ordinary and routine cases. Outside of the buildings which come under paragraphs 1419 and 1420, accommodation required from this department is laid down in paragraph 1463, and inasmuch as it is so laid down, it seems to me superfluous to require any further order or sanction for its provision, even by hire of private buildings.

4. If accommodation *must* be furnished, this department cannot well be limited as to the rent payable for private buildings, though it would obviously endeavour to pay no more than the compensation scale.

5. Under the orders communicated with G.O. No. 736 in question, no accommodation can now be engaged by the Military Department. Forms of notice, such as that enclosed, may perhaps be necessary for the Executive Engineers concerned, as a warrant for the rank of person for whom accommodation is required, but not for this office, which would audit the rent or the compensation with reference to the eligibility of the person to quarters, the Executive Engineer being responsible for the provision of quarters.

6. The points on which I request information are—

(1) Whether any special order of Government is necessary to the hiring of accommodation, when a general order is laid down stating the accommodation that this department is required to provide, and the ranks to be accommodated.

(2) Whether in cases in which the rent to be paid by the department exceeds the amount of rent (or compensation) fixed for rank sanction of Government is to be obtained previous to the quarters being hired.

(3) If sanction is necessary in either or both of the above, whether such sanction is to be given in the Military Department or in the Public Works Department.

Order—dated 9th April 1885, No. 861 W., Public Works.

The Examiner is informed that no special orders of Government are necessary for hiring accommodation admissible under code rules.

2. The rent to be paid will be settled by the Executive Engineer in each case; but the prior sanction of Government should be obtained when the rent proposed exceeds the authorised scale. Such sanctions will issue from the Public Works Department.

Despatch No. 27 (Public Works), dated 17th July 1885, from Government of India to Secretary of State for India.

Resolution—

In the circular of 10th February 1885, referred to in the preamble, it was ruled that no dwelling-houses should be purchased or constructed by local Governments and Administrations save under some general or special order of the Government of India. From subsequent representations made by local Governments in connection with this subject, it appears that the scope of the order is not clearly understood.

The Governor-General in Council is now pleased to declare that the provisions of the circular in question are not applicable to the following cases:—

(i) cases in which it is the recognised duty or established custom of the Government to provide quarters at Government expense;

(ii) cases in which residences are provided for officers on the ground that their duties compel them to occupy a building or part of a group of buildings erected for some special purpose, such as a jail, a police thannah, a school, a factory, a mint, &c.;

(iii) cases in which it is necessary to provide residences in parts of the country where no civil station or cantonment exists, and where a lengthened term of residence would render camp accommodation unsuitable, *e.g.*, buildings along lines of roads, railways or canals, for the housing of officials employed on their construction or maintenance.

2. Where a civil station or cantonment is already in existence, or in the process of formation, it is considered desirable that all proposals to construct residences for officials, not entitled to quarters under the foregoing rules, should be submitted to the Supreme Government for approval.

Sir,

I have the honor to submit for sanction and allotment of funds a plan and estimate amounting to Rs 650 for converting the Old carpenters' work shop at Wellington into a Dwelling house for the subdivisional Officer.

2. The existing Overseer's shed, which was occupied by the late Subdivisional Officer who was a bachelor, is a small house with two rooms barely sufficient for a single person; and is built on a mound, so that it cannot be extended without difficulty in any direction.

3. Sergeant Webb having a wife and children has been obliged to hire a building at some distance from his work on a monthly rent of Rs. 40; and out of this building he may be turned at any moment, if it should be required by the Military authorities.

4. It is therefore now proposed to alter the Old carpenters' shop, which is more than large enough, into a dwelling house for the Subdivisional Officer; who will of course be charged rent accord+ing to the rules. The carpenter's workshop is very little used for the purpose for which it was built, and the adjacent store shed is available for all such purposes.
