

10TH DECEMBER 1886, No. 3275 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers :—

From W. A. HAPPELL, Esq., Chairman, Groynes Extension Committee, Cocanada, to the Chief Secretary to Government, dated Cocanada, 21st October 1886, No. 20.

At a meeting of the committee formed under G.O., No. 469, dated 24th August 1886, paragraph 3, the following resolution was passed :—

“The committee will make provision for the pay, pensionary contribution and travelling allowance of a second-grade supervisor, and for a subordinate establishment costing not more than Rs. 50 a month. The amount required will, they believe, be about Rs. 2,880, but they are willing to provide about Rs. 3,000 or 20 per cent. on an estimated expenditure of Rs. 15,000 per annum.”

2. The meeting had not the advantage of the Superintending Engineer's advice.

3. I have ascertained that the expenditure up to the end of September, on the extension of the groynes, amounts to Rs. 29,287, and the collections to Rs. 35,477. There is thus nearly six thousand rupees in hand to go on with. The collections will vary with the trade of the port, but may be expected to average Rs. 15,000 per annum. The committee do not think it probable that more than this will be expended in each year, and seeing that the work to be done is all in one locality, consider 2·0 per cent. sufficient to spend on supervision; but if the Chief Engineer cannot supply a second-class supervisor, who understands such works, they will be ready to make such further provision of funds as may be necessary.

No. 1851 C., Marine.

Referred to the Public Works Department for remarks by the Chief Engineer.

(By Order.)

November 1886.

(Signed) W. S. MEYER,
Ag. Assistant Secretary.

No. 3954 C.

Referred to the Superintending Engineer, I Circle, for favor of very early report whether he can nominate a competent upper subordinate in the I Circle, whose services may be placed at the disposal of the Groynes Extension Committee.
Return requested.

11th November 1886.

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Govt., P.W.D.

From G. T. WALCH, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 21st November 1886, No. 1995 G.D.

With reference to your No. 3954 C. (returned), dated 11th November 1886, I have the honor to state that as the number of upper subordinates in this circle is one under

sanctioned strength, and of these some are absent on leave, chiefly owing to the unhealthiness of parts of Vizagapatam and Ganjam, where they are employed, I am unable to spare any man to be placed at the disposal of the Cocanada Groynes Extension Committee.

Note by the Chief Engineer, Public Works Department.

The arrangements proposed by the Cocanada Groynes Extension Committee for supervision of the work appear to be satisfactory, and the undersigned recommends that the services of Mr. S. Trutwein, Supervisor, 2nd grade, now in the South Arcot division, be placed at the disposal of the committee, his pay, pensionary contribution, and travelling allowances being met by that body.

(Signed) J. O. HASTED, Colonel, R.E.,
Chief Engineer, P.W.D.

7th December 1886. ;

ORDER—dated 10th December 1886, No. 3275 W., Public Works.

The Chief Engineer's note will be communicated to the Marine Department with advertence to its endorsement, No. 1851 C., dated 6th November 1886.

2. As recommended by the Chief Engineer, the services of Mr. S. Trutwein, Supervisor, 2nd grade, are placed at the disposal of the committee. The Superintending Engineer, V Circle, will direct him to report himself to the Chairman at Cocanada with the least possible delay.

(True Extract.)

(Signed) J. O. HASTED, Colonel, R.E.,
Secretary to Govt., P.W.D.
