SUPERINTENDING ENGINEER'S OFFICE,

Bangalore V CIRCLE, MADRAS,
19th February 1886.

From

THE SUPERINTENDING ENGINEER,
V CIRCLE,

To

THE Chief Engineer
D.P.W.

SIR,

Enclosures.

With reference to your Memo
No. 422 of dated the 1st Instant,
I have the honor to report, that
the Executive Engineer has taken
from another work, the funds
that will suffice to repair the
road way over the Commander-
in-Chief's Bridge: but he
has not money enough for plaster-
ing the bridge.

2. An Estimate of Rupees 1660
was made some time ago, for
the repairs to the bridge itself,
but on account of there being
other

other pressing demands, the work
was not able to be done - Now
under G. O. No. 2146 D dated 15th Sep.
Amber 1885 the Bridges are altogether
to be given up to the Municipality
from the 1st April. If it is intended
that the Lower under-in Chief's
Bridge is to be repaired by
the Government I beg that an
allotment of Rupees 1660 may be
made ^{at once} in the current year.

I have the honor to be

Sir

Yours most Obedient Servant

Chundergost Coll. P.O.

Superintendent Engineer
5th Circle!

ENCLOSURES.

No. 4751

Commander-in-
Chief's Bridge.

Request that the
allotment of Rs 1060
be made in the
current year for
Repairs &c to

1365

W

For orders whether
the allotment of Rs
1660 asked for by S.S.V
for the repair of the
Comms in Chief's bridge
may be given.

The S.S. states that
the bridge will be
transported to the
Municipality on 1st
April, but there is
no definite authority
for this, beyond an
expression of opinion
in the Finl Dept that
the transport should
not take place
before that date.

The statement of
average
annual expenditure
on maintenance, called
for in No 1691 C of 23.10.85,
has not yet been

Reverse of 3 13-2-86

furnished by the S.E. I
until it is the
Tine Dept are not
likely to issue orders.

In any case the
Municipality will
probably demand
that the bridges shall
be handed to them
in good order.

It seems desirable
that another remainder
should go to the S.E.
on the subject of
No 1691C.
