

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Letter from the Venerable the Archdeacon of Madras, dated 11th August 1886 Rs 100.

I have the honor to state for the information of Government that I have received from the Acting Garrison Chaplain and Executive Engineer, the Half-yearly Report on the state of Saint Mary's Cemetery Madras.

2. The subject was brought to the notice of Government by my letter No 12 of 4th February 1886 with reference to a Memo from the D.P.W. No 263C of 19th January 1886.

3. By G.O. No 122 of 16th June 1886, a sum of Rs 1840 was sanctioned for the repairs of the Wall and Gateway, but the work has not as yet been commenced and the Chaplain has been threatened with legal proceedings and fine by the Municipality.

Municipality for the completion of the external Walls.

4. The Inspectors report on the great need of laying on Red Hills Water to the Cemetery and that the sum of Rs. 252 was sanctioned by the Superintending Engineer in November 1885 but that no funds have as yet been placed at his disposal. They report also the difficulty of keeping the Cemetery in order with the 2 lascars sanctioned by D. P. W. Code, Section 1279, para 2 and ask sanction for the employment of 2 more Mali Chowkedars.

5. About 750 Tombs and Monuments are reported on as needing repair. In 1882 a list of Monuments requiring repair was published in the Gazette of India and Local Gazettes, and a few answers obtained and some Monuments repaired; it seems hardly likely as the most of the monuments are at least 30 years old, that any further answers would

would be obtained by advertising now. 6. As many of the monuments are of great size, the levelling, removing debris and placing the slabs in simple masonry would possibly be as costly as repairing the same.

7. I would request therefore that Government be pleased to direct that estimates be prepared by the D. P. W. for the repair or levelling of the ruined monuments; and with regard to the sums already sanctioned, directions given for carrying out the work as speedily as possible.

8. The application for 2 extra lascars considering the size of the ground, and the number of Monuments to be attended to, seems to be a reasonable one and I beg to recommend it for the favorable consideration of Government.

Order thereon 26th August 1886 D. P. W.
The foregoing letter will be referred to

to the Public Works Department for
remarks. The Government in the
Ecclesiastical Department will
be prepared to sanction such
expenditure as may be required
to place matters on a satisfactory
footing and, if necessary, to reconsider
G.O. Ecclesiastical 16 June 1886 No 222. *Ch. 4807 -*
The necessity of increasing the staff
of mali chowkidars seems open to
question. From the papers recorded
in G.O. Ecclesiastical 16 February
1886 No 29, it would appear that
instead of planting more trees
and shrubs, it would be desirable
to cut down many of those now stand-
ing which are reported to be rapidly
destroying several of the tombs.
The area of the cemetery is not
stated. If it exceeds 10 acres, the
chaplain is entitled to the services
of a mali and two assistants.

Superintending Engineer's Office 2^d Circle
30 September 1886

J. D. W. L. M.
Superintending Engineer 2^d Circle

Colonel J. L. Hasted R.E.
Secretary to Government D.P.W.
Madras.

The humble Petition of
S. Viradlogarai Puntar
late Supervisor in Charge
of Rajamundry sub-Div.
First Circle.

Most respectfully sheweth;

That your Petitioner had
been duly favoured with an order
of Government sub. C-3137 W. dated
26th November 1886, informing
him, in reply to his Petition dated,
forwarded through you, that "The
Government see no reason to
modify the order passed by the
Chief Engineer, in Petitioner's case."

2. That the above said
order has filled your Petitioner's
mind with the deepest regret, since
he cannot but regard it as the
greatest intensification of the
misfortunes under which he
