To,

The Collector of Sea Customs
Madras.

Sir,

With reference to your letter No. 541, dated 30th September 1886, I have the honor to state that the repairs of the railings in question are estimated to cost Rs. 555/-. The Estimate has been sanctioned, but the work cannot be commenced for want of funds.

I have

FROM The Honble R.W. Barlow.
Collector of Sea Customs,
Madras,

To M. Hammick Esq
Secretary, Board of Revenue,
Madras.

SIR,
I have the honor to report that
so far back as February last, I addressed
the Superintending Engineer, 5 circle,
on the subject of having the palisading
- surrounding the outer verandah of the
Custom House - which had become
dilapidated, put into thorough order
and at the same time, ^{aspiring} to have a separate
small gateway and foot-path to the
Baggage Department, made, for the
use and safety of passengers arriving
from Foreign ports by sea, when coming
to have their baggage examined and
passed, as several accidents had
nearly resulted owing to there being
only one entrance from the beach
road, for both passengers and trucks

running to and from the Custom House
and pier with goods. An estimate
for Rs. 555-... was then submitted
to this Office in June, and returned
after being countersigned to the Super-
intending Engineer, 5 Circle, for execution
of the work. As nothing was being
done for some time, I again addressed
him in September in the matter,
a copy of whose reply, stating no
money available, I enclose for the
Board's information.

2. The palisading in its present
condition is broken and incomplete
in several places, and allows the
entry of cattle, and other nuisances
being practised within Custom House
premises, and as it is presumed that
funds will not be available before
April 1887, the earliest, I have the
honor to enquire whether the Board
cannot apply to Government for
a transfer of funds for carrying
out

and the work above referred to at
a very early date.

I have the honor to be
Your ^{Sir} Most Obedt Servant,

M. W. Gordon
Collector of Sea Customs.
