GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers :—

From Lieutenant-Colonel J. PENNYCUICK, R.E., Superintending Engineer, Tank Maintenance Scheme, to the Chief Engineer for Irrigation, dated Chepák, 2nd February 1886, No. 284 T. :—

With reference to paragraph 27 of the note by the Chief Engineer for Irrigation, No. 216 I., dated 22nd December 1885, embodied in G.O., No. 11., dated 2nd January 1886, I have the honor to submit, for sanction, a statement of the office establishment required for the Tank Maintenance Scheme for 1886-87.

2. As the work of this office is increased by the formation of each new division, it is considered fair and desirable to raise the salaries of some of the deserving members of the establishment, and the increments proposed are not more than appear to be fairly due to their increased work and responsibility.

ENCLOSURE.

OFFICE OF THE SUPTG. ENGINEER,

TANK MAINTENANCE SCHEME,

Chepāk, 2nd February 1886.

From

THE SUPERINTENDING ENGINEER,

TANK MAINTENANCE SCHEME,

To

THE

Chief Engineer
for Irrigation

Enclosures. /

SIR,

With reference to
para 27 of the note by the
Chief Engineer for Irrigation
No. 216 I, dated 22nd December 1885,
embodied in G.O. No. 12, dated 2nd
January 1886, I have the honor to
submit for sanction a statement of
the office establishment required
for the Tank Maintenance Scheme
for 1886-87.

As the work of this
office is increased by the formation

of each new Division it is considered
fair and desirable to raise the
salaries of some of the deserving members
of the Establishment and the increments
proposed are not more than appear
to be fairly due to their increased
work and responsibility.

I have the honor to be
Sir

Letter from the Superintending Engineer,
Tank Maintenance Scheme, No. 284. I of

2nd February 1886.

Office Note from the Examiner of P.W. Accts
No. 846 of 13th February 1886.

No. 2086

Enclos 3

Forwarded to the Chief Engineer

P.W.

2. The engineering establishment
for which the sanction of the Govt. of
India is required will be applied for
in a separate note and the remain-
ing establishment required may
be sanctioned by the Local Govt.

3. As pointed out by the Examiner
the increases provided for certain
members of the Supy: Engrs' office esta-
- bishment are, in many cases, more
than the incumbents could be
entitled to in the way of annual
increments if belonging to the per-
- manent establishment, it is suggested
that sanction may be accorded to the

usual increments being drawn by
those members whose pay the Supg.
Engineer desires to increase though
in S. O. No. 822. W of 1st April 1884 it
was distinctly laid down that
members of the temporary establish-
ment are not entitled to such
increments.

Note

The increases to the salaries of certain clerks and draftsmen proposed by the Supty. Engineer are in excess of the rates these men would have received as annual increments and are therefore opposed to the spirit of section (43) B of the Pay and Acting Allowance Code. An increase equal to one year's annual increment only has therefore been passed in the revised statement.

The proposed increase of £3 to the salary of the

60

Reference to the fact has been
disallowed as the post is
in excess of the usual
establishment of a Supt
Engineer's office and the
salary originally fixed
a very liberal one.

The proposal to style
one of the three messengers
a 'Head Messenger' and
give him an increase of
£1 has been allowed.

The proposal however
to style one of the three
lascars a 'Head Lascar'
has been disallowed
as unnecessary, as the
Head Messenger should

523
16
be well able to look-
after two messengers and
three lascars.
