Explanation of Necessity.

(1) and (2) Required for execution of works and repairs under *Ain*, Civil Buildings.

(3) Surrendered to meet in part the demands for items 1 and 2.

(4), (5), (6), (7), (8), (9), (13), (14), (15), (16), (17) and (18) Surrendered as there are no estimates on hand to work out the grants.

(11) Required to cover the excess outlay already incurred and for payment for emergent repairs to be carried out till the close of the current official year. The Executive Engineer

reports that "the cause of excess outlay is attributable to the large number of works which have been put in hand on the urgent requisitions of the estate authorities, who wished that the breaches in almost numberless tank bunds should be closed and strengthened, that they might so retain as much water as they could be made to hold for cultivating season."

(10) Surrendered as sufficient number of estimates are not available to work out the grant. Complete estimates are now in course of preparation.

(12) Surrendered to meet the demand for item No. 11.

for Chief Engineer for Irrigation.

Order—dated 5th February 1886, No. 319 W., Public Works.

In his letter above recorded, the Superintending Engineer, VI Circle, applies for modifications of grants for works in the Ramnad estate, involving an additional allotment of Rs. 21,200 in excess of the amount surrendered.

2. The sum placed by the Court of Wards at the disposal of the Public Works Department for execution of works in the Ramnad estate for the current fasli year is Rs. 95,300; but the Court having suggested, in their resolution, No. 315,* dated 18th November 1885, that the grant for the current official year may be taken at three-fourths of the grant for the fasli year *plus* the actual expenditure from April to June 1885, the allotment for the current official year will stand at Rs. 79,200 as shown below:—

*G.O., No. 3063 W., dated 18th Decr. 1885.

	RS.
Three-fourths of Rs. 95,300	71,475
Actual expenditure from April to June 1885...	7,725
Total ...	79,200

3. As the Superintending Engineer reports that the additional allotment is required for expenditure till the close of the current official year in addition to the grant of Rs. 95,300, the total sum required for expenditure in the current official year will be Rs. 1,16,500, or Rs, 37,300 in excess of the grant fixed by the Court of Wards in their resolution, No. 315, dated 18th November 1885.

4. Taking the grant of Rs. 95,300 for the fasli year as the grant for the official year, the amount still required to be provided will be Rs. 21,200. The Court of Wards will be requested, in the Revenue Department, to approve the redistribution of funds proposed by the Superintending Engineer, and to arrange for early provision of Rs. 21,200, together with Rs. 4,876, being the amount of contribution for supervision at 23 per cent. on the grant for works.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper:—

G.O., dated 7th December 1885, No. 6799, Revenue.

Read—the following Proceedings of the Court of Wards, dated 18th November 1885, No. 315:—

Read—the following letter from the Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 18th August 1885, No. 201 G.N.:—

It appears from a letter received from the Collector of Ganjam that the budgets for the Court of Wards' estate works are prepared in the Revenue Department with reference to fasli and not official year, and that the grants for Fasli 1294 have lapsed at the end of June 1885. I think these budgets ought not to end with June, but be synchronous with those of Public Works Department. I bring this to your notice with a view to necessary orders of Government being obtained on the subject.

No. 527-E.

Referred, through the Revenue Department, to the Court of Wards for remarks.

Mis. No. 4556.

Forwarded to the Court of Wards for the favor of very early remarks.

Ootacamund,
27th August 1885.

(Signed) W. WILSON,
Ag. Secretary to Government.

Read—the following Proceedings of the Court of Wards, dated 12th September 1885, Mis. No. 8481:—

Read—endorsement of the Acting Secretary to Government, Revenue Department, dated 27th August 1885, Mis. No. 4556, on that of Public Works Department, dated 27th August 1885, No. 527-E.

Resolution—dated 12th September 1885, Mis. No. 8481.

All the accounts and reports connected with the Court of Wards' estates are now rendered for the fasli year, and unless the Government are prepared to abolish this year in favor of the official year, the Court do not think it practicable or desirable to introduce the change advocated by the Superintending Engineer, I Circle, under which the official year will be substituted for only one item of charges, viz., irrigation works, and *that* only in a few of the estates in which the works are entrusted to the Public Works Department, while the accounts of receipts and of all the other items of charges will be kept for the fasli year as at present.

2. Another objection to the proposal is that the commission payable to Government from the funds of an estate for management is calculated at one-and-a-half per cent. on the net collections after deducting certain charges, among which the expenditure on public works is included. There will consequently be considerable confusion in fixing the amount of commission if all the accounts are not kept for one and the same year.

3. The Court accordingly suggest that the Public Works Department be requested to keep separate accounts for the fasli year of the expenditure on estate works entrusted to their charge. The number of these estates is small, and the inconvenience to which that department will be put in having to keep separate accounts will probably not be great.

4. The Court beg to take this opportunity to request that the Public Works Department may be directed to furnish them with a monthly progress report of works, and also a brief annual report of the works carried out during the fasli, the amount expended, the improvements carried out, &c. It would be convenient if the reports are forwarded through the Collector of the district.

Office note by the Examiner, Public Works Accounts, dated Madras, 7th October 1885, No. 529:—

[Your office note No. 675-E., dated 30th September 1885.]

The accounts of works on Wards' estates, in so far as they enter the books of this department, must be kept for the official year, but I do not anticipate much difficulty in being able to furnish the Court of Wards with an account of the expenditure on such works for any period that may be required; as, for instance, from the 1st July of one year to the 31st July of the following year, and I presume this is all the Court will require.

No. 2313-D.

From the Court of Wards' Proceedings in the file it appears that the budget estimates for estate works must be framed for the fasli year. Can this be effected?

Office note by the Examiner, Public Works Accounts, dated Madras, 15th October 1885, No. 566:—

[Your office note No. 2313-D., dated 12th October 1885.]

There is no objection to the budget estimates for estate works being framed for the fasli year, if the arrangement proposed in my office note No. 552, dated 13th October 1885, be agreed to.

Office note by Examiner, Public Works Accounts, dated Madras, 13th October 1885, No. 552:—

In continuation of my office note No. 529, dated 7th October 1885, I would suggest that, as the Court of Wards makes grants for the fasli year, it might, for the convenience of this department and its system of accounts and financial control, give approximate distribution of the grant to the portions of the financial years which the fasli year affects.

No. 1662-C.

Referred to the Revenue Department for favor of information whether the Court of Wards agree to the arrangement indicated in the Examiner's note of 13th October 1885, No. 552.

Attention is also invited to the note of 7th October 1885, No. 529.

The return of these papers is requested.

To the Court of Wards, with papers, in original, to be returned.

Resolution—dated 18th November 1885, No. 315.

The Court of Wards have no objection to the arrangement proposed in the Examiner's note, dated 13th October 1885, No. 552.

2. The grant for the current official year may be taken to be three-fourths of the grant sanctioned for Fasli 1295 *plus* the actual expenditure in the months of April, May and June 1885.

3. For future years, the grant for the fasli year may be taken to be the grant for the official year.

4. The Court request that they may be furnished with a monthly progress report as stated in paragraph 4 of their proceedings, dated 12th September 1885, No. 8481.

To W

I beg to bring to your notice that the Executive Engineer Ramnad has applied for a sum of Rs. 10,000 for expenditure in February on account of the Ramnad Court of Wards' Estate.

The Executive Engineer's Return of Grants &ca shows approximate expenditure of Rs. 93,569 to the end of January, and by taking the grant of Rs. 95,300 sanctioned for the fiscal year the balance avail[illegible] [illegible] amounts to only Rs. 1,731; but the grant for the official year amounts to Rs. 79,528 under the ruling contained in Financial G. O. No. 3063 W of the 18 December 1885, and therefore the outlay exceeds the grant by Rs. 4,041.

Sir,

In forwarding the application f[illegible] Credit for February 1886 (Form No: 78), I have [illegible] to point out that the budget allotment has [illegible] exceeded in consequence of the charges for Establishment having been debited against the grant for works and repairs, no separate provision for Establishment having been made either in the Budget for Estate Works sanctioned in G. O. No: 1797 W d/ 31st July 1885 or in the Provincial Budget for 1885-86. In the application for additional funds sent to the Superintending Engineer with my No: 1867 R. N. d/ 14th January 1886 provision for Establishment has been ma[illegible] at 23% of the proposed outlay on works and re[illegible]irs during the current official year, meanwhile letters of Credit for February may be granted from the funds allotted for April, May and June 1886 in the Estate Budget for the fasli year which ends on 30th June 1886.

Note.

3/2/86

The total grant for works in the Ramnad Estate is Rs. 95,300, vide G. O. No: 1797 W dated 31st July 1885. The expenditure on works only up to December

1885 is	Rs. 74,292
The credit granted for Jany/86	" 5,000
Cash balance in hand with the Ex. Engineer	" 1,000
Total	Rs. 80,292

The balance therefore available for expenditure on works is Rs 15,008, and the credit of Rs 10,000 applied for can be granted.

As the percentage charge (of 23 p. c) on the grant for works was not provided till the 25th January 1886, the Ex's office as well as the Ex. Engr. took the grant for works as the grant for works and establishment and thus showed an expenditure of Rs 93,569 against a grant of Rs. 95,300. But this difference will be adjusted on receipt of G. O. No: 199 W d/ 25-1-86. In these circumstances there can be no objections to the grant of the credit.

But on the other hand if the grant for works in estates be reckoned for official year instead of the fasli year

vide G. O. No 3063 W d/18th Decem
the grant for works alone for the offi
year 1885-86 will be Rs. 79.200 a
shown below:-

3/4 of Rs 95,300 ——— = 71,475
Actual expenditure from April to June 1885 } = 7.72

Total grant for works = 79,20

In this case there will be n
balance available for expenditure i
February and March 1886 as the a
penditure up to January 1886 alon
is Rs 80,292.

The resolution of the Court of W
communicated with G. O. No: 3063
d/ 18-12-85, suggesting that the gran
for the official year be taken at 3
of the grant for the fasli year pl
the actual expenditure from Apri
to June does not seem to be quite
correct under the following groun
The expenditure incurred from Apr
to June 1885 is Rs. 7.725 while the
average monthly expenditure alon
from April to December 1885 is
Rs. 8,255. The short outlay from
April to June 1885 is attributable
to plans and estimates not hav
been prepared and sanctioned
those months. This explanation
repeatedly given in the Progress

for works in the Ramnad Estate. Further the expenditure in the first few months of the year is generally less than that in the succeeding months. It will not therefore be fair to take the grant for the official year 1885-86 at $\frac{3}{4}$ of the grant for the fasli + the actual expenditure from April to June 1885. The fasli year commences from July 1885 to June 1886 and the official year from April 1885 to March 1886. The total number of months in each case being the same, the grant for the fasli year should be taken as the grant for the official year.

In these circumstances the credit applied for may be granted drawing attention to G. O. No: 199 W d/ 25-1-86 and on the receipt of application for funds from S. E. VI, the Revenue Deptt may be asked either to alter the ruling conveyed in G. O. No: 3063 W dated 18-12-85 or to allot additional funds for the official year, whichever course may be convenient.

PROCEEDINGS OF THE MADRAS GOVERNMENT,

UNDER date the 5th Feby 1886.

READ the following

rom the Supdg. Engineer VI Circle. H. E. No. 425 R. N. d/ 21st January 1886.
ndorsement by the Chief Engineer for Irrigation. H. E. No. 11 E. W. d/ 26th Jany 1886.

In his letter above recorded, the S. E. VI Circle applies for modification of grants for works in the Ramnad Estate, involving an additional allotment of Rs 27,200 in excess of the amount surrendered.

2. The sum placed by the Court of Wards at the disposal of the P. W. Department for execution of works in the Ramnad Estate for the current fasli year is Rs. 95,300; but the Court having suggested in their resolution No. 315 dated 18th November 1885 that the grant for the current official year may be taken at three-fourths of the grant for the fasli year *plus* the actual expenditure from April to June 1885, the allotment for the current official year will stand at Rs. 79,200 as shown below:-

G.O. No. 3063 W dy 18th Decr 1886.

3/4 of Rs. 95,300 ——— = 71.475
Actual expenditure from April to June 1885 ——— } = 7.725

Total Rs. 79,200.

3. As the S. E. reports that the additional allotment is required for expenditure till the close of the current official year, in addition to the grant of Rs. 95,300, the total sum required for expenditure in the current official year will be Rs. 1,16,500, or Rs 37,300 in excess of the grant fixed by the Court of Wards in their resolution No: 315 dated 18th November 1885.

4. Taking the grant of Rs. 95,300 for the Fasli year as the grant for the official year, the amount still required to be provided will be Rs. 21,200. The Court of Wards will be requested in the Revenue Department to approve the redistribution of funds proposed by the Supty. Engr, and to arrange for early provision of Rs. 21,200, together with Rs. 4,876 being the amount of contribution for supervision at 23 per cent on the grant for works.
