4. Audit Notes on the monthly Accounts for May, June, July, August, September and October 1885, and those on the Half yearly Returns of Tools and Plant ending March and September 1885, and the one on the Stock Register ending September 1885 together with no less than 18 disallowance lists issued from this Office on the Establishment bills of the Ganjam Division remain unanswered up to date.

5. No Contingent Bills have been received from the Ganjam Division for audit since June last and although there is only one item of Stock in the Ganjam Division yet the Half yearly Return ending September 1885 has not yet been received in this Office. The above have been repeatedly called for.

6. As already reported to you in the Objectionable Items Statements for August and subsequent months, the Accounts of the Ganjam Division are very much in arrears. The Executive Engineer in a telegram dated 13th January 1886 stated that Audit Notes and Arrears Vouchers are being despatched but up to date nothing has been received.

7. The above very unsatisfactory state of affairs is brought specially to the notice of Government for such action as may be considered necessary.
