Office Note.

To.

Mr. W.

I have received a letter from the Superintendent Madras Survey asking if the pay of the Surveyors now under the control of the Consulting Architect is to be drawn as heretofore in the Civil Department. It would be advisable, I think, to draw their pay in this office and afterwards debit the Civil Department with the amount by transfer. Kindly issue orders.

The pay of the sweepers will, I presume, be borne as usual by the Civil Department. There appears no audit objection to the Consulting Architect paying the men and debiting the amount in transfer to the Civil Department.

I have the honor to bring to your notice that in accordance with the terms of G. O. No 3118 W. of 19th December 1884 Serjeant Murphy was appointed to supervise the Conservancy of the Revenue Board and P. W. D. offices and the Civil Engineering College buildings on a salary of Rs 25 rising to Rs 35.

Since then a Floating latrine has been built to which the

serjeant has to pay very particular attention. A night guard has also been established which the serjeant has to look after. Entailing the taking over of all the office at night and the redelivery every morning.

In consideration of these additional labors I would suggest if finances admit of it his salary may be fixed at Rs 35 rising to 45 instead of Rs 25 rising to 35.
