GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper :—

From G. HAMNETT, Esq., Inspector-General of Registration, to the Chief Secretary to Government, dated Madras, 14th September 1885, G.No. 3914 (*a*).

	RS.
* Registration	6,07,600
Civil buildings, Roads and Services in charge of civil officers ..	3,500
Total ..	6,11,100

I have the honor to submit, for the sanction of the Government, the budget estimate of revenue and expenditure for 1886-87 of the Registration department and Joint Stock Companies, amounting together to Rs. 8,15,000 and Rs. 6,11,100* respectively, and to state that the estimate has been prepared in accordance with the instructions conveyed in paragraph 1 of G.O., Financial, dated the 15th November 1884, No. 2635, and in paragraph 2 of G.O., Financial, No. 1174, dated the 10th August 1885.

2. *Receipts.*—The average revenue per year for the three years ending 1884-85 amounted to Rs. 6,56,640, and the actuals for 1884-85 to Rs. 7,58,407. The estimate for 1885-86 was fixed by the Government in their order, dated 15th November 1884, at Rs. 7,00,000, but, judging from the *registration* receipts for the first four months of 1885-86, viz., Rs. 2,85,714, and adding thereto the actuals for the last 8 months of 1884-85, viz., Rs. 4,99,745, there will be no over-estimation of revenue, if the estimate for 1886-87 is fixed at Rs. 8,15,000†, or Rs. 1,15,000 in advance of the estimate for 1885-86.

3. The advance of registration revenue during 1884-85 has been explained in paragraph 31 of the Administration Report for that year as due to an increase of registration, an increase in the number of searches, and an increase in the fees by a revision of the tables of fees, which were brought into force on the 1st May 1884. When preparing the estimate for 1885-86, there was not sufficient data to go upon as regards the probable increases, and hence the estimate was fixed at a lower figure than the actuals for 1884-85.

		RS.
Actuals ..	1882-83	4,53,593
	1883-84	4,84,909
	1884-85	5,31,263
Average		4,89,921
Estimate for	1885-86	5,54,000
	1886-87	6,07,600

4. *Expenditure.*—The estimate of expenditure allows for the expansion of the department by the creation of new offices, the transfer of *ex-officio* offices to special officers, the employment of additional peons and night-watchmen and increased provision under Commission and Contingencies. The average expenditure per year for the three years ending 1884-85 amounted to Rs. 4,89,921, and the actuals for 1884-85 to Rs. 5,31,263. The estimate for 1885-86, as reduced by Government in their G.O., Financial, No. 2635, dated the 15th November 1884, amounts to Rs. 5,54,000. The estimate for 1886-87 has been fixed at Rs. 6,07,600. It exceeds the actuals for

1884-85 by Rs. 76,337, and the estimate for 1885-86 by Rs. 53,600. The excess falls under the following heads :—

		RS.
II.	Registrar of Madras	6
III.	Mofussil registrars and special sub-registrars, &c.	22,082
IV.	Commission	19,000
V.	Miscellaneous	12,185
VI.	Estimated value of articles supplied without cash payments ..	20
VII.	Increase in the office of the Registrar of Joint Stock Companies.	307
	Total ..	53,600

The first item is explained by a portion of the pay of a sweeper employed in the Government office being, under G.O., Judicial, dated 9th January 1883, Mis. No. 28, debited to the office of the Registrar of Madras.

The second item of Rs. 22,082 provides—

	RS.
For a registrar at Anantapur	1,800
For opening 17 new offices and transferring 7 *ex-officio* offices to special officers, and the pay of special sub-registrars and their establishments appointed with reference to paragraph 8 of G.O., Judicial, No. 2105, dated 21st August 1884	16,538
And for the pay of additional peons and night-watchmen	3,744
Total ..	22,082

The third item is dependent upon the increase of registration receipts.

The fourth provides for contingent charges under the following heads, viz. :—

	RS.
Inspector-General's office	300
Districts—Contingencies—	
I (*a*)	6,543
I (*b*)	4,812
II	530
Total ..	12,185

in view to provide for new furniture (almirahs, tables, chairs and benches), belts, badges, seals, time-pieces and other sundry articles found to be indispensably necessary in the several offices.

The fifth and sixth items explain themselves.

5. The Superintendent, Government Press, will have to include in his estimate the charges for printing and binding.

The Public Works department the funds required for works in progress, and for the construction of new offices which are urgently required in many places.

The amount required for petty construction and repairs is shown separately.

6. The sanction of His Excellency the Governor in Council is requested for the estimated revenue and charges as follows :—

ORDER—dated 31st October 1885, No. 1457, Financial.

The Inspector-General of Registration submits his budget estimate for 1886-87. He has, however, omitted to attend to the instructions given in paragraph 1 of G.O., Financial, No. 2635, dated the 15th November 1884, and has again separated the transactions of the Registrar of Joint Stock Companies, Madras, from the general revenue and expenditure of the Registration department. No such distinction is maintained in the accounts submitted to the Financial department. It will be convenient if, in future, the estimate is drawn up on ordinary foolscap, both sides of the paper being utilized for the purpose, so as to admit of full explanations being given in the remarks column. One or two additional columns may also be left blank for Government to note any reductions or additions that may be rendered necessary, against each detailed head.

		RS.

	1883-84	6,32,067
	1884-85	7,58,407
Estimates.	1885-86	7,00,000
	1886-87	8,15,000

2. The *receipts* of the Registration department in 1886-87 are estimated at Rs. 8,15,000, against Rs. 7,00,000, the sanctioned estimate of the current year. Owing, however, to the rapid progress of registration, the increase in the scale of fees, and the additional facilities afforded to the public by the opening of new offices, the revenue in 1885-86 is likely to greatly exceed the amount originally anticipated. The first five months show an improvement of nearly Rs. 70,000 * over the corresponding period of the previous year; but even assuming that the improvement in the whole year will not exceed Rs. 50,000, and allowing for a further development in the resources of the department to the extent of Rs. 50,000 during the course of the following year, there is every probability that the receipts in 1886-87 will not fall short of Rs. 8,58,000, or a lakh in excess of the actuals of 1884-85. This very closely approximates to the proportional amounts realizable in 12 months at the rate of Rs. 2,85,714, said to have been collected in the first four months of the current year. Considering the circumstances mentioned above, there seems reason to believe that the receipts in 1886-87 have been under-estimated, but Government will accept the Inspector-General's estimate for the present, subject to modification hereafter, if necessary.

3. In framing the estimate of *charges*, it is desirable that the classification adopted by the Government of India should be adhered to; "refunds" being shown separately under the distinct major head "3, Refunds and drawbacks," and the expenditure proper of the Registration department being sub-divided into the two authorized minor heads, "Superintendence" and "District charges," so that divisions I and VA of the Inspector-General's classification will appear under "*Superintendence*," and the remainder, including Madras, under "*District charges*."

		RS.

	1884-85	5,28,837
Estimates.	1885-86	5,51,000
	1886-87	6,05,000

4. The expenditure under "14, Registration," excluding a sum of Rs. 2,500 transferred to "3, Refunds and drawbacks," is estimated to amount to Rs. 6,05,100, against Rs. 5,51,000 † sanctioned for the current year. Assuming that the fresh charges proposed to be incurred in 1886-87 will be sanctioned in due course, the estimate is Rs. 54,100 in excess of the amount allotted for 1885-86, the progressive actual increase in 1884-85 and 1883-84 having been Rs. 46,205 and Rs. 31,054, respectively.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following papers:—

From G. HAMNETT, Esq., Inspector-General of Registration, to the Acting Chief Secretary to Government, dated Madras, 31st December 1885, G. No. 5440.

With reference to my letter, T. No. 2863, dated the 26th November 1885, and the orders of the Government thereon, Financial, dated the 5th December 1885, Mis. No. 1582, I have the honor to enclose a list of the works which the Superintending Engineers of the six circles in the Presidency propose to undertake during the year 1886-87, if funds for the purpose are available.

2. The Superintending Engineer, II Circle, says, with reference to the item of Rs. 6,540 for the registrar's office at Masulipatam—

> "This might remain in abeyance, as it is possible other arrangements might be made whereby its construction would be unnecessary."

What these arrangements are I have not been informed.
