I have the honor to forward, herewith, for your information, copies of correspondence that has taken place between the Executive Engineer, Nilgiris, and the President of the District Board, relative to the dangerous state of the bund of the St. Lawrence lake, and to request you will be good enough to inform me whether this department should keep that bund in order.

2. It seems to me that, as the road is a District Board work, the bund, which is part of the road, should be attended to by the District Board Engineer.
