GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following letter from the Consulting Engineer for Railways, to the Secretary to Government, Public Works Department, dated Madras, 4th November 1886, No. 287:—

I have the honor to forward, for your information, copy of the six months' estimate of Capital outlay on State Railway Surveys, Provincial, for 1886-87, and budget estimates for 1887-88, which have been transmitted to the Government of India.

2. In the statement submitted in accordance with instructions contained in Proceedings, No. 2509 W., dated 6th September 1883, with this office letter, No. 317, dated 30th October 1885, a sum of Rs. 5,000 was applied for on account of the Porto Novo-Salem survey for 1886-87, but an additional grant of Rs. 7,500 was subsequently applied for and sanctioned in Financial G.O., No. 474, Miscellaneous, dated 31st May 1886, making a total provision of Rs. 12,500 for 1886-87.

3. It is now requested that the sanction of the Financial Department may be obtained to a further allotment of Rs. 500 for the Porto Novo-Salem survey during the current official year.

4. No expenditure is anticipated during the official year 1887-88 on State Railway Surveys, Provincial.

ENCLOSURE.

Six months' Estimate of Capital outlay in 1886-87 on State Railways in the Madras Presidency prepared in accordance with Government of India Circular, No. XXXIII, Public Works, of 5th October 1886.

MADRAS,
4th November 1886.

(Signed) SIDNEY SMITH, Major, R.E.,
for Consulting Engineer for Railways.

ORDER—dated 14th December 1886, No. 3290 W., Public Works.

In the six months' estimate submitted to the Government of India in the General Branch, the estimate for "statistics of road traffic" alone has been entered under 47. "State Railways," as the expenditure under all other Provincial Railways is now audited by the Examiner, State Railway Accounts.

* Vide No. 1790 C., dated 7th November 1885.

2. Under the note to paragraph ⁴³³ 433 of the Public Works Code, the six months' estimate should not be framed for outlay in excess of the sanctioned grant for the year. The figures shown by the Consulting Engineer for Railways as the six months' estimate of the "Porto Novo-Salem line" and the "statistics of road traffic" are therefore incorrect.

3. It is understood that Rs. 200 only can be spent before the end of the current official year out of the grant, Rs. 2,000, for statistics of road traffic. The difference, Rs. 1,800, will therefore be resumed, and Rs. 500 thereof will be appropriated to the "Porto Novo-Salem" survey; the balance, Rs. 1,300, will be transferred to Provincial Civil Buildings, and added to the reserve with the Government under that head.

4. It is observed that no expenditure is proposed on Provincial Railway Surveys during 1887-88.
