From

To

THE Chief Engineer,

SIR,

Enclosures. / With reference to your Memorandum No. 3461/C dated 6th October 1886, I have the honor to state that when the late Mr. Clarke was recommended for the post of Foreman of the Instrument Department in November 1880, the Chief Engineer was of opinion that he should be brought on the list of the Upper Subordinate Establishment to enable him to get promotion in the usual course. (See Chief Engineer's Office Note No. 568 dated 29th November 1880 to the General Supdt: P.W. Stores and Workshops)

and

since

nd Mr. Clarke was appointed
ccordingly a Supervisor of the
econd grade in G.O. No: 757 W
ated 19th March 1881.

2. Mr. Rozario's pay is not charged to "Works" but to "General". If he is brought on the List of Upper Subordinates, at least as a supernumerary Overseer now, he will get his promotion in the usual course. If he is entertained as a Member of the Workshops Establishment, it will be necessary to give an increase to his pay from time to time, & he will have no promotion whatever however long he may serve.

3. Under these circumstances therefore I would ask that the case be re-considered and that Mr. Rozario be brought on the

7 List

List of Upper Subordinates as an Overseer of the 1st Grade, Supernumerary, until a vacancy occurs. I however submit a proposition Statement for bringing Mr. Rozario on the permanent Establishment of the Workshops as called for in your Memorandum under reply. It is proposed in this Statement to give Mr. Rozario the pay of an Overseer first grade, with five annual increments of Rupees eight each.

I have the honor to be
Sir,
Your most obedient Servant.
