The VI circle reports
that the strength
of U.S. in the Nagarpuram
Division is one in excess,
he can transfer J. Sumbar Singh
temporarily to
Madura & release
Abdul Latif Sahib.

Abdul Latif Sahib has
applied for transfer
to the Presidency, and is
supported by the S.E. Circle.

Temp. officer Karamchandani
may be transferred from
the Presidency Div. to
No I Tank Div. which
is short by one U.S. of
somewhat strength.

(9.11.56.)

The Supd. T.M.S. can now
be informed that one
officer has been posted
to I Tank, thus bringing
the U.S. of the T.M.S. up
to somewhat strength of reg.

To

The Executive Engineer
No 1 Tank Division
Madura.

Honoured Sir,

Having come to understand that
the post of an Officer in this Division is vacant on
the transfer of Mr Mac Lick, to No 2 Tank Division,
I beg to offer myself as a Candidate for the same.

I have passed the Officer test
held in May 1884, and from May last, I am here as a
Surveyor on Rs 60.

The Superintendent of Works in
his No 385 T of 12-2-86 (a copy of which is herewith enclosed)
has stated that if I want to enter the Officer rank
of Tank Maintenance Scheme, I should first enter
the Department as a Surveyor and if I show
myself industrious and efficient, I will be
brought on the Upper Subordinate Establishment
on the recommendation of the Executive
Engineer.

Finding this as the fit opportunity
for my future prospect, I beg your Honour will be
kindly pleased to recommend me to the Superintendent.

Superintendent of Works for the Oursuri post-and
thus forward my interests which lie entirely in
your Honour's hand and depend on your Honour's
recommendation alone.

Enclosure to

Enclosures.

With reference to Application from C. R. Arichara Subbiah, addressed to the Chief Engineer for Irrigation, he is informed that if he wishes to enter the Oursuri ranks of the Tank Maintenance Establishment he must first enter as a Surveyor and if he shows that he is industrious and efficient he may be brought on the higher subordinate Establishment.

which are quite distinct, and sufficiently onerous for one man in each case to conduct, as laid down in pages 2, 3 and 4 of the Manual. I beg to state that it is very hard on me to be so handicapped in the work to be done in this Sub-Division which, as you are already aware, comprises some of the most important channels in the District. I have hitherto been trying my best endeavours to get through the work I have to do, but as the rules laid down for guidance in the Manual are very stringent and unmistakable, fixing responsibilities on the Overseer distinct from those of the Sub-Divisional officer, I take this opportunity to bring to your notice that the Sub-Division is short-handed in order that steps may be taken to remedy the same.

The applicant in the present case is a passed Overseer and during the time he has been serving under my orders, since last May, he has worked hard and shown himself quite efficient; the latest levels of his that I checked, gave a difference of 0.02 at the end of $1\frac{3}{4}$ miles which sufficiently shows his accuracy as a Leveller and that he is worthy of being put in charge of a Survey Party.

I beg to remain,

Sir,
Yours Most Obedient Servant,

Sir, No 3868C of 4-11-86

In forwarding herewith an
application from C. R. Marikurathali
for the post of Overseer in place of
Mr. Mc Lish transferred to No II
Tank Division for your recommendation
and support, I beg to state that
this Sub Division is entitled to
an Overseer to complete its
Establishment and is at present
therefore short handed. I am

Memo

The existing strength
of Upper Subordinates in the
Tank Maintenance Scheme
is up to sanctioned scale
and no further appoint-
ments can therefore be made
to it.

The mere transfer of
an upper Subordinate from
one Division to another in
the Tank Maintenance
Scheme does not leave
a vacancy on the list
to be filled up by a fresh
appointment.
